BUT SUFFICIENT FOR THE DEMAND.

Cattle and Hogs Failed to Come Up to the Prices of Last Week.

SHEEP STEADY AND LAMBS STRONG

OFFICE OF THE DISPATCH,
PITTSBURG, WEDNESDAY, February 24. At the East Liberty yards there have been, all told, on sale this week not above 70 carloads of cattle, against about 95 loads last week. About one-half of this week's offerings were from Chicago, the balance being, for the most part, from Ohio and Indiana. There were no prime heavy beeves on sale, and the proportion of good cattle was small. Buyers did not appear in their usual force, and, in spite of the light run, markets were in their favor. There were no sales in carload lots above, \$4 60, and when it is remembered that prime beeves are in good demand in Chicago, at 50c per cwt and more above these figures, it is plain that there were no primes on sale at East Liberty. The grade of cattle that held up closest to last week's prices were those which drovers call light tidy butcher beeves. Common and low grades were sold at 15c to 25c per cwt below prices of a week ago, and at the decline all could not be sold. Fresh cows and veal calves were in light supply and last week's range was maintained. The run of hogs has have been on sale against 40 loads for the corresponding period last week. Markets opened firm on Monday at \$5.35 for tons. Since Monday the tide has turned downward and top price this morning was \$5 25, with less than a half dozen loads on sale. The consumption of pork and in fact all meats have shown a decline of late. The offerings of sheep and lambs comprised almost 30 loads for the week against 35 loads last week. In general t tew bunches of fancy lambs were sold at 7c,

and top price of sheep was 6c per pound.

We report 70 cars of cattle on sale Monday against 90 cars same day last week. The quality was about the same as of lafe. No prime were offered. Buyers were out in small force, and were very slow to make an offer, except for light handy grades. Such grades were generally steady at near last week's prices, while coarse and heavy grades were heard to sell at 10 to 15 cents decline with a few loads shipped East in first hands. We quote good 1,400 to 1,300 at \$4 50 to \$4 65; good 1,200 to 1,306, \$4 20 to \$4 40; good 1,000 to 1,00, \$8 20 to \$4 40; good 1,000 to 1,00, \$3 80 to \$4 00; rough fat, 1,300 to 1,400, \$4 00 to \$4 20; cows and bulls, \$2 00 to \$3 50; stockers, \$20 to \$50 per head. The supply of hors on Monday was light. This, with a fair demand, made an active market, and all sold early at 10 to 15 cents advance over closing prices of last week. Since Monday receipts have continued light and demand light and demand light at 5 to 10 cents off from Monday's prices. We quote select tops at \$5 25 to \$5 30. Good mixed, \$5 20 to \$5 25. Best Yorkers, \$5 15 to \$5 20; common to fair Yorkers, \$4 30 to \$5 10. Receipts of sheep and lambs were light on Monday, and demand good at 15 to 25 cents higher than last week, and all sold early. Market closes firm to-day at the advance. We quote prime weathers at \$5 90 to \$6 25; good, \$5 50 to \$5 9; fair, \$4 25 to \$4 30; common, \$8 00 to \$8 9; fair, \$4 25 to \$4 30; common, \$8 00 to \$6 0; lambs, 5) to 7 cents as to quality. We report 70 cars of cattle on sale Monday

QUIET BUT STRONG.

Bradstreet's Shows a Decrease in the Visible Supply of Wheat and Corn-Cables En couraging-All Grains and Hog Products

Higher-Bullish Weather. CHICAGO-Wheat showed considerable strength to-day, and closed at an advance of Ac. Cable news was not encouraging, as Liverpool and London were both lower, but the offerings were light, and the general out-look for the wheat situation in the world at large was regarded as rather bullish. The decrease in the available supply, as reported by Bradstreet's, was large, amounting to 1,204,000 bushels last week, and was regarded as a strong factor, while there was also some talk of a cold wave in the West. Strong feeling ruled throughout without any ex-

feeling ruled throughout without any excitement.

The proposed measures for the suppression of puts and calls excited much discussion, and possibly interfered considerably with the regular business. During the last hour further reports of weather unfavorable for the winter wheat crop made shorts uneasy and they proceeded to cover, adding to the strength of the market. May opened at 32½c, advanced gradually to 33c, weakened to 52½c, rallied to 53c arain, held steady for a time, then went to 33½c, weakened some and closed steady at 35c, against 32½c at the close yesterday.

Corn was more active and strong. The better tone in wheat helped it, and the receipts were also disappointing. Shorts were rather nervous and covered a good deal, while there was more speculative buying than usual and the export business continues good. Bradstreef's reported a decrease in the available supply of 225,000 bushels last week. May opened 1/5c higher at 41½c, and with immaterial reactions advanced to and closed steady at 42½c.

Outs were united by the property with

with immaterial reactions advanced to and closed steady at 42½c.
Oats were quiet, but firm in sympathy with wheat and corn, and advanced ½c.
Hog products were strong and nigher, with a good demand and less offered for sale. The opening was at yesterday's closing prices, and the price advanced slowly most of the day, closing at the top. Pork shows an advance of 17½c; lard, 7½c, and ribs, 12½c. The leading nutures ranged as follows, as corrected by John M. THE NORTHSIDE

Movements in Real Estate and Contemplated Improvements.

THE REVIVAL ON PENN AVENUE

McKeesport Business Property Higher Than That in Allegheny City.

FEATURES OF MONEY AND SPECULATION

Real estate is almost as active on the Northside as it is in Pittsburg, and the characteristics of the market are much the same. Every citizen has a large fund of confidence in the continued expansion of the city, with its attendant growth of population and business, and if not already a property owner, is trying his best to become one. Realty is the principal topic of conversation now that comparative quiet has fallen upon the political situation. Mr. J. K. Ewing, who knows a thing or two in realty, in the course of conversation vesterday, mentioned some interesting events, actual and prospective. He said:

"We have more business than we can conveniently handle, and to-day put on another salesman. The demand for dwellings, both o purchase and rent, is unprecedented. Many strangers are coming in. Business houses are almost in as good request a dwellings. There is very little of it on the market, the most of it being owned by estates. Nearly everything on Federal street is tied up in this way. The most active quarter of the city just now is the Tenth ward, along the line of the Perrysville avenue electric road. We have sold fine houses here in the last month, two of them yesterday. The inquiry for building lots in this district is very active. Building operations in this ward this year will be on a large scale. We will finish plotting and put on the market about March 1 the Me-Naugher tract, about 20 acres.

California Avenue Improvements. "Work is still suspended on California avenue, but the assurance that it will be opened as far down as Bellevue the coming immer is keeping realty prominently in the foreground. Deals are in progress for several acreage properties, with a view to subdivision. The completion of this avenue will open up a territory which will favorably compare with the famous East End, with the advantage of much lower End, with the advantage of much lower prices—quite an item to home-seekers."

Elsewhere it was learned that a stock company has been formed, composed of leading citizens, for the purpose of buying ground on one of the principal avenues and erecting a six or seven story apartment house. The site has been selected. Negotiations are the forward state for 250 feet. tiations are in a forward state for 250 feet near North avenue, with the object of erect-ing thereon ten bandsome dwellings. The building 120 Federal street, occupied by D. & S. Weetz, will, the coming season, be re-placed with a handsome five-story modern structure. This property is owned by the

Davis estate. Movements on Penn Avenue. Penn avenue has, within a short time, sprung into prominence as one of the liveliest of the downtown thoroughfares. This nearly everybody knows. The large in-crease of business and consequently greater demand for floor room on other streets and avenues are forcing people on to Penn, where larger lots can be procured. Among those who have or will locate on this street those who have or will locate on this street are Arbuthnot, Stephenson & Co., W. H. Keech, M. Oppenheimer, Harvey Childs, Jr., and Boggs & Buhl. Henry Phipps, Jr., will erect a large nine-story business block, 73 feet front by 110 deep, near Garrison alley, and Levi Wade and W. H. Keech will build nearly opposite. Each of these structuras will be eight stories high. The latest about the Government property is that a syndicate of Liberty street business

men will buy it at the coming public sale, with a view to the erection of mercantile McKeesport Land Values. The statement may not be generally credited, but it is a fact nevertheless, that the best business property in McKeesport is higher than the best business property in Allegheny City. For instance, Black & Baird are offering 60 feet front on Fifth avenue, McKeesport, at \$2,250 a foot, and it is considered by many a bargain at that figure. The highest rating on Federal street, Allegheny, is from \$1,500 to \$1,800. This is accounted for by Allegheny being largely a residence quarter of Pittsburg, while McKeesport is an autonomous city standing for itself, and having its own business center.

Business News and Gossip. The fine weather of yesterday was a great stimulus to trade. Street traffic was very

O'Leary Bros. yesterday closed a contract with W. B. Scaife & Sons for the iron buildings for their glass works at Blair station. They will be almost a duplicate of those of the T. Campbell Company at the same place. Baxter, Thompson & Co. will soon begin remodeling their new quarters, corner Fourth avenue and Grant street, preparatory to removal April I.

George H. Bennett & Bro. will soon break ground for their eight-story building near the foot of Smithfield street.

At the last call yesterday Henry M. Long bid 23% for 500 Pleasant Valley without getting it.

At the close of the afternoon call yesterday prediction was made by Mustin, backed by \$100, that Citizens' Traction will sell at 65 before it drops to 60.

The annual statement of the Equitable Life Insurance Company appears in the fidvertising department this morning. It shows an increase in the assets of \$17,000,000, and over 45,000,000 added to the surplus. The business for the year was \$85,000,000 in round numbers greater than that of the year before, but in spite of this the proportion of assets to liabilities is larger than ever before, but in spite of this the proportion of assets to liabilities is larger than ever before, Edward A. Woods is manager for this district.

Six permits were issued yesterday for the erection of seven buildings and additions, aggregating \$9,375. The one of most importance involves a three-story warehouse on Ann street, Sixth ward, to cost \$4,000. C. E. Shirley is the owner.

ANOTHER EXTRA DIVIDEND BY THE AIRBRAKE COMPANY,

Showing That This Great Interest Occupies a Strong Position-The General List Quiet, With No Material Slumps or Rallies-Sales and Prices. The event of most interest in stock circles

yesterday was the announcement of an extra dividend of 5 per cent by the Westinghouse Airbrake Company. This shows good financial standing, and there must be busi-ness to back it. The stock was quoted at 107 bid at the last call against 105½ the day be-

fore,
In a general way trading was light and without noteworthy feature. Birmingham Traction improved its position a little, but the others of this group departed but little from former figures. Duquesne seemed to be out of the market. There was a report that \$20,000 Birmingham Traction bonds had been picked up at par. Duquesne Traction bonds were held around 98.

OLD-FASHIONED DULLNESS.

THE LETHARGY IN STOCKS AS IN TENSE AS LAST SUMMER.

Buying by Arbitrage Brokers Neutralized by London Selling-Some Activity in St. Paul and Northern Pacific-All Shares Are Lower-Bonds Quiet.

NEW YORK, Feb. 24.—The stock market to day subsided into real, old-fashioned dullness, and with but few exceptions the whole list was traded in within the narrowest limits, prices for the most part showing no decided tendency in either direction. There was a disposition to take advantage of the buying by arbitrage brokers yesterday to put up prices in the early dealings, but London to-day became a seiler, especially of

put up prices in the early dealings, but London to-day became a seller, especially of St. Paul.

The opening of the market this morning reflected the lower London figures and the selling of the arbitrage brokers here: but prices in the general list stiffened up immediately despite the substantial drop in Lackawanna to 1594. The upward movement reached no more than fractions and the market then dropped into the most intense dullness, the equal of which has not been seen since last summer. Liquidations were more and more numerous, however, as the day wore along, and these sales finally induced further selling for the short account, which was specially prominent in Chicago Gas, and that stock broke badly in the last hour, reaching 76½ after selling at 78%.

Great-activity prevailed for the time being in St. Paul and Northern Pacific preferred, while the amount of business done in the rest of the list was large. Prices declined steadily under the pressure, and the lowest prices of the day was reached in almost every case. No rally occurred, although there was evidence of considerable covering in the last few minutes, and the market closed active and weak at about the lowest figures of the day. The final changes are all losses, but renerally for small amounts.

closed active and weak at about the lowest figures of the day. The final changes are all losses, but generally for small amounts, while Chicago Gas lost 2%; Lackawanna, Northern Pacific preferred and Reading, each 1½; Union Pacific, 1½, and Rock Island, St. Paul, Louisville and Nashville, Missouri Pacific and Wheeling and Lake Erie preferred, each 1 per cent.

The total sales of stocks to-day were 321,-484 shares, including: Atchison, 19,385; Chicago Belliware, Lackawanna and

The total sales of stocks to-day were 321,-484 shares, including: Atchison, 19,395; Chicago Gas, 39,506; Delaware, Lackawanna and Western, 19,510; Erie, 8,630; Louisville and Nashville, 4,700; Northern Pacific preferred, 12,925; New England, 13,007; Reading, 31,700; Richmond and West Point, 4,304; St. Paul, 22,357; Union Pacific, 8,735.

Railroad bonds were quiet and still irregular in their movements, with little feature of a special nature and few marked movements. The total transactions were only 3,695,000, but these were distributed over a large number of issues.

IWENTY YEARS FOR SLYE.

He Still Protests That Hedspeth Had No Share in the Glendale Robbery. St. Louis, Feb. 24.-A. D. Slye, the self-convicted Glendale train robber, appeared to-day in court at Clayton, to receive sentence from Judge Edwards. With-

ceive sentence from Judge Edwards. Without ceremony his doom was pronounced—20 years in the penitentiary.

Hedspeth was to have been arraigned today, but was too ill to appear, and so was left in his cell undisturbed. Siye has all along denied that Hedspeth was one of the gang, but admits that Francis, the robber killed at Lamar, Mo., was one of the Glendale gang. Hedspeth feels sure that he will be able to prove an alibi.

OFFICE OF THE DISPATCH, PITTSBURG, WEDNESDAY, February 24. COUNTRY PRODUCE (Jobbing Prices)-The market here is still glutted with eggs, and prices are once more reduced. At St. Louis, which is ordinarily the cheapest egg market of the country, prices vesterday were a shade higher than here. It is many a year since eggs were as low on the eve of Lent, and reaction which will send prices upward is likely to appear before the week is out. Choice creamery butter and high grade cheese are still firm, and future changes will, no doubt, be upward. Florida changes will, no doubt, be upward. Florida oranges are in good demand, and choice fruit sells readily at outside quotations. Messinas are dull and slow, the quality of late arrivals being below standard. Banauas are in light receipt this week, and fancy bunches are bringing better prices. Lemons are also firm at a shade higher prices than have obtained of late.

ONE CENT A DOSE.

Noboy likes being sick yet many are willing to be rather than face a heavy doctor's bill. But what's the use of suffering at all when relief and cure maybe purchased at the rate of one centra dose, by using Burdock Blood Bitters a medicine that is guaranteed to cure or relieve all diseases of the stomach, liver and bowels. Two great sources of disease are Dyspepsia and Constipation. They cause Headache, Billiousness, Dizziness, Palpitation and Ipmpure Blood, which in turn causes piuples, bolts, blotches, tumors, scrofula and similar diseases, thus affecting the entire system. We guarantee Burdock Blood Bitters, if faithfully used according to directions, to cure Dyspepsia and Constipation and all diseases springing from them, and will refund the money to any person not satisfied after using the whole or part of the first bottle.
