THE CLERKS KEPT VERY BUSY.

Reduction s in the Fourteenth Ward Announced Yesterday.

BUT ONE WARD STILL TO BE REVISED

The Board of Assessors yesterday completed the revision of the valuations placed on property in the Fourteenth ward. Numerous cuts were made, and in some sections of the ward they were heavy, though it would require too much space to show the difference resulting from the revision. The revision of the Twenty-second ward will require several days to complete.

The Assessor's clerks yesterday morning turned over to the city treasurer the tax books for the first ten wards, and the Twelfth, Fifteenth, Seventeenth, Thirtythird, Thirty-fourth and Thirty-sixth wards. By hard work yesterday and late last night they will have the books of the Eleventh, Twenty-eighth, Twenty-ninth, Thirty-first and Thirty-fifth wards ready to hand over this morning. A few taxpayers paid their taxes for 1892 yesterday, but the majority of the callers made requests for transcripts of their tax accounts. It will take nearly the entire time of a large force of clerks for more than a week to get out the transcripts for which orders are coming in.

for which orders are coming in.

In the Assessor's revision of the Fourteenth ward, property on Fifth avenue, from
Jumanville street to Moultrie street, right
side, is reduced to \$200 per front foot. From

Stobo street to Zimmerman's line, reduced
to \$100. From Brady to Maurice street, right
side, increased 15 per cent over last year's
assessment. From Solo street to a 15-foot
alley, left side, increase 30 per cent over last
year's figures. D. L. Neary and D. R. Lean,
on Fifth avenue, near Wyandotte street, get
a reduction of \$20 per foot on the Assessor's
figures.

Very General Reductions.

WILL OPPOSE THE CANDIDATES. The National League of Musicians Makes

Dire Threat.

NEW YORK, March 15 .- The Nationa League of Musicians opened their convention to-day with President Owen Miller, of St. Louis, in the chair. There were 50 delegates present, representing nearly all the 'Locals" connected with the League. In his report the president referred to questions which would be discussed during the convention, dwelling particularly upon the competition of the Army and Navy Bands against civilians, permitted and condoned

Mr. Miller advised that instead of sending committees to Congress with petitions the 10,000 members of the National League of Musicians should enter protest in the shape of ballots, deposited against the ruling party which has heretofore refused to recognize their rights. A resolution was passed protesting against the granting of leave of absence to the Bandmaster and members of the Marine Band, who are about to start on a tour of the United States for the purpose of giving concerts, and they further resolved to telegraph it to the Sec-retary of the Navy and President Harrison. The convention intimated that if its request was not complied with, the union would oppose Governmental candidates at the

DID NOT SELL POOLS.

The Mercantile Telegraph Company Claim

Their Business Is Lawful. CHICAGO, March 15.-Judge Shepherd will listen Saturday to an argument on a writ of habeas corpus, which will probably settle the case against the people arrested in the raid upon the poolroom, which, according to the police, was being conducted here under the guise of a telegraph company by Frank Shaw, of St. Paul. The writ was sworn out to-day in behalf of Telegraph Operator Walter C. Lloyd, who is ostensibly Secretary of the "Mercantile Telegraph

Company. Lloyd was arrested in the raid, charged with being the keeper of a poolroom, and held to stand trial. This morning Lloyd's bondsman surrendered him, and then swore out the writ of habeas corpus. The petition states that the "Mercantile Telegraph Company" is not engaged in selling pools; that it is simply a telegraph company and pub-lic carrier of telegrams, though, incident-ally, the company may transmit money which is used for the purpose of buying pools. The company is said to have branches in St. Paul and Cincinnati.

CONVICTS PLOT FOR LIBERTY.

Citizens' Clothes Smuggled Into Sing Sh SING SING, N. Y., March 15 .- What

believed to have been a plot for a wholesale jail delivery has been nipped in the bud at Sing Sing prison. The plot was revealed by a trusted convict, who said that a number of citizens' clothes had been smuggled into the citizens' clothes had been smuggled into the prison, and that the convicts employed in the stone yard were preparing to make a dash for liberty. A close watch was kept, but nothing suspicious was noticed until Friday, when a majority of the men in the stone yard refused to go to work. They were subdued without much excitement. On Saturday the men again refused to go to work, but were again subdued. This time, however, the keepers had a hard struggle to bring the men to terms.

however, the keepers had a hard struggle to bring the men to terms.

The acts of insubordination resulted in the stricter gnard being kept, and the entire prison was searched for citizens' clothes. One suit was found to-day, but whether the men have other suits concealed has not yet been determined. The keepers have been ordered to keep a strict watch and report the least act of insubordination to the warden. The trouble has been confined entirely to the convicts employed in the stone yard, and it is thought that none of the other prisoners are concerned in the affair. The work in the stone yard is done by a contractor.

DEALS OF THE SUGAR TRUST.

It Is Rumored That It Has Bough Two Quaker City Refineries.

PHILADELPHIA, March 15.-The pres ence in this city to-day of representatives of the American Sugar Refineries, commonly known as the "Sugar Trust," led to the circulation of a report that the negotiations for the purchase of the Franklin Sugar Refinery and the refinery operated by E. C. Knight & Co. had been concluded, and that a formal announcement to that effect would be made within a few days. It was said by promi-nent capitalists, close to the Sugar Trust magnates, that the papers had been signed, and that the trust would take possession of

the refineries within a short time.
At the office of the Franklin and Knight Refineries no information could be obtained, but the prevalent belief among well-in-formed people was that the deal was practi-cally concluded. A representative of the trust spent some time to-day at the office of E. C. Knight & Co., and it is reported that the details of the purchase of the refinery were discussed. Treasurer Searles, of the Sugar Trust, was also in the city this after-noon. He declined to talk about the re-ports regarding the Franklin and Knight
