NOT A BOROUGH YET.

The Charter of Incorporation for

Turtle Creek Refused

BECAUSE OF A TECHNICAL POINT.

A Decision on the law and Order Appeals

Expected To-Day.

COURT PROCEEDINGS BOILED DOWN

Judge Porter vesterday handed down an

opinion refusing to grant a charter for the

incorporation of the borough of Turtle

Creek. He said: "While we believe that

is corporation of the proposed - borough

would be beneficial to the territory proposed

to be included within its limits, we are con-

strained to hold that the requirements of the act of Assembly with regard to notice of

the intended application for a borough

charter by publication 30 days before the

presentation of the petition have not been

notice, but is one of absolute absence of no-

complied with in the proceedings.

PITTSBURG DISPATCH. THURSDAY. THE 100 feet of Gardnier's No. 2, on the Kennedy arm, which is also on the top of the Gordon. From the time the wells were commenced there has been a spirited rivalry between the crews at the two wells, and it is claimed that they will be the quickest drilled wells in the McDonald field. The Steubenville Oil Company's well, on the Box lot at Willow Grove, was from four to six feet in the Gordon sand yesterday, and so far is not showing for a large well. Story & Co.'s well, on the brickyard lot be ween Noblestown and Willow Grove, is not in the fifth sande, as reported yesterday, has made a small flow from the Gordon, which was a fifth sander. It will not be drilled into the fifth until the fires in the brick kiln, only a few feet awy, have been extinguished. Brown Bros & Robison's well on the Momuray lot cast of Noblestown is still making or all for a large pump station at that place within the max two weeks.

The McDonald Gauges. The estimated production of the field Wednesday morning compiled from gauges was 27,000 harrels, 500 barrels less than the day hefore. The hourly gauges were as follows: Jennings, Guffey & Co.'s No. 3 Matthews, 55; Herron No. 4, 55; Matthews heirs' No. 2, 20; Guffey and Queen's No. 1 Samuel Wetmore, 35; Dovonian Oil Company's No. 1 and 3 Boyce, 40; Oakdale Oil Company's No. 2 Mor-gan heirs, 20; Nos. 2 and 3 Baldwin, 50; Nos. 1 and 2 Waltace, 30; Forest Oil Company's No. 1 M. Wright, 70; Guffey, Marphy & Co.'s Nos. 1 and 2 Waltace, 30; Forest Oil Company's No. 1 M. Wright, 70; Guffey, Marphy & Co.'s Nos. 1 and 2 Sam Sturgeon, 30; Oakdale Oil Com-pany's No. 2 John Wetmore, 30; Brown Bros. Robison & Co.'s No. 1 McMurray, 30; produo-tion, 27,000; stock in the field, 62,000. The runs of the Southwest Pennsvitrania Pipe Line Company from McDonald Wednes-day were 24,148; outside of McDonald, 5,347. The National Transit runs were 31.653; ship-ments, 11.861. Buckeye runs, 20,335; ship-ments, 11.861. Buckeye runs, 20,335; ship-ments, 3,544. Southern Pipe Line runs, 13,-689. New York Transit runs, 45,343. Macks-burg runs, 1,242. Eureka runs, 5,313; ship-ments, 2,123. Yesterday's Market Features.

A FAMILY SUTCHERED.

No One Left Able to Tell the Story to s

Neighbor Who Was Called.

On the night in question one of Billy's lit.

tle girls came over to my house and stayed all night. She went house in the morning

bout 8 o'clock, but she had hardly been

about 8 o'clock, but she had hardly been able to go there when sho ran up to me cry-ing, exclaiming: "Papa' and mamma and my brothers have all been killed." I went there just as soon as I could, and a terrible sight met my gaze. Bill and his wife were both lying in pools of blood. Bill managed to mumble out a few words, but the others were insensible. Bill could not say anything. The little boy, who was least hurt, but terri-bly mutilated, managed to say: "Sam did it last night. A piece of iron." Everyone in the honse is cut and gashed, and there is blood all over the house. There was no one there who could tell me anything about the assault.

Sam Massey, a negro living near by, was arrested and brought into the city, and wan followed to jail by an excited crowd. Mas-sey protests his innocence, but blood was ound on his clothing.

ONE CENT A DOSE.

ONE CENT A DOSE. Noboy likes being sick yet many are willing to be rather than face a heavy doo-tor's bill. But what's the use of suffering at all when relief and cure maybe purchased at the rate of one cent a dose, by using Bur-dock Blood Bitters a medicine that is guar-anteed to cure or relieve all diseases of the stomach, liver and bowels. Two great sources of disease are Dyspepsia and Con-stipation. They cause Headache, Billions-ness, Dizziness, Palpitation and Ipmpure Blood, which in turn causes pluples, boils, blotches, tumors, scrofula and similar dis-eases, thus affecting the entire system. We guarantee Burdock Blood Bitters, if fatth-fully used according to directions at o sure Dyspepsia and Constipation and all diseases springing from them, and will refund the money to any person not satisfied after using the whole or part of the first bottle. LOST MANHOOD RESTORED

REFORE AND AFTER USING. Loss of Brail akefulness, Lost Manhood. Nightly E. ervousness, Lassitude, all drains and loss f the Generative Organs in either sex c ver-exertion, youthful errors, or excess

In Judge Slagle's court yesterday, and ex-cited considerable interest. The case was that of John F. Hohman against police offi-cers Suyder, Binsey and Sternagle for false arrest. It is still on trial.

against the Pittsburg, Chicago, Cincinnati and St. Louis Ratiway Company for \$25,000

and St. Louis half way company to show a strong damages. He states that on May 11, 1801, as he was driving across the tracks near Mans-field, a train backing down struck, his wagon. He was thrown off, his skull frac-tured, and he was crippled for life.

Alleged to Be Duplicated in a Den in the Bill District.

The section known as the Hill district of this city was greatly worked up a day or two since over the report that a lot of young colored boys and men had caught the sons of two prominent citizens and taken them into a den somewhere on Pasture street, or rather in an alley near by, with intent to do them injury of some sort. Some people asserted that the den was one where orgies are celebrated similar to those we read of in Haiti and Jamaica. It is said that an at-tempt was made to strip the lads, but one succeeded in breaking away, and summon-ing then, had his companion in misfortune released released. will be much more easily developed. The cost of drilling a well will seldom exceed

quesne borough at the last election. Young questie obrough at the last election. 1 ofing and Estep claim they were elected to Coun-cil, Estep receiving 155 votes and Young 143 votes, but the election officers have refused to issue them certificates of election. inquisitive.

ABOUT FORTY VICTIMS NOW.

The Newfoundland Fishermen's Dis

will be much more easily averoped. The cost of drilling a well will seldom exceed \$5,500. The oil is found in the Big Injun sand. There are three pay streaks in this forma-tion, and the first is struck at 1,353 feet when the well is located on the flats along the river. There is about three feet of sand in the first pay streak. The second pay is struck at 1,350 feet or 37 feet below the top of the first pay. There are about six feet of rood sand in the sec-ond pay. The third pay streak is from 18 to 30 feet below the second pay, and the average depth of a well to the bottom of the third pay is from 1,412 to 1,420 feet. The field has been developed up to the present time three miles from east to west and two and one-half miles from north to south. A peculiarity of the field is that the wells keep increasing. As the salt water is exhansted the production of oil goes up. This was the case at the Miller's Run Oil Company's No. 1 Stewart on the Ohio side of the river. It came in last June at 20 barrels a day and finally went up to 70, which it is doing at present. Where the Case is Reversed. ST. JOHNS, N. F., March 2 .- Two more The reports of viewers on a number of sewers were filed in Common Plens No. 1 | dead bodies have been brought in from the vesterday and confirmed nisi by the court. ice. Thirteen men are still missing and there is little hope that they are alive, as they are supposed to have been carried away The confirmation will become absolute in 20 days, unless exceptions are filed. The sewers reported on were as follows: Tustin

on the ice. It is reported that fires were seen on the ice at Chapel Head. The steamer Labrador is searching Trinity Bay as well as the ice will permit. It is hoped that the loss of life will be under 40. Subscription books have been opened for the bereaved relatives. Much sympathy is felt for them.

street, from the crown west of Jumonville street to Seneca street, cost \$1,424 18; South Twenty-fifth street, from Josephine street to Monongabela river, cost \$7,406 74; Car-son street, from Sixth to Eighth streets, cost \$3,280 40; Snowden aller, from Willow to Valley street, cost \$637 01; Madison street and Thirty-third street, from Jeffer-er street to Horen screen 5 574 98 Miners Win a Strike.

Swartzwelder, a suit on a contract to re-cover for a buggy, is on trial before Judge Ewing. WHAT OIL WELLS COS A VERDICT for the defendants was given yesterday in the case of A. Blakeley against A. M. Bertonia and A. A. Heiner, s landlord and tenant suit. A vender of \$251 80 for the plaintiff was given in the case of Hopper Bros. against A. A. Milligan, an action for damages for an al-leged illegal levy.

In the case of Henry Brinker vs Louis Michel, an action for slander, the plaintiff was given a verdict of 64 cents and the do-lendant ordered to pay costs.

August Allas got a verdict of 6% cents against the Pittsburg Traction Company yesterday. The plaintiff was put off a car after he claimed to have paid his fare.

In the divorce case of Lena Adler against David Adlera rule was issued on the hus-band to show cause why he should not pay his wife money for support and counsel fees. In the suit of J. C. Dunlevy against the McKcesport and Duquesne Bridge Company, to recover for land appropriated, a verdict was given yesterday for \$875 for the plaintiff. The official order was made yesterday detailing Judge Collier to preside in the Quar-ter Sessions Court for the March term, with Judges Stowe and Slagle to assist him, if lecessary.

EX-MAYOR WYMAN was a witness in a suit

A BILL in equity was filed yesterday by William McCutcheon against the executors of George F. Smith. McCutcheon and the deceased were partners in the butchering business, and the former wants a settle-ment of some old business accounts.

tice. The first exception filed on behalf of the East Pittsburg Improvement Company is, therefore, sustained and the proceedings are dismissed." J. SCOTT FERGUSON and Thomas M. Marshall, counsel for Eugene Maxwell, who recovered a verdict of \$12,000 against the J. M. Clark Takes General McCielland's Judge Buffington appointed S. C. Mc-

Picasant Valley Company for personal in-juries, filed a refusal of Judge White's propo-sition to accept \$5,000 in lieu of a new trial being granted the defendants. The case was put on the new issue docket. Candless Commissioner to take testimony in the steamboat case of W. S. Reno vs WILLIAM MILLER yesterday entered suit

An argument was held before Judge Acheson yesterday in the case of the J. L. Mott Iron Works vs the Standard Manufacturing Company, an injunction case to restrain the defendants from infringing on a patent water basin, bath tub, etc. Judge Acheson appointed J. M. Clark, of Canonsburg, U. S. Jury Commissioner for the Circuit Court to fill the vacancy caused

THE ORGIES OF HAITI

ttention of operators who have either left McDonald or did not get into that territory

Mr. James Flood, of Arbuckles & Co., says he don't know what the assault meant, but said he had been informed that some colored youth had a rendezvous in the vi-cinity with a hole in the roof through which they escaped when the police became

Worse Than First Reported.

on the ice.

well on the Mittendorf farm, located 1,000

McDonald Operations Require More Money Than Elsewhere. OUTLOOK FOR SISTERSVILLE.

Wells in That Field Increase When Relieved of Salt Water.

OIL IN WILDCATS BELOW M'DONALD There is no oil field in the country in

which it costs more on an average to drill well than it does at McDonald. In the first place, the great depths of the third or Gordon and the fith sands below the surface must be taken into consideration.

Then, as it frequently happens, three strings of casing must be put in. Salt water is liable to be found in almost any of the sands from the salt sand at \$50 feet to the fifth, which is 2,250 feet below the Pittsburg

This has to be cased off and involves a heavy expense. Some of the wells which have been drilled from 2,200 to 2,300 feet in have been drilled from 3,200 to 2,300 feet in this field have three strings of casing in them, agrregating 4,000 feet of pipe. It is safe to say that the initial cost of a well is seldom less than \$5,000 and it frequently, througn prolonged fishing jobs, runs as high as \$8,000 and \$9,000. Where there are several wells on a lease the first will cost the most, while the wells drilled subsequently can be put down for less money, owing to the tact that the ma-chinery and part of the tools used on the first can be used in drilling the later wells.

Millions Have Been Invested.

The cost of the wells does not seem to have deterred operators, however, for, as the monthly report shows, there are 110 new wells now under way. These alone, at a cost of only \$3,000 each, represent an outlay of \$350.000 of \$550,000. of \$530,000. Altegether there have been over 400 wells completed in the McDonald-McCurdy pool, which alone represents over \$2,000,000, to say nothing of the big bonuses paid, the hun-dreds of thousands paid for pipe, and pipe line equipments, tanks, teamsters and lum-ber

Inte equipments, tanks, teamsters and tum-ber. Some slight idea of the immense amount of business done in that field for a short time might be sained by the knowledge that for more than a week the Panhandle Rairoad refueed to take a car consigned to McDonald, Oakdale, Nobles-town or any intermediate points because they could not handle it, and to get around the difficulty the shrewd operators used to have their freight shipped to Midway and Primprose, two and three miles west of McDonald respectively, and then haul it back with teams to their leases. It is yet a question whether the field has paid for the work done in it, and the money sank. It is a fact that not more than a score of

SHERMAN, TEX., March 2.-A terrible tragedy occurred Monday night at the home It is a fact that not more than a score of operators or oll companies will be able to leave the field with much money ahead. of William Smith, two miles northwest of Drilling Cheaper Down the River. the city. The story is told by Mr. Smith's Sistersville, which is now attracting the father as follows:

son street to Herron avenue, cost \$7,274 28; Colwell street, from Miller to Pride street, cost \$2,013 15; Summerlea street, Holden to Walnut street, cost from \$1,316 09.

An Argument From Major Moreland. Major Moreland made an argument yesterday before Judges Kennedy and Me-Clung on the exception to the report of the viewers in the matter of Stanton avenue. Negley avenue, Keystone street, Lilac street, Fifty-second, Bayard and Omega streets and Aiken avenue. Only the ex-ceptions to the last three named streets were argued, but the other streets named will of course be affected by the decision to be hereafter rendered. The exceptions aver that the costs of the contemplated improvements are excessive. The argument was chiefly to determine whether or not the exceptants are to be heard before the report is con-

Location of a Locust Post.

Attorney H. L. King, while examining a title to a piece of property in the Seventeenth ward, yesterday unearthed a peculiar section of the English language. It was in a will, dated 1841, in which the testator bequeathed part of his property to an heir and it was partly described as follows: "Forty n was partly described as follows: "Forty rods on the Allegheny river on my farm to be ascertained from a locast post between me and Lawrenceville." Mr. King will endeavor to locate the locust post after he completes the examination of the title.

The Sanity of a Soldier.

An inquest in lunacy was held in Common Pleas No. 2 yesterday on Robert Pollock, an inmate of the Soldiers' Home at Erie. He is 65 years of age, and a number of years ago was a practicing attorney at the Alleghenv county bar. The inquest was held at the petition of his daughter, Miss Josephine H. Pollock. He was found to be a lunatic, and to have been such for over two years. The principal part of his estate is a pension of \$20 per month.

A Verdict in an Oil Case.

In the case of C. A. Smith vs M. Finegan, an action on a contract, a verdict was rendered for the plaintift for \$787 37. The suit arose from the sale of a half interest in an oil well, the plaintiff claiming that Fine-gan knew a dry hole had been drilled in the same vicinity before making the contract to sell

A Decision Expected To-Day.

Judge Porter will hand down an opinion this morning in the appealed newspaper cases from the decision of Alderman Rohe.

Are not slow about taking hold of a new thing, if the article has merit. A few months ago David Byers of that place, bought his first stock of Chamberlain's Cough Remedy. He has sold it all and or-dered more. He says: "It has given the best of satisfaction. I have warranted every bottle, and have not had one come back." 50-cent and \$1 bottles for sale by drangeists.

druggists. If You Are Looking for a House Read the to let lists in to-day's Dispatch.

J. C. Tennant's No. 1 on the F. & C. Russell farm, which was completed early last sum-mer is still pumping from 20 to 25 barrels a day. It was located 2,000 feet southeast of his old No. 1. He then put down a well on the C. Russell farm, three-quarters of a mile southwest of the original Stewart, which started off at 80 barrels a day, and has since been forced down by Salt water to 65 barrels a day

started off it so our by sait water to 65 barreis a day. The next well in the field was on the Jar-rett Colvin, half a mile west of the old Stewart venture. It started at only 20 barreis a day, but after the water was exhausted it came up rapidly and is now making 100 barrels of oli a day. Tennant's No. 2 Stewart, located 600 feet sonthwest of No. 1, started at only ib barreis a day, but doubled its production when the salt water was taken out. Captain Grace's venture on the Roseberry Colvin farm, located half a mile north of the original Tennant well, is now making 30 bar-rels a day from the third pay. The Miller's Run Oil Company is now punping its well on the Deist farm, and i is showing for a good producer. The Emery Oil Company's well on the J. R. Hissen farm, located a mile and analf northerst of the old Stewart well, is making a good showing from the first pay.

Where the Case Is Reversed.

The case is reversed, of course, where a well is allowed to stand without the sait water

being exhausted. At the Kanawha Oil Com-

pany and the Miller's Run Oil Company's

good showing from the first pay.

The Big Well Not Flowing

One of the latest wells in the field and the One of the latest wells in the field and the one which has given rise to all kinds of reports from the field recently is J. C. Tennaut's No. 1, on the Telbott farm. It started off at the rate of 500 barrels a day, but stopped flowing after it had put out a couple of hundred barrels. It has not yet been rizged up for pumping, but will be seen. It is located a mile south-

It has not be soon. It is located a mile south-west of Stewart No. 1. The Bakerstown Oil Company is fishing for string of tools on top of the sand on the Elliott farm. This is the farthest well north-west of developments. Mitchell & Co. are drilling on top of the sand on the Stewart farm. Apple, Elyea & Mercer expect to finish up their well on the E. Wells farm, below Sis-tersville, on the Virginia side of the river. The wells being put down are little more than wildcats, and the parties who hold leases in the field are quietly waiting for the results at these wells. The field is not yet outlined by any means, and there is not zetlresults at these wells. The field is not yet outlined by any means, and there is no tell-ing where it may ro. It is scarcely probable, however, that Sistersville will re-ceive a substantial boom until the territory in and around McDonald has been thor-oughly tested. The development of a good 500 barrel well will greatly accelerate the movement in the direction of Sistersville.

Southwest Wildcars Showing Oil.

There were few new developments yester-day in the McDonald field.

day in the McDonald field. The well which was attracting most at-tention was the Wheeling Gas Company's No. 1, on the W. J. Kelso farm. It is located about a mile and a half due southwest of Mc-Donald, and half a mile northeast of the well of Knox Bros., Apple & Elyea, on the Scott farm.

about a mile and a half due southwest of Me-Donaid, and half a mile northeast of the well of Knox Bros, Apple & Elyea, on the Scott farm. The Kelso well was shut down for nearly two weeks owing to suit water in the Gor-don sand. This had to be cased off, and late last week they started to drill to the fifth sand. It got a showing of oil in the top of the fifth Tuesday, and yesterday aft-ernoon it was reported to be making ten barrels an hour. A producer who came from the well yesterday morning stated that it was showing for a well, but its capac-tity was an uncertain quantity. The nearest well to it is the Scott. The Grover Cleveland Oil Company is down 1,500 feet on the Kelly farm, a mile northwest of Venice. The Woodhand Oil Company has started to spud on the Crawford farm, located half a mile north of the Scott farm. Mercer & Co. have bought an old Gordon sand gasser located on the Brown farm, a mile southeast of the Beed well, and will drill it to the fifth sand. Haymakee Bros' well on the McConnaughey farm, over three miles southwest of McDon-aid, is showing in the Gordon sand. They are fishing for a string of tools in this well on top of the Gordon for nearly a moth. Mercer & Co.'s well, on the Gladden

month. McManus & Co.'s well, on the Gladden farm, 709 feet east of the Moorhead well is making about 165 barrels from the top of the Gordon. The owners expect to drill it in to-

day or to-morrow.

day or to-morrow. Small Well on the Ewing Farm. The Forest Oil Company's No. 2, on the J. N. Ewing farm, was 15 feet in the sand yes-terday afternoon, and showing for 125 bar-rels a day. The sume commany's No. 3, Etta Glenn, was in the top of the Gordon yester day and filled up with oil. Their No. 2, on the Agnes Kemp, is due to get the Gordon to-day. It is located within
