WILL MAKE A BIG BID.

The East End Gyms Want a Championship Athletic Meeting.

A LETTER FROM MARK BALDWIN.

Manager Powers in the City and Secures the Release of Dan Murphy.

ANOTHER FORFEIT FOR SULLIVAN

Now that the East End Gyms have secured a representation on the Executive Board of the A. A. U. they mean to gain all the prominence possible for Pitts rg. Mr. Wells, who has recently been appointed on the committee, has been instructed to make an offer to have the A. A. U. championship meeting held in Pittsburg this year. This resolve has been prompted by a letter received from the General Secretary

The letter referred to asks the Gyms to make a bid for the meeting, and asks what inducements Pittsburg can offer. Referring to the matter yesterday, Mr. Wells said: "We hardly understand what is meant by inducements, but we are going to the Wash ington turners' meeting next week prepared to make a very big offer. Of course, if eash is meant we may not be in it, but I expect that our rules do not allow cash. We will guarantee as good prizes as any other city and as good a park. With anything like favorable weather we can guarantee a big crowd. At any rate we mean to bid as strong as possible for the spring meeting, if it is not to be held too soon. If we can't get the spring meeting we will try for the fall meeting."

the spring meeting we will try for the fall meeting."

Without doubt the A. A. U. would do well to patronize this city this year. There never was a stronger feeling in and about Pittsburg in favor of amateur athletics. Already there are two good clubs here members of the union, and before the year is ended the Wilkinsburg and the West End clubs may also be members. That will make four strong clubs in this vicinity, and surely that ought to be inducement enough for the A. A. U. to have a championship meeting here. Nothing would do more good to amateur sports in this vicinity than a championship meeting. The local public would then have a chance to see the best amateur talent in the world, and that talent could rely on Pittsburg putting up first-class prizes. If the spring meeting cannot be secured the Gyms should do their best to secure one of the later meetings. Pittsburg is likely to get one of them this year.

The local amateurs are well satisfied with the following new rule: "No prize shail be given by an individual, club, committee, association or other organization, or accepted

given by an indinidual, club, committee, asrociation or other organization, or accepted
by any athlete except suitably inscribed
wreathes, diplomas, banners, badges,
metals, timepieces, mantel ornaments or
articles of jewelry, silverware, toilet or
table service. Hereafter an athlete shall be
held to be a novice in each of 25 classes until
he shall have won a prize in a competition
open to the members of two or more clubs.
The winning of such a prize shall prevent
his future competition as a novice in that
class, although his entry may have been
made before he lost his standing as a
novice."

POWERS GETS MURPHY.

The New York Manager in Town and Does a Little Business.

Manager Powers, of the New York ball club, was in the city yesterday and obtained the release of Catcher Dan Murphy from Murphy by the local club was returned and Murphy is to be signed by the New York club at a salary of \$1,100, the same as he signed here for. Manager Powers stated that he needs Murphy for the coming spring practice games in the South.

During a conversation Manager Powers said: "Pittsburg ought to be all right. The best score card man in the world, Harry Stevens, is here and everybody will know there is a ball game when Harry is in town. He is a remarkable man. Regarding my own team there is not much to say. We have no chance for Richardson and I don't think he'll play this season. I have forwarded Rassett a contract which I think San South Research to the same say the season of the same say the warded Bassett a contract which I think he'll sign. There will not be any trouble between he and Back Ewing. I am now going to sign Basie. We have come to an understanding. Reddy Mack is engaged with us on the understanding that he can go elsewhere if he can better himself and if he cannot he is to play for us if we need him. Fil take him South with us, as I really believe he is a good player."

Mr. Powers went on to say that the misunderstanding between Messys. J. W. Spalding and President Day had been greatly exaggented. The manuger also had a talk with Pitcher King and was much satisfied with

Several dogs do the back somersanit act, and then follows a wonderful high jumping and leaping contest by specially trained dogs.

MARK'S RACY LETTER.

Baldwin Tells of Peter Maher's Defeat and Beckley's Big Hitting.

Ofe of Mark Baldwin's characteristic let ters was received at this office yesterday from Hot Springs. Before beginning to tell how-baseball matters are getting along at Hot Springs be tells of his visit to New Orleans, where he saw the Maher-Fitzsin

leans, where he saw the Maher-Fitzsimmons a battle. Mark says:

"Poor Maher didn't know, you know. He hadn't been in New Orleans long. Some people may think I'm quoting from a comic song, but whether I am or not what I say is true. Poor Peter Maher! He looked a sorrier sight than Pete Browning after falling to make a hit in a dozen games. The first round was all right, but after that the affair was awfully tame simply because Maher couldn't hit Fitzsimmons at all. The little fight we saw near Pittsburg one Saturday afternoon was worth a dozen such events as the Maher and Fitzsimmons contest. This is as true as the fact of Big Jake Beckly being a hitter this season.

"Let me tell you that Beckley is strictly in it this season as far as preliminary practice is concerned. He has knocked so many balls out of sight here during two weeks that ball playing has been suspended until a new consignment arrives. And he is playing first base in first-class style. And our old pal Hanlon is in great shape. Ned is running the bases and in the outfield like a deer. There is also a great improvement in his these in the provement in his the particulation.

Sullivan to fight any man in the world (colored men barred) for the championship and the largest purse offered by any athletic club, except the Cali-fornia Club, and an outside bet of \$10,000 a

Mr. Wakely said that whoever covered his \$2,500 first would be given the preference by Sullivan. Sullivan would prefer to fight Mitchell. His second choice is Slavin and his third Corbett. The latter has announced that he will be on hand on Tuesday next to put up \$1,500 in addition to the \$1,000 already up, and if so Wakely says a fight will surely result.

There is an intense feeling growing and they were removed to the jail to-night for safe keeping.

The Once Celebrated Beauty to End Her Days in a Madhouse.

HER STRANGE ACTIONS IN COURT.

Constantly Talking About Spirits and Her

Husband, the Judge. THE SHARON LITIGANT OUT OF THE WAY

SAN FRANCISCO, March 10.-Mrs. Sarah Althea Sharon Terry was to-day adjudged insane and was committed to the State asylum at Stockton. The proceedings were conducted before Judge Levye who held court to-day in a larger room, but even these enlarged quarters were crowded with spectators, including many prominent citizens. Mrs. Terry, however, did not seem surprised or nervous at the sight of the large number of the people, but when the

court opened she began weeping.

Mammy Pleasant, Mrs. Terry's colored Mammy Pleasant, Mrs. Terry's colored nurse, was the first witness examined by the commissioners. She related the various instances recently occurring to indicate Mrs. Terry was insane. "She is constantly talking about spirits and about Judge Terry." said Mammy Pleasant, "and I am afraid she may harm herself or others."

Mrs. Terry here rose and asked permission to question the witness, which the court finally granted. She then put a long series of interrogrations to the witness which covered the doings from the time when her mental trouble first become apparent a few weeks ago, to the time she finally left Mammy Pleasant's house. These or similar questions were put to other witnesses. Mrs. Terry sometimes displayed considerable cleaness and humor, and at other times wandering in her questioning or breaking into hysterical laughter. Mrs. Terry was also placed upon the stand, but she talked incoherently, and after another witness had testified to instances where Mrs. Terry had displayed irrational symptoms, the court ostensibly adjourned until 2 o'clock.

In the meantime, however, the order committing her to the Stockton Asylum was signed by Judge Levy. Mrs. Terry was taken away in a closed carriage. Those who had been present in the courtroon thronged the sidewalk to watch her departure. It is stated that Mr. Terry's insanity is due to general decility brought on by nervous tension of the past few years. Some iriends believe that by quiet asylum treatment she may be restored to health in a few months, but others express a fear that she will never recover her mind.

had arranged an elopement with Mrs. Hetherington.

In an interview to-night ex-Senator Kutght raises the point whether Licutenant Hetherington can be lawfully tried in the Consular Court in Japan, whether he can be tried by other than a court lawing a grand and petit jury. Mr. Kutght queries whether as by our treaty with Japan judicial control and jurisdiction over American citizens in Japan is reserved to this Government, the latter can proceed against Hetherington in any different manner than if the crime had been committed within the territorial limits of the United States. As Congress has made no provision for the trial of such a case as this one in the ordinary way of our judicial procedure, Mr. Kuight is inclined to the opinion that the Lieutenant cannot be tried at all and must go free. He says this could be immediately tested by habeus corpus proceedings in the Supreme Court of the United States, and believes that in such a proceeding Hetherington would be discharged.
