# THE PITTSBURG DISPATCH, SATURDAY JANUARY 9, 1892.

as could be expected when it is considered that last week's sales of raw iron exceeded 72,000 tons, and that makers and sellers are making no particular effort to book new business at present prices. In fact, they want more money for the raw article, and, unless all signs fail they won't have to wait long. The principal sales reported of Bessemer and grey forge were for delivery January, February and March, spot iron being scarce. It was currently reported that leading furnaces were asking \$16 for Bessemer and \$13 75(914 for No. 1 grey forge. Pittsburg fornaces are well sold up, having made liberal sales at the late advance, as one of the owners remarked: "Of course we are willing to sell, but not at present prices. The sales hereafter will be at an advance and for future delivery," which means that they are well sold up.

### A Glauce at the Past.

The year just closed will long be remem-bered as one of considerable dullness and low prices for iron and steel generally. January, one year ago, production of pig iron was st the rate of 167,000 tons per week. Within one month this rate dimin-ished about 21,000 tons, and by April the output had fallen off to about 114,000 tons per week. Commencing with May, the pro-duction of pig iron increased by rapid strides until it is now fully 188,000 tons per week, or 9,783,000 tons per year, equivalent to 10,966,900 net tons per year. Since the 1st of July there has been a considerable increase in the demand for finished iron and steel, but not sufficient to cover the increase in the production of pig iron, so the figures of stock on hand will probably show that there has been a considerable accumu-lation of unsold iron during the period aremed. Notwithstanding the enormous mathe on the railroads during the year just closed, the sales of track material and railsupplies have been unusually light This retronchment means accumulated work to be taken care of as soon as improved con-ditions shall permit, and the return of confidence, and the restoration of credit. The abandance of money promises that a large portion of this accumulation will be disposed of this year in addition to the usual run of business.

The year opens with an active demand from tailroads for tails and other material. The prospects are about all that could be desired all along the line, and the work postponed from last year must be taken care of this year in addition to regular current requirements. A well informed Eastern dealer has this to say: "Consumers are preity well convinced that present prices are safe prices, and that they are willing to purchase liberally when they can do so without paying an advance. Sellers have met the demand liberally, and it is only in infinished steel that there is any clearly letined improvement. The general market is firmer, however, and the impression pre-vails that the tendency all through the list

will be toward higher prices." THE LATEST.-The outlook continues favorable for most descriptions. Bessemer pig was much fancied; sales large; the \$16 te was reached vesterday, but the largest tion of the sales being at \$15 75@15 85. made the remark in our last that \$16 would be reached this month, and the advance is here. Gray forge is firm, with a ood demand; the advance previously noted as been maintained. Steel slabs and billets-Prices well maintained; sales show up well. Muck bar seems to be neglected;

heavily, and forms one of the most hopeful symptoms, as indicating the real general avenue. The building will have a frontage of 30 feet on the avenue and 18 on the street, condition. The car works and car wheel makers are all busy; the agricultural impieand will cover the entire lot. A survey of the plan shows that it will rank with the ment makers, stove manufacturers, machin-ists and jobbers report, with here and there a few exceptions, that they are running very full. Notwithstanding this condition, prices remain on the basis has reported; as yet there is no improvement, nor are there signs indicating that any change is likely to come at present. finest architectural conceptions in the city, both in appearance and convenience. This improvement emphasizes the fact that Smithfield street has become a pring favorite with capitalists. Mr. Bennett purchased the lot last spring for \$40,000. The

notified to vacate by that time.

Perrysville Avenue Improvement

the Public Safety Department of Allegheny

has applied to Councils for permission to creet an engine house at the junction of the roads, near the terminus of the Pleasant Valley line.

In Good Shape Again,

The annual meeting of the Butler Chemi-cal Company was held at Butler yesterday, at which officers and directors were chosen for the ensuing year. The officers are: President, J. H. Troutman; Vice President, Januer W. Dana Trauman; Vice President,

James W. Drape: Treasurer, H. C. Weine-man; Secretary, W. J. Cassidy; Solicitor, Newton Black. Reports showed the com-pany to be in a good financial condition and indicated a prosperous business for the en-ating year. Orders coming in denote a growing demand for the products of the concern.

UES STRONG TO HIGHER.

at present. There is a large amount of coke iron, both Northern and Southern, being offered in the market, and competition for business is very brisk. Where large buyers are prepared to consider the matter of purchase there are a number of furnaces ready to shade even bottom market prices. This condition can hardly last; with the large consumption and certaints, of general prosperity during the coming year, a stiffening in values must coming year, a stiffening in values must come before long. On Lake Superior char-coal iron several furnaces which have been shading \$17,00 now claim that they have withdrawn from the market, and have no metal for sale while \$17,00 continues to be market. Two or three of the most prom-ment brands are bolding firmly at \$17,59, and refuse to consider sales for anything less.

# IDLE TIME WELL SPENT.

as many more can be depended upon south of that point. The Presbyterian mission Sunday school building, near the Gusky Home, has been completed. The Chief of Southern Producers Put It in Studying the Question of Economy.

BHEMINGHAM, ALA., Jan. 8 .- [Special.]-While there is no rise in the price of iron in the Birmingham district, iron masters are starting the new year with the most hopeful and confident feeling, and with no disposition to force sales. In casting up the work of the year, they agree that they have safely weathered the financial storm. The year 1891 came in with a strike which closed nearly all the furnaces, and wany of them did not resume until late in February. The

did not resume until late in February. The idle time was spent in studying economy, and since resumption every furnace has made some money. The east during the past year was below that of any previous time, and the produc-tion large. A failure of the tide to turn toward higher prices would enuse great dis-appointment, but would not interfere with the general operations. The prices given out are: No. 1 foundry, \$12 25; No. 2 foundry, \$11 75; No. 3 foundry, \$10 75; gray forge, \$10 00

# Decided Improvement at Philadelphia, PHILADELPHIA, Jan. S .- [Special.]-Rogers, Brown & Co. say: There is a decided im-provement in the demand for both iron and

# A Good Opening for This Year.

steel, and prices are tending slightly up-ward. The new year has hardly advanced far enough to enable anyone to make a very accurate statement as to what the future is to bring forth, but taken as a whole, the general outlook is good, and it is to be expected that the volume of business for this year will greatly exceed that of last, and at prices that will net slightly higher margins. St. Louis fig Iron Market Improving. ST. LOUIS, Jan. 8.-[Special.]-Rogers, Brown & Meacham report: The iron market re mains about the same as last week. There have been several round-sized orders placed for deliveries during the next six months at wrices a simde below our quotations. In-dications all point for active business dur-ing 1892, and we hope for better prices.

MORE GAINS THAN LOSSES SCORED IN YESTERDAY'S STOCKS.

> Bears Make Occasional Raids-A Big Bus-Iness in Chicago Gas-Goulds and Distillers Weak Points - New England Keeps Up Its Pace.

NEW YORK, Jan. 8 .- The stock market to-

day us very active and feverish through-out, but while the amount of business done falls short of that of yesterday, there was no less interest in the transactions. The irregularity in the movement continued to be a feature of the trading until the close. While New England, Rock Island, Manhat-tan, Louisville, New Albany and Chicago

and Northern Pacific preferred, with some of the low-priced specialties, were specially strong, Missouri Pacific, Union Pacific, Dis-tillers' and Atchison were weak points. The general list was, as rule, quiet. The ex-cessive trading in the few more prominent stocks brought the day's business up to its

cessive trading in the few more prominent stocks brought the day's business up to its high figure. The bears were again active and argres-sive and made drives at several stocks ft different times, and these efforts yesterday and today baye, it is believed, closed out the stop orders which have been a menace to the speculation. The transactions in Chicago Gas werestill enormous this morn-ing, probably 30,000 shares changing hands in the first IS minutes' trading. It opened at different prices from 75 to 74, while it only went 1/2, per cent below the former price during the day. The strength displayed by the stock quickly restored confidence, and it advanced to 75%, the general market gath-ering strength in the meantime. The feverishness, however, never departed from the stock, and the drop of 3 per cent in Dis-tillers', which was engineered for further effect upon the reneral market, seemed to have no further influence than this. This decline was as quickly recovered as the other and New Furchand immediately came work of tearing down existing structures will begin April 1. Tenants have been There was no quorum present at the meet-

councils called to consider the question of grade on Perrysville avenue, and another meeting will be held in a short time, as citizens are very anxious to have the matter settled so that the work of improving the avenue can be begun. The outlook for building on this great Northside attery is full of promise. Major Pentecost estimates that at least 50 dwellings will go up the coming season north of Charles street, while

have no further influence than this. This decline was as quickly recovered as the other, and New England immediately came to the front, continuing its remarkable upward movement, helped by further rumors favorable to the company. Special pressure was brought to bear upon the Gould shares, and Union Facific dis-played real weakness; but the sharp upward movement given Manhattan late in the day served to disseminate the idea that the in-siders were not in the efforts to depress those shares. The late dealings were also marked by sharp advance in the Coalers, supposed to be another move against the shorts. The most remarkable movement of the day was in the securities of the New York

The most remarkable movement of the day was in the securities of the New York and Northern Company, the stock advanc-ing on large transactions from 19% 226, the bonds following closely. Most of this was retained at the close. The list is generally small fractions higher, but advances are more numerons than losses. There was a final effort to knock prices off in the last hour, but it was met by the advances in Manhatten and the Coslers, and the market closed active and firm. Distillers' is 1% per cent lower this evening, but New England is up 3% and Rock Island. Northern Paeific preferred and Richmond and West Point are each 1 per cent higher, while Bichmond and West Point preferred are up larger amounts.

and Western preferred are up larger amounts. The total sales of stocks to-day were 566,-685 shares, including Atchison, 25,189; Chi-engo gas, 70,010; Delaware, Lackawanna and Western, 5 180; Eric, 4,925; Louisville and Nashville, 12,095; Manhattan, 8039; Missouri Pacific, 6,700; Northwestern, 3,581; Northern Addition, 35,520; Richmond and West Point, 33,000; St. Paul, 13,420; St. Paul and Omaha, 3,250.

# A BETTER ASPECT ON 'CHANGE.

A BETTER ASPECT ON 'CHANGE. rovisions show the Heaviest Gains, but All the Cereals Recover From Thurs-day's Depres ion-A Weak Opening for Wheat-Corn Active and Stronger.

The Drygoods Market. CHICAGO-Wheat made a weak starts NEW YORE, Jan. 8.-There was no feature to the drygoods market to-day. The sharp break of yesterday had exhausted he margins on many deals and brought the

property on the market. Longs were pretty cenerally discouraged and sacrificed their coldings, while there was still a good deal of A Pension Voluntarily Surrendered. WASHINGTON, D. C., Jan. 8 -Secretary bold and vigorous short selling. Lower cables helped to develop early weakness. Noble has received a letter from an exsoldier of Boston inclosing a pension cer-tificate, which he says he voluntarily re-linquishes, as he does not wish further as-sistance from the Government. The price went off over le from yesterday's lose.

On this break the selling suddenly came to a halt. Then the cold wave began to to a hait. Then the cold wave began to cause some uncasiness for winter wheat. Scalpers bought for an upfurn. Prices grad-ually improved and the loss was regained. The market continued strong to the close. May opened ragged, with sales in different parts of the pit at about the same time at all the way between 92% c, against 50% c at the close vesterday. The market shortly tonened 93% c, then broke oadly, going to 92% c, rallied and with minor re-netions advanced to 93% c, closing firm at 83% c. MARK TWAIN never wrote a better story than "The American Claimant," now running in the Sunday issue of THE DIS-

PATCH. Second installment and a synopsis of the first in to-morrow's issue, BROKERS-FINANCIAL.

there has been a good demand from mann-facturers and a better trade is anticipated. Prices remain steady. Fair sales of Terri-tory wool have been reported at 50000 clean for fine, 55056 for fine medium, and 50056 for medium; Terms wools have been duil and sales have been made in small lots at previous prices; small lots of Eastern Oreron have been sold at 160150; in suring California wool there has been a good trade and sales of 32,560 pounds have been made in the range of 200326; including one round lot of 200,000 pounds choice. Northern at 326; fail California wool has sold at 180200; pulled wools have been in steady demand with asles of sary been in steady demand with alse of sary been in steady demand with alse of sary been in steady demand shove and XXX; Michigan X has been steady at 25,527c; No. 1 combing wools have been quiet at 35,5620; thin delaine has been sold to a mir extents at 35,5640

Corn was fairly active and stronger. Early in the session it sold off a trifle on the sharp break in wheat, but soon turned and sold up by or more, helped by the reaction in wheat and the boom in provisions. The market held its own throughout the day, and closed about the top. May opened \$4c off at \$1c, slowly advanced to \$15c, and closed at \$15c. Outs quiet and firm, and show an advance of \$4@3c. Hog products scored a decided advance to-day. The continued free shipments East of day. The continued free shipments the stat for yards, have begun to make packers uneasy May pork starred at \$11 30, the prices at the yards, have begun to make packers uneasy for a started at \$11 30, the prices at the yards, have begun to sile \$25, and closed at \$11 80, a gain of 50c per barrel. Lard is up 172c and ribs 172@0.c. The leading futures ranged as follows, as cor-rected by John M. Oakley & Co., 61 Sixth street, members of the Chleago Board of Trade:

The movement in this line has been slow ince the year opened, but little is expected at this season. Sugars are steady at the ad-vance already noted, and coffees are firm. Choice open kettle New Orleans is reported firm, with a good prospect of higher prices 'ere long.

Lowens-La France, \$4 00 per dozen; Duche Albany, \$4 00 per dozen; Mermets, \$2 50 per doze

-The grip is waning in Berlin. -England is enjoying the luxury of a bli

than have been obtained since the beginning of winter. Dressed chickens are particularly scarce. Choice grades of creamery butter readily command outside prices, but anything below fancy drags. As for country butter there is little demand, quality of offering being for the most part below standard. Cheese is firm at quotations. The egg market is reported quiet at the decline already noted. It is rare that fresh eggs are

so low at this season of the year. Job lots are not active at 24c per dozen. Florida oranges are firm at the advance, and bananas are quiet. Vegetables are still dull and slow at eld prices.

Are Spiritless.

COUNTRY PRODUCE - Jobbing prices-

and game since the holiday season passed,

and markets are firm at a shade better prices

# CINCINNATI NOT DISAPPOINTED.

# The New Year Fromises for Better Business

CINCINNATI, Jan. 8. - [Special] - Rogers, Roown & Co. sty: Those who looked for a Brown & Co. sny: Those who looked for a larger business as the new year opened ont have not been disappointed. The tennage of new scales is running quite heavy. Many of the access consumers quietly placed con-tracts in December for the balk of their realconnects for the early months of 1892. mank and file of the traffe, however, we not very much bought shead, and in the aggregate the small orders cut a larger Scare than the big ones. One Southern company booked 51,600 tons in December,

PITTSBURG, FRIDAY, January 8. CATTLE-Reccipts, 1,302 head; shipments, 861 head; market, nothing doing; all through directors. Six building permits were issued yester-day, arcregating \$9,700. The most important was taken out by Robert McKibben for a brick two-story and mansard dwelling on Sidney street, Twenty-fifth ward, to cost \$4,800. shipments; no cattle shipped to New York to-lay.

OFFICE OF THE DISPATCH.

The money is said to have been squandered on horse racing. racing

racing. —The reported formation of an Eastern syndicate to establish a gaming resort on an island off the coast at Santa Barbara, Cal., has been denied by Wilter S. Maxwell, of Los Angeles, so far as his connection with it is concerned, and by others interested in the Island of Santa Cruz, which has been men-tioned as the probable location of the resort.

tioned as the probable location of the resort. -A man at Brussels, Belgium, named Wouters was sentenced to five years' penal servitude for attempting to roband strangle an old lady living there. He was condamned on the evidence of the lady's servant. Thurs-day the girl confessed she hadperjured her-self to save the real criminal, her lover, who had threatened to kill her if she be-trayed him. Wouters was at once set at lib-erty.  erty.

erty. -Just before Jesus Bruno Martinez, a Mexican murderer, was executed in the Beien prison Thursday he was permitted to take leave of his friends and the prison officials. While he was in the net of em-bracing, according to Mexican usage, the chief of the secret police, who had been par-ticularly active in bringing Martinez to Jus-tico, the latter drew a knife from under his cont and stabled the chief three times, though not fatally. He was overpowered and shot without further delay. -Count Tolstoi has established a number
