tian is dumbness. It closes his mouth to prayer, because prayer is absolutely dependent on faith. Destroy faith and the Christian is dumb. Unbelief has the same effect on praise, the natural outflow of belief in God's word. "The world is after the best religion, and

it must be shown that the religion of Jesus is the best if it is accepted. Nothing so recommends it as the attitude, manner and spirit of those who profess to believe it. A mclancholy and unhappy Christian is a stigma on his religion. A happy, praiseful Christian is always a recommendation. Unbelief destroys Christian testimony and renders him dumb. Through testi-mony faith is to be established, but unbelief closes the mouth of the witness, thereby rendered unable to testify and is useless in propagating the re-ligion of Christ. Unbelief destroys Chris-tian intercourse. A backslider soon neglects his church, no longer delights in Christian fellowship, is dumb to Christian relations. and is unable to speak because he believes not in God's word. Faith in God's word renders prayerful, fills the soul with praise gives clear testimony, and keeps close in its intimacy with holiness."

A TIME TO DANCE.

Rev. J. T. McCrory Talks on the Terpsichorean Art.

In the Third U. P. Church last night Rev. J. T. McCrory talked on "A Time to Dance." According to Mr. McCrory's | The Elegant Furs at Smiley's-Military ideas there is never a time when it is proper to engage in the Terpsichorean art. He gave many illustrations of ballroom occurrences, which showed up the sinful side. "Why do ladies always prefer male

partners?" he asked. "That is proof enough in itself that dancing is sin-ful. I have not always been a minister and can speak from experience. There was a time when I was perfectly fascinated with the walts, but I soon learned that you could not be a Christian and dance. In a ball-room a lady and gentleman often meet for the first time, and on the strength of that short acquaintance will lock themselves in each other's embrace while they whirl through the giddy maizes of the waltz. Let theia do this on the street and the police

their do this on the street and the police will promptly arrest them. "Did anyone ever hear of religion enter-ing a ballroom? No, nor you never will. Could a person just after a dance have a conscience clear enough to allow himself to get down and pray? It would be just the same to ask your partner in a game of cards to pray after he had won. His answer would be 'I am not trusting in God in this game.' So it would be in the dance."

THE PERVERSION OF POWER.

An Interesting Talk About the Bock Which Moses Smote.

"Moses Smiting the Rock" was Dr. George T. Parves' subject last night at the First Presbyterian Church, and it was indeed a bright and instructive talk.

"It will be remembered," said he, "that Mones was directed by God to stand before Moses was directed by God to stand octore the rock, speak to it and water would come. Moses did not do this, however, for he smote the rock instead, being desirous of establishing his authority as leader of the to stablishing his authority as leader of the stablishing his authority as leader of the stablishing his authority as leader of the to stablishing his authority as leader of the stablishing his authori Israelites, and leaving them with the impression that it was not entirely God's power. The teaching in this instance shows the contrast of right and wrong as between God and Moses. God always gives us truth to act upon and man per-

verts. He works, of course, through human agencies in performing his wonders. God established the Church, and it is too often the case where the Church hides the MWSu Dr. Purvis continued his discourse in

showing the lesson God intends for man in | read it.

The subject was taken from the denunca-tion of Gabriel to Zacharias, the latter's unbelief causing the angel to say: "Thou shalt be dumb and not able to speak because thou believest not my word." "The effect of unbelief," said the minis-ter, "is to close the lips. Unbelief and dumbness is as cause and effect, as fountain and stream. Zacharias was dumb because he did not believe God's word; it shut his mouth. The effect of unbelief on the Chris-tion is dumbness. It closes his mouth to comes mellow, but if the ground is hard-ened and will not receive the rain it is besten until it becomes like adamantine. So it is with men's hearts. Yesterday was designated by the National and Several State Councilors of the Jr. O. U. M. as the day upon which the subor-dinate councils should attend divine services. Most of the local councils attended church in a body, either in the morning or evening. In Allegheny, Pride of the West, Lorens, Plymouth and Reliable Councils, Lorena, Plymouth and Keliable Councils, aggregating nearly 1,000 members, congre-gated at Carnegie Hall last night, where Rev. David S. Kennedy, of the First Pres-byterian Church preached to them. The Lawrenceville councils met at the Butler Street M. E. A Preventive for Croup. We want every mother to know that croup can be prevented. True croup never appears without a warning. The first symptom is hoarseness; then the child appears to have taken a cold or a cold may have accompanied the hoarseness from the start. After that a peculiar rough cough is developed, which is followed by the croup. The time to act is when the child first becomes hoarse; a few doses of Chamberlain's Cough Remedy will prevent the attack.

Even after a rough cough has appeared the disease may be prevented by using this remedy as directed. It has never been known to fail. 50 cent and \$1 bottles for sale by druggists.
