Such has been the improvement in the home-made article that tully 90 per cent of the callskins now worked up for tootwear is homemade. A decade ago there was not above 50 per cent home-made, and the time draws near when French callskins will be a thing of the past as far as America is concerned This country is steadily improving in qual-ity of its products in leather lines, and it is but of its products in relation lines, and it is only a question of short time when we will be able to produce everything demanded by the trade in quality equal to anything pro-duced in the Old World.

## Lost Industries

Among the industries which of late years have departed from this city to seek more congenial climes is the tanning of calfskins. congenial climes is the tanning of callskins. New York City has become a great center in this fine, but of late Chicago and Mil-wankee have been making rapid strides towards taking this industry from the great metropolis. The drift of things in the hide and leather

The drift of things in the nice and teamer lines, like the star of empire, seems to be westward. Our city manages to hold the fort in the harness leather line, but in most lines of firished hide and caliskin products 6@101.c. this city is no longer a factor of importance. A want of push and pluck has without

below the market house. If the deals go through a haudsome business block will be the result. It is too early to give particulars, but the agent in charge says everything is favorable to the successful issue of the Turns the Tide of Prices-The Gold Movement Ontlook. Followed Good Advice,

and offices above. Another evidence of progress on this street is found in the fact that negotiations are pending for three or four old buildings LONDON DOING THE FORMER AND

Real estate agents are useful members of society in many ways. Without them the buying and selling of lands and houses would be of small importance. Many a man in these cities is indebted to them for the inspiration which moved him to acquire a home. Here is a case in point. About five years ago a Scotchman living on the North-side received a legacy of about \$2,000. Before it slipped through his fingers one of his friends, who was and is a real estate agent, induced him to buy a lot in McClintock place, which had just been opened. A year later he Real estate agents are useful members of

GOTHAM THE LATTER. Chicago Gas Stock Gotten Rid of Very Rapidly-Late in the Day the Buying

NEW YORK, Feb. 23 .- The condition of the foreign exchange market, and the buying of American stocks for foreign account, were the principal factors in the course of prices in the stock market to-day, and while there was a forenoon of drooping prices with some material losses, the latter portion of the day saw not only the recovery of the early fig-ures, but the gain of fractions in addition. London was a liberal buyer of stocks during the whole forenoon, but despite this fact there was considerable realizing in different portions of the list, while Chicago Gas was under the hammer continuously, and its drop of 1% per cent had a material influence upon the rest of the list for the time being. The bears believed that large stop orders

siderable vim yesterday. The long holiday had somewhat sharpened the appetites of the borrowers, and their calls for accommodations were more urgent than usual. Ac-cumulated business enabled Manager Chaplin, of the Clearing House, to present a good report. It shows that the banks are doing a large business, and disproves the assertion that general trade is stagnant. There was

that general trade is stagnant. There was no change in the interest rate. Clearings were \$2,877,062 06 and balances \$422,874 36. While business operations are held in check by influences incident to the season, and may be quiet for a few weeks yet, a steady stream of favorable factors is gather-ing into an accumulated force that is likely before long to prove irresistable. All signs and forecasts go to show that within a month or less trade will be active enough to satisfy the most exacting.

Gold Exports.

month or less trade will be active enough to satisfy the most exacting. The Wall Street News remarks: "So long as the bank statement shows much larger deposits than were ever before known, and the surplus reserve is so satisfactory, there is no reason to fear exports of gold. The rate for money during the past week has averaged lower than for years. It will be to our advantage if we export a little gold, and under the circumstances if we do so we shall really strengthen ourselves by relieving the foreign situation."

A Little Better Movement-No Fear From Business at the city banks exhibited con

## The Drygoods Market.

The Drygoods Market. New York, Feb. 23.—The business of the day was above the average of late at both first and second hands. Jobbers have the promise of a fairly active week with agents, the demand, though fuller, continued in-regular as heretofore, the more active movement being in the finer descriptions of movement being in the finer descriptions of movement being in the inter descriptions of goods. Low grades were in slow request, though as yet without important changes. Prices of many fine goods would advance but for the inteness of the season, goods be-but for the inteness of the season, goods be-ing scarce for any near delivery. The New "ork mills wide spinnings advanced 3% per

A want of punke a more of many important industries from this to doubt been the reason for the departure of many important industries from this to more congenial sectious. LIVE STOCK MARKETS. Turpentine Markets.

# NEW YORK-Rosin dull and steady. Tur-pentine higher and firm but quie: at 40c.

AS A NERVE TONIC Use Horsford's Acid Phosphate.

Dr. S. L. Williams, Clarence, Ia., says: "I have used it to grand effect in a case of neu-ralgic fever, and in uterine difficulties. Also, in cases where a general tonic was needed. For a nerve tonic I think it is the best I have ever used, and can recommend it most confidently."

The purchase of the lot was his first in-vestment, and really the first money he had been able to save. It changed the whole tenors of his life. Instead of living from hand to mouth as formerly, he is comforta-bly fixed, independent of landlords, and has no special horror of a "rainy day." If the

advice of real estate agents were more gen-erally followed, there would be fewer tenants and more proprietors.

## Late Incorporations

The United States Corporation Bureau reports the list of newly completed incor-porations in the United States for the week ending February 12, 1892, as follows: Total corporations, 378; total capitalization, \$115, 782,025, distributed as follows:

Mercantile and manufacturing companies, 115. Banks (not national) and invest-ment companies, 8. National banks (to February 8, \$18,808,950

285,000

Business News and Gossip.

It was reported yesterday that the United States Glass Company had secured an option on a large tract of land near Elizabeth as a

site for its plants. The report could not be vorified.

site for its plants. The report could not be verified. A Philadelphia corporation has placed \$5,000,000 in Pittaburg and Allegheny on real estate security within the last five years. From this it is quite evident that outsiders have faith in the future of these cities. German Turners of Canton, O., are pre-paring to build a new hall at a cost of \$15,000. Methodists of Coraopolis and Catholics of Johnstown will build new churches in the spring. Bids are invited for the latter. In stock circles in Chicago it is rumored that Gould and Wanamaker have joined hands in a scheme to buil Western Union. The expansion of over \$10,000,000 in loans by the New York banks last week speaks well for the business situation. Fittsburg's big surplus will soon get into circuistion. John B. Barbour, Jr., of Rea Bros, & Co., on the sick list for a few days, was on 'Change yesterday looking out for snaps, as usual. Birmingham Traction bonds moved up

Change yesterday looking out for snaps, as usual. Birmingham Traction bonds moved up nother peg yesterday. At the last call 99% was bid. At the first call 19% was bid for a 500-share lot of Switch and Signal. The demand for dwellings in Sewickley is greater than the supply. This is the case in all the towns around Pittsburg. Checks for dividend No. 1 on Hidalgo, being 1 per cent, were received by stock-holders yesterday. Nine permits were issued yesterday for the erection of the same number of buildings and additions at a total estimated cost of \$5,825. The most important was taken out by J. N. Aaron for a frame two-story and attic dwelling on Wall street, Fourteenth ward, to cost \$5,500. Movements in Realty.

Movements in Realty.

W E Hamnett & Co. sold a house and lot on Biddle avenue, Wilkinsburg, for \$4,300. S. A. Dickie & Co. sold for F. H. Speer to

S. A. Dickie & Co. sold for F. H. Speer to C. Donhuez a two-story and attie frame house with lot 239,4120 feet, on Gerrittstreet, Twenty-first ward, for \$2,400. John K. Ewing & Co. sold to Isaac Gross, the Sixth street tailor, for John Degelman, of the drygoods firm of Degelman & Black, the property No. 33 Liberty street, Fourth ward, Allegheny, being a two-story and man-sard brick house of seven rooms, lot 25x88, for \$5,700 cash. Black & Baird sold to Alvis Zullner lot 104 in the Alta Land Company's plan, on Du-quesne Heights, for \$100 on the easy payment plan.

queene Heights, for \$100 on the easy payment plan. Peter Shields sold another modern eight-room frame Bouse, on lot 55:30 feet, on Green-field avenue in the Greenfield avenue plan, Twenty-third ward, to Edward S. Magu for \$100 onto:

Twenty-third ward, to Edward S. Magi for \$3,800 cash. Baltensperger & Williams sold for B. J. Williams and George H. Hershey a new frame house of five rooms, on Natchez street, Mt. Washington, for \$2,200. Peter Shields sold a lot 30x50 on Hoosac street, Greenfield avenue plan, Twenty-third ward, to Thomas J. McEachran for eter.

\$495 A. C. Byers & Co. sold for Mrs. Elizz J.
 Meville to B. H. Smyers, No. 17 Terrace avenue, Third ward, Allegheny, consisting of a two-story frame house of four rooms, lot 25x100; consideration \$1,432.
 The Burrell Improvement Company report

aing for them with unusual success, and the

had been placed in the stock and went gun-ning for them with unusual success, and the buying for foreign account was of little in-fluence at the time to check the dropping tendency imparted to the list. Atchison, Burlington, Reading and some others scored losses of 1 per cent, while the entire list lost fractional amounts. The character of the buying, however, attracted attention at this time, and the pressure of stocks for sale was seasibly relieved, while the market from this cause became dull. A reduction in exchange rates gave promise that the prediction of some of the most in-fluential bankers that very little gold would go out, which had been made public, stimu-lated new buying, and to help along the recovery the Coal stocks, Lackawanna in particular, were given a sharp upward twist, the inference that the buying was for the following of the new members of the direc-tory stimulating a further demand for the stock. Jersey Central and Delaware and Hudson followed with marked gains on a light business, while Reading recovered all of its carly decline. The magnitude of the takings for foreign account then became apparent, and there was a rush to cover the shorts put out earlier in the day, which, which the help of the new buying on account of the improved aspect of the gold movement, soon placed prices on a materially bigher level than that of the noon figures. In this latter move-ment, Chicago Gas recovered alout hall of its loss, but the Grangers, especially St. Paul and Atchison, were largely traded in at dvancing prices. \*Bid, †Asked.

its loss, but the Grangers, especially St. Paul and Atchison, were largely traded in at advancing prices. The decline in Chicago Gas had no ap-parent influence upon the other Industrials, for all, including Sugar and Distillers' were very quiet and firm, while the Oordage stocks were specially strong, the preferred rising 2% per cent. The market undoubt-edly showed a narrowing tendency, but the late strength displayed was encouraging to buyers and the commission houses which purchased during the forenoon, became a factor in the fate advance. The close was quiet, but firm to strong, generally at fractional gains over first prices and at about the highest prices of the day. The final changes are almost all small gains; but while Chicago Gas is down 13% Lackawanna rose 3, Jersey Central ½, and Union Pacific 1 per cent. Sterling exchange quiet, easier at \$4.86½ for 60-day bills, and \$4.85 for the demand. The total sizes of stocks to-day were 231,\$52 shares, including: Atchison, 24,300; Chicago Gas, 32,500; Dehaware, Lackawanna and Western, 25,068; Lonisville and Nashville, 7,130; New Jersey Central, 3,460; Northern Pa-cific, pid, 9,100; New England, 12,157; Reading, 5,500; Richmond and West Point terminal, 4,000; St. Paul, 15,500; St. Paul and Omaha, 3500; Union Pacific, 12,855; Western Union, 7,180. Hallroad bonds were comparatively quiet

3 800; Union Pacific, 12,855; Western Union, 7,180. Railroad bonds were comparatively quiet and remained without special feature of im-portance throughout the day, prices follow-ing closely the stock market, and early losses were offset by later advances. The trading was only \$1,743,600, and only Reading thirds showed any marked activity, furnish-ing \$128,000 to the grand total. The final changes are quite irregular. The following table shows the prices of active slocks on the New York Stock Exchange vesterday, Corrected daily for The Disparch by WHITNEY & STEPHERSON, oldest Plitsburg members of the New York Stock Exchange, & Fourth avenue:

A LAUNDRY SOAP, PURE AND SANITARY. BEST FOR

General Household Use.

The stomach can deal with a drop when it cannot deal with a spoonful.

Scott's Emulsion is codliver oil broken up into drops invisibly small; each separate drop is wrapped in glycerine so that the taste is lost.

This is why Scott's Emulsion is the easy and effectual form of cod-liver oil.

Hypophosphites of lime and soda combine in tonic effect with the half-digested oil. Let us send you a book on it; free.

Scorr & Bowne, Chemists, 132 South 5th Avenue, Your druggist keeps Scott's Emulsion of cod-liver oil-all druggists everywhere do. \$1.
