Board of Appeals.

CHITAGO, Dec. 1.—The Board of Appeals of the American Trotting Association met here to-day to hear the cases on its docket. Little was done to-day except to call the cases and ascertain which ones were ready tor hearing. The most important to be considered is that of the application of the owner of the horse Nelson for reinstatment, he having been expelled from the National Trotting Association, which expulsion was recognized by the American Trotting Association. A large number of trotting horse men are in attendance.

Training for Bowen

NEW ORLEANS, Dec. 1 .- Austin Gibbons arrived to-day and leaves to-morrow for Bay St. Louis to train for his match with Bowen. He says if Bowen defeats him he will retire from the ring, having had enough of bard luck, but if he wins Mc-Aulifie will have to fight him again. He feels certain that Fox will order another match for the stakes, as the agreement with McAulifie was for a finish fight or the referee to name another place and date in case of interference.

Manager Gus. Schnetz is to be made manager of the Washingtons if the Buckeyes go to the wall. Ir the Cincinnati club cannot sign Boyle there ought certainly to be no kicking if Pittsburg signs him.

Wond was received in this city yesterday that Manager McGunnigle and left the East for Pittsburg. He may arrive here to-day. NUNC WALLACE, who was defeated by George Dixon, has challenged Tom Gardner to fight for the bantam championship of England.

The captain of the Holy Ghost College football team says that the game announced to take place between that team and the Meds Saturday was mutually postponed on account of the weather.

The quality of the amateurism in some of the New York boxers who are shortly to ap-pear in Boston amateur competitions may be judged from the fact that it costs from \$75 to \$200 cash to engage them.

YALE has played II football games this senson and scored 450 to 0: Harvard has played I3 games and scored 540 to 31: Princeton has played 12 games and scored 391 to 0. Harvard's Brobdingnagian score was when it pounded Wesleyan 123 to 0. Wallace Ross, the oarsman, says: "There is no such thing as an amateur boxer. They are all professionals. It is just like the state of affairs that exists in the National Association of Amateur Oarsmen. There are more professionals in the amateur ranks than there are outside."

DR. W. SEWARD WERR, son-in-law of W. K. Vanderbilt, has leased both banks of the La Platte river, a stream running into Lake Champlain, at the head of Shelburne harbor, near his Shelburne farms, in order to protect his imported English pheasants, thus closive, favority protects.

The doors of the San Francisco Boxing Club are closed against Billy Maber, the clever Australian light-weight, and he will probably sail for his home on the next steamer. The Occide stal club's bad break in refusing to allow Maber to fight Mahan is severely criticised. Maber is considered the cleverest boxer that ever appeared in California, and good judges say that if he was a well man it would not take him long to run through the best men in the 140-pound class. Mahan who was to receive the winner's end of the purse, now says he only got \$100.

Turf Notes.

JOHN MADDEN has been collecting Temple Bar affidavits at Cleveland. GEORGE BRASFIELD, the trotting horseman, died at Lexington of heart disease. TRAINER RODGERS, who has charge of Captain Sam Brown's stables, was in the city last night on his way to Denver.

PERHAPS the greatest trot of the year was the 2128 contest at the meeting at Saginaw, Mich., won by Prodigal, brother of Patron, 2:144. It has gone on record as the fastest seven-heat performance ever seen, and no more stubbornly fought battle ever took place between trotters.

THE best record of the late champion jumper Rosebery, who was fatally hurt at Chicago, was 7 feet 3 inches, made at Elmira last September. Not since his great contests with Ontario at the Horse Show of 1850 has Rosebery been seen in this city, and his untimely end will be generally respected.

TUESDAY. December I, will be an important one for the arbitrators and the regulators of the trotting tracks. The Board of Review of the National Trotting Association will meet here in the Murray Hill Hotel at 7 P. M., and the Board of Appeals of the American Trotting Association will convene at Chicago on the same day. The New York State Breeders' Association will meet at Rochester.

THE yearling trials of the fall are beginning to be licard from and it is said that Marcus Daly has two youngsters at his Montann ranch which have outworked any trials ever seen there. In California the speedy 2-vear-old Pescador has a yearling brother, Lew Martin, who has shown some rapid trials. Both of these youngsters, by the Santa Anius sire Gano, are well engaged East next year. ABIROSHEVARIO, are well engaged East next year.

A BROOMLYN lawver, as attorney for four residents of the City of Churches, has brought suit to recover the greater part of the ground on which the Dwyers track at Gravesend is located; also for \$30,000 damages for loss of the income, etc., since 1880. The suit grows out of a clause in a will made 40 years ago by the then owner of the property, which, it is claimed, invalidated the subsequent transfers of the property.

Horse sense has been a matter of record for ages. Among a berd of borses in a field near Syracuse was a mare and her suckling colt. A few days ago the mother parily pulled off one of her shoes. She jumped out of the pasture and went to the blacksmith shop. The smith started to drive the animal away, but finally discovered and reset the bent shoe. The mare then went contentedly back to the pasture, scaled the fence, and once more mingled with the herd.

FOUR RAILS TO CHICAGO.

The Pennsylvania Company Double-Track ing Another Section of Its Road.

For some time Pittsburg has forged along so rapidly that work that formerly would have attracted general attention is now done without notice except to those immediately interested. The Pennsylvania Company is now laying a second track between Highland and Enon Valley, seven miles. It is also laying the second track between Lectonia and Beloit, 14 miles. There are already 16 miles of double track between these towns. When these stretches are completed all but 29 miles of the road between this city and Crestline, 190 miles, the eastern division. will be double tracked and it will not be many years until four rails will run all the way to Chicago. As few accommodation trains are run over the middle division it is left to the last, but even on that section

another track would be a profitable invest-ment, as in rushing times it is needed.

TENNESSEE MINERS STILL BIOTOUS. legro Workmen Bombarded and Driver

Out of the Neighborhood. KNOXVILLE, Dec. 1.—There has been another reign of terror at Oliver Springs during the last three or four days. It started Friday night, when the free miners got on a big drunk, shouldered their Winchesters and marched on to the houses where the negro miners were employed. Last Friday the white miners determined to run off the negroes. They attacked their houses, firing undreds of shots and gave the negroes nrtice that if they did not leave within 24 hours all would be killed. A number of negroes fled in terror. Others, more bold, called on the President of the company for called on the President of the company for protection. They postponed the trials, and on Saturday the miners struck because their demand that the warrants against the ten men be dismissed was refused. There are now no men at work.

The status of affairs was discussed and the Superintendent was authorized to employ 100 men at Briceville and 100 men at Coal Creek for guard duty, should that many be required. Nothing was done in regard to Oliver Springs, but the same number will probably be allowed there. It is pretty certain that it is the Governor's intention to create a military guard of at least 75 men at each stockade. guard of at least 75 men at each stockade.
