It was COUNTRY PRODUCE-(Jobbing Prices)review of the metal markets for the week The calls last night were so close to the market that almost the first thing this Skillful Management Shown in the Quick purchased for the use of the bank before the Poultry receipts proved larger than was will say to morrow: **Bally-Philadelphia** Gas Yields a Little The calls last night were so close to the market that almost the first thing this morning they were passed and there was considerable hustling to buy against them, which was another help to firm prices. Late Berlin cables were firm and showed an ad-vance of 2 marks in wheat. Trade, as a rule, was dull and of quite a boliday char-acter. During the last hour the market ensed off some, with trade very dull. May opened at 95%c; advanced to 97%c, and closed at 95%c. Corn was strong and higher. The pres-sure of the long corn on the market seems to be over for the present, and shorts were more generally disposed to cover and take in profits. There was also a feeling on the part of speculators that about all the break which could be expected had taken place, and that purchases for an up turn were in order. During the closing hour trade was very slack, and prices reacted somewhat, January opened at 41%c, sold up to 42%c, and closed at 41%c. Onta was quict, firm and without feature. The receipts of hogs were moderate, with prices fairly well maintained, and the re-cent decline induced increasing buying orders, with the result that the market was firm during most of the day and a somewhat higher range of prices was reached. The leading futures ranged as follows, as cor-rected by John M. Qakley & Co., 45 Such street, American Pig-Some Southern sellers have corner was acquired. After that the bank generally anticipated, and the prophecy

again become urgent, but have been press ing the market more particularly on lower grades, which are not largely taken in this section. At Birmingham, Ala., large blocks of gray forge have been sold on the basis of \$250. We quote Northern brands \$16 750 \$18 00 for No. 1; \$16 00016 50 for No. 2, and \$14 00@14 50 for gray forge. Southern iron sells at \$16 00@17 00 for No. 1; \$15 25@16 00 for

No. 2, and \$13 75@14 30 for gray forge. Spiegelisen and Ferro Manganese-The market has been very dull. Foreign 80 per cent ferro is quoted at \$62 00@62 50 tidewater, while spiegelisen is nominally \$26 75@ 27 00.

Billiets and Rods-Little business is reported in domestic billets by sellers in this market. Considerable interest is taken in the outcome of the meetings among soft steel makers being held in Pittsburg. It is understood that the first meeting last week understood that the first meeting last week was attended only by a few producers, and that some makers declined to take part, but there was a free interchange of oploion which led to the conviction that prices have been crowded altogether too low. It is re-ported that there has alrendy been a stiffen-ing in the West, which has been reflected by slightly higher prices in the East. It is pretty well known now that the low prices for soft steel brought us good many buyers, notably in the West, and that in the aggre-stee a very heavy amount. of business has been booked for the first quarter of next year. In foreign billets we may note that there have been offerings at \$30 75.

Wire Rods Selling Well Out West,

Wire rods are dull in the East at \$36 50@37 tidewater, while a heavy business is reported from the West at an advance above the lowfrom the West at an advance above the low-est prices reached. The Western trade was particularly domonlized by the expectation that the large mills building would become sellers at an early date. It turns out now that in one case they did not care to meet the market, and that in another there had been delay in completing the machinery. Stel Rains-Eastern makers of steel mills report little new business, and are at the brosent time more keenly interested in the hight rail trade, in which there is close com-petition and some irregularity. Some of the Western mills do not make the differences in the different sections which Eastern mills adhere to fairly vell. Other works crowd December...

In the different sections which Eastern mills adhere to fairly well. Other works crowd the market on the very light sections. In the Pittsburg district there has been quite a lively demand intely for mine rails, due to the resumption of work in the mines of that section which has followed the exhaustion of natural gas.

A Good Foreign Order For Beams,

Manufactured Iron and Steel-The princi-pul item of interest is that another round order for beams has gone abroad. For the first three tiers of the building in question there was not time to wai! for foreign beams, so that 300 tons were placed with a neighboring mill. The balance of the re-quirement. 700 tons, will be foreign. Plates are still selling at low figures and bars are being offered at close figures. We quote: Angles, 19962.10c; sheared plates, 18562.25c; tees, 24062.75c, and beams and channels, 3.1c on dock. Sreel plates are 1992.1c for tank; 2.1562.30c for shell, 24062.65c for firebox on dock. Bars are 1.761.8c on dock. Scrap nates are quotable at 262.25c delivered. Steel axies, 2.622c and links and pins 2.16 2.25c; steel hoops, 1.1562.65c delivered. Cieveland warrants have advanced to 38s 3d, however, and hematite to 494, wilh a fair business done, chiefly in the form of purchases against late short sales. Stock in warrant stores now amount to 500,000 tons Scotch and 184,000 tons Cleveland. The plate found a brick sale early in the week, but the market has since become demand and several makers are now booked three months shead on that class of product. Hessener cokes of odd sizes were the most contracts were secured at 195 6d at South Wales, against 185 2d for ordinary 14 by 20. Charcosis are virtually neclected. The advanced to 291 for prompts with in the week, but subsequently received at the decline there was a fair mount of quiet buying. Topper has been steadier and merchant has prompts sold on to 3 pounds lots under the influence of better purchases by con-sumers, and freer speculative buying of futures, some holders have realized on the advance but the market has the support of the leading firms. Recent sales of furnace anadrial include 2.30 tons Montana matte at 50 (an advance of 3d), and 500 tons ditto on private terms. and hematite to 49s, with a fair business

put the Wood street front in the market at \$100,000. This price was offered by Black & Baird early this week and refused. The offer was made just after a meeting of the Board of Directors, st which it was decided to withdraw the property from sale. At this same meeting it was agreed that the demands of the street

require a larger and more modern building, and it was resolved to tear down the present structure and supersede it with one more in line with the times, and costing \$300,000 or more. But this will not be done sooner than a year from next April on account of the leases.

The demolition of Lafavette Hall will renove an interesting landmark. It has been the scene of many important events, na-tional and municipal. It was there that the Republican party was organized in 1856. It is a pity that it cannot be preserved, but The leading futures ranged as follows, as cor-rected by John M. Oakley & Co., 46 Sixth street, members of the Chicago Board of Trade. the spirit of progress is so strong that it cannot be appeased without the sacrifice. Landmarks and associations count for little in a progressive community like this.

Ten Acres Picked Up. Mr. Joseph Loughrey, the Wood street 90% 91% 96% merchant, has purchased, as an investment, ten acres on the Morningside road, Eight-415

eenth ward, at a price very close to \$25,000, or about \$2,500 an acre. This is the most important deal that has occurred in that lo-cality for several years. All Quiet on Diamond Street. There have been no sales of Diamond street property for nearly two years. The

uncertainty in regard to the widening of reported deal was at the rate of \$1,350 a foot. There has been foot. There has been some enhancement since, but it is difficult to estimate in the absence of transactions, without which all quotations are nominal.

A Land Office Business As showing a lively movement in realty, Black & Baird report their sales of down town property during the last six weeks foot up over \$400,000. In the face of these figures there is no room for fault-finding.

Experts Say It Was a Bargain. The actual price paid by Boggs & Buhl for the Herst property, on Penn avenue, was \$85,000, or a little over \$1,400 a foot.

A New Oil Company. George Given and William Freudenberger have bought or leased four acres near Oakdale, in the McDonald oil field, and are forming a company to sink wells. About all the stock has been taken.

Rushing the Work. The big plant of the Pittsburg Brass Company, on Locust street, Allegheny, is assuming shape very fast. The walls are

up to the second story. It is expected the building will be completed by April 1. It will cost, with the ground, upward of \$100,-000. Against Tall Buildings.

The Underwriters' Association of Chicago has advanced the rate of insurance on high buildings. This action, it is expected, will put a check on the construction of skyscrapers in that and other cities.

-Duquesne Still a Weak Feature-Pipeage Dividend-Sales and Figures.

Influenced by the holidays, speculation was rather tame yesterday. At the last call Secretary Chaplin had some difficulty to hold the "boys" to their work. Christmas bought a great deal of Northern Pacific preferred and Reading in the afternoon session. The new committee formed by Mr. Olcott to finance the Richmond company, overshadowed business. The feature of the day was a reaction in

Luster. It regained nearly all the loss of the previous day. It was bid up to 8% at the ast call, with none in sight. A sale of 200 shares was reported after call at 8%. Philadelphia Gas finished fractionally lower than the opening. The rest of the

Olocit to finance the Richmond company, was spoken of very favorably, as it is com-posed of very influential men and people of great financial resources. This committee, of course, is formed in the interest of the stockholders, and some plan is to be devised so that they will not be assessed. This seems at least for the moment to be a vic-tory for the Brice-Thomas crowd against the Inman party. "I' thas been customary heretofore to have a frolite the day before Christma, but the brokers were too busy to day to resort to play and preferred to attend to their business. New York Central was a very strong spot, but on the advance a block of 5,009 shares was sold by a Vanderbilt broker. The mar-ket to-day was a Merry Christmas market. Everybody was in a happy frame of mind, and barring accidents it looks as if it would continue so. Westinghouse interests were steady. At the afternoon board 16 was bid for Duquesne

the afternoon board 16 was bid for Duquesne Traction and Birmingham was offered at 18%. There was no change of note in the rest of this group. In speaking of the Pipeage dividend it was intended to say it was not unexpected. The company had prepared for the October dividend, but encountered an unformern ob-stacle in the Heating company trouble. Sales at first call were 100 Chartiers Gas at and 10 Luster at 8. Second call, 100 Luster at 7%. Third call, 5 Philadelphin Gas at 13%. Bids and offers follow:

CLOSED WITH A BOOM.

WALL STREET'S CHRISTMAS STOCK. ING WELL FILLED.

Short but Very Active Week Ends With the Best Figures, Both in Shares and Bonds-New York Central Takes the Lend Now.

NEW YORK, Dec. 24.—Alice, 135; Chollar, 160; Consolidated California and Virginia, 400; Deadwood, 195 Homestake, 11.00; Horn Silver, 385; Iron Silver, 150; Mexican, 130; Ontailo, 43.00; Ophir, 32.50; Plymouth, 250; Savage, 125; Sierra Nevada, 150; Standard, 120; Union Consolidated, 140. NEW YORK, Dec. 24 .- The stock market mpleted a short but active week to-day with the largest business of the week and a strong tone throughoat the list, with special

buoyancy in a few stocks which were aided by special causes. The business was espeb) special causes. The balances way especially large in view of the fact that London had a holiday, but foreign houses were liberal buyers, especially of Richmond and West Point, and while a great deal of the strength and activity was accredited in some quarters to the covering of the shorts, there was no lack of buying by insiders in the more prominent shares, with a liberal sprinkling of outside business as well. In the early trading New York Central became a leader in a substantial upward movement, by which it attained the best prices reached on the present advance, being accelerated by further runnors in regard to the size of the expected extra dividend on the stock next week. Following this lead came marked rains in Lackawanna, Northern Pacific preferred, Union Pacific and Atchison. Among the inactive shares to come to the front were the Iowa Central shares, Oregon Short Line, Pittsburg and Western preferred and Omaha, all of which made most substantial gains on unuscally large transactions. ially large in view of the fact that London

made in this column a few days ago that the Christmas turkey would not be so costly as the Thanksgiving one has proved true. There was a large quantity of tainted stock on sale and for this prices were nominal. Choice stock was steady at our quotations. Storage eggs are a shade weaker than they were at the beginning of the week. Creamery butter of high grade is no more than steady, and all low grades, together with country roll butter, are a drug on the market. The unfavorable element of trade all the week has been the miserable state of the weather. Frosty, clear weather would have been a great advantage to trade.

HICCOUGHING HIS LIFE AWAY.

Feculiar Fatal Ending of the Cold Contracted by a Contractor.

DANBURY, CONN., Dec. 24 .- [Special .-The death of Richard H. Baldwin, a member of the Danbury Building Company, is hourly expected. He is hiccoughing his life away, and every spasm leaves him weaker and weaker, with little strength to rally from the attacks. He was first seized with a fit of hiceoughs last Saturday afternoon, and soon grew so ill that he had to be taken home. Dr. Brown was summoned and applied the usual remedies, but they had no effect. Drs. Watson and May were called in Monday, but their efforts proved unavailing. Dr. Clark was then summoned and he tried everything known to medical science, but still the attacks continued.

To-day the patient is failing fast. He can take no nourishment, and the only respite he has from the hiccoughs is during short naps. As soon as he awakens the spasms begin again. Last week Mr. Bald-win had a slight attack of the mumps, which heat him indoors a day or trac. On Satur kept him indoors a day or two. On Satur-day he was overseeing his men building the new Disciples' Church and took cold when the hiccoughs began.

FIELD TO BE MADE TO BAT.

His Jailers Won't Permit Him to Starve Himself to Death.

NEW YORK, Dec. 24 .- [Special.]-The finding at White Plains, in a civil proceeding, that Edward M. Feld is insane, has no effect upon the criminal proceedings against him, except as it may be used a evidence. If his insanity is his defense to the criminal proceeding a general sessions jury must be convinced of it.

convinced of it. Young Field had very few visitors to-day in Ludlow Street Jail, and continued to re-fuse nourishment. An effort may be made to-morrow to force him to eat something.

BARDSLEY'S BROKERS NOT INDICTED.

The Philadelphia Grand Jury Ignores the Bill Against Glendenning & Co.

PHILADELPHIA, Dec. 24.-The grand jury to-day ignored the bill of indictment charging Robert Glendenning and George A. Hulm, trading as Glendenning & Co., bankers and brokers, with aiding and abetting ex-City Treasurer John Bardsley in the embezzlement of \$1,000,000 from the eity of Philadelphia.

The indictment charged that the money was placed in the hands of Glendenning & Ca by Bardsley to invest in stocks.

A Mexican Ballroad Horror.

CITY OF MEXICO, Dec. 24 -A collision occurred to-day near Cuernevaca, on the Southern Railroad, resulting in the death of 12 persons.

Business News and Gossin Penn avenue values are generally over rated. Facts and guesses do not corre-

spond. David Hemphill has sold to Thomas White 153 acres in West Deer township for \$6,120.

A good authority on Cotton Oil says there will be no dividend on the preferred stock before next summer. Permits for new buildings were taken out

Ruch Hill, owned by Senator Flinn, is un-dergoing a complete transformation. Bux-ter, Thompson & Co. have it in charge. Ira M. Burchfield is doing well with bis Oliver terrace plan in the Twenty-third ward. Quite a number of lots sold during the summer and early fall have been im-proved, and others will be in the sprinz. Black & Baird sold to T. G. McGee for John G. Letterlee, a lot on the eastern side of Branch street, Thirteenth ward, Alle-gheny City, being triangular in shape, with a frontage of 90 feet, for \$2,000 spot eash. A. Z. Byers & Co. sold for James B. Cam-eron to William Gold, lot No. U7 in the borough of West Bellevue, Pittsburg, Fort Wayne and Chicago Railway, fronting 35 feet on Fisk avenue and extending through to Westside avenue, tor \$500. Ruch Hill, owned by Senator Flinn, is un-

IN GOOD FORM.

Featureless Financiering, With Easy Money

There was nothing new in the local money market yesterday. A moderate call for loans and good checking and depositing were the features. Bank clearings were 2469,414 St and balances \$233,855 10. The New York Journal of Finance says: "The money market remains easy; but the banks have ceased to receive the harpe cash remittances from the interior prevailing for some weeks past. Considering the immense forwardings of grain trom the West, this is not surprising; and it is not impossible even that, under such unusual circumstances, New York might become debtor to the West; but the movement that would bring int about would correspondingly increase our claims upon Europe lor gold." At New York yesterday money on call was fasy, anging from 23 to 3 per cent, fast loan, 25 closed offered at 235 per cent, Frime met-cantile paper, 4266. Sterling stchange onlet and sterdy at \$4615 for 60-day bills and \$4,835 for demand. Closing Bond Quotations.

Bank Clearings. BOSTON-Bank clearings, \$15,457,895; bal-

Western preferred and Omana, all of which made most substantial gains on unusdally large transactions. In the afternoon, however, heavy buying of the Richmond and West Point securities began, many of the most influential foreign houses building for the stocks against houses usually credited with repre-senting the insiders. The preferred shot up 25 per cent, but afterward lost all the gain, while the common stock and the bonds closed at their highest figures. The whole list, however, shared in the improvement. After the first tew min-utes there was no hesitation of any kind, prices steadily appreciating for all kinds of securities throughout the day. The opening was rather tame at irregular changes from last night's prices, but the strength and activity in New York Central, in addition to the character of the buying, soon started the list on the upward march, and while the stocks mentioned came for-ward and retired in turn, the strength of the market was never implied for a mo-ment. Realizations were still plentiful, but the demand was most urgent at all times, and the afternoon saw none of the usual

By Telegraph.

ivate wirs to New York a SIXTH ST. Pittsimrg

Exchange to-day, namely a car of sample oats, 37c, B. & O. Receipts, as bulletined, 50 cars, as follows: By Pittsburg, Ft. Wayne John M. Oakley & Co.,

cars, as follows: By Pittsburg, Ft. Wayne and Chicago Ealiway: 3 cars of cats, 1 of corn and rye, 3 of corn, 3 of straw, 5 of hay, 8 of flour, 1 of wheat. By Pittsburg, Cin-cimati and St. Louis: II cars of corn, 3 of hny, 1 of middlings, 1 of corn and wheat, 2 of cats. By Baltimore and Ohio: 1 car of cats, 1 of rye, 2 of hay. By Pittsburg and Lake Eric: 1 car of cats, 1 of corn. By Pittsburg and Western: 2 cars of hay, 1 of wheat. The members of the Exchange were evidently merry over the approach of Christmas, and business was a secondary consideration. There was much more of corn-peting by the brethren than of corn dealing, and after a very short call the Ex-change adjourned for Christmas. Following quotations are for carload lots on Following quotations are for carload lots on JAS. M. SCHOONMAKER, President. JAS. McCUTCHEON, Vice Presiden SAMUEL BAILEY, JE, ICE M'F'G Pure Ice made from distilled water for sale at wholesale only.
