

LOOKING FOR SCALPS.

Printers Will Make a Test Case of Victor Williams' Trouble.

DAMAGE SUIT AGAINST MURDOCH'S.

Other Labor Organizations Will Lead Their Assistance.

ALVIN MUSICIANS ARE CALLED OUT.

Victor B. Williams, District Organizer of the Typographical Union, said last night he had authorized his attorneys, Messrs. Stillwagen and Patterson, of this city, to enter a civil suit against Murdoch, Kerr & Co., the printing firm which figured as plaintiff in the recent injunction suit against the striking printers and pressmen, for \$20,000 damages for libel and defamation of character. The papers in the suit are to be filed to-day or to-morrow.

Mr. Williams was seen at the Hotel Eiffel, where he was in conference with the strike committee and a number of Eastern printers, whom the committee was endeavoring to persuade to leave the city. Mr. Williams said there was little doubt that the men would leave to-day or to-morrow. Referring to his suit, Mr. Williams continued:

"I am bringing this action for vindication. Murdoch, Kerr & Co. implicated me in their injunction suit, making me in the eyes of the community a quasi-criminal, when I never was near their place of business and had nothing to do with any of their men. This is merely a test case, and if we win it there will be 18 similar suits filed by other members of our organization. The Amalgamated Association and the A. F. G. W. U. are with us, and if we are turned down they and other strong organizations will lend pecuniary assistance to take the case to the United States Supreme Court if necessary. The fact is, all the injunction suits in labor troubles were decided in the Common Pleas Courts, and never taken any higher. If all are lacking in good law according to prominent attorneys in this city, as the decision of Judges Single and McClung in our case, I think we will have no trouble in getting the decision reversed in the Supreme Court."

ALVIN MUSICIANS CALLED OUT.

All the Knights of Labor Members Ordered to Leave. Master Workman Dempsey, of D. A. No. 8, served notice on six Knights of Labor members of the Alvin Theater orchestra that they must cease playing there because,

he said, one of the Alvin musicians had been discharged because he would not join the Federation of Labor, to which the other members belonged. The order went into effect last night, but according to the statements of the theater people only one man obeyed it, the others saying they preferred to stay where they were. The Knights of Labor claimed that none of their men were in the orchestra.

Manager Hyde, of the Alvin, said last night that the trouble was the result of the discharge of a member of the orchestra because he refused to contract to give the theater two weeks' notice before leaving. As they had learned of his intention to leave them soon, they replaced him with another man when they had a good opportunity. "We have all the men we need," said Mr. Hyde, "and can get as many more as we desire."

Gus Kriel, President of the M. M. P. U., said the association would supply all the musicians required for the Alvin.

New Furnaces for Howe, Brown & Co. Howe, Brown & Co. are contemplating the erection of six or eight new boiling furnaces at their Seventeenth street works. They are crowded with orders and have been running night and day to their full capacity. The present number of boiling furnaces is insufficient to supply their demand for muck bar, of which they use a patented quality which cannot be prepared elsewhere. The patent belongs to Dr. E. A. Wood, of the Southside, and Howe, Brown & Co. are the only firm in the country having patent rights, except Schoenberger's, who seldom have use for it. The patent is in the mixture of the ore and limestone, and in the "bleeding" or cleaning process by which the dirt and other foreign substance is removed after the mixture has been melted.

Stick to It! Sometimes you may have to wait. The troubles that have been years in gathering can't always be cleared away in a day. For all the diseases and disorders which are peculiar to womanhood, Dr. Pierce's Favorite Prescription is the surest and speediest remedy. You can depend upon that—but if your case is obstinate, give it reasonable time. It's an invigorating, restorative tonic, a soothing and strengthening nerve, and a positive specific for female weakness and ailments. All functional disturbances, painful irregularities and derangements are corrected and cured by it. All unnatural discharges, bearing-down sensations, weak back, accompanied with faint spells and kindred symptoms, are corrected. In every case for which it's recommended, "Favorite Prescription" is guaranteed to give satisfaction, or the money is refunded. No other medicine for women is sold on such terms. That proves that nothing else offered by the dealer can be "just as good."

Catarrh

Hood's Sarsaparilla, Being a Constitutional Remedy, Readily Reaches and Cures It.

"A sense of gratitude and a desire to benefit those afflicted, prompts me to recommend Hood's Sarsaparilla to all who have catarrh. For many years I was troubled with catarrh and indigestion and general debility. I got so low I could not get around the house. I tried about everything I saw recommended for catarrh, but falling in every instance of being relieved, I became

Very Much Discouraged. At last I decided to take Hood's Sarsaparilla and began to get relief. I have now used, within two years, ten or twelve bottles, and I feel better than I have for years. I attribute my improvement wholly to the use of
