SECRETARY FOSTER MUCH IMPROVED

WASHINGTON, D. C., Dec. 12.-The session of the House to-day was merely a formal one. The Speaker announced the appointment of the following committees: On Accounts-Messrs. Rusk, of Maryland; Cooper, of Indiana; Dickerson, of Kentucky; Moses, of South Carolina; Seerley, of Iowa; Pearson, of Ohio; Quackenbush, of New York; Griswold, of Pennsylvania, and Cutting, of California. On Mileage-Messrs. Castle, of Minnesota; Crawford, of North Carolina; Kendall, of Kentucky; Caldwell, of Ohio, and Flick, of Iowa. An adjournment was then taken until Wednes-

Speaker Crisp, after the adjournment of the House, listened for several hours to members who called to express their views sistant Secretary Grant is thought to stand members who called to express their views on party policy or to state their committee preferences. This makes four days which the new Speaker has devoted to the task of ascertaining the opinions and wishes of his party colleagues, and he has heard perhaps the greater number of the Democratic members of the House, though some of them in their interviews did not express any indi-

No Chairmanships Yet Promised. Messrs. Springer, McMillin, Hatch and Wilson, of West Virginia, are Representa-tives who were regarded as possible Speak-ers, and who have called on Mr. Crisp. The Speaker heard the views of all his callers, but has not reached any definite conclusions. nor has he as yet offered Chairmanships to any persons. He desires to visit his home for a few days, as soon as convenient, but will be unable to leave Washington before the latter part of next week. He said this afternoon that he was afraid he could not Immigration at that port, in August last, complete the organization of the commit-tees before the Christmas recess, though some of his friends think that the work can be done in a few days after he gets started

on the actual work.

The faiture of the Speaker to announce the Committee on Rules, to-day, was a disappointment, for it was generally supposed last night that he would settle the matter. It is understood that Mr. Crisp desires to consider the selections more curefully. consider the selections more carefully. He has had a list before him that contains a hulf dozen names of Democrats and there are only two to be appointed on this important committee.

Some Embarrassing Features.

Many of the leading Democrats have been urging the Speaker to promptly settle the matter by appointing Messrs. Springer and McMillin on behalf of the majority, and Messrs. Reed and Burrows on behalf of the minority, but until Mr. Crisp makes up his ind as to who will head the Committee on Ways and Means and Appropriations, he cannot overcome some embarrassing features

The matter is in a chaotic state, and probot until Tuesday evening will Speaker

The place is worth \$3,500 a year, and was held by Mr. Finch for a number of years. Frank H. Hosford, of the Detroit Free Press, will be tally clerk, and J. F. Snyder, of Pennsylvania, disbursing and confidential clerk-two places paying good salaries. Henry Lyle, for many years a page in the House, has been appointed clerk to the ommittee on Accounts: Ike Hill, of Onio, eputy Sergeant at Arms; J. Z. Yoder, whiler of the office of Sergeant at Arms Yoder, and William Hennel, of Ohio, bookkeeper of the same office. Henry L. Bal-lentine has been retained by Mr. Yoder as

The aspirants for the office of Reading Clerk of the Fifty-second Congress were given a practical test in the hall of the onse of Representatives this evening, for surpose of demonstrating their ability fill the position. There are two reading mees pay well, but the work is difficult of trying. It is proposed that each candidate shall prove conclusively his capability before appointment. The announcement of the hour when the trials will begin was made this afternoon about a half hour after adjournment by John A. Reeve, one of the reading clerks in the last Congress, who gave effect to his announcement by adding

NO JURISDICTION AT SEA Bus the Secretary of Agriculture Over Cruel

ets to Animals.

WASHINGTON, D. C., Dec. 12.-The Secretary of Agriculture has referred back to Secretary Blame the papers in reference to erunity to animals at sea, prepared by William Hosen Ballon, of New York, Secretary Rusk informs the State Department that he has no jurisdiction over acts committed under foreign flags at sea; that he is invested with power only to look after the safe transport and humane treatment of cattle leaving our ports, and that it is wholly out of his power to assist in this movement or make recommendations. The State Department has thereupon

communicated to Mr. Ballou that his sugcustions "will receive such consideration as the importance of the subject demands." Assistant Secretary Wharton has the matter in charge at present. He will doubtless lay the general subject before the Presi-

Keeping Out Canadian Smallpox. WASHINGTON, D. C. Duc. 12. - Assistant Secretary Nettleton has directed that a sanitary inspector be stationed at Roque's

Point. N. Y., during the prevalence of smallpox in Canada, for the purpose of preventing the introduction and spread of that disease in the United States. The Collector of Customs at Plattsburg recommended this action because of the large number of cases of smallpox of a malignant type in the videath rate is said to be alarmingly large. Free Belivery for Braddock. WASHINGTON, D. C., Dec. 12 .- [Special.]

-Congressman Dalzell has recommended tree delivery for Braddock, and has the promise of the Postoffice Department officials that the request will be granted. Among the bills that Mr. Dalzell will introduce in the House when the opportunity is afforded is one relating to the purchase of the Arsenal Park; and another for relief of the survivors of the explosion that occurred years ago at Allegheny Arsenal.

Senate Committees Nearly Arranged. WASHINGTON, D. C., Dec. 12 - The Senate Republican Caucus Committee was at work all the afternoon, engaged in the work of rearranging the committee member-

ship, and the task is at last practically completed, with the exception of a few minor places. It is probable that a caucus will be called Monday, to receive the report of the committee.

NEW PRESIDENTAL APPOINTMENTS Ready to Be Made When the Senate Will

Act Upon Them. WASHINGTON, D. C., Dec. 12.-It is not

likely that the President will make any new appointments before the end of next week. This is due to his desire to first submit to the Senate for action all the appointments he has made since the adjournment of the Fifty-first Congress on the 4th of March last. There is a large number of these recess appointments, and their notification to the Senate will occupy two or three days of next week. The first batch was sent in Thursday, and would have been followed by others yesterday and to-day had the Senate

remained in session. Important new appointments are to be made, chief of which is the vacancy in the War Department caused by the resignation of Secretary Proctor. This office has been vacant since the 5th instant, and under the law the President has 30 days to fill it. It is known that he is not disposed to act hastily in the matter, and a prominent official is authority for the prediction that no ap-pointment will be made until near the end of the time allowed. Hon. S. B. Elkins, of West Virginia, is still mentioned as most a very good chance of getting it. Other important nominations which, however, are regarded as likely to be made much sooner than this, are those of Judges of the Circuit Court of Appeals, the Inter-State Commerce Commissioners, the Ministers to China and Japan, and a Judge to fill the vacancy in the Court of Claims.

STOPPAGE OF SUNDAY WORK.

Government Officials Auxious to Give Employes One Day's Rest a Week.

WASHINGTON, Dec. 12.-Assistant Secretary Nettleton has written a letter to Mrs. S. D. Lafetra and Mrs. Mary E. Catlin, of the Women's Christian Temperance Union, in regard to closing the barge office at New York on Sundays. He calls attention to the letter he wrote to the Commissioner of on this subject, showing that it is the wish and purpose of the Treasury Department to suspene Sunday work in the matter of landsuspense Saintay work in the matter of faint-ing immigrants, just as far as it can be done without causing discomfort and distress among the immigrants, which he says no human citizen would care to produce. He

"It is my hope that, with the co-operation of the steamship companies, Sunday work can be practically abolished during a large portion of the year, and that it may prove to be possible to discontinue it entirely throughout the year." He assured the ladies that the department needed no urging in the matter "of seeing that all its em-ployes have that Sunday rest which nature ploves have that Sunday rest which nature so clearly requires, and to which the law entitles them, except when labors of necessity of charity prevent."

MILLS' SENATORIAL CHANCES

The opinion is strong, however, that Mr. McMillin will be one of the Democratic members of this committee, more on account of his knowledge of parliamentary tactics and activity on the floor than with reference to assignment of that gentleman journment immediately left the hall withon any other committee.

There are from four to ten applicants for each office under the control of the House of Representatives, and this afternoon paign for the Senatorship.

somewhat smoothed in the past lew nours by the announcement that the President will appoint to one of the vacancies on the Inter-State Commerce Commission Congressman Culbertson. In that case the competitor who would have most likely have divided votes with Mr. Mills in the Texas Legislature will be out of the way, and the contest will narrow down to Mills and Chil-
