

PROTESTS AT ALL POINTS

And the West End Railway Gets Everything It Asks For.

COMPETITORS ARE ALL SHUT OUT.

Mayor Gourley Tells Where More Donations Will Be Well.

A DAY OF ROUTINE IN BOTH COUNCILS

Councils had a long, dry session yesterday afternoon. The animated discussions which usually keep up the interest of spectators were noticeably lacking.

The principal affair of the afternoon, and the only one causing any discussion, was the West End Street Railway ordinance. Thanks to this bill the lobby lost its appearance of desolation and was thronged with eager watchers.

Objections of the Residents. When the ordinance came up in Select Council Mr. Jones opened the battle by moving to amend by striking out the right of way on Steuben street from West Carson to the city line.

Mr. Jones—The people of this district want a chance for a competitive line and the ordinance prevents it.

Mr. Gillispie—In many objections have been considered in committee, but I feel sure where the residents would be benefited by refusing the street car company Steuben street.

Dr. Evans—The West End Company is as greatly interested in bringing people from Chartiers, Ingram and the surrounding country to the city as any proposed company, and I cannot see that the objections are good.

Mr. Warramale—I have been authorized by Messrs. Burns & Kelly, principal owners of the road, to say the company intends to build its road to Mansfield and afford accommodation to all residents of the town on the line.

Mr. Keating—I beg pardon, these roads have not consolidated. Mr. Warramale—Well, they will tomorrow.

Mr. Keating—No, they will not. Dr. McCard—I favor the amendment. There are many good citizens on that route, and their wishes are worthy of consideration.

Passed by a Large Vote. On the question to amend and strike out Steuben street the amendment was lost. On the vote to pass the ordinance it carried 27 to 2.

Mr. Fox—This company has asked for everything in the West End except Saw Mill Run bed, and I suppose it would have asked for the one discussed in Select.

Mr. Bigham—It is idle to talk of opposition, as the West End Company now controls Carson street. The company Mr. Fox speaks of has no charter, but is merely the talk of some gentlemen who may or may not do something. The West End Company has the means and is bound to build within two years, besides it has a system of roads that will extend far into the suburbs.

Mr. Fox—There is a way to get out of the West End besides Carson street. The other company has a charter and has the money and will build its road if it gets a chance. There is a street now as far as Singer's mills and the new company can get through.

A Roll of Resolutions. In Common Mr. Ferguson presented a number of resolutions as follows: Instructing the Chief of the Department of Works to have the property owners repair the sidewalks on Thirty-third street; to ascertain by what authority the Central Telephone Company has removed city lamp posts and put poles in their place; to secure estimates for repairing Butler street and Fortieth street; all of which were passed.

Also a resolution requesting the Committee on Public Safety to report on the ordinance for removing telegraph and telephone poles; a resolution requesting an opinion from the City Attorney to the power of Councils to grant the right to erect telegraph poles on sidewalks; a resolution appointing Mayor Gourley, Chief Biegelow, one Select and two Common Councilmen a committee to call on Senators Cameron and Quay and the Allegheny county members of the House of Representatives and secure their aid in obtaining that part of the annual grounds between Butler street and Penn avenue for park purposes. All of these were adopted.

Work for the Committees. The following papers were presented and referred: An ordinance fixing the salary of the Superintendent of the Bureau of Electricity at \$200 per month instead of \$150, as at present; ordinances for sewers on Highland avenue, Bryant and Mellon streets, on Oakland avenue; for grading, paving and curbing Duncan street; for vacating Bolona alley; for opening Deary street and Irwin avenue; for paving and curbing Homewood avenue; for grading Wrightman street; for locating Lima and Onyx streets; for fixing the grade of Warden street; authorizing the Mayor to appoint an ordinance officer to oversee the work of Councils to grant the right to erect telegraph poles on sidewalks; a resolution appointing Mayor Gourley, Chief Biegelow, one Select and two Common Councilmen a committee to call on Senators Cameron and Quay and the Allegheny county members of the House of Representatives and secure their aid in obtaining that part of the annual grounds between Butler street and Penn avenue for park purposes. All of these were adopted.

Always "Good Luck" with Cleveland's Baking Powder, and the last spoonful does as good work as the first, are good reasons why Cleveland's has been a growing success for 22 years.

CITY HOSPITAL NEEDED.

Mayor Gourley Suggests a New Field for Philanthropy.

Trouble Over a Switch.

In Select the ordinance granting to Armour & Co. the right to lay a switch from the Whitehall Railroad to their warehouse, on South Twenty-first street, was affirmatively recommended from committee.

Mr. Braun asked and moved that it be referred back. Mr. Keating asked the reason, and Mr. Braun said the property owners objected to it and knew nothing about it being introduced. Mr. Keating said they should have, as it was presented in October last. The motion to refer back was lost, and the motion of Mr. Keating to pass it finally was carried. Mr. Braun alone voting no.

In Common, the Twenty-sixth ward members asked that it be sent back to the committee, but a motion to this effect was lost by a vote of 18 yeas to 19 noes. Mr. Jarrett called for the yeas and noes, and the vote stood 21 to 21, the motion failing. Mr. McEldowney moved to postpone action for one week, which was agreed to.

Not Considering Poor Farms. In Select a letter was read from H. W. Alexander, announcing that he had withdrawn the option on his Plum township farm. The motion of Mr. Keating, it was ordered sent back to the writer, as the poor farm question was not before Councils. A letter from Captain S. S. Brown was read, in which he formally offered his farm in North Versailles township for \$50,000.

Minor Councilmanic Matters. The ordinance of the Mr. Oliver Incline Company to change its motor power was affirmatively recommended by committee and passed.

A RESOLUTION compromising the claims of E. P. Jones, Robert Arthur and Bridget Daley for damages by street improvements was adopted in Common.

The report of Chief Elliot, of the Department of Charities, showing expenditures for the month to be \$6,570.79; receipts, \$22,29, and a balance in the appropriation of \$22,555.65.

MR. O'DONNELL, from the Committee on Surveys, presented ordinances establishing the grade of Augusta street and re-establishing the grade of Cass street, both of which were passed in Common.

MR. MAJOR presented communications from the Controller, recommending the payment of the electrical supply company and \$170.77 to George L. Peabody for work done last year. Passed.

The resolution from a special committee instructing the City Attorney to proceed regularly to the condemnation of that part of the Brownsville and Birmingham turnpike lying within the city was passed in Select.

A RESOLUTION from Mr. Benz in Select, instructing the special committee on the Monongahela river bridge to select a site between the Smithfield and Birmingham bridges, and report on the cost of approaches at the next meeting, was passed.

In Select the ordinance establishing the office of Chief Clerk to the Board of Viewers was defeated for the second time for want of a legal majority, lacking one vote, the yeas being 12 and the noes 13. Messrs. Braun and Fitzsimmons voting in the negative.

In the matter of the city's indebtedness to the Philadelphia Gas Company, Mr. Keating moved that the original resolution authorizing the city to borrow \$100,000, on September 15, be passed. The various differences and discrepancies in the bill and the issues of the ordinance were explained by Mr. Keating, and the resolution was passed.

At the meeting of Councils the Finance Committee assembled and affirmatively recommended the resolution for the payment of the election boards to serve at the special election on December 3. Three dollars were allowed for inspectors and clerks and \$4 for judge of election. They were also allowed for the purchase of ballot boxes for polling places allowed at general elections. This was passed in Common.

MR. BIGHAM, from the Committee on Public Works, presented ordinances for the construction of sewers on Exchange alley, Homewood avenue, Carey alley, Penny street, Neptune street, Basin alley, Washington street and Fountain street, and Fifth avenue; for grading, paving and curbing Thirty-third street; for opening Bellefield street, Berthoud street, Iowa street, Winslow street, Glasser alley and Blair street, all of which were passed.

In Select Council the following minor matters were then taken up and passed finally: Ordinances for the grading of Greenleaf street, Thirty-second ward; Thirty-sixth street from Chartiers street to the Allegheny Valley Railroad; opening Iowa street, from Herron avenue to line of S. Ewart's property; Blair street, from W. E. Ewart's property to Grant street; Bellefield street, from Forbes to Center avenue. For the laying of sewers on Carey alley, between Twenty-fourth and Twenty-fifth streets; on Exchange alley, between Twenty-fourth and Twenty-fifth streets; on Perry, from Webster to Wye avenue; Neptune street, from Wash to Exchange street; Exchange alley, from Ninth street to Garrison alley.

An investment paying an immediate dividend of 25% per cent is for purchase overcost at Kaufmann's gigantic special sale this week. Try it.
