

AN INSURANCE MIX

Involving Extensive Interests Carried Into the Courts.

THE CASE A COMPLICATED ONE

Failure of the Attempt to Break the Andrew Jackson Will.

BUSINESS OF THE COUNTY COURTS

George Woods and George A. Woods, through attorneys D. P. Patterson and J. S. Ferguson, have filed a bill in equity in Common Pleas Court No. 1 against Edward A. Woods and the Equitable Life Insurance Company to compel the latter to render an account.

It is set forth that George Woods was to receive a commission on all premiums of policies issued by the company during the year of his agency for 20 years and that owing to his labors the insurance increased within those boundaries from about \$300,000 to \$1,500,000 between 1880 and 1889.

A Tripartite Agreement Reached.

In consequence on December 30, 1889, pursuant to a preliminary agreement made the 7th of October previous, the respective defendants entered into a tripartite agreement with him whereby it was provided in certain that one of them, Edward A. Woods, became general manager of the company after January 1, 1890, and that the commissions as well as the net profits provided by the contract of November 1, 1889, should be paid to Edward A. Woods and divided between him and George Woods, the latter to receive three-fourths of the net profits and his indebtedness to the company to be paid in monthly installments of \$500 out of his share of the commissions, etc.

LATE NEWS IN BRIEF.

- Another grain blockade is on at Kansas City.
-Russia is taking a decided interest in the World War.
-England will increase her Egyptian army of occupation.
-The leader of the Dacots in Burma has been captured.
-A reign of terror is again said to exist at Coal Creek, Tenn.
-Spiegler & Co. Cincinnati tanners have failed for \$1,000,000.
-England's Superior, Wis., Board of Trade began business Thursday.
-Germany has determined not to abandon her East African possessions.
-Deane Labor party, California, will declare Labor Day a legal holiday.
-Tin weighing 30,000 pounds was shipped from the Temescal mines in California Thursday.
-The Chicago Board of Trade has failed to stop the dealings in puts and calls outside of the board.

No Accurate Statement Furnished.

It is also stated that by an assignment in writing on February 6 inst. George A. Woods is entitled to receive the net interest of George Woods. It is charged that neither Edward A. Woods nor the cashier appointed by the company have furnished accurate monthly statements of receipts and disbursements and to give an account of any intelligible account of the condition of the agency, and that George Woods has refused access to the books in connection with an audit of the agency since the services of such expert is necessary, owing to the complicated condition of the accounts.

NOT ENOUGH EVIDENCE.

Abrupt Termination of the Jackson Will Contest.—The testimony given in the closing session—Judge Over's decision.

THE CHILDREN OF PETER ANTON WENT THEIR Father's Estate.

The contest over the will of the late Peter Anton, of the Southside, was heard before Judge Hawkins yesterday and the Court is holding the case under advisement. The old gentleman was somewhat eccentric, and it is said he left his entire estate to a stranger named Bruno Amann, to the exclusion of his four children—Nicholas and John Amann, Rosanna Bechtold and Charlotte Pletcher. The deceased died March 1, 1891, and the will, which gave the four children each \$1, was filed March 4, 1891.

ANOTHER WILL CONTEST.

The contest over the will of the late Peter Amann, of the Southside, was heard before Judge Hawkins yesterday and the Court is holding the case under advisement. The old gentleman was somewhat eccentric, and it is said he left his entire estate to a stranger named Bruno Amann, to the exclusion of his four children—Nicholas and John Amann, Rosanna Bechtold and Charlotte Pletcher. THE NOBEL BROS. THE BOGIE MEN.

Different Opinions as to the Outlook for a Better Price.

THE NOBEL BROS. THE BOGIE MEN.

Some Reasons for the Hard Times Prevailing at McDonald.

WORK AMONG THE WELLS YESTERDAY

Oil producers have been for months like travelers in a desert. They have been watching and following a mirage on which they believed they read an advance in the price of their product. Their vigilance has never relaxed.

Time and again the mirage has faded away, and hope has been supplanted by despair. They have repeatedly charged that the law of supply and demand has not regulated the price of petroleum. They say the stocks which are now being piled up will be diminished before the end of another year; that the great McDonald field will drop to an insignificant pool, and that consumers will be crying for more oil.

Several cases for the day were tried in the afternoon, and expected to reach the sand, at a late hour, on the 10th. The Devonian Oil Company's No. 4 Elliott yesterday and increased its production to 40 barrels a day. They intend to shoot their No. 1 J. N. Robb today.

FREE SILVER AT BAY.

Both Sides Profess to Be Satisfied With the Situation.

HARTER IS OPENLY DERIDED

But He Smilingly Goes His Way and Will Not Listen to Blame.

SAYS THE BILL WILL NEVER BE PASSED

WASHINGTON, Feb. 26.—The free coinage men of the House felt quite elated over the action of last night's caucus in refusing to consider any proposition for the delay of free coinage legislation. Although the action of the caucus, in so far as results are concerned, may be termed a draw, the failure of Mr. Harter and the other pronounced opponents of free coinage to secure any considerable support for the proposition of postponement is a great comfort to Chairman Brand and his free silver colleagues in the House.

The Committee on Light and Power announced opponents of free coinage to secure any considerable support for the proposition of postponement is a great comfort to Chairman Brand and his free silver colleagues in the House. They state with considerable emphasis, to-day, indeed, it is not denied by their opponents in the Democratic party—that the free coinage men could have developed sufficient strength last night to have passed a resolution expressing the sentiment of the caucus in favor of an early consideration of the Bland free coinage bill.

Mr. Harter and his friends content themselves to-day by simply announcing that they will oppose the Bland bill by every honorable means. They are confident that it comes up in the House, and that it will never pass the Lower branch of Congress, as the generosity of the Democratic Committee on Light and Power will not permit the parliamentary weapons of obstruction necessary to tire out weary friends of the measure by weeks of delay.

GENERAL SPORTING NOTES.

The Rolly and Miller wrestling match has been postponed for a week. Maxey is still favorite in the betting on next Wednesday's big battle. It is remarkable how many great fighters there are until they get into a ring to do business. President Hart, of Chicago, wants the ball season to be opened there in May. No files on Jim. Harry Stevens, the local score card hero, and Charley Patten, the third baseman, are personal friends. EGGLESTON, the New York pool player, is showing up in the betting on the practice games of De Oro, the Cuban cracker. JOHN J. BELL, the roller skater, is now in the city and states that he is willing to skate McClelland on any body else for a stake.

PETITIONS ARRANGED FOR PRESENTATION.

Chairman Brand, Representative Pierce, of Tennessee, and other leaders of free coinage in the House, to-day arranged the petitions which are to be presented to-morrow to the Committee on Light and Power. The petitions are of the following nature: The petition of all the friends of free coinage. The undersigned, Democratic members of the House, request that the Committee on Light and Power be instructed to report the bill of the Committee on Coinage, and to report the bill for the free coinage of the silver question.

ONLY A WEEK WANTED FOR DEBATE.

So far as we are concerned we do not ask for more than a week. Mr. Brand himself says that a week's debate will be quite satisfactory to him, but that the matter which he shall insist on is that final action of the House be taken by the end of the week. We will pass the bill through the House, and then, if that body should be of the opinion that the bill is not ready for passage, we will not object to a postponement of the bill for a week or two. Mr. Harter is not so sure of his ground. He says that he will not object to a postponement of the bill for a week or two, but that he will not object to a postponement of the bill for a week or two.

ROSSINI NEVER COMPOSED AFTER HE WAS DEPARTING TO THE REASON IN THE DISPATCH TO-MORROW.

THE TRANSMISSISSIPPI CONGRESS. Passes a Long String of Resolutions and Will Meet Next in Ogden, Utah. NEW ORLEANS, Feb. 26.—At the Trans-Mississippi Congress, the resolutions were adopted as follows: Favoring the construction of the Nicaragua canal, and requesting Congress to aid in its construction; approving the acts of Congress giving a bounty on sugar and admitting machinery for the manufacture of sugar free, and requesting Congress to make liberal appropriations for teaching best sugar chemistry; that all unearned railroad lands be restored to the public domain, that Arizona be allowed to be admitted to the Union as a free state; that the general government should speedily extinguish the Indian tribal system. The next convention will be held at Ogden, Utah, the first of September. The basis of representation at that convention was adopted for the next convention, and then adjourned.

SALTON LAKE EIGHT MONTHS OLD.

The Prospects Are That It Will Soon Be Larger Than Ever. SALTON, Cal., Feb. 26.—From recent indications the desert lake here will be much larger than last year. At present the lake is about 10 miles long and 10 miles wide, and after running along the Southern Pacific for about two miles extends out of sight to the south. At this time last year there was not a drop of water visible, although there was a quantity a few inches above the surface of the sink. It was not until about a month later that the floods occurred in the Gila and Colorado rivers, causing by melting snow, and only in August that water in the Salton began to attract attention.

AN EX-OIL REFINER'S VIEW.

An ex-refiner said last evening: "January and February are the dullest months in the oil business. The export trade for the home markets are always filled up by the end of December. The exporter must have secured his orders by September in order that he can ship it into the interior of Europe before the rivers freeze over. Cheapness is what counts in Europe. In Antwerp I entered a cask where over 200 lamps were burning. I asked the proprietor what oil he used, and he replied, 'Russian, because he could get it for 50 cents a barrel cheaper, although he admitted that it was inferior to the American product. Quality means 900 barrels a day in my opinion he had to look after it. It is so with the hundreds of thousands of people even in our own country. They cannot afford to buy the best grade of oil from the butcher, because he could get it for 50 cents a barrel cheaper, although he admitted that it was inferior to the American product. Quality means 900 barrels a day in my opinion he had to look after it. It is so with the hundreds of thousands of people even in our own country.
