• Those big bowlers from the Linden Club certainly astonished the natives last evening as they rolled down pins in a way that has never been seen in and about Pittsburg before.

The bowling tourney for the Hostetter Cup was resumed at the Bellefield alleys and there was a good attendance. The home rollers had an idea they were "in it," but at the end of the first two games the Lindens had rolled a total of above 2,000 points. That was extraordinary and at the end of

That was extraordinary and at the end of the third game they had won easily. All the Linden representatives rolled well and that's what made their total so big. Last night's victory gives Linden two straight contests, and if they manage to win the next contest, which is on their own alleys, they will win the cup. Following were the totals of the three games last even-ion. ing:

## The Big Fellow Quite Content With the Olympic's Proposition.

Cnicago, March 21 .- "It suits me," said Champion John L. Sullivan this afternoon at the Auditorium. "Of course, I'll sign it as a guarantee of good faith."

Mr. Sullivan referred to the agreement proposed by the Olympic Club, of New Orleans, regulating the little affair between him and Mr. Corbett, which the club will witness September 7. The Olympic de-mands the right of naming the referee, providing timekcepers of its own and asking that a \$2,500 deposit be placed in its hands by

I have not received any letter yet, but I sup-pose they have sent on the articles to New York and I'll get 'em in a day or two. Still this man (the champion did not honor Cor-bet by saying his name), this man could not get out of it even at that by feigning sick-ness or saying that he had a bad lung or a bid ankle. I don't think much of him. He never got a real bind punch in his life, ex-cept maybe one from Jackson when they sparred out West. He told me himself then that nother punch like that would kill him. The fellow is looking for one of those dude jobs of teaching sparring in the New York Athletic Club at \$1,700 a year. That's his size."

GENERAL SPORTING NEWS OF THE DAY An Amateur Boxer Tells an Interesting Story About John L.

NEW YORK, March 21.-[Special.]-There is a popular fallacy in amatour athletic circles that the renowned world's champion of the roped arena, John L. Sullivan, was once defeated, and then, for a wonder, by an amateur.

Dr. Ramon Guiteras, a physician, of No. 107 West Fifty-fourth street, is the hero who is alleged to have downed the greatest fist propeller of the last decade. The doctor was visited to-day by a reporter, to whom he told the circumstances of the encounter

which led to the story. "I will tell you," said he, "just how the story got out. Ten years ago I was a mem-ber of the famous Crib Club in Boston. I ber of the famous Crib Club in Boston. I used to spar a great deal there. At that time I ranked as the club's champion, and pretty soon I had defeated all the amateurs in the vicinity, and in fact, many others from other cluies. That did not satisfy my friends, so they began to call in profes-sionals, and finally I was pitted against Sullivan. There were very few spectators present. During our three rounds I was bested. My friends told me that I made a good showing, but I tell you Sullivan is the hardest hitter, with the possible exception of the Irish giant, Ned O'Baldwin, that ever lived. He doesn't appear to be a particu-larly heavy hitter, but, Lord, those taps of his tell! No; I did not thrash him by a large majority. Sp. Totals, 12 599 10 620 599 620 577 524 630

his fell! No; I did not thrash him by a large majority. "Why I have had men stand up in my presence and tell others I had downed the champion. That's all they know about it. Once I hoxed Joe Goss and managed to do him nicely. Another occasion I hoxed Jake Kilrain off his pins. Sullivan's blows are 75 per cent harder than Kilrain's, and you know Kilrain put up rather agood fight against him. But Sullivan, I never stood any chance with, and I repeat that I do not believe that there ever lived but one man that could down him, and that man was Ned O'Baldwin."

## PLAYERS NOT SIGNED.

A Few of Them Not Wanted by the Western League.

Sp. Totals. 7 438 11 601 36 514 11 541 7 556 COLUMBUS, March 21-[Special.]-President Williams to day sent out Bulletin No. 3 to the clubs in the Western League. In it he 2,650 gives the information that Arthur Sunday, the outfielder, has been signed. He also gives the following list of men who have not been assigned places: E. McDonald, P. Lyons, Harry O'Day, Joseph Ardner and W. De-laney, second basemen; Andrew Knox, first laney, second basemen; Andrew Knox, first baseman; S. R. Camp, third baseman; John Burns, shortstop; John Gans and James Dalv, outfielders; Ed O'Neill, L. Johnson, J. M. Keenan and W. R. Bishop, pitchars. President Williams asks the vacious clubs to notity him at once whether they want any of these men so that he can release all that are left. The services of Sherbeck, shortstop, have been given to Omaha. Mil-waukee made a requisition for a catcher, in-stead of Kreig, whom they will play in the outfield, releasing Henry, and President Williams informed them they can have Nagle or Bowman. Indianapolis and Kansas City want catchers.

# THEY AGREE WITH RAYMOND.

The Local Magnates and the Ball Player Come to Terms.

Harry Raymond will likely report here at once. He and the local baseball magnates agreed to terms yesterday, and Manage Buckenberger thinks that the player will be here to sign a contract right away. The manager is satisfied that Raymond will be manager is satisfied that Raymond will be a useful man for the team and so do some of the local players who have seen him play. President Temple is not at all alarmed re-garding the threat of Seattle about Camp. In no way has the Pittaburg club done wrong or acted unfairly in the matter. All obligations of the National League to minor Ica use had been discarded when Camp was signed, and in fact there is no longer any any National Laegue existing, such as promised protection to Seattle. The Seattle buseball authorities must be baseball Rip Van Winkles to think that things are now as they were last year. as they were last year.

Continued From First Page the place is a necessity. What kind of a place is it?" It was explained that it was a hotel, and

the Judge said "All right," and called another. Jacob Becker, of 26 Fourth avenue, was called, and the Court simply asked, "You

had a license last year?" "Yes, sir." "Any remonstrance against you?"

"No, sir." "All right." Old Saloon Men Slip Through Easy.

Matthew Cavanaugh, of 27 and 28 Water street, had license last year, and there was no remonstrance against him. His only plea was one of necessity, and he said he ran a hotel.

Patrick J. Call, 422 Liberty avenue, was called and the Court casually remarked, "There is a remonstrance against you; have you anything to say?" "I did not know there was any."

"I did not know there was any." "Who represents the remonstrance in this case?" asked Judge Collier, but no one answered and the Judge coller, but no one answered and the Judge called for the next. Thomas Delaney, of Second avenue and Market street, next put his face up to the bar, and was confronted by two remon-strances. The Judges consulted. The charge was gambling, but Mr. Delaney denied it. A call was made for the remonstrater, but no one appeared and he dismissed the case. "Perhaps you had better call 'John Thomas,' the remonstrant," was an after thought of the Court, but still no one an-swered, and the case of J. K. Durr, of Fourth avenue and Market street, was called. Charles F. McKenna asked to have the Coll case reopened. It was granted, the Coll case reopened. It was granted, and a good character and necessity shown.

"How many times have you been licensed, Mr. Durr?" asked Judge Collier. "Only missed one year since the Brooks

law. William M. Price appeared for remon-strance and submitted the court record in Durr's divorce case, in which his wife secured a divorce and Durr's character was

secured a divorce and Durr's character was painted a lovely carbon black. Mr. McKenna answered: "This is the second or third time this case has been brought up and this time it was for black-mail, as Mr. Durr was told that unless he put up \$2,500 this remonstrance would be filed against him."

Mrs. Ganett, one of the principals in the divorce case was brought in, but she was not called on to testify.

"'It is charged here you are interested in the house of one named Porter?" said the

Judge. "I am not, Your Honor."

"I am not, Your Honor." "The house seems to be all right," re-marked the Judge, and then Roger O'Mara was called as a character witness. He said he had had police supervision of Mr. Durr's place and he had a good house and he has had a good character. W. M. Price asked whether O'Mara knew of Durr having women at the house, but he said he did not.

George Frey, of No. 1 Union street, was a new man, and testimony was given that the place was an old tavern stand and a necessity. He said he fed an average of 15 and 25 people a day and had 12 rooms. Owald Hickman, 207 Market street, was refused in 1890 and 1891 and there was a re-

Attorney Hunter, however, said this was a general act that was wiped ont by the Brooks law.
