LOW GRADE BEEVES

In Supply Beyond the Needs of Our Markets, and Prices Are

STILL LOWER THAN LAST WEEK.

Prime Heavy Cattle No Longer a Quantity in Local Trade.

SHEEP ARE FIRM AND SWINE WEAKER

OFFICE OF PIFTSBURG DISPATCE, MONDAY, November 39. At the East Liberty yards there were 102 carloads of cattle on sale this morning, against 105 loads last Monday. Quality of offerings was no better than a week ago, and could not be much worse. Prime beeves have ceased to be a quantity in our local markets, as prices for this grade are higher in Chicago than they would bring here. Fancy cattle were sold there last week at 6c to 61/2c per pound, and yet there have been none offered in East Liberty for a month past that sold for a nickel a pound in carload lots. One load of fairly good Indi-ana beeves weighing 1,350 to 1,400 pounds, was offered to-day at this price, but there were no takers at this price. So far as could be learned the top of the market was \$4 60 to \$4 75. Buyers were not present in as large force as usual and the few on hand made the most of their opportunity to bear markets. Sales were only made by concessions on last week's prices for all grades with the exception of light, smooth butcher beeves, which were in short supply.

Views of the Commission Men.

Commission men all reported hard mar-range of markets: Grassers, 234@334c per lb, and scalers, 534@6c per lb. Sheep—Market opened with 13 loads on sale, against the same number last Monday. Prices were strong for sheep at last week's range; higher for lambs. Top price of sheep was 5c per lb, and lambs 5½c. Only a few bunches of the best reached these top figures. There were upward of 70 carloads of hogs on sale, with a prospect of reinforcements through the day that would bring the total up to 80 loads or more. Markets were slow at \$3 95 to \$4 00 for tops. According to adat \$3 95 to \$4 00 for tops. According to advices received by one of our packing firms, receipts at Chicago were 55,000 head to-day, and tendency of markets there was toward a lower level. The run of hogs at Western live stock centers for November shows a large increase on the corresponding month last year. A single week showed an increase of 45,000 head over the corresponding week of 1800. week of 1890.

At the Allegheny Yards.

The number of cattle on sale at Herr's Island was about the same to-day as a week are, and quality was somewhat lower. The best Chicago beeves were sold at a range of \$5.50 to \$5.75. One of choice Indiana cattle was sold at \$5.75. Medium weights brought \$5.15 to \$5.40; light weights, \$4.00 H 35 and common grades ranged from \$3 00 to \$3 75 per cwt. Fresh cows sold at a range 18 and common grades ranged from \$3 00 to \$3 75 per ewt. Fresh cows sold at a range of \$30 00 to \$45 00 per head, and veal calves at \$3\tilde{c}\$ to \$6\tilde{c}\$ per h. Bulls, dry cows and stags from nearby points were in fiberal supply, and were sold at \$a\$ to \$3\tilde{c}\$ to \$6\tilde{c}\$ per h. Receipts: From Chicago—J. F. Beilstein, 14 head; I. TIMID BULLS, BOLD BEARS.

The Bruins Have the Best of the Tussle in the Wheat Pit-The Corn Clique Braces Up, Raising the Price of the November

CHICAGO-Wheat was dull and weak during most of the session. The bulls were timid, while the bears, having the best of it in the news, were confident and inclined to be aggressive. Cables were weak and lower, with domestic markets also tending downward. Considerable long wheat came on the market, and this, with the short sales, caused a lower price in the afternoon.

May started at 98%c and December 91%c.

There was a gradual decline to 99%c for May

and 913c for December. Later there was a moderate reaction on some covering, and by

and 91%c for December. Later there was a moderate reaction on some covering, and by a rumor that the foreigners had begun buying at the seaboard, and May sold back to 95%c, and December to 91%c. Near the close there was renewed weakness, December selling to 91%c, and May to 95%c.

Corn was something of a surprise to those who had expected a collapse in the November squeeze, for the weakness, which was such a prominent feature Saturday, had entirely disappeared. Transactions in this month, however, continued very limited. The closing price on Saturday was 68c. The first sale to-day was at 70c. Then there was a long waif without any trading, and finally 74c was paid; then 75c was secured for some, and that was the closing price. The identity of the leading shorts, if there were any, was not disclosed. December opened at 65%c, against 46%c at the close Saturday; sold at 46%c, touched 46%c, and closed at 46%c. May fluct onted within a range of 1%c.

Oats were quiet and featureiess till late in the session, when covering by shorts sent November from 22%c to 34%c, closing at 34% 34%c. May was steady at 33%c. Solds at the stockyards this morning and prices were lower. Hog products were, consequently, lower in sympathy at the opening, but shorts covered rather freely, causing a recovery, and the close was at unimportant changes from the last prices of Saturday.

THE MONETARY DRIFT.

Business of the Usual Character, but the Tone More Buoyant,

There was nothing in the local money market yesterday out of the usual. There was a fair call for loans, which were promptly met at 6 per cent in nearly all cases. De-posits showed a gain, denoting increased activity in trade circles, due in some meas-ure to holiday influences. The general tone of the market indicated improvement.

The business of the month which closed

The business of the month which closed yesterday was satisfactory. Industrial improvement was quite marked, and confidence was materially strengthened. There were no important financial disturbances of local initiation, and several depressing influences of long standing were removed. One of these was the rehabilitation of the Electric and Manufacturing Company. This enterprise touches so many interests that its return to a sound basis is a distinct gain to business generally. CHICAGO GAS AND DISTILLERS LEAD A DULL SHARE MARKET. The Former the Only Stock That Makes Material Gain-The Opening Very Weak

-A Scarcity of Stocks-Small Effect of the Fallure. NEW YORK, Nov. 30 .- The stock market was very dull to-day in the main, but under the circumstances showed considerable strength

and the dullness was in a great measure due to the scarcity of stocks for sale, the only sellers of note being the bearish traders and, to some extent, the foreigners, though the offerings of the latter are very well

sellers of note being the bearish traders, and, to some extent, the foreigners, though the offerings of the latter are very well covered up.

The opening of the market was weak under the influence of these offerings, and first prices were generally irom ½ to ½ per cent lower than Saturday's final figures, these losses being supplemented by further declines in the early trading, which brought the extreme losses up to nearly 1 per cent. The discovery that the complications arising from the Field. Lindley, Weichers & Co. failure were exaggerated, and the announcement that the market would take up the bonds which were in the hands of the innocent parties created a good feeling.

Later in the day there was a renewal of the late good buying of the Vanderbilts, and this movement gave the whole list an impetus which had the effect of completely wiping out the early losses, and in many cases of making substantial gains in addition. The strong features of the day, however, were the Industrials, especially Chicago Gas and Distillers, and the former is the only stock which finally closed at a material improvement on its last week's price. The market finally closed quiet but firm, and most of the active stocks to night show small gains for the day, notwithstanding the setback in the forenoon. Chicago Gas, however, with a gain of 1½ per cent, is the only one of importance.

Railroad bonds showed rather more animation, but the business done, which amounted to \$1.488,000, was very widely distributed, the Northern Pacific 5s being the only issues showing any marked activity. The temper of the dealings was mixed, but most of the time a steady to firm tone prevailed, and as usual of late the more prominent issues showing any marked activity. Between Thanksgiving and Christmas Is a Lull in Home Markets.

BUTTER, POULTRY AND EGGS QUIET

Fancy New Orleans Molasses Firm, and Rice on the Decline.

CEREALS AND HAY WEAK AND LOWER

OFFICE OF PITTSBURG DISPATCH, MONDAY, Nov. 29.

COUNTRY PRODUCE (Jobbing Prices)-The usual Monday's quiet is reported by commission men. The quiet is more intense than usual, as a result of a reaction from Thanksgiving activity. The lull which uniformly intervenes between the Thanksgiving and Christmas holidays is here. Dairy products, poultry and eggs are all reported slow. Country butter is in bountiful supply and slow demand. Oleo is selling at about the same price as the ordinary grades of country butter, and the former seems to be preferred by the average consumer. Butter that is not the best is not wanted. The only dairy product that holds up well in price is cheese. Fall prints and vegetables are still dull and slow. Irish vegetables are still dull and slow. Irish and sweet potatoes are heavy stock at prices quoted. There has been a plethora of Florida oranges in our markets of late, and prices have steadily declined until, according to the general view of dealers, hard pan has been reached.

It is too early in the week for changes in this department of trade. Sugar and coffee are still firm. New Orleans molasses of high grade is very firm, and the new crop of open kettle goods is 5 to 7c per gallon higher than it was a year ago. Rice shows declining tendencies, and prices are now lower than for years past.

Wayne and Chicago Railway, as follows: One car of ear corn, 8 of oats, 1 of wheat and grain, 1 of straw, 12 of hay, 1 of bran, 1 of middlings, 3 of flour. By Pittsburg, Cincinnati and St. Lous, 4 cars of oats. By Baltimore and Ohio, 2 cars of corn, 1 of middling By Pittsburg and Lake Erle, I car of hay, of rye, 1 of flour. By Pittsburg and West-ern, 1 car of wheat, 1 of feed. The week opens with a downward tendency in most cereal lines, though there is no marked change in prices. Speculative influences, which sent corn upward last week in Chicago, made little or no impression on markets here. If any difference, corn and oats are a shade lower than last week. Receipts of hay are heavy and prices are reduced.

APOSTOLATE OF THE PRESS.

The Paulist Fathers Preparing to Spread

Literature Around NEW YORK, Nov. 30 .- The Paulist Fathers, of the Church of St. Paul the Apostle, at Fifty-ninth street and Columbus avenue, are preparing for a convention which is to assemble in the hall of their church on January 6. This convention is to be called "The Apostolate of the Press." It will be composed mainly of laymen and women of the United States and Canada,

with a number of priests.

The object of the convention is to spread broadcast tracts, books and pamphlets re-lating to the Catholic faith and questions of dectrine. Archbishop Corrigan has sent to Father Elliott, of the Paulists, a letter commending the object of the convention.

A COUGH, cold or sore throat should not be ne-glected. Brown's Bronchial Troches are a simple remedy, and give prompt relief. 25 cents a box.

More Laurels for Pittsburgers.

Only a few days ago it was announced that the Atlanta Exposition had awarded the three highest medals for pickles, preserves, etc., to H. J. Heinz Co., of this city. The same firm received a telegram this morning announcing the receipt of four gold medals at the Augusta, Ga., exposition.

With such testimony there is no mis-taking the popularity of the Keystone Brand condiments in the South or the high estimate placed on their quality.
