ois and West Virginia, this is n the manufacturers here know it. The bottle rates in the Central Traffic Association territory were advanced in the same ratio, and no place escaped or has a better rate than it had before-in proportion."

A Formal Protest Filed.

The Pittsburg Committee of Freight Agents met in the Lake Shore office yester-day. The protest of the green bottle men against the higher classification was filed and referred to the Glass Committee of the Central Traffic Association. Under the present traffic agreements the local roads have no authority to do anything, and the question has been put into the hands of men who are not interested in the least in Pittsburg.

The same complaint was made by the pig iron men last week without avail. Pitts burg has always paid more than its share o freight rates in proportion to New York and Chicago. The grain rates to the seaboard are very low in comparison to what local manufacturers have to pay on shipments for long or short distances. The coke rates from the region to Pittsburg and the Mahoning and Shenango valieys are too high, but the re-quest for a reduction last winter was retused. The pig iron men have received no encouragement from Chicago, but they want to know soon what the railroads in-tend to do about their demand for a 50-cent

rate from the valleys. The agents were in session the greater part of the day changing the green bottle rates to correspond to the new basis. The balance of the work was of a routine character.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the California Fig Syrup Com-pany. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pre-tensions that every bottle will not substan-tiate.
