THE COMMISSION AT WORK

Chairman Scott Thinks a Library Plan Will Soon Be Selected.

James B. Scott, Chairman of the Carnegie Library Commission, yesterday afternoon is anxious to have a plan selected before the holidays, but it is not certain that it can be done.

Officers of the Iron City Club.

The Iron City Independent Club have elected the following officers for the ensuing year: President, Ed Simon; First Vice President, George Prenter; Second Vice President, Joseph Lang; Corresponding Secretary, Albert Hamley; Financial Secretary, William Brasset; Treasurer, Vincent Simon; Librarian, John Girard; Sergeant at Arms, Paul Weitzel; Marshal, Herron, Patrick McInerney, John Haber, Albert Simon and Michael Flarer constitute the Board of Directors.

Buterworth Denounced Again.

The Emerald Senate, made up of representatives from 20 branches of the Emerald Beneficial Society, on Monday night passed a series of resolutions condemning the speech of Hon. Benjamin Buterworth, and demanding his discharge from the World's Fair Commission. The resolutions were signed by Samuel H. Gilmore, Councilman J. J. Maguire, Alderman J. A. Donovan, Dr. P. J. Kovan and Attorney John F. Miller.

SECRET OF THE FALLS.

Holmes Anderson's Discharge Leaves Another Murder Mystery.

The release of Holmes Anderson on his own recognizance leaves another of Allegheny county's great murder mysteries unsolved. The crime for which he stood charged was the murder of John Gansaulis on the night of April 4. He had just bidden his sweetheart good by, and while the kiss was still warm on his lips he was shot down at West Liberty Falls.

AN ECHO OF THE GUNSAULIS CASE.

A Poetic Theory of Suicide Is Advanced and at Once Shattered.

TRAGEDY OF WEST LIBERTY BOROUGH

The release of Holmes Anderson on his own recognizance leaves another of Allegheny county's great murder mysteries unsolved. The crime for which he stood charged was the murder of John Gansaulis on the night of April 4. He had just bidden his sweetheart good by, and while the kiss was still warm on his lips he was shot down at West Liberty Falls.

A Strong Chain Forged.

Coroner McDowell and County Detective Belthover, with Alderman King and Mark Donley, went to work, and that night Holmes Anderson was arrested. Link by link the chain of circumstances surrounding the evidence ever produced in Allegheny county was forged about Anderson. William Smith, the girl's father, had boasted of the good circumstances of his future son-in-law. It was never declared he had \$12,500 in cash at the time of the murder. It was proven that Anderson was in the neighborhood the evening of the tragedy. He was located near the scene just before the shot was fired.

ANOTHER HOPE DISPELLED.

Mayor Gourley Refuses to Act on the Straightout City Committee—He Will Take No Active Part in the Coming Municipal Campaign.

Like a mist in the morning Straightout Republican hopes have been deserting the earnest band. The latest idea dispelled is that Mayor Gourley would consent to act on the City Committee for the new-born party during the coming municipal campaign. At the last meeting of the Straightout County Committee, Chairman Fleeson was authorized to appoint city committees in Pittsburgh, Allegheny and McKeesport. The slate is already made up and includes Mr. Gourley as Chairman of the Pittsburgh Committee. It was thought that his recent utterances with regard to granting the city's chief magistrate more power indicated that he would cast his fortunes with the Straightouts, but he has now withdrawn his name. His Honor is not afraid to give an opinion, however, and yesterday stated that he would not take any active part in political work.

THE FLOUR SACK TRADE DULL.

The Manufacturers Meet, but No Changes in Prices Were Made.

The Flour Sack Manufacturers' Association met at the Monongahela House yesterday. It is composed of 13 makers, who control the bulk of the trade in the United States. Ex-Congressman George W. Crouse, of Akron, was present. After the meeting Mr. Crouse said the association was nothing more than an agreement between the manufacturers to maintain prices. He says they haven't a good grip on the trade, as any man could start a printing shop and turn out paper sacks. The trade is remarkably dull at present. The tendency of prices has been downward for the last three years, and in that time they have not been advanced. No changes were made yesterday, but the condition of the market was discussed.

ANOTHER ALLEGHENY CANDIDATE.

County Commissioner Weir has announced himself as a candidate for delegate to the National Convention from Allegheny. Mr. Weir's candidacy complicates matters considerably. William Witherow said last night that he would insist upon running his own campaign and would not enter into a combination with any of the other candidates.

Only a Political Bluff.

Patrick Foley, the well-known Democratic politician, said yesterday that the new association of Democrats is nothing but a bluff. He thinks it will have no effect on county politics and that it will soon die out. He said it wasn't worth serious consideration.

THE CREDITORS SATISFIED.

They Examine Into the Condition of the Standard Plate Glass Company. Between 50 and 60 creditors of the Standard Plate Glass Company met at the company's offices at Butler at 11 o'clock yesterday. They made a thorough inspection of the plant, and afterward received reports from Receiver Wheeler as to its condition on August 2, when he assumed control, and also at the beginning of the present month. The showing was entirely satisfactory to the creditors, who appointed a committee of five, consisting of W. E. Wells, E. H. Myers and J. K. Chaffield of Pittsburgh, Mr. Hatfield, of Philadelphia, and H. Troutman, of Butler, to devise some method of liquidating the indebtedness of the plant, and to report at an adjourned creditors' meeting to be held in Pittsburgh on December 22.

Slashed Himself With a Knife.

Thomas Filshie, aged 36, attempted to commit suicide yesterday by slashing himself with a butcher knife. He has been dependent and is subject to fits of insanity. In one of them yesterday he went to his home on Orphans street and drove out his family. They called the police, but when the officers arrived Filshie was covered with blood. Dr. Cathcart was summoned and found four wounds on the man. Two were on the neck behind the right ear and two were on the left arm. He had severed an artery in the right arm and had nearly lost the flow of blood was stopped and a watch set over the prisoner to prevent a second attempt on his life. His condition is not serious.

A Big Purchase Contemplated.

President Hitchcock, Superintendent Sanford, Secretary Casement and Mr. Wilcox, of the Pittsburgh and Moon Run Railway and Coal Company held an important conference yesterday. It is stated they have under consideration the purchase of the Coe-Benough coal land, which is 7,000 acres of coal in that district and it is said will be able to secure as much more. This amount of coal will give employment to a large number of men for many years to come.

A WIDESPREAD SCHEME

To Dispose of Clothing Stolen Recently at St. Louis.

Word was received from Toledo last night that the detectives there have made an arrest which they say uncovers a gang of robbers doing business all over the country. Louis Hansen is the man and he is charged with suspicion. For two days detectives noticed him button-holing farmers who come into market and patrons at the cheap hotels. His scheme was to talk about the weather while and finally lead the farmer over to a secluded place and sell him a \$25 overcoat for \$10. The detectives caught him making 25 such sales before they found out where his headquarters were. They were in the back room of a cheap hotel. Six huge trunks were filled with overcoats, gloves and cutlery. The price and size tags had been torn off. Express receipts in his pockets showed that eight trunks had been sent from St. Louis to Mexico, Mo., and three from St. Louis to Pittsburgh.

FOURTEEN OF PITTSBURGH'S SABBATH MERCHANTS TO BE ARRESTED.

The Law and Order Society has not gone to the destruction that some people predicted when Captain Whelan left the town. Under the guidance of Detective McClure it promises to continue the work of saving the country. To-day, as a faint indication of the power of the law, information will be made against 14 business people, of various stages of wealth, who will be charged with having violated the laws of the Commonwealth, which prescribes the manner in which the Sabbath day shall be observed. Mr. McClure's detectives have the information at hand which, they claim, will convict the accused. They are the following: prepared the charges at Law and Order headquarters. Owing to the large number of cases to be brought it was found impossible to make the information before to-day.

WILL PUNISH THE GASE.

The suit of Buford against Postmaster Gilleland to Come Up Soon. The way of the Federal office holder continues to be darkened with troubles. The most recent difficulty presents itself to Postmaster Gilleland, of Allegheny. It is the suit for \$10,000 damages which was entered some time ago by Simeon Buford, Jr., a discharged letter carrier, who claims he was maliciously slandered. It was supposed that the suit had been dropped, but it is now stated that it will go to a verdict.

MRS. WALKER IS CHASING HIM.

She is Content the Man Who Married Marie Gosselin Is Her Husband. An excited lady with a copy of THE DISPATCH under her arm walked into the St. James Hotel yesterday afternoon and said to Frank Newell, the clerk, "Don't you know me?" After looking at her face for a moment Mr. Newell recognized her as Mrs. Walker, the Mansfield widow, who had been married and deserted by her husband last October at the hotel. She had read about the experience of Marie Gosselin at Niagara Falls, and she thought the description of the man she was convinced that he was the one to whom she had been married. Mr. Newell thought he had registered as J. M. Ingie, El Paso, but this is a mistake. His name as it appears on the St. James register is Thomas Benton, Idaho. Mr. Ingie is a well-known Texas ranchman, and the blunder does him a great injustice.

GERWIG AND BROWN AT WAR.

Allegheny Finance Committee opened last night with a scrap between Controller Brown and Councilman Gerwig over some of the money to be paid out. The report showed there was still a balance due the appropriations of \$103,000, and this, with other debts to be met, would leave a balance of about \$50,000 in the treasury on January 1. Mr. Gerwig commented on some of the money to be paid out, and stated that he never knew of the appropriation. Controller Brown retorted that they were in his monthly reports to Councils. Mr. Gerwig grew angry and said the Controller had no right to take exceptions to anything said by members of the committee of the ways seeking for knowledge, and the Controller replied that his report was before the members every month, and it was their fault if they did not see things. Mr. Gerwig created another sensation by his resolution to remit \$200 to a woman who had been arrested for disorderly conduct in a drunk and disorderly case by Mayor Wyman, who thought the man was an old offender. Mr. Gerwig said the Mayor, in view of recent events, was afraid to remit the fine. Mr. Wertheimer decided a resolution would have to be presented in Councils.

Library Association Elects Officers.

The annual election for officers of the Pittsburgh Library Association held last evening the following were elected: President, F. Hudson; Treasurer, S. L. Fleishman; Directors, R. S. Smith, Joseph Albree, W. P. DeArmit; Auditor, C. F. McCombs. The annual meeting of the association will be held on the second Tuesday in January, at which the reports of the officers will be read, and the new officers installed for the ensuing year. The difficulty between the Library Association and the Library Hall Company has not been settled, as was stated in an afternoon paper, but is still pending in court.

TEACHERS GROW RICH.

All Salaries Boosted by the Central Board of Education.

Teachers' salaries went up last night at the meeting of the Central Board of Education. On the schedule of increase to go into effect September 1, 1902, the first matter attempted was increasing the salaries of principals in schools having 6 to 14 teachers to \$1,500. There was only slight opposition from Messrs. Phelps and McElroy, but the increase was given.

THE CHAIR OF SCIENCE IS A FAT ONE

Mr. Phelps wanted to increase the salary of the Chair of Sciences from \$1,000 to \$1,500. Wainwright made a plea for \$1,400, and Messrs. McCandless and Keller thought one salary could not be raised without bringing the others up. Dr. McCandless said he had been instructed to resist any raises. The motion to increase to \$1,400 was adopted.

State Normal School Graduates Are Given an Ugly Black Eye.

The teacher of drawing at the Normal School was next increased from \$900 to \$950. The balance of the salaries recommended by the committee were approved and the report adopted as a whole.

Next came the resolution recommended by the Committee on Teachers and Salaries, that all teachers who are graduates of the Pittsburgh High School and Normal School and State Normal School be credited with one year's experience.

Mr. Phelps moved to strike out the State Normal School clause and confer the benefit to the graduates of the Pittsburgh High and Normal Schools. Messrs. McKain, Yeagel and Jones opposed the resolution as an unjust discrimination.

State Normal Schools Barred.

Mr. Gray offered an amendment to provide that the resolution should not go into effect until next September and apply only to new teachers elected thereafter who were graduates of the Pittsburgh High and Normal schools and would not affect teachers now employed.

The report of the Committee on Finance for the month of November showed the expenditures to have been \$1,748.65.

City Superintendent Luckey's report for November was received, showing an enrollment of 28,569 pupils, with an average attendance of 25,000. The report of the Principal of the High School showed an enrollment of 881, with an average attendance of 834.

The report of the High School Committee was received, recommending the insurance on the High School be fixed at \$50,000 on the building and \$15,000 on the contents. The recommendation was adopted. The insurance was formerly \$51,000 on all.

An additional teacher was granted for the Ralston school.

Charming Concerts in Bow-Knot Stick Pins.

A tiny bow-knot, wrought in precious metal, is a charming conceit that particularly pleases ladies of refined and artistic taste. The bow-knot stick pins are at our store as the prettiest ever brought to the city, and were especially selected with reference to the season of gift-buying—now at hand. These dainty bow-knots are in gold, silver, and white and black enamel. Each one is cunningly wrought by skilled hands, making each pin a most desirable accessory of the feminine outfit. PENN AVENUE ST0333.

We are selling more Dress Goods and Silks this season than ever before.

Why? Because we offer larger and choicer assortments than ever before.

'The people who come here to buy (and their name is legion) are delighted.

Why? Because they find not only that the varieties far exceed anything to be seen elsewhere, but also that the prices are invariably lower than like styles and qualities can be bought for anywhere else.

This is especially true just now of EVENING SILKS.

The greatest conceivable variety of these beautiful fabrics, from the Plain Crepes at 75c, \$1 and \$1.25; Stripe Indias, 75c and \$1 a yard up to the rich Parisian novelty—Brocades, Pekin Stripes and other new novelties in highest qualities.

Special values also for Christmas buyers in

BLACK DRESS SILKS.

A 20-inch Gros Grain at 75c and 24-inch Gros Grain at \$1; Black Failles from 85c and up. From these prices up to the finest high grade Lyons Novelty Black Silks.

Equally attractive and interesting to frugal buyers are the prices and varieties in

WOOL DRESS GOODS.

Especially in the Suit Patterns. Of the thousands selling of these this season every piece is the new goods for this season, and the prices (by the pattern) are fully a fourth less than they would ordinarily be if sold by the yard.

We continue our special sale of FUR CAPES,

And they are better values than you could get if you traveled the whole land o'er. You'll admit it when you see the goods.
