In private conversations I have often said, and now state publicly, biat I have never sympa-thized with those who have denounced David B. Hill as a traftor, and who have been able to see any good in his character or achievements. He has my unqualified ad-miration and gratitude for much that he has done. I have also said that recent events had satisfied me that Cleveland could not carry the New York delegation to the next Democratic National Convention, and that Hill could do with it as he pleased. From this has originated the report to which I have alluded. I have never wavered in my earnest desire for the election of Mr. Cleve-land, although recent events have satisfied me that the chances for his nomination are

What Uncle Sam Was Prevaring to Do During the Chile Unpleasantness,

ASHINGTON, Feb. 9. - General Flagler, Chief of the Bureau of Ordnance, appeared before the Senate Committee on Coast Deenses this morning and urged the establishnent of a gun factory on the Pacific coast. Regarding the number of guns necessary for the protection of the three princi-jual ports of the Pacific namely-san Diego, San Francisco and the mouth of the Columbia river, General Flazier said it would require 35 of the new seed guns and bit of the new steel mortars. Relative to the defenses of San Francisco, the General said it was the present plan to mount all 8 and 16 inch guns on disappearing carriages, the large guns to be placed in Barbette and metal turrets. These disappearing carriages would cause the gun to disappear behind a parapet which conceals and protects the gun and its personnel while loading and firing. Regarding the number of guns necessary for

In response to a question as to the carfaces for the guns already completed Gen iral Flagler said that none were now inished, but three weeks ago (evidently finished, but three weeks ago (evidently having in mind the Collean affair) he was prepared to mount in haste the guns on the old carriages now on the Pacific coast.

HAVE YOU THE GRIPPE?

Many People Have It and Do Not Know It. How to Recognize the Symptom

Hundreds of people have the Grippe who do not know it. Not necessarily the final stages, but the first stages. They feel pains in the head, and a bad taste in the mouth, get tired and despondent, have chilly sensa-tions, limbs and muscles ache. In some cases these things are overlooked. In most cases perhaps they are considered simply a slight cold. In nearly every case they indicate the coming of Grippe. There is but one thing to do when 'the

symptoms appear, and that is to take prompt and vigorous measures, to fortify nature to so efficient-Duffy's Pure Mait Whiskey. Two years ago, and last year when the Grippe was raging this was the standard remedy used, and recommended by the profession. It did more to prevent the Grippe than all other known or recommended remedies. It preserved many people in health who would otherwise have been grievously sick, per-lings even worse. It is as efficient to day as ever. It should be borne in mind that other so called whiskies may not be so efficient, and if any dealer asserts that such whiskies are the same, distrust him at once. There is but one medicinal whiskey, and that is Duff's Pure Mait. ju21-wen hotels: F. G. Harding, Coleman; E. B. hotels: F. G. Harding, Coleman; E. B.
