

ALL OUT FOR REFORM.

Common Councilmen Make Unprecedented Moves, Which

SOME SAY ARE PURELY POLITICAL.

The Finance Committee Gets a Pointer on Appropriations.

WORK OF THE MUNICIPAL LEGISLATORS

A most surprising wave of reform ideas swept over Councils at yesterday's meeting. In common it was noticeable that even the messengers looked wise at each other and consulted a calendar to see whether election day came in one week or two, while the astonished citizens outside the railing could scarcely keep quiet.

Resolved, That owing to the large increase in valuation of property in this city, and in view of the fact that unless the millage is materially reduced from that of former years, all taxes must be greatly increased, therefore,

Resolved, That it is the sense of this Council that all items in the estimate of the various departments, not really necessary for conducting the city government during the coming year, be erased therefrom, and that the Committee on Finance is hereby notified that unless the appropriation ordinance is so framed it will not receive the support of this Council.

There was a dead silence for a moment after the reading of the paper, during which the audience shuffled its feet nervously and the clock stopped in Mayor Gouley's office. Then the oratorical battle began, and it didn't end for half an hour.

Called it Political Bumcombe. Mr. Magee—That resolution is nothing more or less than political bumcombe. It is an insult to Councils and it provokes me to think any member of Councils would father it.

The questions involved can be met when they come up in the appropriation ordinance. Councils will then consider them item by item. It looks as though Councils were afraid to trust their Finance Committee.

Mr. McKeigh—The resolution is not for a political purpose. I do not have to resort to such measures. I mean just what the resolution says and unless the appropriation ordinance is framed as that paper intends I will not assent to it. It is strange that whenever a good resolution is presented the gentleman from the Fourteenth ward cries "political scheme." I don't care what he says. The people are howling against excessive taxation and we must do something.

Mr. Ferguson—This is a gentle reminder to the Finance Committee that it must be careful. Mr. O'Donnell—I am opposed to the resolution, because I believe it is simply a political ruse. Election's coming, you know. We can cut down the appropriations ourselves when the ordinance comes to us and that will be the time to act.

Mr. McKeigh—I offered the resolution partly to see how the members stand. I know Mr. Magee will cry "political bumcombe" and it would hurt Mr. O'Donnell's feelings, as he was supposed to be the only reformer of Councils.

Mr. Bigham—The sentiment of the resolution is all right, but it is of no use. Passed in spite of objections. After a little more like the above the motion was put and the resolution was adopted by a vote of 19 to 15.

By this time the spectators were prepared for anything, and Mr. McKeigh was allowed to present his reform measure without any great excitement. His was a resolution that the Board of Assessors be requested to revise its valuation all over the city.

Mr. McKeigh—There is no doubt in my mind that the valuations are entirely too high and should be cut down. Mr. Egan—There is no use passing such a resolution, as the assessors will treat it the same as they did the citizens of the Twenty-eighth ward by saying: "We have made the assessments, and if you don't like it we can't help it. Go to court."

Mr. O'Donnell—It is good way to decrease the taxation would be to cut down the estimates of the different departments. Mr. Magee read a communication from the Board of Assessors, stating that they had not yet commenced their assessment and no estimate could be given.

Mr. Magee—I wish to warn the gentleman from the Thirteenth ward that he has started on a very dangerous course. The law, and not Councils, gives the assessors power to act, and the burden of responsibility rests on those assessors. Councils have no right to dictate as to the course they shall pursue in fixing valuations, and I protest against this resolution. If the assessment is not what it should be, the courts are open for appeals.

This One is Defeated. Mr. McKeigh—The gentleman must understand that the resolution does not direct, but simply requests, a revision of the assessments. When the vote was taken the resolution was lost by 21 to 11.

Just then Mayor Gouley, who had been sitting in the Council Chamber half an hour, got up and said: "I am surprised," said he, "how many great leaders of reform spring up about this time of year."

Another case in which some wicked slanderer said the election may have proved a potent factor, was an ordinance designating the kind of sidewalks to be laid in the city limits. It has been printed before.

Mr. McKeigh—I am in favor of laying it over, as it affects chiefly the people of the East End, and I want time to consider it. Mr. Bigham—The ordinance should be passed now. There is no law at present to compel people to lay sidewalks.

Mr. Egan—I am in favor of the ordinance, because it gives the Chief of the Department of Public Works entirely too much power. The property owners should have some say as to what kind of sidewalks are to be laid.

On motion the ordinance was laid over with the express understanding that it is not to be considered till the second meeting in February. In the meantime, the election. Nobody will have to register his vote on the Auditing Committee ordinance, either, before election. Mr. O'Donnell made his second effort yesterday to have the usual custom of suspending the rules for his final passage, agreed to, but this was denied him by a vote of 19 to 15, just the same as that cast on the appropriation resolution. The ordinance passed second reading, but was not allowed to go further.

To Prepare for the World's Fair. In Select a communication was read from the Mayor in which he said: "Permit me, very respectfully, to suggest the appointment, by your honorable bodies, of a joint committee which shall be authorized to confer with the manufacturers of our city regarding the measures necessary to secure for Pittsburgh appropriate and creditable representation at the World's Fair in Chicago." A motion that a committee of two from Select and three from Common was agreed to by both branches.

Plenty of Street Ordinances. In Select Council the following ordinances was passed finally: For the construction of a sewer on Kent alley, South Negley avenue and Thirty-ninth street; repealing an approval of George R. White's plan of streets in Twentieth ward, approved by Councils July 28, 1891; opening Fixcum alley from South Twenty-second to Twenty-third streets; locating Park alley from Leila to Arion streets; establishing the grading of Egan alley from Home to Forty-seventh street; establishing grade of Lycurgus alley from Home to Forty-seventh

streets; locating Griffin street from Leila to Arion streets; repealing an ordinance locating Cabinet street between Marks and Canoe alleys; locating Fairfax alley from Duane street to east city line; locating Roxanna alley from McClay to Jackson streets; granting Jones & Laughlin right to construct a switch track across Wright's alley; locating McGarity street from Walnut street to east line of Herman Whitman's property; locating Holden street from O'Brien street to College avenue; reducing the width of a portion of Millin street; for grading, paving and curbing of streets on Hampton street; petition of a sewer on McCandless street; opening Castleman street; authorizing the acceptance of the sewer on Mill street and declaring the same to be a public sewer.

Work for Committees. The following papers were presented and referred to committees: A petition for a water pipe on Ridge street; an ordinance naming "Columbo" street in Negley's plan; an ordinance for a 30-inch water pipe on Hampton street; petition for water pipe on Lytle street; petition for erection of lamps on Baum street; an ordinance prohibiting and regulating the emission of smoke in certain districts and defining said districts; an ordinance repealing an ordinance authorizing the construction of a sewer on Hampton street; a petition opening Griffin street, Thirtieth ward; petition of citizens of the Twelfth, Fifteenth and Sixteenth wards for the establishment of an engine house in the Fifteenth ward; petition for the opening of Fifty-fourth street from Keystone to Duncan street; ordinance for a sewer on Howe street; ordinance for grading, paving and curbing Atlantic street; petition for sewer on an alley; ordinance for grading Greenfield avenue; petition for water pipe on Finamore street; communication from George M. Alexander dedicating certain land in the Twenty-first ward to the city, to be used as a street.

Wants to Light the Suburbs. A communication was received in Select from Chief Bigelow, of the Department of Public Works, in reply to a resolution requesting him to state by what authority the Central District Telephone Company moved certain lamp posts belonging to the city. Chief Bigelow states that the telephone company has only removed two posts in the last four years, but that there are about 4,000 lamp posts in the city going to dereliction that could be utilized in making extensions in the rural districts.

Minor Matters in Council. The ordinance for the appointment of ordinance officers by the Mayor was laid over. The ordinance granting S. S. Marvin & Co. the right to construct a switch on Liberty street passed second reading in Select. The ordinance regulating the driving of cattle over streets was called up in Select and rejected by a vote of 8 for to 13 against.

Ordinances granting certain street rights to the Grandview avenue, Duquesne and Pittsburgh Traction companies passed both branches. COMMON PASSED FINALLY the ordinances locating Boyd street and Woolsey alleys; establishing the grade of Black street, Conkling street and Edith street; locating Galliana alley and Luna street.

Mr. Magee presented in Common a petition of the retail liquor dealers of this city asking for the repeal of the 10-cent tax and placed on the same footing as other business men. It was referred to the Finance Committee.

The ordinance for the payment of the Philadelphia Gas Company's bill was called up in Common, but the members refused to change their former action of refusing to pay the same amount. The case will now be carried to court.

This report of Chief Elliot, of the Department of Charities was received and filed, showing that during December the receipts, \$149 25, the expenditures, \$11,48 90, leaving a balance in the appropriation for this department of \$138 35.

In Select the action of Common Council in passing the following ordinances was then concurred in: Providing for the award of contracts for supplies item by item; locating Onyx street; vacating Balmain alley; locating Luna street; establishing the grade of Rebecca, Robinson, Conkling and Edith streets.

It's Flying in the face of Nature to take the ordinary pill. Just consider how it acts. There's too much bulk and butta, and not enough real good. And think how it leaves you when it's all over!

Do they? Well, I should chase a snow storm! Our customers this week are offered 1000 Solid Silver Trilliums at 18 CENTS EACH.

Worth from 75c to \$1. Also this week another lot of the Children's Solid Gold Rings at 15 cents each, warranted.

ESTABLISHED 1876. BLACK GIN FOR THE KIDNEYS. Is a relief and sure cure for the Urinary Organs, Gravel and Chronic Catarrh of the Bladder.

TRADE MARK. Wild Cherry Tonic, the most popular preparation for cure of Coughs, Colds, Bronchitis and lung troubles.

Either of the above, \$1 per bottle, or 6 for \$5. If your druggist does not handle these goods write to W.M. F. ZOLLNER, sole Mfr Pittsburgh, Pa. j13-2778

DRUNKENNESS. Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It is manufactured as a powder, which can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and every instance a perfect cure has followed. It never fails. The system becomes impregnated with the specific, and an impossibility for the liquor appetite to exist.

W. L. DOUGLAS'S BEST SHOE FOR THE MONEY? It is a genuine shoe, with no fancy cut, stylish and easy, and because we make more shoes of this grade from any other manufacturer, it equals French imported shoes costing from \$1.00 to \$2.00.
