"Forgiven" is a play that most Pittsburgers will remember well, although it has no been given here for several years. It is the Grand Opera House's attraction this week. Forgiven" is an American drama, simple in detail, of plot strong and of action di-versified and interesting. Its story opens with the reformation of John Diamond from a gambler to an honest man on his marriage with a virtuous woman. He incurs the un-dying hatred of his rival, who takes advantage of his absence to project a series of cir-cumstances estranging for the time the loves and lives of the wedded couple. With such a motive for plot, the author has con-structed a chain of circumstances of intense dramatic effect, leading up to a denouement tragic in the extreme, in which love tri-umphs and crime is amulched. Such a play is necessarily pathetic, but its comedy element is hunished. Such a play is necessarily pathetic, but its comedy element is happy and mirthful. The cast of characters in "Forgiven" is said to be a strong one, and has been praised by the press wherever the play has been presented. The combination is composed of some of the best known people, and the pro some of the best known people, and the pro-gramme is replete with original and start-ling acts. The Arabian horse "Spot" is said to be one of the most highly educated horses on the stage. The company includes Bob Stickney and his Arabian horse "Spot." and his wonderful trained dogs, "Bob" and "Prince." The English clown, Johnny Pur-vis; the Shaw Brothers; the musical kings. The engagement of Mr. Mansfield at the Alvin Theater has been profitable to all par-ties; the audiences have been large and dis-tinguished, and the versatility of Mr. Manafield once more has been shown in brilliant fashion. There is no question at all but that Mr. Mansfield is in a measure the most renarkable young actor in America to-day. The plays and parts in which he appeared last week were with one exception not new, and the exception was notably the poorest John Devoy. play and the least worthy performance.

Then there is an extravaganza called "Adam and Eve's Daughter." in which the musical and dancing specialties are said to be great. Among the variety people are the Wood sisters, who give songs of the day in entertaining fashion; Smith and Lord, the acrobats, and John Fitzgerald and Charles Kelly, who introduce an Irish specialty, as well as an exaibition of boxing: Lizzie B. But t is also rather unpleasantly plain that Mr. iansfield, excepting always "Prince Karl," Mansfield, excepting always "Prince Karl," is in need of a new play. "Beau Brunmel' is very thin and theatrical in substance and is very thin and theatrical in substance and can hardly interest audiences much longer. It may be that Mr. Mansfield's versatility does not stop at the stage: it is possible that he may write a play for himself as clever as is his acting, but "Don Juan" hardly en-courages a belief in Mr. Mansfield as a dra-matist. There are smart lines in it, and the first two acts are passably entertaining in so are as they picture a young man's amatory fickleness, but the third act is dreadfully dull

Daniel Boone and Milli Carlotta have created an immense sensation at Harry Davis' Fifth Avenue Museum-Theater. -The past week has been lively and enfoushle in Sewickley society. The reception and dance given by Mrs. D. Reynolds Kerr and Miss Katharine McKee Pearson, James Whitcomb Riley's recitations, which had a social side, the New Year's party at Mrs. Frederick S. Barrows, and several dances and dinners at other houses kept things moving merrily. Nothing prettier or more complete in every particular than the chief event of the week, the dance and reception at the Park Place Hotel, has oc-curred in the Valley for years. The hotel was transformed for the occasion into what might have passed for the old English home of Sir Roger de Coverley. The walls and windows in all the reception rooms and halls were covered with winter greenery, and banks of ferns and white lilies filled the fire places. This frame of white and green was just what the hundreds of fair women in gay dresses needed. It spite of the terrible rain storm of Tuesday evening, nearly 300 guests were pres-ent, including besides the Sewickley contingent, a great many people from the East and Allegheay and a sprinkling from neighboring towns and Washington, D.
