LTERED THE

The Mayor's Objection to the Wilkinsburg Traction Grant

BRINGS SATISFACTORY CHANGE.

His Veto Sustained by Unanimous Vote for the First Time.

DOINGS OF A BRIEF COUNCIL-SESSION

Mayor Gourley came off victor at vesterday's Council meeting. For the first time during his term his veto of an ordinance was unanimously sustained, while another ordinance, to some of the features of which he objected, was changed to suit his views. The latter was the Wilkinsburg street

railway ordinance. The Mayor had serious objections to this bill, and had decided to veto it. But a few minutes before Councils convened the originators of the measure agreed to introduce some amending features to put it in shape satisfactory to His Honor. The veto message was, therefore, not sent to Councils. When Select got together, Mr. Keating at once moved that the Wilkinsburg street railway ordinance be recalled from the Mayor, It was brought over, and the Council went into committee of the whole with Mr. Robertson in the chair.

The ordinance in question granted the Wilkinsburg line the right to extend its tracks on Fifth avenue between Denniston Fifth avenue line. Mr. Kenting offered the following amendment:

Provided that such track or tracks shall be laid subject to the consent of the Pitts burg, Oakland and East Liberty Passenger Railway Company, the Central Transit Company, and the Pittsburg Traction Company, and the Pittsburg Traction Company, and that the same shall be re-located in accordance with the direction of the Chief of the Department of Public Works on or before the lat day of July, 1892; and provided further that the Wilkinsburg Street Railway Company shall file with the City Controller within ten days of its approval an acceptance of all the terms and conditions of this ordinance, otherwise this ordinance to be null and void.

89,584 90 for car tax. This included all the cars owned by the company as shown by their report to the Auditor General. They also owed \$5,488 83 as a tax on stock dividends which had been declared. The total amount owing to the city as shown by the company's books, according to the auditors, is \$15,073 73.

The Pleasant Valley books showed that company on its main line was indebted to the city to the amount of \$11,965 54, and the tax on stock dividends amounts to \$45,.

through private property from Bates street to Joneane street. The Mayor's reasons for the veto were: That a sewer placed as this is proposed would be of no use to nine-tenths of the property; the sewer on At-wood street was paid for by these property owners and answers all purposes required; but two property owners will be benefited, ut the natural presumption is that all of them will be assessed. The Mayor did not regard this as just, these people having paid one sewer assessment, he feared that event-nally the city would have to pay the bill, and held that the taxpayers have had a surfeit of this kind of experience.

Mr. Brown moved that the yeto be sustained. The vote was taken in the customary manner, "Shall the bill become a law notwithstanding the veto of the Mayor," and Council decided unanimously that it should not. Mr. Shannon declined to vote.

O'DONNELL GAINS A POINT.

He Secures the Auditing Ordinance Referred to His Committee. The old question of an auditing commit-

tee to look over the books of Pittsburg city officials came up in Common when Mr. O'Donnell offered the following resolution: Resolved, By Common Conneil, that the Finance Committee be discharged from the further consideration of an ordinance entitled an ordinance creating an auditing committee and defining its duties and the action of this council on said ordinance be President Holliday ruled the portion re-

lating to the records out of order. The resolution recalling the ordinance was then Mr. O'Donnell then gravely moved to refer this ordinance to the Committee on Surveys. He is Chairman of that committee and as the members grasped the situa-Mr. O'Donnell-This ordinance has been

before the Finance Committee six weeks and nothing has been done. It looks as though it will be smothered. I am in earnest in the matter and want the ordinauce referred to a committee that will act on it. This is an important matter and there is a demand for an auditing com-

The Chair here called Mr. O'Donnell to order, saving he could not discuss the merits of the ordinance, the question being simply to refer it.

Mr. Magne—I move the rules be sus-pended so that Mr. O'Donnell can make his argument on the ordinance, or a stump speech on any other subject he chooses. The Chair—That is out of order.
Mr. O'Donnell—The law provides that an

ordinance must be considered by a committee and all I want is that the ordinance be sent to a committee that will act.

Mr. Magee-There has been a great deal of talk about measures necessary for certain Mayoralty candidacies; measures that must e agitated or these candidacies might die. The ordinance has now been taken from the Finance Committeee and the astounding proposition is made to send it to the Survey Committee, a committee creeted for the special purpose of opening new streets. I ould move, to test the merits of the bill, that the ordinance be indefinitely postponed.

Mr. O'Donnell-The question of an auditing committee does not necessarily belong to the Finance Committee. Had that com-mittee originated it then it would belong there. The ordinance was originated by a member, and I desire to say that the author of this ordinance (myself) is not a candidate for preferment at this time, or in the I am a citizen and a taxpayer, interested in the city's welfare, and ask only that the ordinance be sent to a committee that will act on it.

Mr. Flinn-The resolution recalling the ordinance from the Finance Committee was voted for by many who would have opposed it had they known what motion was to fol-low. It was a slick piece of work, but perfeetly legitimate. A refusal to act on the ordinance is cowardly. It looks as if Council was atraid of the ordinance. ordinance was then referred to the

Surveys Committee by a vote of 18 to 7.

Work for the Committees,

The following papers were presented and referred: Petition and ordinance for the grading, paving and curbing of Rose street from Devilliers to Kirkpatrick street; an ordinance reducing the width of Mifflin street by ten feet from Thirty-ninth street west a distance of 144 feet; also for grading, paving and curbing the same; an ordinance repealing an ordinance relocating Cabinet street between Marks and Canal alleys; a resolution requesting the Chief of the De-partment of Public Works to make an estimate of the cost of repaying Butler street from the Sharpsburg bridge to Butler street extension and include in it his appropriation for next year; a resolution of the same nature, estimating the cost af repaying South Highland avenue; granting certain privilege to the Grandview Traction Company, for furnishing power to the Hill Top and other lines of railway on Mt. Washington; a resoution for the payment of \$1,303 92 to the schultz Bridge and Iron Works for material; and a resolution for the payment of \$1,500 to Terrence Burns for the property taken by the city for the Schenley bride approach; ordinances fixing the grade of

Notes From the Councils.

Lyeurgus alley and Eden alley; and a

the movements of traction cars where the lines cross, was passed in Common. In Common Council Thomas J. Mullen, of the Thirtieth ward, presented his resigna-tion, he having been elected Jury Commis missioner. The resignation was accepted. In Common Council Mr. Magee, from the

Finance Committee, presented an ordinance for the sale of a piece of city property at the fact of Forty-first street. Messrs. Ferguson, Metcalfe, MacGonigle, Taggart and Holliday opposed the measure, but it was passed. Mr. BIGHAN, in Common, called up the Mr. Bigham, in Common, called up the ordinance permitting Armour & Co. to lay a switch on Sodth Twenty-first street. The ordinance was amended at the last meeting to provide that the company should pave south Twenty-first street from Sidney to Carson street. This did away with the opposition and the bill was passed.

Mr. MacGorgue from the Finance Com-

MR. MacGovigue from the Finance Committee presented an ordinance in Common, fixing the salary of the Superintendent of the Bureau of Electricity at \$200 a month; it has been \$150. The ordinance was passed by a vote of 27 ayes to 2 noes. Messrs. Flinn and Gallegher voted in the negative, and Mr. O'Donnell declined to vote on the ground that he did not knon whether or not this salary should be pa'd.

IN DEBT FOR THOUSANDS.

Official Figures in the Allegheny Street Railway Deficiencies - The Machinery Started to Make Controller Brown Collect Every Cent-Work Mapped Out for the Auditors. At the meeting of the sub-Auditing Com-

mittee of Allegheny yesterday Auditors McKirdy and Bigger submitted a lengthy report on their examination of the books of the street car lines. The report went into a detailed explanation of the merging of the and Highland avenues to connect with the different lines and the accumulation of stocks, etc. The P., A. & M. books showed that the company was indebted to the city Provided that such track or tracks shall \$9,584 90 for car tax. This included all the

within ten days of its approval an acceptance of all the terms and conditions of this codinance, otherwise this ordinance to be mull and void.

The amendment was affirmatively recommended and the committee arose. The ordinance was then reported by Chairman Bobertson and was ordered printed for the use of Councils.

In Convey Councils.

In Common Council President Holliday read a communication from the Mayor, in which he vetoed the ordinance for the construction of a sewer on Oakland avenue and did not comply with the provisions of the ordinance in lining its track with Ligonier block and that work had to be done by the

On motion of Dr. Gilliford the report was recommended to the General Committee with the request that a resolution be sent to Councils instructing the Controller to send the different street car companies bills for the amount claimed.

The auditors were instructed to take up

the books of the water department and the audit the books of the street department, the Controller's and Treasurer's office in the order named. Mr. Henricks spoke of the Chief Murphy

case and asked City Solicitor Elphinstone why the same procedure was not carried out as in the cases against Mayors Wyman and Pearson.

Mr. Elphinstone explained that the

reason was because Chief Murphy's office was under the control of Councils, and he could be removed by them. In the case of the Mayor it was different. The committee appointed by Common Council was merely to assist him in looking up the evidence and reporting to Councils as to whether there was evidence enough to justify charges, then Councils could order suit to be entered. There being no further busi ness the committee adjourned.

No person need hesitate to use that old and valued remedy, Dr. Bull's Cough Syrup. SPECIAL SALE TO-DAY.

Take Time to Come to Our Fur Department.

AT REDUCED PRICES

At Jos. Horne & Co.'s Penn avenue stores. A special sale of nearly 100 Alaska seal ackets, in different grades and lengths and in all bust sizes from 32 to 44.
