ALLCOCK'S POROUS PLASTERS

The only safe way for purchasers is to insist on having the genuine article, and not allow themselves to be swindled by having plasters said to be "just as good," or "containing superior ingredients," imposed upon them.

One trial of Allcock's Porous Plasters will convince the most skeptical of their merits. The eminent HENRY A. MOTT, Jr., Ph.D., F.C.S., late Government Chemist, certifies: "My investigation of ALLCOCK'S POROUS PLASTER shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

Beware of imitations, and do not be deceived by misrepresentation. Ask for ALLCOCK'S, and let no solicitation or explanation induce you to accept a substitute.
