TO CUT DOWN THE TARIFF ON WOOL

WASHINGTON, D.C., Feb. 13. - The "sweating" system, so much in vogue in the large cities, and about which so much has been written by the leading journals of the land, is to be thoroughly investigated by a committee of the House of Representatives, Hon. Sherman Hear, the young Democratic Representative from Massachusetts, has been the chief agitator in the matter, and it is understood he will head the sub-committee, which will be required to visit several of the leading cities of the country.

There is great difference of opinion in the minds of members as to whether, after all the abuses have been unveiled, Congress will have power to abate the "sweating" system, as many hold that its regulation is exclusively within the power of the Legislatures of the respective States and entirely without the jurisdiction of Federal legislation. Be that as it may, there is no doubt the Committee on Manufactures will exercise to its fullest extent the authority of investigation to day conferred upon it by the House, to the end that whatever relief may be found necessary will come from the legislative powers having jurisdiction over the

HER SON'S LOATHSOME DISEASE RE-MOVED,

ALL'S WELL THAT ENDS WELL. CHIPPEWA FALLS, WIS., Dec. 4, 1891. The Peruna Medicine Co., Columbus, O. The Peruna Medicine Co., Columbus, O.—
Gentlemen: It is with great pleasure that
I write of the benefit derived from your
remedy, Pe-ru-na. My little boy, about
twelve years old, has always been troubled
with catarrh very bad several years, and I
had great fears of his going into consumption. He had a bad cough that I could not
check, and his head was in a terrible condition. His head discharged so much for
years that it was a charge on my mind to
keep him supplied with handkerchiefs. I
had to use every rag that I could get at
hand. It was astonishing how he could discharge so much from his nose. I commence! hand. It was astonishing how he could discharge so much from his nose. I commenced to give him Pe-ru-na about a month ago, and the discharge from his head is entirely stopped, and also his cough. He now does not have to use a handkerchief at all. The Pe-ru-na seems to act like magic in his case. I feel as if I cannot find words to express my gratitude for the medicine; but I do regret that I never tried it before. I thought there was no cure for him, and had given up trying to have him cured; but when I saw trying to have him cured; but when I saw the disease so thoroughly explained in the paper by Dr. Hartman I thought I would try his medicine. I never will be without Peru-na in the house, and I will recommend it to all my friends.

it to all my friends. Very sincerely yours,
MRS. A. E. ACKERMAN,

PE RU-NA AS A FAMILY MEDICINE. Used according to the directions, Pe-ru-na will secure the family against cataurh, colds, coughs, pneumonia, pleurisy, bronchitis and consumption. It is a fact of ever-in creasing astonishment that so many otherwise sensible and provident people will, for the neglect of so simple a precaution as to have a bottle of Pe-ru-na at hand, bring upon themselves the needless suffering and foolish expense that a professional man is

foolish expense that a professional man is forced to witness every day.

A cold in the head, which a single bottle of Pe-ru-na will cure, soon becomes a case of chronic catarrh, which will require many bottles to entirely cure. A sore throat, which one bottle of Pe-ru-na will cure, soon becomes chronic pharyngitis or enlarged tonsils, which will require many bottles. A slight cough, which, without a vestige of doubt, would soon disappear with the use of Pe-ru-na, becomes chronic bronchitis, which requires a persistent use of Pe-ru-na which requires a persistent use of Pe-ru-na for some time. Every practicing physician

sees many cases of consumption each year due directly to a neglect of coughs, colds, etc., which, if Pe-ru-na had been kept in the house and used according to directions, would have been prevented.

In no other department of domestic arrangements is there such stupendons disregard of the welfare of the family as in guarding against the common ills of life by GUICE. guarding against the common ills of life by the use of effective and reliable family rem-edies. If the following advice could reach every household in the land, and with such eloquence as to win obedience, it would convey a blessing to each of a value that would be difficult to exaggerate. The advice is this: Get a bottle of Pe-ru-na, read the instructions on the bottle until they are thoroughly understood, do exactly as they direct, and no catarrh, cold, cough, sore throat, bronchitis, pleurisy, pneumonia, or any other climatic disease will disturb the pesce of the household so long as this is continued. To have this remedy at hand before the attack comes, to become intelli-gent as to its use, is only the most common foresight used in all other departments of ordinary business.

Send to The Pe-ru-na Drug Manufacturing Company, of Columbus, Ohio, for a free pamphlet on the treatment of Catarrh, La Grippe, Conghs, Colds, Consumption, and all the climatic diseases of winter.
