AT DEATH'S DOOR.

MEDICAL AID SOUGHT IN VAIN. Chronic Disease and Laudanum Claim Their Fatal Work.

A DISGUISED CASE OF CHRONIC CATARRH.

Mrs. George W. Taylor, of Eaton, Gibson county, Tennessee, in writing for a recent publication, states: "Nearly two years ago I was confined to my bed with chronic diarrhoea, which had been running on for six years. I had tried everything I had heard of and consulted several physicians, with little or no relief."

"I bought a bottle of Pe-ru-na in a day—the dose never being less than 30 drops. April, 1890, I was not able to be up any longer, and not knowing anything better to do, I called upon the family physician. He came and prescribed cod-liver oil. When the doctor called again he did not think there was any chance for my recovery and, being a good man, told my husband privately that it was useless for him to continue his calls, as it would only be a bill for him to pay, with no benefit to me; for, in his opinion, I was beyond all help. That same evening my husband brought me a bottle of Pe-ru-na. I began taking it the next day according to the directions and began to improve at once."

"My neighbors have told me since I have gotten well that the doctor said I would not live over three weeks, and was likely to be dead in three days; but in his opinion, I was able to sit up some. I took three bottles of Pe-ru-na and felt better than I had for two years. In the fall I took another account of it. He married a Parisian milliner, and presumably has since lived upon the profits of his wife's plebeian business."

"The trustees of the recent Earl of Wicklow had 15 years ago, called upon Mr. Howard to show his bona fides by giving security for costs, and against the judicial order to that effect he appealed yesterday, on the ground that he intended to sue permanently in England, in proof whereof he had sacrificed his 100 francs a month and his wife was preparing to sell out her business."

THE ABOVE CASE OF CHRONIC DIARRHOEA IS A FAIR EXAMPLE OF CHRONIC CATARRH OF THE BOWEL.

Chronic catarrh, like the "Angel of Darkness" is capable of assuming many forms and supposes each one to be an entirely different disease. To illustrate: What is generally known as a "cold" is really acute catarrh of the sporadic variety. Epidemic colds are but a free dissemination of known colds, and are quite different. Bronchitis, catarrh of the bronchial tubes and consumption is in the majority of cases but catarrh of the lungs. Dyspepsia, diarrhoea, and other ailments, inflammation of the bladder and other pelvic organs are nearly always due to catarrh of these parts.

It is established beyond all question that Pe-ru-na is the only specific remedy for catarrhal diseases. In some cases it is a well-established fact that Pe-ru-na will cure catarrh in any stage or variety where the case is not complicated by any organic disease.

A valuable pamphlet of 32 pages setting forth in detail the treatment of catarrh in every phase of the disease, will be sent free to any address by the Pe-ru-na Drug Manufacturing Company of Columbus, O. This book should be in every household, as it contains a great deal of reliable information as to the cure and prevention of all catarrhal and kindred diseases.

A Good Tonic

It is absolutely necessary after attacks of the Grip, Diphtheria, Pneumonia, or any other prostrating disease. Hood's Sarsaparilla possesses just the elements of strength for the body and vitality and richness of the blood which bring back robust health, and literally put you on your feet again.

Two Battles With the Grip.

Mr. Jacob Knapp, a well-known market man and dealer in meats, lard, hides, etc. in Tipton, Iowa, says: "I have had the grip for two winters, and this last winter I was unable to do any business. I took medicine from physicians here but did not get any relief. Having heard of Hood's Sarsaparilla I took it and it helped me so much I could soon attend to my business. I have taken a bottle now and feel strong and well, and have a splendid appetite. Before taking HOOD'S SARSAPARILLA I wanted to sit down or lie down all the time, but now I feel as strong as ever."

A GIRL CAPTIVE

Somebody's Darling in the Clutches of an Indian Out in Arizona.

PRESCOTT, A. T., Feb. 6.—A sensational report reached here to-day from the valley to the effect that two Indians had passed there yesterday, going in the direction of San Carlos, having in captivity a white girl 16 years old that they had stolen from near Flagstaff.

Captain Jackson, who brought the word to Prescott, is an old and reliable citizen of this county. He states that the girl and her captors stopped at a ranch, and the girl was permitted to go into the house and get something to eat, when she told her story, imploring to be rescued. As there was no one in the house except a boy, he could render no assistance, but as soon as they left he gave the alarm to neighbors, who organized a posse for the purpose of pursuit.

Officers Plummer and Richards there soon afterward, and it is thought her rescue would soon be effected.
