NEW ADVERTISEMENTS.

The Grip Has shown by its sudden attacks, its terrible prostration, and its serious, often fatal results, that it is a disease to be feared. For a fully developed case of the Grip, the care of skilled physicians is necessary. As a preventive of the Grip we cordially recommend Hood's Sarsaparilla, which purifies the blood, keeps the kidneys and liver in healthy action, gives strength where it is needed and keeps up the health-tone so that the system readily throws off attacks of the Grip, or of Diphtheria, Typhoid Fever, Pneumonia and other serious diseases. After the grip Hood's Sarsaparilla is unequalled for purifying the blood and restoring the health and strength.
