section of the Northern Pacific train, with the Andrews Opera Company on board, struck a broken rail near Jonesville this morning. The sleeping car was derailed and went down an embankment. In a minuje all was confusion, when the sleep-ing inmates realized their peril. The Pullman conductor, Herbert C. Scott, was one of the first to get outside, and when he did so no fire was visible, but as soon as windows were broken to liberate those in-side, flames shot out, and in a very short time the car was enveloped. The trainmen soon liberated these who were unable to extricate themselves, but none were able to save their clothes, and the night being the coldest of the senson, the thermometer grades down to \$6 per pair. All of our \$10 and \$12 We ought to do the Trouser business of the city. The quality of our goods is untouched although the prices are squeezed down.

Secretary Tracy, when asked to-day as to the Chilean situation, replied: "It is seri-ous, but I believe the difficulty between the duced to \$6 and \$8.

United States and Chile will be amicably arranged." After expressing these opin-

stage clothes, including musical instru-ments, watches and money. The patients In leading markets fine wools are not as strong in the face of Australian competition and owing to slow movement of Ohio and as soon as possible. as soon as possible. The demand for earpet wool is Michigan dull, as is the carpet industry. Prices for these wools, however, are firmly held. Raw cotton is up 1-16c on the week on a better daughter of Pete feeling, accompanied by renewed buying at Liverpool and backed by decreased receipts sie Bramble). S c = 26 years of age and at the South, particularly at New Orleans, Business failures in the United States this week numbered 359, as compared with [C39] last week, and with 356 in the second

week of 1891 Special cables from Beerbohm, London, burg. indicate, with Bradstreet's totals of available domestic wheat, that American, European and "afloat for Europe" wheat stocks de-creased 2,634,000 bushels in December, against a net gain of 4,000,000 bushels in December, 1890, and a decrease of 2,250,000 bushels in December, 1889. Adding Aus-tralian available stocks to the foregoing, New Zealand estimated, and the total of tralian available stocks to the foregoing, New Zealand estimated, and the total of Australian, North American, European and "afloat for Europe" wheat on January I amounted to about 160,000,000 bushels, Seal Provided States of the days. Rev. Hawkins was a son of Rev. David R. Hawkins, formerly pas-tor of Asbury Chapel. The deceased was Chairman of the Wesleyan Methodist Mis-sion Society at the time of his death and

ngainst 115,000,000 bushels one year ago, 120,000,000 bushels two years ago and 134,-000,000 bushels on January 1, 1889. Exports of wheat, including flour, from the United States, as reported to Bradstreef's this week, amount to 4,183,121 bushels within a week, a decrense of about 20 per cent within a week; but Indian corn exper cent within a week; but Indian corn ex-ports for the week equal 3,321,434 bushels, a jump of more than 25 per cent within a week, while those of rye and of oats are less noticeable by reason of their propor-tions them barateria. week, while those of rye and of oats are less noticeable by reason of their proportions than heretofore.

December a Big Export Month.

R. G. Dun & Co.'s weekly review says: It was suggested two weeks ago that the exports in December were likely to be extraordinarily harge. The preliminary re-ports just issued indicate that the exports in that mouth were probably the largest is that mouth were probably the largest is that mouth were probably the largest is the second second second second is the second second second second second second second is the second second second second second second is the second second second second second second second is the second second second second second second second is the second second second second second second second is the second traordinarily large. The preliminary rewhere.

Plenty of Money All Around. These enormous exports overshadow all other features in the commercial situation. Now that the rush and pressure of busi-ness that continued throughout the holidays at our music store, 506 Wood street, is over, other features in the commercial situation. They insure inree supplies of money, if ever needed, but at the present the markets are everywhere well supplied, except at South-ern points, and better supplied there than a merk are. Treasury disbursements have been large and here is no reason to look for a hock of the supply of money. - Another fact of large importance is that the iron output was not diminished in De-cember, as is asual owing? to the stoppare of furnaces during the holidaya, but was 185.022 tons weekly against ise 155 Decenter 1. The market is lairly active, though the enormous output gives buyers an advantage, and Ala-bana and Virginia iron are offered at low
