The Holy Ghost College Football Players Defeat the Butler Team in a Good Game.

[SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, Dec. 19 .- About 3,000 men and a dozen women saw the boxing and wrestling championships of the Amateur Athletic Union decided in the Metropolitan Opera House this evening. There were few vacant seats in the great red and gilt auditorium, and the interest was so sustained that few thought of leaving until the last bout was decided. The cleverest amateurs from Pennsylvania, New York, New Jersey and Massachusetts met and contested for the honors. All the bouts were spirited, many of them particularly so, and the assemblage showed its approval when a particularly scientific pair came together with the gloves or struggled for the supremacy on the mat, and Referee Beaumeyer's de cisions were very satisfactory.

The boxing bouts were called promptly on time, J. D. Millin, Westside Athletic Club, New York, and C. J. McHugh, Athletic Club, of the Schuylkill Navy, Philadelphia, appearing. McHugh gave Millin As Good as He Sent

until in a counter he was crossed by Millin, who put his opponent to sleep by a smash on the point of the jaw. Millin is the bantam weight champion of America for bantam weight champion of America for the cusuing year. T. F. Connolly, of the Tremont Athletic Club, Boston, and B. Mellins, Westside Athletic Club, New York, then met for the feather weight championship. Connolly is champion of New England and Mullin is the local champion. The judges were undecided at the end of four rounds, and the referrer ordered another round of two the referee ordered another round of two minutes. There wasn't much to choose bedges then agreed on Connolly. The Bosiorion, A. C. S. N., Philadelphia, and J. McTiernan, downtown A. C. N. Y., came out for the 125-pound special class. The men fought for all they were worth, and the bout was an exhibition of cleveroess well worth seeing. The judges disagreed, and the referee gave the bout to Horton. The Middle-Weight Champion.

J. J. Van Houten, Westside Athletic Club. New York, and W. H. Stucky, Westend Athletic Association, Newark then came out to fight for the middle-weight championship. Stucky always had the advantage and keeping such a winning lead

Hannegan was the weaker of the two, and gler tought him on the ropes until the Westsider was unconscious.

The Wrestlers.

Sturdy Hugh Leonard again looked afte the falls, while Robert Stoll, New York Athletic Club, and Harry Dimse, Bank Clerks' Athletic Association, held the watches. The final bout of the middle-weight class brought on W. C. Winter, New York Turnverein, and P. Von Boerekman, George Athletic Association. It was a foregone conclusion that Von Boerckman would win the bout, and he quickly turned Winter over in 41 2-5 seconds, a half Nelson-and-arm lock doing the business. The final bout of the bantam class brought together the two Newark midgets, Bertoch

Bertoch was the favorite and justified the preference by throwing his townsman in 4 minutes 50 3-5 seconds by a half Nelson and arm lock. The 115-pound championship was won by E. Brech, of the Southwark Turnverein, Philadelphia, who had drawn the bye in this class.

SWIMMING ON CHRISTMAS DAY.

Lots of Good Sport Promised at the Nata-

torium by Manager Goodwyn. Manager Fred Goodwyn promises great sport at the Natatorium the afternoon and evening of Christmas Day. There will be a quarter of a mile professional race, polo matches between the Natatorium and Pittsburg Football teams, tub races, a grand nov-city in the shape of horse races. Professor Fox will attempt the feat of diving three lengths of the bath under water, and will swim two lengths with hands and feet tied. four lengths amateur handicap and a two A four lengths amateur haudicap and a two lengths race for boys under 16 years of age will be swum. Valuable prizes will be given for each event. Among the entries for the professional race are: Prof. Joseph Me-Lwen, Frof. J. T. Fox, Ed. Montger, the oars-man, Davy Lawrence, James Taylor, Jr., of Winchester, England.

Winchester, England.

The meeting in the amateur race of Flowers, Ridley, John Taylor and R. J. Charles will exert the utmost enthusiasm. The three hast named have improved wonderfully of late, while Flowers has a standing challenge to swim Johnson, the American champion, 100 yards for a prize of the value of \$500. An American record is sure to be established in the quarter mile race, and in order that no doubt can be thrown on the performance three expert time keepers have been selected to time the mace, with a representative from each paper of the city to take care that the correct distince is swum. The sports commence in the afternoon at 2:30 and in the evening at 7:30.

SCANDRETT IS CONTENT.

The Local Basebull Club Secretary Returns

From Indianapolis and Talks. Secretary Scandrett, of the local baseball club, returned home from Indianapolis yesterday. He is well satisfied with the arrangements made by the Association and League maguates and thinks that the settlement will result in profit to all concerned. He does not think that Pittsburg will lose Grimm and thinks that we have a chance to secure Charley Farrell. A claim by Pitts-burg for the player has been made. Mr. Scandrett is certain that all parties connegted with the agreement mean to do right. He says President Young and Mr. Phelps will in a few days tell where all the surplus players have to go and until the two naturates named make a distribution no-

On this point a dispatch from Indianapolis says:
Brush, Byrne, Robinson and Young are among the baseball men still here. The meeting last night coded in a blaze of glory. President Nick Young said that all state in its as to the disposition of players were simply conjectures and that an announcement of the result of yesterday's meeting will be made. He also retused to affirm or dry rumors concerning the settlement of the players cases. President Young says that if players are dissatisfied with the clubs to which they are sent they will have to fight it out with them. The League will meet again, he thinks, in January, at New York. On this point a dispatch from Indianapolis

Another Big Offer,

the Police Gazette: "The Gala Athletic Club will hold a special meeting on Monday to offer a liberal purse for Jim Corbett and Charley Mitchell to fight for. They will also offer a purse for Joe Choyaski and Jim Cor-bett, or the former and Peter Maher.

A DESPERATE BATTLE.

McGarvey and Murray Fight 54 Rounds Under Frize Ring Rules Not Far From Pittsburg-Murray Wins the Contest, but Both Men Are Awfully Punished.

One of the best prize fights that has ever taken place in Pennsylvania was that of vesterday afternoon between P. McGarvey and J. Murray, both of this city. They fought to a finish on the West Virginia border with skin tight gloves, under London battle lasted I hour and 21 minutes and 54 desperate rounds were fought, Murray being declared the winner. A number of Pittsburgers were present

fought, Murray being declared the winner.

A number of Pittsburgers were present and they saw a battle that they will not readily forget. The men fought at catch weight for a purse of \$200 and they each weight do a purse of \$200 and they each weight do a purse of \$200 and they each weight do a purse of \$200 and they each weighted about 150 pounds. The fighting was of the most terrific kind, hammer and tongs from the start. Neither displayed much science, and probably McGarvey had a little the better of his opponent in this respect. The ring was 20 by 18 feet.

The first round lasted 17 uninutes, and it was fighting all through. Honors about even, except McGarvey got a terrific blow on his left breast and an awiul blow on his left breast and an awiul blow on his left eve. The latter was soon completely closed. The second round lasted 16 minutes and the third 14, and the two men fought like demons. Soon McGarrey's face became a horrible sight, and Murray's body was all black and blue. Murray's hands also became all broken, and when the thirtieth round was reached he could hardly strike a blow. He started to clinch and throw McGarvey, and in the wrestling business Murray had not much the best of it.

At the fortietn round they started in to fight in hammer and tongs fashion again, and Murray, with effective upper cuts, soon becan to settle his man. McGarvey gradually got weaker, but he struggled gamely, taking a vast amount of punishment. He was a pitiable object. Both men were terribly hattered and bleeding. When, the forty-ninth round was reached McGarvey was almost knocked out. He struggled on, however, and really had the best of the fiftieth round. That was his dying effort. He crawled from his chair, and his seconds threw up the sponge. Murray was declared the winner of the remarkable bards and he was very badly runished. seconds threw up the sponge. Murray was declared the winner of the remarkable battle, and he was very badly punished.

A LIVELY GAME.

The Holy Ghost College Football Team Defeat the Butler Rickers. BUTLUE, PA., Dec. 19.-[Special.]-Razzle,

lazzie, sis, boom, bah! Holy Ghost College, rab, rab, rab! One of the most interesting games of the season was played here this afternoon between the home team and the Holy Ghost College Team of Pittsburg. The college team won the toss and chose the ball, and by half a dezen good end runs scored a touchdown without ever looing the ball, from which Carey Ricked a neat goal, thus scoring which Carey Ricked a next goal, thus scoring six points within as many minutes. Butler new had the ball in the center of the field and by a series of heavy rushes forced it down within a few yards of the College coal. There they lost the ball, but by strong holding and good work in the center, they compelled the College to make a safety, thus giving the Butlers two points—the only scores they made. The College immediately forced the ball from the 25-yard line, down the field, and by splendid, work of the two halfs, Edward and Mack, cored their second touch-down, Carey again kicking goal. Time was called for the beginning of the second half with the score 12 to 2 in favor of the College.

Butler started off with the ball, but lost it almost immediately on three downs. Carey

championship. Stucky always had the advantage and keeping such a winning lead in the final round, was declared the winner. It was a rare go, though, and brought the house down.

The next fight was between Cyclone J. Keenedy, of the Yonkers A. C., and A. Isanes, Pastime A. C., New York. It was a fercely tought bout, and the judges' decision was that Isanes had won. With a good left hand Kennedy could whip Isanes hands down.

J. Hannegan, Westside A. C., and O. H. Ziegler, A. C. S. N., concluded the finals in boxing with a contest for the lightweight championship. It was an interesting encounter all the way through, and the contest waged fercely until both men fell in the center of the ring from pure exhaustion. Hannegan was the weaker of the two, and the contest waged fercely until both men fell in the center of the ring from pure exhaustion. Hannegan was the weaker of the two, and

Tommy Ryan, the Welter-Weight Cham plon, Is Tired of Chicago.

CHICAGO, Dec. 19 -- [Special.]-Tom Ryan, the welter-weight champion who was indicted by the grand jury of Kany county for his fight with Billy McMillan, was notified yesterday that the authorities of Kendall county were after him for his fight with Frank Howson last Sunday morning. Ryan's shakedown by the Indiana authorities for his fight with Bartlett, his present arrest and another one staring him in the face has naturelly disgusted the champion with this part of the country. Speaking yesterday Ryan said:

"I cannot live in Chicago and fight. If I do I am hounded to death, and it costs me more never to get out of one fight than I

do I am hounded to death, and it costs me more manues to get out of one fight than I can earn in two. I think I will go to Callfornia, where I am sure to get protection, and if I am fortunate enough to win a hattle I will have something to show for it. Needlam has posted \$500 to fight me and says he can get backing for \$5,00. My friends, I believe will back me for that amount and I think we can get at least a \$2,000 purse to battle for, and if I can win I will get more money than I did in all my fights put to gether. I will see my tacket to night and see whether they will cover Needham's forfeit. If they do I will shake the dust of Chicago off my feet and go to the coast at once."

Marvin in Chicago. Chicago, Dec. 19.—[Special.]—Sunol's famous trainer and driver. Charles Marvin, is back in Chicago with Mrs. Marvin and Charles Miller, of Franklin, Pa., one of the owners of the Prospect Hill Farm, near Franklin, the Paio Alto of the East, for whom Marvin will train next season. Marwhom Marvin will train next season. Marvin has little news to tell. Sunol reached the Bonner stable sound and well. She was lame during the summer and sore of foot after her 2004 mile, but the California reports were exaggerated. Marvin will stay here a few days. He is at the Grand Pacific. Count George Valensin, of Pleasanton, Cal., breeder and owner of the champion yearings, Fron-Fron, 22394, and Fausta, 2224, and their sire, Sidney, 2494, was at the same hotel yesterday on his way home.

McClelland Is Willing. E. C. McClelland, the pedestrian, was at this office last evening to make a match with P. Hamiil. The latter did not appear. McClelland lett his forfeit of \$50 here to say that he will ran any man in the world 8,5 or 10 miles in a rink. He also accepts the chailenge of Delaney, of East Liverpool. McClelland will skate belaney three races and will meet him at this office next Saturday exprises to sales. day evening to make a match.

A Christmas Day Shoot,

The Glenwood Sportsmen's Club will have a grand shoot on Christmas Day. The club has a very large number of capital live birds and they will be shot at in sweep-stake events and private matches. Entries can be made on the grounds, and as there are plenty of birds, opportunity will be offered for private matches. There will also be turkey shoots. In the live bird contests the gun most be held below the elbow until the bird is on the wing.

Miller Wou'dn't Run. Youngsrown, O. Dec. 19 .- [Special.] - The footrace arranged for this afternoon, between Miller and Hogan falled to matertalize, Milter claiming he had sprained his ankle while training. Hogan who has been trained here by George Smith, of Pittsburg, demanded Milier's toriest of \$57 which will probably be turned over. Hogan to-night offered to sign articles to run for \$1,000 and it is expected Miller will accept.

A New Western League. MINNEAPOLIS, MINN, Dec. 19-[Special.]-New York, Dec. 19.—[Special.]—L. R. Fulda, Dispatches were received here this morning the President of the California Athletic from representatives of the Chicago Associate, to-day sent the following dispatch to clatter club a: Judiennestic acting if St. Paul and Minneapolis would join in a new league to be composed of Chicago, Milwau kee, St. Paul, Minneapolis, Kansas City, Omaha, Indianapolis and Columbus. At 2 o'clock a meeting, attended by both Minneapolis and St. Paul baseball enthusissis, was held at which it was resolved that about such a league would suit the twin cities, but that it was not advisable to take definite action for a few days. The real hitch came in the fact that Chicago was proposed as a member, and it would be impossible to have a National agreement league with Chicago clubs in two different leagues. The sentiment was that the new league would be stronger with the substitution of Detroit or Buffalo for Chicago.

ALL BROKEN UP.

The Chicago Magnates Beturn Home Feeling Very Blue and Disconsolate. CHICAGO, Dec. 19.—[Special.]—The stock-nolders of the Chicago Association club arrived home yesterday afternoon from In-dianapolis, having left Williams, Pfeffer and Morton there to look after their interests. There was a resigned look on the faces of There was a resigned look on the faces of the various stockholders, as they realized that their baseball careers were ended. All were reticent, but admitted that their demands had not met with a particularly cordial reception. They had been offered only a small sum to get out of the business, while they could easily see that their expenses would be close to \$30,000. They had leased their grounds for five years at a cost of \$4,000 a year and were personally responsible for them.

a year and were personally responsible to them.

They might lease them to the city League, but for less than half of what they were paying for them. Then the improvements they had put in, the advance money put out, etc., would swell the sum close to \$30,000. They thought a demand of \$25,000 not unreasonable. They were all bitter against the Association, which they claimed had thrown them down after assuring them that it would go on without the shadow of a doubt.

LEFT FOR PARIS.

Sugene Carter Sails for Europe to Tackle the Champton Billiardists New York, Dec. 18.—[Special.]—Eugene Carter, the champion at eccentric billiards, carter, the champion at eccentric biliards, arrived from Chicago yesterday afternoon with his wife and engaged passage for France on the steamer La Bourgogne, booked to sail at 5 o'clock this morning. Carter has been in Paris before and made money playing billiards, and his present visit is probably due to the unprecedented visit is probably due to the unprecedented boom in billiards in the gay capital. A. Choumar recently offered Carter and Ives \$12 a day and 3 per cent of the profits of his business if they would play in the Cafe Adolph. The Frenchman was very auxious o secure American billiard stars. Carter made no explicit contract with Choumar, and he said last night that he was going abroad on his own account to take a slice of the billiard pie over there.

The billiardist went to the theater last night, and returning to Daly's uptown billiard parlor to bid his many friends goodby; a delegation went down to the steamer with him and wished him good luck.

MANAGER POWERS' VIEWS.

He Thinks the New Deal Is a Great Thing

him and wished him good luck.

for Baseball.

New York, Dec. 19.—[Special.]—Manager
Powers was much clated over the successful
outcome of the Indianapolis meeting. "It is
the best thing for baseball," he said, "that has happened in five years past. It will put the game on a basis of stability and restore confidence all around. The minor leagues will spring into life next spring with a full knowledge that they will be protected, and the result will be years of unparalleled pros-perity for the national game. I know doz perity for the national game. I know dozens of men in this State who are quite willing to put money into the game, but have been deterred by the unsettled conditions. Next season the minor leagues will flourish. "In the central organization next season the winning of the penuant will mean a national championship, for the victorions team will be opposed by il of the strongest teams in America. When in the fall the flag is awarded to the winner, there will be no question that the fortunate team is entitled to the trophy. I predict that the season of 1892 will be a grand one for baseball."

Baseball Notes.

THE local club needs another pitcher. IF we get Charley Farrell and lose Grimm we can call it square. THERE is now no National League, and the mighty has fallen.

THERE is a great deal of sentimental talk about Sunday fell playing. Now that the new league has the power it should beware of the Fred Pfepers. CLUBS in need of good and promising players should not lose sight of John Berger. It is safe to bet that Chicago and Brooklyn will get none the worst of the distribution of players.

Pleasant Valley Patrons Happy. The all-night horsecar on the Pleasant Valley line at last has a heater. Its patrons were so astonished to make the discovery vesterday that they forgot all about the kicking they have been doing for several months past. The new heater is not a stove, but a heater, a newfangled one. It is the invention of an Allegheny man, Edward Riddle, who presented it to the company. The heater is set into the floor of the car, with a grate over it extending nearly across the aisle, thus affording excellent heat to the feet of passengers. Assistant Superintend-ent W. C. for Medicines and Treatment-This Period Furnishes Positively the Last Change to Those Who Desire to Avail Themselves of the 85 Rate—There Will Be No Further Extension-Patent Med-

treatment. Patients who desire to take treatment under this offer must avail themtreatment under this offer must avail themselves of it at once. There will be no further extension in time. Drs. Copelaud, Hall and Byers have sought to give all an opportunity of availing themselves of this merely nominal rate. They have extended the time three times, and this is the last period in which the offer holds good. All patients being under treatment op piacing themselves under treatment obfore January I, will be at the rate of \$5 a month until cured.

The cure or catarra requires (First). A patient who has the judgment, common sense and patience to place himself under a regular systematic and scientific course of treatment. (Second). A physician who understands the treatment of the disease, has special skill, special experience, special apparatus, special remedies and gives special care and attention to this disease, who is, in fact, a genuine specialist. The popular impression that catarrh is incurable comes from the fact that it has only been within recent years that skillful physicians gave their whole time and attention to this disease. Catarrh is both a local and constitutional disease, requires both local treatment and constitutional remedies. Patent medicines never did and never will cure it.

HEAD, THROAT AND STOMACH WERE ALL SERIOUSLY AFFECTED BY THE PROGRESS OF NEGLECTED CATARRH.

nother Instance—The Remaining Days of December Furnish Positively the Last Opportunity Under the \$5 Offer. "It was about six years ago that I first began to have trouble with my throat and head. My throat would get very dry and sore at nights, and my head ached and felt heavy and duli," said Mr. Alfred Nickolds.

Alfred Nickolds, Brereton Avenue.

Mr. Nickolds is an edge tool maker employed at the Iron City Tools Works on Thirty-second street, and living on Brereton avenue, opposite West Penn Hospital.

"My disease grew steadily worse as time passed until there was not an hour or a minute in which I did not suffer from it. My head hurt me all the time, and it appears to me I had pains all over me. Mucus would gather in my throat so badly at nights that I was frequently afraid of strangling in my sleep. My head was badly stopped up; my sight was dim and specks floated before my eyes; I had a continuous buzzing and ringing in ears; my nose was dry and stopped up with soabs, and in the mornings when I would first get up I would have a snapping sort of sensation in my forchead like springs loosening.

"The disease affected my stomach and digestive organs, and when I would eat the food would lie in my stomach like lead. My bowels were badly out of order; my sleep was broken and restless, and when I would get up I felt heavy, dull and more tired than when I went to bed. I had read much of the skill of Drs. Copeland, Hall and Byers, and went to see what they could do for me. They examined my case, and from what they said I knew that they understood what was the matter with me. I had entire couldence in them after a week's treatment, and it has been justified. They have cured me up well and strong. All of my disagreeable symptoms are gone, and I hope that making the and strong. All of my disagreeable symptoms are gone, and I hope that making the fact of my cure public may lead some other sufferer to find relief also."

An Open Letter From Hon. R. W. Dunn Mayor of Franklin, Pa. FRANKLIN, Pa., November 13, 1891. Drs. Copeland & Hall, No. 68 Sixth avenue,

Pittsburg, Pa.:

DEAR SIRS—My 'ather died from catarrhal complications. I ind been coughing, aching, and been converted into a catarrhal nuisance for 10 or 15 years, but was not prepared to learn, till I began treatment with you, that I had entarrh with the grip of a vice, chronic in form, and had attained te tire dignity of incipient consumption. I now see what was meant by the night sweats, pain over the eyes, dizzy images dancing betimes before my eyes, a cough which for the past year or more has played havoc with my dreams at night and my professional duties in the day. I got so thin that they talked of using me for a skeleton at initiations. I wrote you, began treatment talked of using me for a skeleton at initiations. I wrote you, began treatment
with you, and I just cannot araw a comparison between how I am now and what I was

Was the Case , Which Is Below Repeated and Reaffirmed-The Test of Permanency—The Remaining Days of December Furnish Positively the Last Oppor tunity Under the \$5 Offer.

The permanence of the cures accomplished by the mode of treatment used by Drs. Copeland, Hall & Byers has been already abundantly proved in the numerous published cases of people who have been cured, and stayed cured, but we want to add just one more to this list. Mrs. Margaret Perry, who lives at corner of Ann and Moul-trie streets, of this city, made the statement given below public through the newspapers.

As Far Back as 1887, And reiterates it now, when she says: "I am as well as I ever was in my life, and the cure I received from Dr. Byers has proved a permanent and complete one, for which I am very thankful."

Mrs. Margaret Perry, cor. Ann and Moultri Streets.

This is the way Mrs. Perry tells her story:
"For five years I had suffered from severe headaches and such pains over the eyes that I could not give attention to my household duties. I could get air through neither of my nostrils, had to breathe through my month, sleen with my mouth open and stored so lougly that none could sleep in the rooms adjoining mine without being disturbed. Food I could not retain on my stomach, especially supper; this I had to vomit as soon as eaten. I also had severe constipation of the bowels. This aggravated my headaches and touded very much to the confusion of my ideas. The doctors whom I consulted said my trouble was neuralgia.

Though they treated me faithfully and did the best they could the sickness continued. "This was my condition when in May, 1887, at the request of friends I consulted Dr. Byers. After carefully inquiring into my case he said my chief, trouble arcae from chronic catarrh; that this caused the pain over my eyes, my headaches, and so disturbed my nervous system that it led to constipation of the bowels and irritation of the stomach. Though he held out no promise of cure, he told me he believed he could do me much good. I placed myself under his treatment. Suffice it to say that I soon felt a decided improvement. He removed the tumors from my nostrils, relieved me of the pain above my eyes and over the head. I have not vomited since I took the first dose of his medicine, cured me of the constipation of the bowels, and of all my former symptoms. I don't snore and I consider myself in as good health as any woman of my years could expect to be."

· LA GRIPPE EPIDEMIC.

Thousands of Cases Reported From All Thousands of Cases Reported From All Parts of the Country.

The press reports from all over the country show widespread prevalence of the dreaded la grippe. In the past two winters, during both of which this "cattarnhal fever" has been epidemic in this latitude, the people have become, by contact and experience, familiar with its characteristic symptoms. In almost every case there are indications of systemic poison, chill, headsohe, fever, muscular pains and great depression of mental and hysical strength and energy, with the usual catarrhal symptoms in the head and throat, rendered more soute and annoying.

head and throat, rendered more acute and annoying.

In the time that has passed since this epidemic first made its appearance the people have had opportunity to become familiar also with the terrible after effects of this disease. Nearly every case of la grippe leaves a systemic catarrhal condition, which, unless it is thoroughly and completely cured, renders the patient very liable to chronic bronchitis, which invariably leads to consumption. The frequency with which dread pneumonia follows an attack of la grippe, and either terminates fatally or permanently weakens the constitution of the victim, has created general alarm, and la grippe is now looked upowas very serious matter. Among other complications which may follow this disease may be mentioned inflammation of the middle ear, causing catarrhal deafness, bronchial pneumonia and weakened condition of the eyes.

A considerable number of persons who have been attacked by is grippe have called at the office of Drs. Copeland Hall and Byers for immediate and radical treatment. The only way to avoid the after effects of this disease is to take at once thorough and systematic treatment and eradicate the disease from the system. This can be done, as experience fully shows.

It is a matter of gratification to Drs. Copeland, Hall and Byers that their patients have largely resisted the attacks of this disease. This is due, no doubt, to the superior condition of the system brought about by following a systematic and rational course of treatment. Persons attacked by in grippe, or those suffering from a catarrhal condition, should place themselves at once in charge of a thorough specialist. A considerable number of persons who

Miss Mary Stafer of 55 Long street, Allegheny, says: I cannot find words enough to thank these physicians for what they have done for me. I had a very bad case of catarrh and suffered terribly. I tried many doctors. My faith was at low water mark when I came to Dr. Copeland and his associates, but they cured me entirely and completely.

Mr. J. O. Nicely is a traveling salesman for a Pittsburg house and lives at Derry station. He says: I was troubled for six years and found the disease steadily growing on me. Ifinally applied to these gentlemen and papilied to these gentlemen and they applied to these gentlemen.

My pains, headaches, congh and other symptoms are gone and my health restored. Mr. A. S. Jones, the tobacconist of Gi55 Station street, East End, says: I had a terrible case of catarrh. One ear had been discharging periodically for 25 years. The discase grew on me rapidly and was unfitting me for business. I had tried other physicians and "carealis," in vain, but after being treated by these gentlemen I be an to improve and now feel better than ever before. I am giad to recommend them.

I am very giad to add my testimony to the evidence in favor of Drs. Copeland, Hall & Byers' skillful and faithful methods of treatment, says Mr. John Holzworth, of New Brighton, Pa. I believe that where catarrh has pro

Evidence that caunot be denied. March, 1891, I was called in haste to the supposed death bedside of Deniis Burgoon, of Corsica, Jefferson county, Pa., a man near 89 years of age. His affliction, although properly diagnosed by the best skill, yet pronounced incurable, and not the dightest hope or channee for his recevery. I took the case, as I have taken bundreds of others, and there he is to-day, Dennis Burgoon, my father, living in Brookville, Jefferson county, Pa., a living menument of what Dr. Burgoon's System Renovator will do, for it was System Renovator that did it. And the case of a child of Mr. Kreba, of subdost, Clearfield county, Pa., given up by five or six doctors as incurable, it is well. Burgoon's System Renovator cured it.

And still another near Meadville, Pa., a child years. The disease buffled all the physicians until they pronounced her incurable and said she could not get well. It was cured with System Renovator. And still another, a lady in Franklin, Pa., a most remarkable case. After she had spent thousands of dollars the verdict of the leading physicians of her town and of those in Pittshurg, New York, Buffalo and a number of other cities was, you cannot get well. She came to me as a last resort and was cured. Her name is Catherine Lynch and she will substantiate all that we sav and will tell you that Burgoon's System Renovator is a life saver. Now, good people, there is not space in this paper to mention all such cases that Renovator has cured. System Renovator is a compound of 19 different roots and herbs that work in harmony on the human system, the Stomach, Liver, Ridneys, Howels, Nerves and Blood, it has worked wonders, it is working wonders, it has no equal, I defy the world to beat it, it is a life saver.
