ANOTHER BIG BILL DAY IN THE SENATE

WASHINGTON, D. C., Dec. 15.-The Vice President, on the opening of the Senate, announced the appointment of Mr. Morrill as regent of the Smithsonian Institution, to fill a vacancy. Among the bills introduced

and referred were the following: By Mr. Quay—For a survey for a ship canal connecting the waters of Lake Erie and the Ohio river.

By Mr. Morrill-For the purchase of a site for a building for the Supreme Court of the United States. For a bronze statue of Christopher Columbus in Washington, and the removal of the naval monument to a

By Mr. Proctor-To reorganize the in fantry of the army and increase its efficiency. To repeal the law for the examination of certain officers of the army, to regulate promotions therein, and to extend lin eal promotions to first lieutenants.

By Mr. Hansbrough-To fix the pay an allowances of veterans of the army.

Cullom Wants Legal Car Couplers, Senator Cullom introduced a bill for the adoption and use of a uniform standard car coupler and regulating the operation and control of freight trains used in inter-State commerce and for the greater safety of railroad employes. It provides that all com-mon carriers whose duties include the coupling of ears and who are members of estab-lished organizations of railway employes may within six months after the passage of this act vote upon the choice of an automatic car coupler. Such coupler may be of the vertical type, but must be so devised as to couple by impact, and to dispense with any person going between the cars to couple or uncouple. Every common carrier is to be entitled to one vote for every freight car owned, leased or con-trolled, and the employes entitled in the aggregate to one-third as many votes as may be cast by all the common carriers, the Inter-State Commerce Commission to have the power to decide upon the validity of the votes cast. If not less than 600,000 votes have been cast, and the entire vote for any particular coupler is not less than 500,000, the commission shall certify these facts to the President, who shall issue a roclamation declaring the coupler chosen o be the standard safety car coupler for use in inter-State commerce. In case no choice is made the President shall appoint a commission of five competent persons to deter-mine the coupler best to be used.

A Driving Wheel Brake to Be Used. The bill further provides that all carriers are to equip at least 10 per cent each year of the number of freight cars used, and also to equip every engine with the power brake nown as the "driving wheel brake." The bill provides, further, that a violation of the act shall be considered a misdemeanor, and punishable by a fine of \$500. The com-mission may extend the time to any particular company within which it shall be required to comply with the provisions of the bill; and after the year 1900 any company may refuse to accept any car not equipped as required by the bill. The bill also pro-vides that the commission shall invite bids from inventors of couplers, stating what they will accept from the United States for their patents, and upon the purchase of the patent by the Government the coupler may be used or manufactured by anybody free. The salary of the commissioners is fixed at \$5,000 a year, and an appropriation of \$70,000 is made to carry out the proposed

Inter-State Commerce Amendments

Senator Cullom also introduced a bill amendatory to the inter-State commerce act. It provides that schedules and tariffs and agreements between railroads filed with the commission shall be prima facie evidence in investigations by the commission and in all judicial proceedings. It also makes the statistics, tables, etc., contained in the annual reports of railroads to the commission prima facie evidence. It further provides that the production of testimony shall be according to the established rules of evidence obtaining on the chancery side of the Circuit Courts, with the excep-tion that the answers of defendants to complaints shall have no weight as evidence. The commission is required to make a written report specifying violations of law and containing its findings of facts and recommendations. On an appeal to the Circuit Courts of the United States the hearing shall be confined to the record presented from the Inter-State Commerce Com except where the party has a right to trial by jury under the constitution, when the case shall be tried de novo. The right to a reheating by the commission is reserved.

An Amendment on Timber Culture.

Senator Vilas, of Wisconsin, introduced a bill amendatory of the act of the last Congress repealing the timber culture laws. The first amendment strikes out the require ment in section 1 of the act that a person must be an actual bona fide resident of the State or Territory in which the land he seeks patent for is located, in order to be allowed to make final proof. Another amendment strikes out the provision that no person shall be entitled to make entry of desert land, except he be a resident of the State or Territory in which the land sought to be entered is located.

Senator Sherman introduced a bill author-izing the Quartermaster General of the Army to sell for each to G. A. R. posts and citizens of the United States flags of the patterns prescribed by the army regulations, the price to be fixed at the same they cost the Government, the object being to pro-mote and encourage the display of the flag. BERLIN HAS A BOMBITER.

HIS CRIME AN IMITATION OF THAT AGAINST RUSSELL SAGE.

His Mode of Operation Exactly the Same, but His Nerve Failed Him When the Banker Called for Help-Explosives Found in His Pockets.

BERLIN, Dec. 15 .- A case similar to the recent attempt on the life of Russell Sage New York occurred in this city to-day. The imitator of Mr. Sage's assailant had apparently folclosely the account published here of the Sage affair, as his plan of opera-tion was netly the same as that of the New York dynamiter, although fortunately at the critical moment he lost his nerve and

failed to carry out his design.

As in the case of Mr. Sage the object was to extort money under a threat of instant death. The attempt was made upon a wealthy man of some prominence in the financial word.

During business hours to-day a young man entered the offices in this city of Herman entered the offices in this city of Hermann & Co., bankers. The visitor
was approached by an attendant,
and when asked his business
in the office he replied that he
wanted to have a personal private interview with the principal member of the
firm on business of a most important nature.
The stranger was ushered into a waiting room, and Mr. Hermann soon joined him.
When the two men were alone the stranger handed the banker a letter. Mr.
Hermann read it and was greatly surprised when he found it contained a demand to pay over 10,000 marks at once to the bearer, with the threat if, in case of refusal, the premises would instantly be blown up with dynamite. Mr. Hermann realized that he was in a critical position, but instead of parleying with the visitor he called out loudly for help to arrest the man. The fellow thereupon made a dash from the place, but a number of persons set out in pursuit. He was captured after a sharp chase, and was handed over to the police. when he found it contained a demand to pay over to the police.

Among the various things taken from his

pockets were two packages of gunpowder and two others containing a white powder, the nature of which is not known. INVESTIGATION ASKED.

Many merchants stand ready to give testi-mony against the methods adopted by the Treasury agents since the advent of the Harrison administration. Some of these merchants openly sympathize with Chair-mau Clarkson, of the Republican National Committee, in his request that President Harrison remove Chief A. K. It is asserted that Mr. Tingle and his coterie, including Assistant Secretary Spaulding, who was formerly a Treasury agent, and General Nettleton and Solicitor Hepburn, have violated the rules and regulations promulgated in the times of Senato John Sherman and Secretary Daniel Man ning, and that instead or assisting federal officers to collect the revenue, they have, in pursuit of their own personal aims, blocked he business of this port and needlessly reflected upon innocent merchants.

BITTEN BY A MAD CAT.

A Number of Newark People to Be Treated for the Rables.

NEW YORK, Dec. 15 .- [Special.]-It was made public to-day that five persons were bitten on the hands Friday last by a rabid cat in Newark, and that the bitten persons will come to this city to-morrow to be treated at the Pasteur Institute. The cat was a big black Tom belonging to Mrs. Josephine Geiger. Tom belonging to Mrs. Josephine Geiger. It attacked her Friday, and lacerated her fingers. Then it ran about the house attacking everybody in sight, springing at their faces and biting the hands thrust out to repel it. There are several families in the house, and the other persons bitten there were Rudolph Klingel, aged 12; Frank Brohm, aged 28, and Rudolph Brohm, aged 26. After biting them the cat escaped into the street and sprang upon and bit Mrs. Wagner. Mrs. Wagner is 60 years old and she was thrown into hysteries by the attack of the cat.

The trenzied animal ran about the streets for several hours, and may have bitten other persons, but no other cases have been reported. It returned to Mrs. Geiger's house and was locked in a room until Veterinary Surgeon L. R. Sattler came and caught i Saturday morning, and nailed it up in barrel. Dr. Sattler has had considerable experience with rabid animals. The animal developed all the symptoms of rabies, and died of the disease this morning.

Bristow to fight the customs authorities. While he was discussing the case with General Bristow to-day, Collegies Handrick telegraphed. lector Hendricks telegraphed to Mr. Trait teur, still in Minneapolis, to seize another valuable oil painting, "Aux Armes," said to belong also to Colonel Gross. There is no record in the Custom House of the entry

Colonel Gross was in Europe last summ and returned on the steamship which brought the paintings. For several years dealers in paintings in New York and the big inland cities have complained that valuable paintings had been smuggled as household effects. It is asserted that the customs authorities knew of 40 valuable paintings brought in in this way within a month or more. The Treasury agents throughout the country are looking for them.
