

TWO TOUGH CHARGES,

Perjury and Bribery, Preferred Against a District Attorney

BY HIS WORST POLITICAL ENEMY.

A Bloody Shirt Found Near a Village in Washington County.

NEWSY NOTES FROM NEARBY TOWNS

SPECIAL TELEGRAMS TO THE DISPATCH.

GREENSBURG, March 21.—District Attorney McCurdy, in open court today, charged ex-County Detective Alcorn with torturing from one, Dr. Schneider, of Kennington, \$50 in settlement of a case of alleged liquor selling.

Tonight Mr. Alcorn went before Magistrate Keenan and swore to warrants for his arrest of District Attorney McCurdy, alleging that during his canvass last fall McCurdy paid money to certain individuals for the corruption of votes, and that he was falsely when the oath of office was administered.

Mr. Alcorn is a Democrat and made a vigorous battle against the candidacy of McCurdy last fall. Alcorn was formerly County Detective, but upon Mr. McCurdy taking hold of the office, he did away with his position, and since then there has been a constant fight between the two gentlemen.

SOME BUCKEYE LEGISLATION.

Bi-Partisan Boards, Free School Books and Regulation of Racing.

COLUMBUS, March 21.—(Special.)—Bi-Partisan Boards of Trustees for the Insane Asylum and the Institution for Feeble-Minded Youth is the object of a bill introduced today. It legislates out of existence the boards of Trustees of these asylums and requires the Governor within 30 days to appoint boards from the two leading parties. The Superintendents will serve five years. Representative Griffin, of Lucas, brought the free school book legislation to focus by the introduction of a bill providing that each Board of Education shall furnish to the board of trustees of each school district a copy of the books to be used in the schools. The bill is authorized to make such levy as shall be necessary to furnish the books to the trustees of the schools, and to attend the public schools.

Senator Clegg introduced a bill which seeks to prevent such measures as the one in which the famous Polk Budget figured at Latonia last summer. It is to be in force six months in the county jail, or from one to three years in the penitentiary. A bill to race tracks in the State.

A WRECK AT FAIRMOUNT.

One Man Killed and Several Injured by the Telescoping of Cars.

WHEELING, March 21.—A wreck occurred on the Monongahela River Railroad this afternoon near Fairmount, about 70 miles west of Wheeling, in which one man was killed and four others badly injured. A local freight train with a passenger car attached collided with a coal train, and the freight car in front of the passenger coach crashed into it, both cars being demolished and burned. A dozen passengers were in the car, and all escaped but five.

The following is the list of killed and injured: W. S. Strahler, of Fairmount, burned to death; he was sitting near the car stove, and was pinned between it and the seat; Frank D. Watson, son of Otis Watson, owner of Gaston mines, badly hurt; E. L. Bowie, of Fairmount, seriously hurt; John Wright, Monongah, will recover; Brakenham Gump, badly cut about the head, may die.

MURDERER KILLS ON TRIAL.

Only One Juror is Selected Out of 26 That Have Been Called.

BUTLER, March 21.—(Special.)—The trial of James E. Mills for the murder of Peter S. Dugan began this afternoon. The prisoner was dressed in a new navy blue suit and standing collar and showed no emotion. He has four of the most able lawyers at the bar to defend him.

The defense wanted the case continued, alleging that the regular term of March sessions closed last Saturday, and as this case had not been commenced the court could not try it at this time. Their motion was overruled and also their plea for a change of venue. The work was continued in this court, and when court adjourned at 5 o'clock but one juror had been secured out of the 26 called. He will be exhausted before a jury is obtained.

Beaver County Licenses.

ROCKWELL, Pa., March 21.—(Special.)—All but one of the applications for licenses against which remonstrances had been filed were disposed of by Judge Wickham this afternoon. That one is an application for hotel license made by Henry Freiberger, of Somerset, who is charged with refusing to admit travelers at a late hour. His case will hold over until the 1st Monday in May. The following were granted: George Bell, Beaver Falls; David Belvidere, I. M. Davidson, proprietor, Wheeling; Henry Hilbert, Philadelphia; two wholesale grocers, Fairport; and Henry Levy. This gives a total of ten wholesale houses and 15 hotels in Beaver county, an increase of four in the first instance and two in the second.

Johnstown Still on the Anxious Seat.

JOHNSTOWN, March 21.—(Special.)—License Court has been in session all day, but not a single license has been granted. The Judge is hearing arguments and filing away the petitions and remonstrances, and no decision will be given until all have been heard. This is contrary to the practice in this court, and is helping to confirm the belief that Judge Barker intends limiting the number of licenses granted. The petitions have been invoked by the pastors of all the churches of the city that Judge Barker may be guided by the right spirit in performing his duty.

A Problem for Workingmen.

If the savings banks are paying you but 4 per cent, and you see a chance to invest your savings in safe property that is sure to advance to double its value in a year, is it not business to make the investment? The new town of Alliquippa, on the Pittsburgh and Lake Erie Railroad, offers such an opportunity. It starts with a big steel works, a paper mill, a brick plant, a plate mill, with others asking for locations. It is the first purchasers who make the most money in such investments. An investigation of plans and information obtainable at the office of the Alliquippa Steel Company, room 30, Westinghouse building, will convince you Alliquippa is a safe and sure investment.
