**FREE TREATMENTS AND MEDICINE.**  
That the public may become more thoroughly familiar with the methods of treatment used by the physicians of the Cataract and Dyspepsia Institute, 221 Penn. avenue, free treatments, including medicine, will be given to all, rich and poor, on Sunday forenoon, December 29, from 10 to 12.

**Chronic Cough, Catarrh and Asthma, Which Slight Doctors Fail to Cure.**  
Mr. John Schettie, 176 Magnolia street, Allegheny, is 50 years old, and for ten years experienced untold suffering. His catarrh was made worse by frequent colds, until a violent cough and asthma set in. The tough mucus in his throat and lungs choked and suffocated him so that at times he could scarcely breathe. His breath became so offensive that he became so weak as to be unable to work. He had night sweats, and lost flesh. He had pain over his chest, poor appetite, belching of gas after eating and a constant cough. It is nearly one year since he became cured by the physicians of the Cataract and Dyspepsia Institute. He says: "I could not sleep for I had to sit up in bed and cough. I had wheezing and stuffed-up feeling in my lungs. I treated with eight doctors, but received no permanent relief. When I walked I would be all out of breath. I now feel well with success. Fatigue, Nervous Prostration, Blood and Skin Diseases and Stomach Troubles, Catarrh, Lung Troubles, Dyspepsia and Diseases of Women. Female attendants for ladies' department." Remember, consultation and examination free. Terms and prices for treatment all can afford. Special rates to laboring men and women, widows and others in moderate circumstances.

Office hours, 10 A. M. to 4 P. M., and 6 to 8 P. M., Sundays, 1 to 3 P. M. Home treatment by correspondence. Send two recent stamps for question blank. Remember the name and place, and address all letters to the CATARRH AND DYSPEPSIA INSTITUTE, 221 Penn. av., Pittsburg.
