

LEASES ACCEPTED

For Both the Old Oak Alley Church Building and the Fulton Bell Foundry.

ONE FOR A-STATION HOUSE

And the Other to Accommodate a Water Tower and Engine.

CARING FOR THE PARK ENTRANCE.

An Old Plan Used in Downing the Ordinance for an Audit.

PLENTY OF WORK FOR BOTH COUNCILS

The city now has nothing to fear about the Central police station matter.

The church to be converted into a police station has been previously described in THE DISPATCH.

The Propositions to Councils.

To Select and Common Councils:

GRANTER—I herewith transmit lease from the city of Pittsburgh, running for the period of two years and three months, at an annual rental of \$4,300.

I also submit to you that it is the expectation of this department to purchase for and on behalf of the city of Pittsburgh this property at some time before the expiration of the lease.

I also transmit lease from J. S. Arnold and wife and Miss Jane M. Fulton to the city, which lease runs five years, with the privilege of renewing and extending the same for five years thereafter.

The building is in my judgment well adapted for the purpose, and the selection of the best that can be made.

TO WITHHOLD HIS SANCTION.

Councils Tell Chief Bigelow How to Act on the Library Matter.

Chief Bigelow's expressed objections to locating the Carnegie Library building where it would spoil the view to Schenley Park resulted in the following resolution, presented in Common Council by Mr. Shannon:

WHEREAS, By an ordinance approved April 4, 1921, the Board of Trustees of Carnegie Library were authorized to erect buildings for the purpose of said library on ground purchased from Mrs. Schenley for entrance to Schenley Park;

Resolved, further, That before final action is taken, the Chief of Department of Public Works is requested to report to Councils for their information, which report shall be accompanied by a description of the location and design of said buildings to be erected together with the material of which the same is to be constructed, so that it may be deemed necessary by Councils to change or in any manner modify the conditions of said grant, an opportunity for so doing may thus be offered.

UNUSED STREET LAMPS

Cause a Little Discussion Among Members of the Common Branch.

A communication was read in Common from Chief Bigelow relative to a resolution sent him requesting him to ascertain why the Central District and Printing Telephone Company had removed gas lamps and erected poles in their place, and how many poles had been removed.

for the next five years. Mr. Magee nominator of William E. Ford, the present incumbent, and as there were no other nominations Mr. Ford got the full vote which numbered 60. Mr. Ford was called on and thanked the members warmly for his election.

TO SMOTHER THE AUDIT BILL.

An Old-Time Plan for Killing a Measure Without Voting Against It.

Mr. O'Donnell was prepared to make a fight for the ordinance establishing an auditing committee, recommended affirmatively by the Committee on Surveys.

But yesterday the unexplained opposition to the Auditing Committee plan came to the front so strongly that the motion to suspend the rules was lost by a vote of 16 to 12.

Notes From the Councils.

In Common an ordinance providing for the awarding of contracts for supplies, item by item, was passed finally.

A RESOLUTION, that the Controller issue a warrant to the Mayor for the payment of \$10,000 to the City of Pittsburgh, to be paid by an electric wire, was adopted in Common.

MAYOR GOURLAY'S message, printed on another page, was read in Common Council and then referred, with the estimates of the department chiefs, to the Finance Committee.

MR. LAMBLE, in Select, called up the ordinance relating to the driving of cattle on the streets, but Mr. Keating said it would take too long to consider that matter, and ordered to adjourn.

MR. WAREX, in Select, presented a resolution authorizing the Finance Committee to include in the appropriation ordinance an appropriation for a bridge across the Pennsylvania Railroad at Benvenue station.

MR. MAGEE from the Finance Committee, presented in Common an ordinance for the appointment by the Mayor of an ordinance officer, whose duty would be to look after the enforcement of the ordinance.

In Common Council the following papers were offered and referred: Petition to vacate Miller street; ordinance establishing the grade of McDevitt and Hammett streets; ordinance re-establishing the grade of Hamilton avenue; petition for water pipe on Keating street; ordinance locating Oliver street, and relocating part of Greenfield avenue.

MR. WRIGHT, from the Committee on Public Works, offered ordinances for the construction of a sewer on Bluff street, constructing sewers on Concord street, South Negley avenue, Thirty-ninth street, McCandless avenue and Kentalley, also for the grading, paving and curbing of Rose street, and opening of Harcum's alley and Casselman street, all of which were passed finally.

SELECt COUNCIL passed ordinances increasing the salary of the Superintendent of the Bureau of Electricity to \$200 per month, granting a raise to the Chief of Department of Public Works, and authorizing the sale of city property between Forty-third and Forty-first streets and between the Allegheny Valley Railroad and the Allegheny River.

ONE-Cent-a-Word Will secure a situation in THE DISPATCH's want columns.

Doesn't "look" as she ought to be, nervous and ailing woman. As long as she suffers from the aches, pains, and derangements peculiar to her sex, she can't expect to...

With Dr. Pierce's Favorite Prescription, she's a different woman. And it's a change that can be seen as well as felt. The system is invigorated, the blood enriched, the digestion improved, melancholy and nervousness dispelled.

Resolved, further, That before final action is taken, the Chief of Department of Public Works is requested to report to Councils for their information, which report shall be accompanied by a description of the location and design of said buildings to be erected together with the material of which the same is to be constructed, so that it may be deemed necessary by Councils to change or in any manner modify the conditions of said grant, an opportunity for so doing may thus be offered.
