Allegheny Reformers Claim They Will Not

Use Whitewash. The Allegheny Auditing Committee and

Reformers deny indignantly that the action with reference to Chief Murphy was not a whitewash. In speaking of the course pursued, Mr. Henricks would say simply, "We did not have the documentary evidence, as in Mayor Wyman's case. Perhaps evidence can be secured from some other source." The other source, it was stated by reformers, is the Reform Association. The plan pro-posed is to get affidavits to substantiate the charge that Chief Murphy accepted tribute from gamblers and houses of ill fame and present them to City Solicitor Elphinstone. Some of the affidavits, it is claimed, are

already in hand. While it is acknowledged that the City Solicitor will probably report that there are no grounds for proceedings on the charge that money received for vehicle licenses was not turned into the city, it is claimed that the other accusations will be so startling that they cannot be ignored. It is also said that Mr. Elphinstone is disposed to push all the cases to the point where there can he no doubt as to the guilt or innocence of the accused men.

A VERY BOLD SNEAK THIEF.

He Enters a Residence in Daylight, Draws a Revolver and Escapes.

A bold daylight robbery was reported to the police at the Eleventh ward station last night It occurred last Monday morning at the

residence of R. J. Booker, No. 575 Fifth avenue. About 9 o'clock that morning Mrs. Booker went upstairs to make up the bedrooms, when to her surprise she saw in one of the bedrooms a man kneeling in front of a trunk ransacking it. Shescreamed and the man coolly arose to his feet and pulled a revolver from his pocket and pointed it at her. This frightened the woman so badly that she turned and ran screaming down the stairs. The burglar coolly followed he down the stairs and ran past her in the ball

and got out into the street, where he boarded a cable car going to the city. An examination of the room was made and it was found the thief had broken open

the trunk with a razor which had been on the mantel by one of the roomers, and in prying off the clasp had cut his hand, as blood was smeared on everything in the trunk. He also cut open the leather satchels with the razor. He took \$5.50, a against him. gold ring, a silver watch chain and a bottle of whiskey. The thief gained entrance by boldly walking in the front door, which was unlocked. The police are working on the Collector's office. He said then that de the case.

WAITING FOR THE AGENTS' REPORTS.

A Report That "Mr. Warmcastle Borrowed Money to Cover Up Discrepancies.

Collector Warmeastle left for Washington last night. He expects to be present to-day, when the report of the Government agents who have been investigating the condition of affairs in this internal revenue district is considered by the department. Senator Quay, it is expected, will have returned from the South and will also be present in behalf of Collector Warmcastle. Congressman Dalzell, upon whom the responsibility for the charges against Warm-

castle is placed, is not likely to be present when the report is made. Mr. Dalzell's Pittsburg friends contend that the little Congressman has taken no part in the matter, and they say he will not bother his head about the report. Government Agents Still at Work.

Nothing is known in Pittsburg of the character of the report to be made by the special agents who have investigated the district. There are, however, two Govern-

ment agents still in Pittsburg, Collector Warmcastle knows of their presence in the city, but he insists that he knows nothing of their work or their purposes.

Mr. Warmcastle denies emphatically that there is any discrepancy in his accounts with the Government, and believes that if there is anything wrong it is with his sub-ordinates, and not with his office. It is intimated that the affairs of the due trict have been carelessly managed, and that the purpose of the Government in plac-ing two men at each distillery, one a gauger and the other a storekeeper, one to act as a check on the other, has been thwarted, and that in many cases either the gauger or the storekeeper has been excused from duty, thus leaving unlimited opportunities to the agent left in charge of the distillery and the owner to manipulate the product of the distillery so as to cheat the Government out of an immense amount of taxes. May Be Removed Without a Hearing

Everybody is waiting for the report of the agents, however, and many intimate that the finding of the agents will be of a

sensational character, and that Mr. Warm-He then realized the woman's purpose in castle will be removed without a hearing. Mr. Warmcastle himself believes he will be attempting to buy his lease. A VAIN SEARCH FOR TRAIN ROBBERS.

They Probably Utilized the Archbishop Kenrick Jubilee to Lose Themselves. Sr. Louis, Dec. 4 .- But little has developed in regard to the robbery of the 'Frisco express train at Glendale Monday night. The police and the detectives can

find no tangible evidence, although everything that looks like a clew is at once investigated.

A story is afloat that the robbers went to Kansas City, taking the Missouri Pacific train at Webster, a few miles from Glen-dale, after the robbery. A dispatch from Webster states that no tickets were sold there for Kansas City Monday night, and that no one boarded the train. The men undoubtedly had saddle horses awaiting them in the grove near the scene of the robbery, as the ground showed where horses had been hitched. It is more than likely that, mounted on horses, the robbers separated and hastened to St. Louis, arriving before the jubilee torchlight parade was over. Once in the city they could easily cover all traces of themselves and leave one by one over other railroads without attracting the least suspicion.

Sneak Thief Held for Court.

Thomas Caslett, arrested several days ago on a charge of having been connected with the robbery of John Knapp's store on the Southside, when \$200 was taken, was given a hearing by Alderman Succop last evening and committed for court. It was not proven

that Caslett took the money, but the evi-dence was strong enough to satisfy Alder-man Succop in holding him for court.

Not Yet Decided.

The Board of Commissioners to decide upon the plan for the Carnegie Library met vesterday afternoon. President J. B. Scott said that no conclusion had been reached regarding the designs. He has no idea when the matter will be settled, but hopes the lucky designer will be notified this month. "No favoritism will be shown, merit is the thing," said Mr. Scott.

VICTIMS OF ILL LUCK AND LAW.

MAGGIE CHILDS, colored, was arrested last night on a charge of disorderly conduct. It is alleged that the prisoner was in a drunken condition on a Wylie avenue cable car and refused to pay her fare.

TIM SULLIVAN, aged 17 years, was arrested last night by Officer Wilkofsky, and locked up in the Twelfth ward station house on a warrant issued by Magistrate McKenna on oath of the boy's father, who charges him with dis rderly conduct.

Changed Depots in Chicago.

The Baltimore and Ohio road is now run ning into the Grand Central depot in Chicago. The arrangement was made some time ago, and it is part of the plan to have the main line pass through Pittsburg. The B. & O. used the old Illinois Central depot on the lake front, and got into the city over this line's suburban tracks. Now the B. & O. leaves the Illinois Central at Ninetieth treet, and runs its trains over the Rock Island. This gives the B. & O. better conections to the North and West. Passenger going beyond Chicago can do so without having baggage transferred. The change was made December 1, and gives the B. & O. a better show in the Windy City.

Took Advantage of a Sick Man.

Isaac Bowman, colored, was arrested esterday afternoon by Inspector Mc-Kelvey, on complaint of another colored man named Phillips. The latter claimed that Bowman stole from him a suit of clothes and overcoat, valued at \$87. Phillips stated that Bowman was his roommate, and that some time ago he was taken sick and went to the hospital, and during his absence Bowman took the goods. The prisoner claims that he did not steal the clothes, but purhased them from Phillips, agreeing to pay him a certain amount every week.
