Receipts of Cattle at Liberty Large, and Quality Below Par.

MARKETS SLOW AT LOWER PRICES.

No Heavy Prime Beeves Offered, and Not Many Light Primes.

SHEEP STEADY AND SWINE WEAKER

OFFICE OF THE DISPATCH, PITISBURG, WEDNISDAY, March 16. cattle on sale at the East Liberty yards this age reports from different States-Michigan Ohio, Indiana, Missouri and Kansas. Com week against 50 loads last week. Quality of offerings this week was not up to late average, and this, with the increased receipts, had a depressing influence on markets. No heavy prime beeves were on sale, and the number of light primes was small as compared with the total. Buyers were not as numerous as usual, and the few on hand made the best of the opportunity to bear markets. Good butcher beeves, being rather scarce, suffered least from the bear movement, but there was a decline all along the line from prices of a week ago. Some common grades were 20c per cwt. below last week's prices, and the best offered would have brought 10c per

the best offered would have brought 10c per cwt. more a week ago than was obtained this week. There were no sales reported above \$4 40 in carload lots, while primes sold above \$5 00 in Chicago.

Fresh cows were in liberal supply, and choice grades held up well to prices of last week. The range was \$25 00 to \$40 00 per head. Calves were in light supply and firm at prices of a week ago. at prices of a week ago.

Good butcher beeves and shippers have been selling at better prices here for some weeks than at Buffalo.

weeks than at Buffalo.

There have been about 30 loads of sheep and lambs on sale this week at Liberty, against 25 loads last week. Markets were strong for all good grades. Top price of sheep was \$6 25 and lambs \$7 25. Hogs were in light supply Monday, and markets were firm with \$5 35 as top. This morning the top year \$5.25. the top was \$5 25.

A Live Stock Firm's Review. Following is report of the week's trans-actions by Holmes, Briggs & Co.:

Following is report of the week's transactions by Holmes, Briggs & Co.:

We report 75 cars of cattle on sale Monday: 49 cars were from Chicago and the balance from Ohio, Indiana and West Virginia. The quality was only fair. The attendance of buyers was about the same as last week. There were no export orders and no inquiry for heavy shippers, which made such grades a drug on the market at full 25c per cwt. lower than last week. Light handy butchering grades were in better demand at 100,15c decline. There was an improved demand for good stockers and young steers suitable for grazing purposes, these being scarce and not equal to demand. The demand for good fresh cows is improving and supply light. We quote: Good, 1,400 to 1,500, \$4 500 to 1,100, \$2 5503 60; common and rough mixed. 900 to 1,200, \$2 5503 60; built and cows, \$2 0003 36; stockers, 600 to 900, \$2 250 3 25; fresh cows. \$20 00045 00 per head: springers, \$20 00055 00 per head.

Receipts of hogs were light on Monday and demand good at 5c to 10c advance over the close last week. Since Monday receipts have continued light and trade slow at a shade lower prices, on account of lower prices West. We quote select tops at \$5 250 10005 15; common Yorkers and pigs, \$4 500 4 85.

Receipts of sheep and lambs on Monday

\$5 10@5 15; common Yorkers and pigs, \$4 50@4 53.

Receipts of sheep and lambs on Monday were 15 loads, which was about the same as the corresponding day last week, and prices about the same. Since Monday receipts have continued light and prices about stendy to shade lower. We quote prime to extra wethers, \$6 00@6 59; good 96 to 100, \$5 75@6 00; tair, \$5 00@5 50; good to extra lambs, \$7 00@7 25; lair to good, \$6 50@6 55; common, \$5 00@5 50; veal calves, prime, \$6 50@6 75; fair lots, \$6 00@6 50.

WHEAT BRACING UP.

The Market Evidently Oversold-Bad Crop Reports From the Winter Grain Belts-Oats a Little Better-Provisions Irreg

CHICAGO-There was a fair demand for wheat to-day, but the offerings were less urgent, and a much better feeling pervaded the market. This was partly due to a nat-ural reaction from the extreme depression which has ruled for some days. The chief There have been upward of 75 carloads of factor is the receipt of numerous crop daming as they did from various sections, operators seemed to place some reliance in them and bought quite freely. The prominent local operators took on a fair quantity claimed to be "long" wheat, and shorts also covered. The market, no doubt, became considerably oversold the last few

shorts also covered. The market, no doubt, became considerably oversold the last few days, and it required something of this nature to start operators to buying. A letter from an official source said the Michigan crop looked well up to the recent freeze, but is now black in many sections and must be dead in clay soil. Reports from other States say the late freeze did more or less damage. Bradstreef's reported a decrease of 1,063,000 bushels cast and a decrease of 491,000 bushels west of the Rocky Mountains.

Early cables were weak, but did not have any apparent effect on prices. The market advanced ½c and sold heavily on the bulge. Max openod at 894,085%, advanced before moon with slight reactions to 86%c; then there was quite a rush to sell, early buyers taking profits and short sellers putting out liberal lines, and there was a gradual decline to 53%c, assisted by weaker cables. Near the close, however, there were better advices from abroad, and short sellers turning in to take their profits, there was a raily to 89%c, at which the market closed firm.

Corn was quiet but firm during the forencon, influenced almost entirely by sympathy with the firmness in wheat and other speculative products. Trade was slow. There seemed to be a general disposition to take their profits, there was a raily to 89%c, and lost the advance. May opened ½c higher, at 39%c, advanced to 39%c, reacted to 39%c, and closed steady at 39%c.

Oats sympathized with corn, and closed at ½c advance.

Hog products started firm with a good demand from shorts and not much offered. Later on there was a reaction, when grains turned weak. Pork closed easy at a decline of 2c, though lard and ribs show an advance of a like amount.

DRIFT OF MONEY AND SPECULATION

People who think that Pittsburg is asleep are badly mistaken. They should cut loose from their narrow environments and find out what is going on. All of the great arteries are pulsating with business, while the central part of the city is crowded to inconvenience. In a trip of several miles yesterday these facts were so manifest as to compel attention. Everybody seemed to have something to do, and went about doing it.

This is certainly an encouraging condition of affairs, and all the more since this is about the dullest season of the year, the winter trade being over and the spring movement held in abeyance by bad weather. The city is in a good position to profit by the revival which is sure to come.

A Deal in Central Property. The L. H. Voight property, No. 813 Libthrough the Black & Baird agency for \$47,-000, Mr. G. J. Young being the purchaser. It consists of a lot 26.6x110 and a brick

three-story business house.

The same firm leased Nos. 17 and 19 Wood street, the former to a New York and the latter to a Franklin, Pa., firm, and No. 17 Diamond street to a Pittsburg company. Agents report the outside demand for busi-

It has been stated that T. A. & R. G. Gillespie will each erect a nine-story business house on Penn avenue this season. Keech, Wade and Ewart will also build on the Wade and Ewart will also build on the same avenue. It was learned yesterday that plans for another nine-story warehouse in the same quarter as the above have been prepared and will be put into execution as soon as preliminaries can be arranged. The site has been secured, but, as the deed has not been passed, a report of the transaction is withheld for the present.

A prominent oil man is figuring on plans for an elegant stone mansion out Fifth avenue, where he has about closed a deal for upward of 200 feet frontage.

All the Stock Taken. The balance of the trust stock of the Sylacauga Land and Improvement Company, 500 shares, has been taken by a syndicate of East Enders. The deal was closed yesterday evening. This company some time ago purchased the material of the Penn Cotton purchased the material of the Penn Cotton Mill for removal to the new town of Syla-cauga, where a large building is being erected for its reception. In addition to developing the town named, the company is largely interested in timber and mineral

lands.

This is a Pittsburg enterprise, and from the high business standing of its promoters, success seems well nigh assured. The cotton mill will be one of the largest and best equipped in the South.

Business News and Gossip. Swissvale is getting in shape tor a boom

Three nine and two eight-story buildings Three nine and two eight-story buildings will be erected on Penn avenue this year. This is certain. There may be more.

Property on Penn avenue beyond the Forks of the Road is largely owned in blocks and by wealthy estates. This accounts for the backward condition of that quarter of the city.

SOME IMPROVEMENT.

Signs That General Trade Is Beginning Reach Out.

A slight increase in the call for accommo dations was noted at several of the city banks yesterday. This is good news as showing that trade is expanding. Depositing was liberal and checking fair, both items being better than a year ago. There was no variation in the discount rate, which was steady at 6 per cent on the ordinary classes of loans. Bank clearings were \$2,-353,768 34 and balances \$527,178 46.

classes of loans. Bank clearings were \$2,-353,768 34 and balances \$527,178 46.

In reviewing last week's New York bank statement, the Chicago Tribunesays: "It indicates an increasing demand for money, which must mean renewed life in industrial affairs. The reserve is still large enough, so there need be no fear of anything like stringency. The absorption of an unduly large surplus reserve is to be welcomed as an evidence of improving general business rather than depreciated, because a few stock speculators will be prevented from making loans at unreasonably low rates."

At the half yearly meeting of the Bank of England to-day, it is expected that a proposal will be made to transfer the unrealized assets of the Barings to a new trust, which will raise funds to repay £6,000,000 advanced by the Bank of England for the liquidation. It is hoped that such a proposal will be carried, as its adoption would greatly help to restore business to its normal condition.

SPECULATORS WAITING

TO SEE WHAT WILL BE DONE AGAINST THE NEW COMBINES.

The Bulk of the Opinion Is That the Reading Is Solld-Slow Movements in Southern Coal Stocks-Northwestern Bought on Its Increased Earnings.

New York, March 16 .- Operators, including even the room traders, were to-day awaiting developments, and especially as regards the Sugar combination and the action of the Pennsylvania authorities in the matter of the Coal combination. The street is inclined to play the probability of the bill in the New Jersey Legislature seagainst the possibility that the Pennsylvania may be able to find some flaw in the agreement, and Reading displayed a strong temper throughout the session, while reali zutions on the late advance and the execuzations on the late advance and the execution of stop orders gave Sugar a weak aspect. There was a spurt in prices, caused by
the execution of some buying orders in
Atchison for speculative account, but the
general list during the greater part of the
day remained without feature of any kind.
The new developments in both Richmond
and West Point and Tennessee Coal were
productive of no further movements in
either of the stocks; but a demonstration
against the bonds of the first named was followed by an immediate recovery, and in-

either of the stocks; but a demonstration against the bonds of the first named was followed by an immediate recovery, and in Tennessee Coal a steady dribbling of stocks to market to realize on the late advance kept the stock drooping throughout most of the session. There was also some buying of Northwestern, which was sufficient to advance its quotations I per cent, supposed to be based on the earnings of the company; but the inactive stocks were unusually barren of interest, and the limited animation shown in Southern and East Tennessee seconds resulted in no movement in their prices. Reading was advanced in the forencom, but its activity dwindled to ordinary proportions after that, and no further change of note occurred in the stock.

The opening of the market was made on generally lower quotations, but the strength of Reading railied the entire market, and a small fractional gain became the rule, despite the weakness in Sugar. The movement in Atchison toward 12 o'clock further advanced the list, but here all motion in the market ceased, the subsequent trading being done within the narrowest limits, and it was not until just at the close, when the closing out of a lew long accounts sagged the list off a shade, that there was any activity. The market closed, however, dull and steady to firm, generally at small fractional advances for the day. There was no material change in any of the active shares, but the majority of the list is slightly higher than last evening.

than last evening.

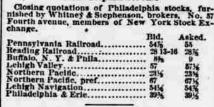

The total sales of stocks to-day were 205,-63 shares, including Atchison, 22 235; Eric, 9,760; Northwestern, 9,063; Reading, 74,500; Richmond and West Point, 10,320; St. Paul, Richmond and West Point, 10,320; St. Paul, 6,000; Western Union, 4,300.
Railroad bonds were still quiet, with Richmond and West Point 5s and the Reading incomes monopolizing all the animation in the market. The first named bonds furnished to-day \$517,000, and the Reading thirds \$111,000 out of a total of \$1,538,000. The Richmond and West Points were strong, however, and closed higher, but other changes were generally insignificant.

The Drygoods Market.

New York, March 16.-Ensiness in dre goods was fair, but the demand tends to more quiet conditions for the moment. Agents are delivering many goods on or Agents are delivering many goods on orders, and a large number of articles, fancy and staple, continue sold ahead of the looms. The market was unchanged, and stocks are moderate to scarce. There is some trading in less important lines and styles, but prices rule steady to firm. The jobbing trade was scarcely as active as last week, but a good business is expected for some time to come.

A Death-Bearing Change. A Death-Bearing Change.

A slight change of temperature, especially to a delicate person, may bear death with it. Against the effect of variations of temperature, of damp or exposure in rigorous, stormy weather, Hostetter's Stomach Bitters is a reliable means of protection. It checks the progress of la grippe with marvelous success. For malaria, rheumatism, dyspepsia and biliousness it is highly efficacious.

Universal Praise Means Merit.

The success of Chamberlain's Cough Remedy in effecting a speedy cure of la grippe, colds, croup and whooping cough has brought it into great demand. Messrs. Pontius & Son, of Cameron, O., say that it has gained a reputation second to none in that vicinity. James M. Queen, of Johnston, W. Va., says it is the best he ever used. B. F. Jones, druggist, Winons, Miss., says "Chamberlain's Cough Remedy is perfectly reliable. I have always warranted it and it never failed to give the most perfect satis-faction." Of dyspeptics lack the necessary power to digest solid foods, and as stimulants merely excite and weaken the stomach, therefore the immense value of the genuine Johann Hoff's Malt Extract as a nutritious tonic cannot be overestimated. It not only acts as a tonic, but as nutrient as well, and the most stubborn case of dyspepsia cannot withstand its wonderful power. Write to Eisner & Mendelson Co., 6 Barclay St., New York, for a descriptive pamphlet. Look out for imitations. They are dangerous. The genuine must have the signature of "Johann Hoff" on the neck of every bottle-Th
