Receipts of Cattle at East Liberty Larger Than Usual and

MARKETS LOWER ON LOW GRADES.

Export Beeves in Active Demand and Prices a Shade Higher.

SHEEP AND SWINE WEAK AND LOWER

OFFICE OF THE DISPATUR. PITTSBURG, WEDNESDAY, March 2. At the East Liberty yards there have been about 85 loads of cattle on sale this week, against 70 loads last week. Quality of offerings was better this week than for months past. Sales were reported at \$5 10 per cwt., which was the highest price realized this year. On all common and low grade cattle markets have been weak and 15c to 20c per cwt. lower this week than last, while good export cattle are strong and notive at a shade better prices.

Fresh cows were in liberal supply and fancy were in good demand with \$40 as top price. Veal calves are coming in freely and last week's prices are well maintained.

The run of hogs for the week has been close to 40 carloads, and markets were slow with drooping tendencies. Top price this morning was \$5 15.

About 25 leads of sheep and lambs were

About 35 loads of sheep and lambs were offered at Liberty this week. Top price of sheep was \$5 85 and top lambs \$6 85. Prices in general are 10 to 15c lower this week than lambs, with choice wethers the excep-tion to the rule. The latter were fairly

A Live Stock Firm's Review. Following is report of the week's work by Holmes, Briggs & Co:

We report 85 cars of cattle on sale Mon-day, against 70 cars at the same time last week. The average was better than for some weeks past. The attendance of buyers

day, against 70 cars at the same time last week. The average was better than for some weeks past. The attendance of buyers was again light, and market opened very dull at \$6 to 16c lower on all butcher grades, and continued dull all through, with some sales at 15c to 20c lower than last week, while good to prime export cattle were about steady on account of orders here which took about all the heavy cattle to satisfy these orders, and while we have to report higher prices than for a few weeks past, it is on account of higher grades of cattle. We sold one load of prime 1.550 steers at \$5 10. Outside of those \$4 50 to \$4 75 were the highest prices paid. Since Monday receipts have been light and demand light, and all grades slow at a shade lower prices than Monday. We quote prime to extra 1.50c to 1.550 at \$4 75 to \$5 10; good, 1.400 to 1.500, \$4 40 to \$4 60; good, 1.200 to 1.300, at \$4 70 to \$5 30; common, \$2 00 to \$2 25; stockers, \$60 to 900, \$2 25 to \$3 75; fat cows and bulls, \$5 50 to \$5 50; common, \$2 00 to \$2 25; stockers, \$60 to 900, \$2 25 to \$3 25; cows and springers, \$5 50 to \$5 per head.

Receipts of hogs were fair on Monday and demand light on all grades at strong \$5 to 100 lower than the same day last week. Since Monday receipts have been light and but little wanted at 5 to 10c less than Monday. Receipts in Chicago being light to-day, we can reasonably expect a slight reaction before the close of the week. We quote select tops \$5 10 to \$5 20; rood mixed, \$5 10 to \$5 15; best Yorkers, \$4 90 to \$4 75; common Yorkers and birs, \$4 25 to \$4 75; roughs, \$4 00 to \$4 75.

Receipts of sheep on Monday were 26 loads, which, on account of uniavorable reports from Eastern markets, was in excess of demand and to effect sales it was necessary to make concessions of 25 cents on all grades of sheep, while lambs were about steady at last week sprices. Since Monday receipts have been thir and prices burely steady. We quote wethers, \$5 75 to \$6 60; good, \$5 50 to \$5 90; cemmon, \$5 00 to \$5 50.

NEWS FOR BOTH PARTIES.

Wheat Fairly Active but Unsettled, Owing to Conflicting Reports - Bradstreet's Crop Bulletin-Corn and Oats Pollow

Wheat-Provisions Quiet and Steady. CHICAGO-Wheat was fairly active today, but the market was somewhat unsettled, though prices ruled higher than yesterday with sharp fluctuations. Cables reported the English markets stronger and somewhat higher, and domestic markets all seemed to be doing better at the outset. The weather, too, was regarded as anything but favorable for the growing crops, owing to freezing and thawing, and a good many crop damage dispatches were received, an un-

favorable for the growing crops, owing to freezing and thawing, and a good many crop damage dispatches were received, an unusual number coming in from Michigan. The Government weather crop report was also a bullish feature. It pointed out that the past month had been a trying one on the wheat plant, but whether it had caused scrious damage by freezing and thawing remained to be determined during the present month—always a critical one for winter wheat. This inclined sellers generally to conservatism. The weather all over the Northwest was mild, but in England it was reported cold and unfavorable. The receipts, both here and in the Northwest, showed a falling off.

On the whole, the position was looked on as rather bullish, and, as New York was a good buyer, the market was firm with an upward tendency. Shorts covered with considerable freedom. Under this demand, May, which opened 3c higher at 30%0, advanced gradually to 9ic. The advance was stimulated by the good shipping demand at the seaboard, the Atlantic ports and New Orleans having cleare 1 500 000 bushels of wheat and 47,000 packages of flour. Late private cables came in easier, and especially from the Continent, and Kansus and Missouri dispatches said crop prospects in those States were splendid. Then came Bradstreef's report of the available supply, showing a net decrease of only 451,000 bushels on both coasts, east of the Rocky Mountains showing an increase of 163,000 With these statistics in hand the opportunity for working a scalp was availed of, and the early buyers began to offer freely, with the result that the market broket o 90%c. Their object accomplished, the sellers began to buy again, and, assisted by heavy buying for New York account, decidedly better late cables and crop damage reports from France, the market became very strong, advancing to 91%c, and closed steady at 91%c.

Corn started strong on the small receipts and the firmness in wheat. Shorts were uncasy and covered freely, sending prices upsome, as there was apparently very little f

Hog products generally weak and lower. Hogs at the yards were easier, the stocks were larger than expected, and there was free selling. American pork suffered a decline of 15c compared with vesterday, but recovered all except 5c. Lard and ribs were steady.

Situation Better Than at the Corresponding Time Last Year.

GOVERNMENT PROPERTY GOSSIP.

A Scheme to Find Purchasers for Residential Property in Ireland.

THE TREND OF MONET AND SPECULATION

Knowing what business is, it may be interesting and instructive, as well as encouraging, to turn back a year and see what it then was. The financial position a year ago was extremely critical; failures were counted by the score, confidence was weak, and the outlook uncertain. Conditions favored a panic, and it was by the merest chance that it was averted. The reverse of all this exists to-day. Money is abundant and easily obtained. It is seeking investment in all directions. Any lack of activity cannot be charged to the poverty of consumers. General trade is by no means bad. Confidence has been restored in large measure. Farmers are prosperous. Economy is being practiced by all classes of peoomy is being practiced by all classes of peo-ple, and the country is gaining strength. Examined from any reasonable standpoint, the situation is far from discouraging, while the outlook is cheerful. It does not require much seeking to find good reason for entertaining hopeful views of the fu-ture. Iron casts the only shadow.

Wanted by a Syndicate. On Friday, March 11, at 11 o'clock A. M., on the floor of the Exchange, the Government property on Penn avenue and Garri-son alley will be again offered at public sale. The two former efforts to dispose of it were unsuccessful for reasons that are well known. The coming sale promises to have a better result. While prospective bidders are not going about telling their plans, it is known that at least some of them are doing some very close figuring, showing that they mean business. It was stated on good authority a few days ago that a syndicate of Liberty street business men had been formed to purchase the propthat a syndicate of Liberty street business men had been formed to purchase the property for their own use. One of these gentlemen admitted as much vesterday, but declined to go into details. He said they were dissatisfied with their present quarters. They wanted more room. If they succeeded in getting the Government property they would soon cover it with large modarn warehouses. Several individual capitalists are also in the field, and it is understood that one of the railroads will be among the bidders. Altogether, the prospect is good for lively competition and better prices than offered at either of the previous efforts to dispose of this valuable property.

Irish Properties for Sale, A movement is on foot to find purchasers for some of the fine residential places in Ireland. No far-reaching attempt has hitherto been made to deal with Irish property in the sense here proposed. The desire has been growing from year to year on the part been growing from year to year on the part of the rich families in the United States to

HOME SECURITIES.

WAVE OF RETREAT STRIKES THE SPECULATIVE MARKET.

Trading Cut Down to Comparatively Small Dimensions-Some of the Specialties Let Go-Downward March Led by Phil-

adelphia and Switch and Signal. The market was less active and in some respects weaker yesterday than for some time. The pace had been too rapid to be maintained indefinitely, and a reaction was quite natural. It possesses no other significance. The improvement, financial and otherwise, of Pittsburg corporations, especially the Tractions, in the last year or so, will continue to hold the favor of investors. There was little vim in the market yester-day. There were buying orders, but they were not so numerous as for some days past, and those having them appeared to be in a and those having them appeared to be in a waiting mood. The market being on the run, they no doubt thought to profit by delay. The most interesting events of the day were declines in Philadelphia Gas and Switch and Signal. These led the downward movement, in which, though not to the same extent. Birmingham Traction and Luster participated. Birmingham sold at 26 at the

noon call, and finished the day at 25% bid. At the same time 24 was bid for Duquesne and 35% for Manchester, both lower than the day before. Airbrake and Pipeage were

cay before. Afformed and Pipeage were stronger.

Sales at first call were 23 Pleasant Valley at 24, 5 Luster at 94, 100 Duquesne at 24. Second call, 7 Manchester at 40, 190 at 39%, 345 Philadelphia Gas at 17, 20 at 17%, 100 at 17%, 1 membership at \$500, 50 Birmingham at 26, 75 at 25%. Third call, 40 Birmingham at 26, 20 Pleasant Valley at 24%, 100 Philadelphia Gas at 17, 70 Airbrake at 107, 45 Electric at 15%. Bids and offers at each call are appended:

THAT RAILROAD SUPPOSED TO BE IN THE COAL DEAL.

The Stock Market Mainly in the Traders Hands-Industrials Conspicuous for Strength-New England Still One of the Leaders-Trage in Bonds Fair.

New York, March 2.-The stock market continued to be a traders' market in the main to day, and the selling by the professionals maintained a heavy tone through-out most of the day in the general list, though in the afternoon there was better support noticeable in the active shares, and the Industrials and specialties were conspicuous for strength and activity in the prevailing duliness. At the present time, however, any connection, either actual or rumored, with the Coal deal now supposed to be pending, is sufficient to cause not only

rumored, with the Coal deal now supposed to be pending, is sufficient to cause not only a marked increase in the business done in the stock on the Exchange, but also a material improvement in the quotations.

The latest one to be so mentioned is Erie, which the last rumor puts down as a partner with the New York Central in acquiring control of the Pelaware and Hudson. This rumor became current after the close of business last night, and this morning there was a rush to buy it for speculative account, while the foreign houses were also heavy bidders for the stock. As a consequence the common opened up 1 per cent at 33%, and the preferred 3% at 77. The high prices brought out a great deal of it, and the preferred retired quickly to 75%, while the common, after a further slight improvement, barely held its own, and after the forenoon was over both sank back into comparative duliness with the remainder of the market. Outside of Erie, among the railway list, New England continued to be most prominent, and it sold off over 1½ per cent in the early trading, only to recover later in the others were quiet throughout, though Northwestern became active and strong at one time. The Industrials were the strong features of the afternoon, Sugar rising 1 per cent, while Distillers' railied from its late weakness and advanced 1 per cent in the forenoon, though not able to retain it later in the day, when the Cotton oil Stocks and Sugar again became prominent in the advance.

The buying was of a better character in

one the strong sugar rising 1 pe.

of the control o

ware and Hudson, 3,000; Eric, 103,650; Delaware and Hudson, 3,000; Eric, 103,650; Lake Shore, 3,100; Lonisville and Nashville, 4,420; Northwestern, 8,570; New Jersey Central, 3,655; New York Central, 3,400; Northern Pacific, preferred, 6,220; New England, 71,300; Reading, 34,700; Richmond and West Point; 8,700; St. Paul, 29,900; Western Union, 3,402. The trading in railway bonds was fair, and with Erie seconds and the Reading issues considerable animation was shown, though while exhibiting, as a rule, a rather heavy temper, no material changes of special note occurred in the list. The total transactions reached \$1,527,000, but the only movement to attract attention was in the New York and Northern seconds, which after selling to 60, retired to 57½, at which they closed with a less of 1 per cent. The market followed closely the temper of the share list, and the final dealings displayed a much better tone than during the afternoon.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for THE Disparch by Whitney & Stephenson, oldest Pittsburg members of the New York Stock Exchange, 57 Fourth avenue:

THE MONEY MARKET. No Change in the Situation - Stored-Up

Wealth in New York.

The local money market was quiet yester day as to demand and steady as to rates, which were maintained on the usual 6 per cent basis for about all classes of loans.

Bank clearings were \$2,790,974 99, and balances \$509,673 58. Big lines of deposits in some of the New York City banks are as follows: National York City banks are as follows: National City, \$18.025.400; American Exchange National, \$17.773.000; National Bank of Commerce, \$16.650,300; National Bank of the Republic, \$16,476,800; Bank of New York, \$14.370,000; Manhattan Company, \$13,056,000; Western National, \$12,012,200; Mercantile National, \$11,866,400, and Central National, \$11,117,000. This is a wonderful exhibit of stored-up wealth. At New York yesternay money on call was easy at 11,682 per cent, last loan 2, closed offered at 2. Prime mercantile paper, 465 per cent. Sterling exchange quiet but steady at \$4.65½ for 60-day bills and \$4.87% for demand.

Closing Rond Quotations.
