SPALDING'S IMPORTANT OPINION.

He Thinks There Will Be a Twelve-Club League Before the Trouble Is Ended.

SPECIAL TELEGRAMS TO THE DISPATCH.1 NEW YORK, Nov. 24.-Thursday afternoon at Manhattan field the 'Varsity footmost important game of the season. If it is a favorable day, the crowd of spectators a favorable day, the crowd of spectators will probably number 40,000, the largest that has ever witnessed a football match in this country. The grounds will be opened at 10:30 A. M. and the game will begin at 2 r. M. No matter which side wins, the struggle for the championship promises to be a hard one. Last year it was a one-sided contest. Princeton worked developing a team until she turned out the champions of 1889 and then fell flat. Last year she had no material in college to work into a strong eleven, and was swamped by Yale as a re-

The Stronger Team.

Of the two colleges, Princeton and Harvard, Princeton has always been the reasonable ground for supposing that Princeton will not give Yale a hard game Thursday. Of the Princeton team Warner, the captain, is a Lawrenceville graduate This is his third year at Princeton. Before entering college Warren had established his reputation on his preparatory school team, of which he was captain. Last year he was on the sick list nearly all the season. but played in the Yale game. He was not in form, however, and did not distinguish nimself. After Riggs resigned the cap-taincy of the eleven, Warren was chosen. Warren plays on the right end. Next to Warren plays Harold, the right

Mainstay of the Team,

and the man on whom Captain Warren most relies to break Yale's rushes. Riggs is of a football family. Two or three elder broth-ers have graduated from Princeton, and were prominent football players. Riggs has played right guard on the 'Varsity eleven since he entered college in 1888. He is not only a plucky man, but he is a tricky man, and few can get the best of him.

Symmes, the center rusher of the term, is a powerful looking fellow. His broad back and shoulders, his big head, and his expansive smile make him one of the most interesting men on the team. Wheeler, left guard, is one of the most powerful men on the rush line. He is considered to be as strong as Riggs and weighs 183 pounds, and, with the exception of Symmes, is the heaviest man in the tean. Princeton has two crack men in Holly and Vincent at left tackle and left end respectively. Holly is not over heavy, but is very strong. Vintion. He is a sure tackler, very active, and is never hurt.

Behind the Line.

Behind the line Princeton is strong. With King at quarter back, Flint and Poe for half backs and Homans at full back, the ball ought to be advanced more times than it is forced back by Yale. King is a "heady" player. He is cool and follows the ball closely. Flint and Poe are ground-gainers, and Homans is a good kicker. Princeton also has a good line of subs, a fact which speaks well for the future of her

Yale will probably put the same familiar men in the field that played against Har-yard at Springfield last Saturday. So much has been said about those players that it is unnecessary to tell of their football records. unnecessary to tell of their football records. Yale is playing a fine game, and against it will be pitted new material which has been developed as well as time would allow. Princeton is playing a better team game than Harvard, although Harvard has better material. There will be no such wretched fumbling on the part of Princeton, from all indications, as marked Harvard's play against Yale; so it seems as though Princeton ought to make at least as good a fight as did Harvard, and will, in all probability, meet Yale's superb play with a steady, careful game that will make Princeton's supporters look for great things next

THE ASSOCIATION GAMES.

Some Exciting Contests Expected Among the Teams of the Local League.

The interest in the affairs of the Western Pennsylvania Football League has been at a very low ebb since the disastrous meeting of that organization a little over two weeks ago. Harmony being once more restored, however, the enthusiasm is again being revived, and, with the commencement of the holiday contests to-morrow, the League looks like taking a new lease of life.

The games scheduled for Thanksgiving Day are as follows: Pittsburg versus Bloomfield, at Recreation Park: New Castle versus McDonald, at New Castle, and McKeesport versus Homestead, at McKees-

McKeesport versus Homestead, at McKeesport.

The game between the two local clubs is expected to be a very close affair. In their first game, the Bloomfields claimed they lost the game through the bad decisions of the referee. Good care should, therefore, be exercised in appointing a man for the position who will give satisfaction to both teams. The most important meeting to-morrow will undoubtedly be that between the New Castle and McDonald teams. The New Castles have now got a good hold on first position, and will try their utmost to win to-morrow's game, as the McDonalds are the only team who have besten them this season. The who have beaten them this season. The first game between the Homesteads and Mo-Keesports resulted in a tie, but the Home stead team have been showing such excellent form since that time that they ought to about have the best of to-morrow's argu-

The game at Recreation Park to-morrow will commence at 2:30. The Pittsburg team is expected to be as follows: Goal, Ben Poole; backs, T. Powell and W. Powell; half backs, J. Attwell, C. Childs and J. Smith; forwards, Matthews, Langford, Wardle, O'Brien and Waldron.

The Flint twice and Harold once gained 10 yards, and Hol'y rushed the ball across for another touchdown. Flint again gained 25 yards. King, on a trick, gained 15 yards, crossing the line, but he went out of bounds. Flint again made a touchdown. The fourth touchdown was made by Flint.

touchdown was made by Flint.

Homans showed great improvement in punting. The eleven was slow in getting on the bail after the Scrub had lost it. The interference was excellent. Bergen in kicking and Small in running did good work on the Scrub. George, '89, was here to co-ch Symmes. The other coachers were Poe, Speir, '87, and Thomas, '90. There was a hard rain during most of the practice. The eleven is in good physical condition. The practice was strong.

BIG ODDS ON YALE.

Takers at New Haven. NEW HAVEN, Nov. 24 .- [Special.]-The Yale football team made its last appearance to-day on the Yale field. Shortly after 2 o'clock the members of the team and subs, headed by Captain McClung, left the fence and on an easy trot ran to the field, where ball elevens of Yale and Princeton will balf an hour's work in practicing signals play the final game of the season for the inter-collegiate football championship. In ran back to the campus and each in turn the matter of public interest this is the trotted off toward his room. They appeared in the best of spirits and wholly re-covered from the hard battle with Harvard

Since the last Saturday's game Heffelfinger, McClung, Welles, Bliss and McCormick have carried bruises and sprains, but to-day they seem to have entirely recovered, and, like the rest of the team, are as fresh as they were a week ago. To some people they seem in better condition, for they have done no hard work during the past week, except that in the game with Harvard last Saturday. Recitations in all of the departments of the University will clear at 1.20 p. ments of the University will close at 1:30 P.

The referee decided against the score, claiming that the ball had not been in play. The decision, although complained of, was accepted and the Holy Ghost boys were beaten in an excellent game. They are a creditable team and have done well so far this season.

To-morrow morning the college team will play the High School eleven on the East End grounds.

PHILADELPHIA, Nov. 24.-[Special.]-The University of Pennsylvania football team left Philadelphia this afternoon for New York, where they will play the Wesleyan boys on the Manhattan Athletic Club grounds to-morrow afternoon. MR. JANSSEN'S PLAN.

His New Amateur Athletic Scheme Looks Like Being a Success.

CLUBS NOTIFY THEIR APPROVAL.

GENERAL SPORTING NEWS OF THE DAY

The East End Gymnastic Club Members Have an Interesting Entertainment.

PEPECIAL TELEGRAM TO THE DISPATCH.1 NEW YORK, Nov. 24.-Fred Janssen's scheme of a league of athletic clubs appears to be making good headway. As a matter of fact, the only opposition to the plan has come from a few men who are prominently identified with the Amateur Athletic Union. However, nearly every large athletic club in the country have announced their hearty approval of the scheme. Mr. Janssen has a letter book full of communications from prominent athletic clubs, stating that the idea met with favor, or had

On October 2 a notice was received from On October 2 a notice was received from Secretary W. T. Wallace that at a meeting of the Athletic Club of the Schuylkill Navy they had decided to join the movement.

Howard Perry, Secretary of the Columbia Athletic Club, of Washington, on October 16 notified Mr. Janssen that that club had decided to join the new league. The Olympic Athletic Club, of San Francisco, also notified Mr. Janssen on November 11 that they could be included in the movement. Among other clubs that have decided to join are the Athengum Club, of cided to join are the Athensum Club, of Toronto; Crescent Athletic Club, of Brooklyn; Pastime Athletic Club, of St. Louis, and the Providence Athletic Club. The Detroit Athletic Club, through their President, F. K. Stearns, and ex-President

F. W. Eddy, have expressed approval, also the Manhattan A. C.

Mr. Janssen is in daily receipt of commendatory letters, and the outlook is decidedly favorable for the success of the plan. The drift of sentiment of those who favor the plan is that the present unsatis-factory condition of A. A. U. affairs makes a change of some sort very desirable

THE TWELVE-CLUB SCHEME. J. W. Spalding Thinks That Plan Will Be

the End of the Trouble.

NEW YORK, Nov. 24.—[Special.]—"Do you think the plan for a 12-club League will eventually succeed?" was yesterday asked of J. W. Spalding by a reporter.

"While I am unable to make an authoritative statement," he replied, "yet I am confident a League with 12 clubs will be the outcome of the present negotiations. Only two cities are now opposed to it, Philadel-phia and Chicago, and I do not think the Philadelphia Association club managers are so violently antagonistic as is generally supposed. Boston is openly in favor of the plan. Philadelphia is leaning that way, but the Chicago Association club magnates still

the Chicago Association club magnates still hold their heads very high. The idea, however, is steadily gaining ground and will be put into execution before spring.

"Yes, a 12-club League is entirely practicable. The arguments that there will be too many tail-enders will not do. When the Association tried the 12-club plan some years ago, nearly all the cities in the circuit were weak, for the reason that at the time the Association added to their not powerful circuit, four shaky ball towns. At the present time the circuit would be composed of the best places now occupied by League and Association clubs, and would be very strong. There would be ten very good cities and two average ones. The ten strong points would be New York, Brookcities and two average ones. The ten-strong points would be New York, Brooklyn, Boston, Philadelphia, Baltimore, Pitts-burg, Cincinnati, Chicago, Cleveland and St. Louis. The average towns would be Washington and Louisville.

"If there is an impression that anybody is to be unfairly treated, it should be dispelled. So far as the League is concerned, everything will be done on a basis of fairness. No club will be 'thrown down,' the sole object being to put the game on a foundation where it will prosper. The present condition of affairs is very hurtful to the sport, and all who have its interests at heart should strive to improve it."

IT WAS A SUCCESS.

The East End Gyms Have Some Good Ath-

ances and Contesta The athletic and musical entertainment at the East End Gymnastic Club last evening was one of the most successful that has been held in this locality for a long time. The gymnasium building was crowded, and a large number of ladies were present.

The principal features of the programme were the boxing and wrestling. In the middle-weight class the Martin brothers gave a fair exhibition, although they have much to learn. John Stancliff gave a splendid exhibition of ball striking, and in a setto with H. Herbert showed that he is good boxer. Stancliff and Herbert are heavy-weights, and they were cheered. They really did well, and with a little more

They really did well, and with a little more study Stancliff can become a thoroughly good man with the gloves.

Coates and Garrison had an exciting wrestling contest, and they wrestled so long without a fall that Referee Goodwyn called the contest a draw. The audience yelled for a finish and when the wrestlers resumed Coates threw his man by a next flying fall. Coates threw his man by a neat flying fall.

M. Du Barry won the high kick by clearing 8 feet 2¼ inches. W. C. Adams gave a performance on the slack wire and the members of the club gave exhibitions of horizon-

And Another Record Gone.

STOCKTON, Nov. 24.—Another record was broken to-day by Sidney, a yearling filly Frou Frou, who was driven by Millard Sanders in 2:26, beating Bell Bird's time one-quarter of a second. Her quarters one-quarter of a second. Her quarters were: :37, 1:14½, 1:51, 2:26. She finished the last quarter in 35 seconds. A month ago Frou Frou made her first record 2:41, and Sanders has been keeping her coming along faster at every meeting. Fausta, a vearling filly by Sidney, paced a mile in 2:24¾, beating his world's record of 2:25¼ made here Saturday. She was well rated by Sanders, going to the half in 1:13¼ and finishing the last quarter in 35 seconds.

Expect a Tough Fight.

NEW HAVEN, Nov. 4.—Yale will do no more work on the field before she meets Princeton Thursday. Yesterday afternoon the team ran several miles, and enjoyed a bath after it was over. All the men are in prime condition, and apparently none the prime condition, and apparently none the worse for their conflict with Harvard. Princeton is acknowledged as a foe worthy of Yale's metal, and it will not be with absolute confidence that they enter the struggle. The team and her supporters expect to win, but they have doubts enough not to care to wager more than 4 to 3. They find some takers for small sums.

To-Night's Swimming Race, Fose and McEwen will swim their secand race at the Natatorium this evening, the distance being one mile. As Monday's contest was such an exciting affair there is contest was such an exciting affair there is sure to be a good attendance this evening. It is safe to say that \$300 or \$400 have been bet on to-night's contest, and both swim-mers are very confident of victory. It is difficult to tell who the winner will be.

Turf Notes. THE Twin City Jockey Club will give a

meeting lasting 20 or 22 days next year, be-ginning at the close of the Washington Park meeting. JOCKEY MULLALY, who rode Fabian, and Trainer J. H. McAvoy were ruled off the Gloucester track Thursday, because of sus-pleious tactics in the first race.

LELAND STANFORD has sent the following dispatch to Robert Bonner: "I will urge Sunol's early shipment. I am sure she would have gone to you with a record of 2:05 or better had not her lameness prevented her proper conditioning."

"PITTSBURG PHIL," it is said, will winter in Nashville, and will take there Kern and Sluggard, the only horses he has in training. King Cadmus, Montague, Buddhist and Mil-roy have been turned out for the season. Milroy has been gelded.

Bow Brits, full brother of the dead stal-lions Bell Boy and St. Bell, will be trained next year. He has trotted quarters in 35 seconds untrained, which would seem to warrant the belief that he has inherited the same degree of speed that has made his dis-tinguished brothers and sisters celebrated on the American trotting turf.

The indications are that Clifton will open its gates very soon. There has been a financial deal that would seem to point in this direction, and it is accentuated by the fact that carpenters and painters are now busily engaged in repairing and beautifying the pretty little track. It is very doubtful if the people of the county would offer any objection to the meeting, while to very many of them it would be welcome.
