RAILROAD MEN DENY FAVORITISM.

Meeting of the Pittsburg Freight Committee on Thursday.

of green bottles protested that the increase of green bottles protested that the increase was a discrimination against them in favor of the bottle men in Eastern Ohio and West Virginia. Prior to the meeting the glass committee will visit Pittsburg manu-facturers. On the committee are Samuel Woodside, of the Erie system; W. L. Cromlish, Pittsburz and Western, and Messrs, Lawrence, Lake Shore; Orr, of the Ft. Wayne, and Means, of the Panhandle. One of the agents said yesterday: "The bottle classification was changed because it was impossible to distinguish between the varieties. The low rate was not ouly ap-plied to green bottles, but, to fancy cruettes

"The milroads are not opposed to the shippers, and it is our business to stay with the people who furnish us the traffic. The change was not made suddenly but after long deliberation, and there was no inten-tion to take advantage of the bottle manufacturers. The rates apply to every point in the territory of the Central Traffic Association east of Chicago and East St. Louis, It is not true that glass men in Ohio and West Virginia get better rates than the Pittsburg makers. All have been treated alike in this matter. The local freight committee has no authority to act, but they can make a recommendation to the entral Traffic Association. "Manufacturers should not forget that the

conditions are changing rapidly in this country. The man who holds the geographical position and is closer to the market than his competitors will always have the advantage. The Eastern iron manufactur-ers can no longer compete in Western markets, and it is but natural that cotton factories located in the South are sure to knock out the cotton mills of New England.

Fittsburg's Market Is Being Cut Up.

"The country is growing rapidly, and the industries are becoming scattered. The time is not far hence when the market will be limited. They are beginning to make iron, class and steel on an extensive scale in the West, and, of course, their home markets which are now supplied from Pittsburg will go to them."

H. E. Passavant, Secretary of the Mahon-ing and Shenange Iron Manufacturers' Association at Youngstown, was in the city yesterday. He said that since the railroads vesterday. He said that since the railroads had refused to reduce the rates on pig iron between Pittsburg, Wheeling, Cleveland and the valleys the furnacemen have had to be contented. No steps are being taken at present to follow up the railroad ques-tion. Pig iron advanced 50 cents a too be present a dvanced be the steps. ton, but Bessemer iron dropped back 25 cents last week. The market has not improved very much and little is being done in the valleys. The slight increase in the price of pig iron came at the wrong time, and is the main reason why the rallroads declined to grant the reduc-tion. The Mahoning and Shenango furnace men kicked a great dea!, but as usual withmen sicked a great deal, but as usual with-out avail. There was little complaint from the Pittsburg manufacturers, but they hoped the valley people would be successful, as they would have shared in the cut.

in Preparing for the World's Fair-He Has an Interview With a State Commis

Mayor Gourley is anxious to call a public neeting to make arrangements for the proper representation of Pittsburg's industries at the World's Fair. He will issue the call if he finds the idea meets with general favor. This decision is the result of a talk he had yesterday morning with World's Fair Commissioner Riley. The latter urged strongly

THE OLD SCHEDULE WAS TOO SWEEPING The Pittsburg Freight Committee will meet on Thursday to discuss the classifica-tion of bottles. Some time ago bottles were advanced from third to second class in less than ear leads. The local manufacturers has an elegant opportunity if something is done in time. The building to be used for

varieties. The low rate was not only ap-plied to green bottles, but to fancy cruettes for vinegar and oil, water bottles, etc., that really come under the head of tableware. I think the glass classification is fair and equitable, but the manufacturers will be heard. Discrimination in Rates Denied. The low rate was not only ap-matter, and if I receive any assurance that the business men and manufacturers favor the plan I shall issue the call. Here is a chance which Pittsburg may not have again for many years. It is a chance to show to the world the vast resources of our city. Pittsburg can be second to none in the country in her exhibit if the people will take hold at once and make a con-certed effort toward second to note in the propercerted effort toward securing the proper space for her display. I earnestly hope the representative men of the city will

hope the representative men of the city will devote some attention to the matter. The great thing is to get to work quickly. Nothing counts like being on time." Magistrate McKenna, who was in the Mayor's office at the time, said he was in favor of a public meeting at the earliest possible date, and felt confident that Pitts-burg, as one of the chief manufacturing cen-ters of the country could colling her iterters of the country, could eclipse her sister cities if proper effort were made.

His Fame Is Widespread.

Kennedy's restaurant at No. 2 Sixth street is popular among shoppers and ladies generally who wish to get a nice lunch while downtown. Kennedy's fame as a caterer is widespread, and there are no weddings of note or social gatherings that he is not called upon to serve. His name adds so much to affairs of this kind that it is the proper thing to secure his services.

La Grippe,

No healthy person need fear any danger-No heating person need tear any danger-ous consequences from an attack of la grippe if properly treated. It is much the sume as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberiniu's Cough Rem-ely as directed for a severe cold and a prompt and complete recovery is sure to follow. tollow. This remedy also counteracts any tendency of la grippe to result in pneumonia. Among the many thousands who have used it during the epidemics of the past two years we have yet to learn of a single case that has not recovered or that has resulted in pneumonia. 25 and 50-cent bottles for sale by druggists.- TTSu
