Indiscriminate Giving Makes Viennese Workmen Lazy.

BREAD IS BARTERED FOR BEER.

More About the Rioting Among the Unemployed at Danzig.

A QUEER COLONY OF RIF VAN WINKLES

VIENNA, March 8.—The indiscriminate distribution of free bread in this city is having the effect of making workmen lazy.

A dispatch from Leipzig states that the discontent among the large number of unemployed workmen in that city is spreading.

On Sunday last several hundred of the workmen attempted to hold meetings, at which some of the speakers denounced the Government and called upon the workmen to assert their manhood and force the authorities to do something to relieve their distress.

The Socialists continued their arguments whenever the occasion offered, in beer shops and other places where the unemployed congregated, and finally it was determined to attempt to hold a meeting today in the market place.

Several speeches had been made, when a large force of mounted police appeared and ordered the crowd to disperse.

A special correspondent, who is visiting the famine stricken portions of Russia, sends the following letter from Saratoff, descriptive of the German colonists on the Volga.

The German colonists on the Volga number about 300,000. Imagine a body of men taken out of the eighteenth century, carefully preserved and kept apart from the influences of modern progress.

The condition of the colonists is really worse than that of the Russian peasants in other districts, inasmuch as the former have no natural protector or guardian.

The colonists have a feeling that they are being left alone to die. No hand is stretched out to save them. Even the Government officials, weary enough in all consciences, have been meted out more grudgingly and in smaller quantities to them than to others.

AUSTRO-HUNGARY FOR GOLD.

Silver to Continue in Use but Not to Be a Currency Standard.

VIENNA, March 8.—Dr. E. Steinbach, Austrian Minister of Finance, in welcoming the members of the Commission on Currency Reform, said that, besides the question of the resumption of specie payments, the commission was to consider other important and difficult currency questions that have arisen in consequence of the far-reaching change in the ratio of value which had long existed between gold and silver.

The change had had a most sweeping effect upon the Austro-Hungarian ratio of values. Herr Bauer, director of the Vienna Banking Association, and Herr Benedikt, editor of the Neue Freie Presse, members of the Currency Reform Commission, spoke in favor of a gold standard with a temporary continuance of silver currency to the extent of 100,000,000 florins.

In Pesh-to-day the Hungarian commission of 21 currency experts met Finance Minister Wekerle and concurred in the adoption of a gold standard. While it was admitted that silver ought to be accorded an important place in the new system, there was a difference of opinion as to how far that metal should be employed, the amount of circulation suggested varying from 120,000,000 to 150,000,000 florins.

UNCLE SAM AFTER THE KONGO.

A Wild-Eyed Rumor Which is Not Believed in Belgium's Capital.

ANTWERP, March 8.—The Handelsblad says the United States Government recently made an offer to the King of the Belgians to purchase the Kongo Free State and to defray all the expenses incurred by Belgium in connection with that country; also to pay an indemnity to Belgium. The paper adds that the King rejected the American Government's proposal.

The Kongo river and Free State was constituted and defined by the general act of the International Congo conference of Berlin in 1885, and entered into treaties with all the great powers by which its status as a sovereign power was recognized.

FOSTER COMING HOME.

Before Embarking He Expresses Hope for a Bering Sea Settlement.

LONDON, March 8.—Secretary Foster left Southampton at 4:55 o'clock this afternoon. He will embark to-morrow morning for New York on the North German Lloyd steamer Spree, the same vessel on which he came to England. Mr. Foster was accompanied by ex-Surgeon General Hamilton and Mr. McClelland.

Before leaving he had headquarters during his short sojourn here, Secretary Foster said he had heard nothing direct concerning the Bering Sea negotiations. He hoped some modus vivendi would be found.

Breaking Up the Mala Vita Society.

ROME, March 8.—The police of Taranto have arrested 138 persons suspected of being members of the society known as the Mala Vita, the principal object of which is brigandage. It will be remembered that 70 persons were tried on the same charge in Bari last summer, when the court found all except 14 guilty and sentenced them to terms of imprisonment varying from six months to 15 years.

The German Copyright Treaty.

BERLIN, March 8.—The copyright convention between Germany and the United States passed its second reading in the Reichstag to-day.

A WEDDING PARTY DECEASED.

An Accident Leads to a Riot Between Montenegrins and Albanians.

GETTINGE, MONTENEGRO, March 8.—At Kolaschin, on the frontier of Albania, 40 Albanians were escorting a wedding procession met a number of Montenegrins. As the Montenegrins were passing the wedding party, several of the Albanians, who were armed with rifles, fired a feu de joie. Unfortunately one of the weapons had been loaded with a ball cartridge, and one of the Montenegrins was shot.

Though it was clearly apparent that the shooting was entirely accidental, the comrades of the wounded man were infuriated. They poured a volley into the wedding party, killing and wounding 19 of them. The dispatch does not state the fate of the bride and the groom. It is thought that further trouble will follow.
