REV. C. H. WHITECAR, D. D., for 56 years a member of the New Jersey M. E. Annual Conference, writes:

CAMDEN, N. J., Dec. 9, 1891. Dr. D. Jayne & Son-Gentlemen: Having or many years used Dr. D. Jayne's Expec torant in my family, as a relief and remedy for colds and coughs, I have privately recommended it to friends for its helpful and curative effects in bronchial affections and pulmonary tendencies. To my family it remains an indispensable remedy, and with it we feel that we have at command a prompt, relieving and curative agent, to which we may resort in the suddenness and violence of attacks incident to atmospheric changes, or undue exposure. I, therefore, thus commend it for its great medicina value. (Rev.) Chas. H. Whitecap. If you need the Expectorant, buy of your neighbor-druggist, whom you know. MWP

NEW ADVERTISEMENTS

One of the inevitable incidents of modern merchandizing is the annual January Bargain Sale. It is expected of US, therefore comes. This is one reason; another is found in the fact that stock on the shelves has no value. It must get out into the channels of trade. An article that costs us a dollar is not worth a dollar, to say nothing of the profit margin, until it gets into the hands of the customer. If it will not go at that price, then, if necessary, 50 cents must move it. Half price-and less in many cases—is the way we have marked goods in all departments. Odds and ends in various kinds of goods can now be secured at lower prices than ever quoted before. Here are sample JANUARY
