ONE SMALL PRODUCER REPORTED.

Darren Pifth Sand Found on the Patterson

Farm at Venice.

TWO WEST VIRGINIA WILDCAT POOLS

There was a drop of 1,500 barrels in the production of the McDonald oil field yesterday, and the general reports were rather bullish. As a general thing the wells were showing light and there were enough of them to cause a number of operators to lose faith in the field.

The only new well which showed up at all was Jennings, Guffey & Co.'s No. 8, on the Bell farm. It came in yesterday morning nd storted off at six barrels an hour. The ame firm's No. 9, on the Bell, and No. 6, on he Herron farm, were drilling near the top of the sand and were due to reach it late last The Woodlann Oil Company's Nos. 2 and 3

Grain l'its Weak and Feverish All Day, Cleaning In a Paule Over a Rumor That an Anti-Option Bill Will Pass-Provisions Strong Early.

CHICAGO Wheat was unsettled and nerv ous to-day, and after fluctuating several times at a lower range, finally near the close took a "header" and closed weak a full 20 lower than yesterday's last figures. The market opened quiet at a small reduction. The feeling was rather nervous, with little disposition to press sales. First prices for hisposition to press sales. First prices for May were 01% 1914, against 9.3 cat the close yesterday. The market was quiet for a time around 915, 1920. Then the bears became ladder, and their sales sent the market off to fire. It was aurounced that 100,000 bushels land just been taken at New York for Lisbon with foreigners showing more interest in the market, and there was a quick rally to

Real Estate Market Getting Back to a Normal Condition.

ALLEGHENY HOUSES PICKED UP. Rapid Growth of Valleyview, a Historic

Place Down the Panhandle. FEATURES OF MONEY AND SPECULATION

There is nothing in the real estate mar ket to find fault with. It is much more favorable to-day than it was a year ago. The country was then emerging from a serious financial crisis. One of the effects had been to bring the real estate market to an instant and complete halt. Speculation stopped short. The investment demand faded away. Negotiations even were silenced. The market came to a complète standstill. It was facing a condition of more deeply-shaken public confidence than had been known in years. It is now getting back to a normal condition. It has been helped by the knowledge which has been emphasized on every hand that this country is in a remarkably strong financial condition. The financial outlook now points al-most inevitably to easy money for months to come. This means advancement in all lines of business. Real estate will get its

Two more high-class Allegheny residence properties have changed ownership within the last few days. Major A. J. Pentecost bought the Montgomery homestead on Chartiers street, near Pennsylvania avenue, lot 40x100, with a ten-room modern house, and also the residence of Attorney A. S. Miller, on Sheffield street, near Bidwell. The figures are well up in each case, but cannot be given at present. They are about on a level with previous sales in those localities.

Marching With the Procession.

Bower Hill station, or Valleyview, on the Chartiers branch of the Panhandle Railroad, two miles above Mansfield, is one of the most progressive mining towns in Western Pennsylvania. One builder alone has completed 25 houses there since last June. Altogether between 75 and 80 houses have been erected within a period of nine months. All of them are occupied. Building this year will be on a still larger scale. One reason for the rapid growth of the place is that houses are sold on the instalment plan. The territory of which Valleyview is the center is becoming thickly populated. About 5,000 miners live and work within a few miles of town. Although development is modern Valleyview is asso-Marching With the Procession. development is modern Valleyview is asso-ciated with an important historical event. ANOTHER GOOD DAY ON 'CHANGE, BUT VALUES TAKE WATER.

Heavy Selling Creates a Bearish Feeling-The Slight Reaction Only a Natural Result of the Rapid Advance in Some of the Leaders. The speculative pulse beat strong arain yesterday at the first two calls, but weak-

ened somewhat at the last. The afternoor

market was a hard one in which to do business, owing to the indifference of holders. There were no offers of Duquesne Traction. Sales were about 2,000 shares. The under current was weak at the finish, and prices in most cases were the lowest of the day.

Final bids as compared with those of the most cases were the lowest of the day.

Final bids as compared with those of the previous day showed the following changes: Philadelphia Gas declined % Central Traction 1½, Citizens' Traction 2½, Central Traction 1½, Citizens' Traction and Switch and Signal were about the only stocks that improved their position, the former moving up three points and the latter half a point. Of the unlisted tractions Manchester was bid up to 39% at the afternoon session, Duquesne and Birmingham fell back a little.

Sales at first call were 20 shares of Citizens' Traction at 61, 20 Birmingham at 234, 25 New York and Cleveland Gas Coal at 50½, 185 Piensant Valley at 22%, 5 Central Traction at 32. COAL SHARES RECEDE.

THE MARKET FEVERISH AND LOWER IN THE GENERAL LIST.

Industrials Make the Best Showing, With Material Advances in Chicago Gas and Sugar-Erie Another Strong Feature-Railroad Bonds Preserve Their Strength. New York, Feb. 9.-The stock market today was active, feverish and irregular, and the trading was almost entirely of a professional nature. There was manifest again a disposition on the part of the traders to hammer the general list, and while prices were stimulated from time to time by covering of short contracts in different parts of the list the steady pressure of short stocks for sale, with free realizing kept prices down

the list the steady pressure of short stocks for sale, with free realizing kept prices down in everything, and in a few instances caused material losses.

The Coal stocks still occupied the most prominent position in the market, but their preponderance was by no means so marked as yesterday and Erie and Chicago Gas were features of the day's operations. The transactions in Reading were again very large, but the fluctuations were not on the same large scale as for the last two days, and after a rise of 1 per cent to 51½ it declined to 49½, closing at ½ per cent better. Lackawanna fulfilled the prophecy by seiling up to 160, but it immediately retired and sold down to 155½. Delaware and Hudson sold to 182, but lost all the improvement, and Jersey Central was weak throughout, selling down from 129½ to 126½. An advance in Chicago Gas served to rally the entire list. The other Industrials were benefitted by the spurt, and Sugar retained its advantage.

The general list opened firm, but the pressure of short sales and the reaction in the coal stocks caused a general though slow decline until the rally in the Industrials, when Atchison came to the front on covering of shorts, and the whole list was again lifted above the level of first prices. The failure of the Coalers to rally encouraged bearish operations, and in the last hour, specially, severe pressure was brought to bear, wiping out all the early gains, and in many cases something in addition. Atchison, Reading, Distillers' and Louisville were specially prominent in the late decline. The market finally closed active and weak at or near the lowest prices of the day in most of the list. Lackawanna is down 1% Jersey Central 2 and New England 1, but Chicago Gas is up 2½ and Sugar 2 per cent.

The total sales of stocks to-day were 521,410 shares including Atchison, 30.640: Chicago the chicago gas in large and a course of the day in most of the list. Lackawanna is down 15g. Jersey Central 2 and New England 1, but Chicago Gas is up 2½ and Sugar 2 per cent. er cent. The total sales of stocks to-day were 521,410

The total sales of stocks to-day were 521,410 shares, including Atchison, 30,640; Chicago Gas, 57,310; Delaware, Lackawanna and Western, 31,738; Delaware, Lackawanna and Western, 31,738; Delaware and Hudson, 6.850; Erie, 58,960; Louisville and Nashville, 19,638; Missouri Pacific, 3,605; New Jersey Central, 10,133; Northern Pacific, preferred, 16,786; Reading, 143,090; Richmond and West Point, 18,451; St. Paul, 10,617; Texas and Pacific, 4,325; Union Pacific, 6,184.

Railroad bonds showed less diminution from yesterday's business than stocks, and preserved their strength unimpaired. The total transactions were 5,142,000, out of which the Reading firsts contributed 270,000; the ecconds, 780,000; the thirds, 1,087,000; the deferred incomes, 533,000; Atchison incomes, 232,000, and Kansas and Texas seconds, 120,000. Of the Reading issues, however, only the thirds scored any marked improvement.

THE TRADE IN MONEY.

Good Foundation for the Expansion of Business Operations. There were no new features yesterday Bankers reported a light demand for accom

but nevertheless suggestive. The abnormal increase in the deposits, which for the first time reached over \$500,000,000, have had an effect in stimulating speculation, and there has been agratifying increase in loans which contradicts the stories of dullness. Money has been easier than ever, and now that loans have increased with a certainty that the banks may respond to further callsthere is a foundation for wider operations."

At New York yesterday money on call was easy at 1@2 per cent; last loan 1½; closed offered at 1½. Prime mercantile paper 3%@5½. Sterling exchange quiet but steady at \$4.84% for 60-day bills and \$4.87 for demand.

THE HOME MARKETS.

CHOICE DAIRY PRODUCTS ARE STILL STEADY AT PRICES OUOTED.

Fruits and Vegetables Quiet-Cereals Are Inactive, With Oats the Exception to the Rule-Canned Goods Tending Upward.

OFFICE OF THE DISPATCH, PITTSBURG, TUESDAY, February 9. COUNTRY PRODUCE-Jobbing Prices-At the Monday meeting at Elgin last week's prices of creamery butter were reaffirmed, so that our quotations will hold good for another week. Choice country butter is in limited supply and active demand at an advance over last week's prices. High grade cheese is firm enough to go higher. Strictly fresh eggs are still scarce and sell readily at outside quotations. From all trade centers comes the report of an unusual scarcity of fresh eggs. Cold storage stock is almost exhausted in this market. The movement of vegetables and fruit is still slow. Tropical fruits still favor the buyer, lemons and bananas being unusually quiet the past few days. The demand for seeds of all kinds has steadily increased the past week, and cloverseed has been decidedly advanced.

There were no new features yesterday.

Bankers reported a light demand for accommodations, with an abundant supply. Perhaps the commercial elementshowed a little more vigor in their calls. A cashier remarked:

"In six weeks at farthest, the surplus will begin to melt." Bank clearings were \$1,943,681 91 and balances \$279,272 15.

A New York financier is quoted as saying: "There was an interesting turn in the market last week—not important perhaps,"

IN HARDWARE LINES.

Orders for Agricultural Implements and Builders' Hardware Coming in Slowly-Prices of Wire and Cut Nails Never So Low Before-Hog Products Sure to

Advance. The time is here when spring orders for hardware should be coming in freely, but so at the movement is only fair. Trade, however, is up to what it was at this time last ear. Demand for agricultural implements has improved in the past week, but there is arge room for further improvement before business can be called brisk. Prices in all hardware lines were never before so low as hardware lines were never before so low as at this time, and in some lines margins are so close as to be on the wrong side, so far as the manufacturer is concerned.

Cut nails have been selling at the Wheeling factories the past month or two at \$1.55 per keg as a basis, and by jobbers here at \$1.65. At these prices the manufacturers must be selling very close to cost of production. The wire nail trade has been even more decressed of late than the cut nail trade. Wire nails have been selling lately at \$1.80 per keg. At this price all profits were mare than wiped out, and a meeting of the Western Pennsylvania manufacturers was recently held for the purpose of advancing prices to a living profit. Already prices have been advanced 5c per keg above the lowest point and another advance of 5c is expected to be made this week.

The extremely low prices of cut nails the past year or two has forced Pittsburg manufacturers out of the trade. There are no longer any large nails manufactured in this city, while a few years ago a number of large mills were run in this line. The wire nail is still produced in this city and vicinity, but unless there is some improvement in prices the factories will be forced, as the cut nail

inless there is some improvement in prices the factories will be forced, as the cut nail the factories will be forced, as the cut nail factories have been forced to do, namely, to change their plants, so as to produce articles that can be sold at some profit.

In the past week or two hors have been on the jump and prices are up 25c per cwt since the beginning of last week. Since the winter opened there has been an advance of about \$1 50 per cwt. At East Liberty stock yards this morning Philadelphias were active at \$5 1565 20 per cwt, and at these prices supply was not equal to demand. The same quality were sold in the latter part of November at \$3 75 and slow at that.

While hogs have been steadily advancing, products have not advanced to correspond. It is about as certain as anything future can be that products will fall into line with this upward movement and that the price of provisions will find a higher level before many days.

Procrastination breeds.

Did you ever meet the two old women who met in the street, one with two rabbits in a basket, the other with a pair of canaries in a cage. They talked-talked-talked. See the result above.

The results astonished even these old gossippers.

Don't talk, but act. You have heard on good authority that the Carlsbad treatment has for the past 500 years been Europe's first health resort.

The Carlsbad Sprudel Salts you can buy at any drug store. This means to take the Carlsbad

treatment at your home. These Salts are a standard remedy for Constipation, Dyspepsia, and all stomachic diseases, Gout, etc. Don't talk about trying the Carlsbad Sprudel Salts for yourself, but take them to-day before your system will breed

other diseases or becomes chronic. Write to "Eisner & Mendelson Co., Sole Agents, New York," whose signature is on every genuine bottle, for illustrated pamphlets which will thoroughly explain the action of these Salts on the system. A pleasant remedy.
