Weakness and Irregularity in Prices. Taking a common-sense view of the market, there is no reason to be alarmed, particularly when the big sales made since the first of the year are taken into consideration.

The Eastern papers comment very severely on the collapse of the structural iron combination. A Pittsburgh firm is given the credit of breaking up the combination.

The Local Railroads Take Stock in the Future of the City. MORE BUILDING INTELLIGENCE.

Local Building Intelligence. "If nothing happens, building this year will break all previous records." So said a prominent architect yesterday.

A Flattering Statement. Everybody who holds a policy in the Connecticut Mutual Life Insurance Company must be thoroughly well satisfied with the showing of the company's business in the forty-sixth annual statement.

Silver Takes a Tumble. The decision of the Senate Finance Committee to report unfavorably all free coinage bills, says a New York authority, had a depressing effect on silver certificates.

Business News and Gossip. Messrs. Kuhn & Co. are putting the finishing touches to their big building on New Grand street. It will be one of the best equipped business houses in the city.

Movements in Realty. W. C. Berger & Co. sold for Mrs. A. M. and J. M. Taylor, a lot 100x300 feet on Center avenue, between Cypress and Alben avenues, to George Schmidt, for \$1200.
