THE LOCAL AMATEUR CONTESTS.

Definite Steps to Be Taken This Week ! Organize a Cricket League.

GENERAL SPORTING NEWS OF THE DAY

Once more victory has perched itself on the banner of the Pittsburg football team, and now they are more prominent than ever. Yesterday afternoon, in the presence of about 1,000 people, at Recreation Park, they defeated the New Castle team in one of the best and most exciting association contests seen here for a long time. The rounds, though somewhat soft, were in tolerably good condition.

The rivalry between the two teams was intense and the New Castle players, although visitors, had a host of friends prescat from near-by towns. From start to finish the feeling was intense. The contest had to be for the championship of Western Pennsylvania, a bet of \$200 a side and 12 gold medals. The New Castle team, however, only felt inclined to put up \$100, and after much arguing and talking the Pittsburgers generously agreed to not enforce the articles of agreement and they played

Both Claimed the Title.

The New Castle team, having won the pennant in the football league recently, naturally claimed the title of champions, and the Pittsburgs have challenged all teams, and they as a consequence also claimed the title. But vesterday's game definitely settles the matter, as the local players defeated the visitors fairly on their merits. F. F. Kelly, of Chicago, refereed the match, and certainly he acted ably and mpartially. Neither side had any reason grumble about the referee. There was onsiderable betting on the result, the odds eing a point or so in favor of the home

The contest was a hard fought one and although the New Castle men were beaten the played a great game. They are active and stong, but they lack the team work of the Pittsburg team and are not be the played by the stone of t such good kickers by any means. In the first half the home eleven completely out-played the Novacastrians, but they made matters closer in the second half and the final score was three to one in layor of the

In the first half it looked for some time as if neither side was going to score, but in about a half hour Waldron "dribbled" the ball close to goal and ben made a fine shot between the posts and under the bar. Of course cheers tollowed. In a short time Waldron kicked another goal and the cheers were deafening. Matthews had a good chance to kick a goal in the early part of the half, but missed badly. He subsequently played a fine game.

It Became Very Exciting.

n the second half and toward the close of In the second half and toward the close of it the visitors scored somewhat of a lucky goal. Cotteral, the left back, who played on a omirable game all through, kicked the hall in front of the home team's goal, and, a ill-luck would have it, the ball bounded off Joe Attewell's back and through goal. Then there was yelling and shouting for New Castle. They were playing in good form now, but they were overmatched. few minutes before time was up the visitors fouled the ball in front of their own goal, and the home team had a free kick in front of goal. This is a new rule, and surprised the New Castle men. Powell easily kicked goal, and the contest ended 3 to 1 in tavor

The backs and half backs of the visitors really played well, but young Joe Attewell played in first-class style; in tact, he never issed a kick during the entire came. His brother again demonstrated that he can keep goal as good as anybody. He pre-vented the New Castle men from scoring several times, and is one of the most useful on the local ream.

They All Did Well.

And Waldron, Potts, the new man, Buick and O'Brien gave an excellent exhibition of football playing. McEwan also did well. In short, the whole team per-formed ably and showed their superiority over the visiting team. It is to be hope that the defeat of the pennant winners will be accepted with good grace, as they were airly treated in all respects. The two teams lined up as follows: Position. Goal. New Castle. Ellis. McLean, R. Cotteral, L. A. White, R. Pittsburg.

MORE ATHLETIC CONTESTS.

The W. U. P. Athletes Will Have a Night of It This Week,

The first athletic exhibition of the gymnasium class of the Western University will be given under the nuspices of the Athletic Association of the University at the new Furner Hall, Forbes street (near the Court house), on next Wednesday evening. The class, numbering 30 or more, has been vigorously training for some time under the guidance of Prof. Scherer, and their different feats on the horizontal bar and parallel ent teats on the horizontal bar and parallel bars are worthy of older athletes.

The lovers of wrestling and boxing will no doubt be given a treat in the boxing contest between J. R. Bannerot and A. R. Hamilton. Hamilton has for some time held the "Boxing Championship" of the University and Rannerot will make a supreme effort to wrest the laurels from the mitherto undefeated champion. Both strip in the neighborhood of 150 pounds and the contest will undoubtedly be a bitter one. The wrestling match promises to be exciting also, as John McGrew and Albert A. Marshall, considered by good judges two of the best considered by good judges two of the best mateur wrestlers in Allegheny county, are evenly matched that the result of the conest will remain in doubt until the final decision of the referce. The W. U. P. Mandolin and Gnitar club and the W. U. P. Orchestra ave kindly consented to assist. The dealed programme is as follows:

The Western League CHICAGO, March 26. - [Special.] - Charley Morton was in the city yesterday on his way to Minneapolis, where he will manage the prospects of the Western League. "That millennium plan of signing and alloting players was a life saver," he said. "But for

League this year. I am certain that it would League this year. I am certain that it would have been impossible to put clubs into the field on the old plan. Most of the cities had lost big money and were not anxious to go into baseball again. Now that there has been no scramble for players and with a salary limit of \$2,000 a month, the prospect is bright, and I expect that every club in the circuit will make money. I think the system inaugurated by the Western League will be generally adopted by the minor leagues next season."

He Has Mado Twelve Matches to Shoot Against Western Experts.

Chicago, March 26.—[Specid.]—Champion E.D. Fulford expects to show the Westerners a point of two about pigeon popping soon. He came to Chicago to shear, but was shorn. Since his humiliating defeat by Charles Budd, of Des Moines, he has made and canceles several matches. He was to have shot a 100-bird race for \$125 a side with W. P. Mussey to-day, but allowed his backers' money to go by forfeit. Fulford has by no means given up the idea that he can outshoot the Chicago experts, and during the week has arranged no less than 12 matches, all of which are scheduled for fixtures between October 15 and November 15. He will try his luck with Budd again, shooting him three races of 100 birds each, for fixtures being the same. He has also arranged individual races at 100 birds each, for purses ranging from \$150 to \$250 each, with R. B. Wadsworth, A. J. Atwater, George Kleinman, Ed Bingham, George Hofmann, W. P. Mussey and R. O. Feikes, of Chicago: J. E. Hagzerty and J. L. Winston, of St. Louis, and F. S. Parmelee, of Omnha. In a few days Fulford will forward a bond of \$1,000 to Forest and Sream, which will represent the forfeits to be posted on the 12 matches. The bond, which will be roplaced by a cash deposit, will stipulate the forfeits to be pittle by his opnonents. After his match with Elliott at Kansas City next month for the American Field champion cup, Fulford will, until next fall, do no professional shooting, He is in the employ of the Bell Telephone Company, and is engaged on the long-distance line between Chicago and Cieveland. He will leave for the East to-morrow, and mext Wednesday will be married at Utica, N. Y., to Miss Mattlida Waterman, Mr. and Mrs. Fulford will make Chicago their home.

## THE LOUISVILLE RULES.

Drinking, Carousing and Gambling Are Strictly Forbidden by Dr. Stucky. LOUISVILLE, March 26.—President Stucky, of the local club, has drafted the following rules for the players here: First—Each player must keep his uniform

clean and neat and in good repair at his own expense, and must see that the plates in his shoes are securely fastened, etc.
Second-Players in uniform must not appear on the grounds earlier than 20 minutes previous to the hour advertised for com-

mencing the game.

Third—When on visiting grounds players must enter the field together, or as near so as possible.
Fourth—In all games players must exert

Fourth—In all games players must exert themselves.

Fifth—When at home players must report at the grounds in uniform every morning at 10:15 and afternoon at 3 o'clock.

Sixth—Drinking, carousing, cards, dice or gambling in any form are forbidden.

Seventh—When at home or on trips the players must not be out of their hotels or boarding places later than 11 o'clock P. M. without permission of the manager.

Eighth—Players must not give bats or any club property away to visiting players.

Ninth—After games at home and on trips players must return promptly to their hotels for supper. or supper. Teath—No player shall receive his salary

or any part thereof oftener than the 1st and 15th of each month, and no money shall be paid any player when away from Louisrille.

Eleventh—Players having business with the club must do so through their manager, and all orders issued by him must be obeyed.

THE CLUB'S MORAL CODE.

Manager Buckenberger Hands Out His Rules for the Players' Guidance. Manager Buckenberger, of the local baseball club, has given each player a copy of the following club rules. They are very plain and definite and he means to have

plain and seffnite and he means to have them enforced. They fully emplain them-selves without any comment. First—When at home report at grounds every day at 10 A. M. and 2 P. M. except on Sunday. Second—When abroad you will be called at 8 A. M. You are expected to arise not later than that time. later than that time.
Third—When abroad report to your cap-

game, unless you are to do duty on the gate.

Fourth—When doing duty on the gate you are expected to look after your club's interest, for leaving the gate without permission a heavy fine will be assessed.

Fifth—Retire not later than 11:30.

Retire not later than 11:30. Fifth—Retire not later than 11:30.

Sixth—Be a gentleman at all times: look as neat as possible, and do not let everybody in the hotel dining room know that you are a balf player; it is hardly a place for talking baseball.

Seventh—Drinking of intoxicating liquors will not be tolerated at any time.

Eighth—Practical jokes will not be allowed—this kind of play leads to discord.

Ninth—Be careful as to who you associate with: avoid disreputable characters.

Tenth—If you have any grievance go to the manager. For failure to comply with these rules or obeying instructions a fine of from \$5 to \$25 will be assessed for the first offense.

A New Challenge to Runners,

E. C. McClelland, the sprinter, announces to THE DISPATCH his willingness to run with Priddy and the Chicago man, each con-testant to put up \$250. The winner may take \$75, and the second \$25 of the stakes, or the winner may take all, or any satisfactory winner may take all, or any satisfactory terms may be agreed upon. Mr. McClelland will be backed to the extent of from \$230 to \$1,000 in case of an early acceptance. The money may be put in the hands of the sporting editor of The Disparch, or with any other trustworthy man. Replies should be addressed to James Warburton, Hatfield street, between Forty-seventh and Forty-eighth streets, Lawrenceville, City.

at this office last evening and left the follow-ing challenge: "I have come from Rochester ing challenge: "I have come from Rochester to here believing that I could match one of my light bull terriers, but no Pittsburger will match me. To accommodate the Pittsburgers I will match as 35-pound dog to fight Sullivan, under regular rules, for \$500 a side. I will make a match any day this week. My 22-pound dog will fight any dog his weight in the world."

CHICAGO, March 26 .- President Noel, of the Olympic Club, telegraphed to-day that the articles will be amended to suit Mr. Sulliarticles with be amended to suit air. Sunivan's particular taste. Sullívan objected to the article allowing the referee to decide the contest, if in his opinion it became too brutal saying he wanted to be sure of a finish fight. This paragraph has, therefore, been eliminated from the articles.

Western Players Released. COLUMBUS, March 26 .- [Special.]-The Western League to-day released from contract the following players: James Sullivan, L.C.

The Pittsburg dogs have not been on the ground long enough to become accitimated, and are not used to running on the cactus, which is nearly everywhere on the prairie in this section, and are at a decided disadvantage, but those who witnessed their work at a preliminary chase on the prairie, near Wildeat, are satisfied that if they do not run into cactus, and the air does not affect them seriously, they will make it very interesting for the Montana dogs. Coursing men and sportsmen from all over the country are arriving every day, and special trains will be run from Denver on Monday to Hardin to witness the match.

## THE CRICKET LEAGUE.

Definite Steps Taken to Organize It This

for the backers, Clarence, the horse belong-ing to Blundell Maple, the furniture storekeeper, who started a hot favorite, winning with ease. Maple had advised all his friends to back the horse. He even went farther than that, for when delivering a Tory address to his constituents he wound up by advising them to back the horse, so that it is scarcely surprising that the animal started at the short odds of 6 to 1 against him.

The grand national steeplechase, however, The grand national steeplechase, however, proved as much a surprise as the Lincoln nandicap proved a confirmation of the prophets. The favorite, Cloister, was a bad second, and Father O'Flynn, an outsider, starting 20 to 1 against him, came in 20 lengths shead. He was ridden by Captain Owen, who, having secured the blue ribbon of steeplechasing, now proposes to give up amateur jockeyship.

# ENGLEDRUM AND YOUNG. An Interesting 50-Mile Race To-Morro

Between These Runners. CRICAGO, March 26 .- John Young and J. J. Engledrum will run a match of 50 miles for \$250 a side in Battery D next Monday. The stakes have been deposited in the Herald of-fice and the contest will unquestionably be on its merits. The match is invested with interest because of the inequalities of Young, who dares to meet a professional like Engeldram, who has made a formidable record. Young is an Indian, who has attended the Highland Park Military Academy and has

Highland Park Military Academy and has recently been acting as interpreter for the redskins quartered at Fort Sheridan. He is of a religious turn of mind and plays the organ during church services at the fort, but is said to be possessed of rare speed.

Young has run but one unimportant race in public. His friends think well enough of his chances to offer to wager \$5,000 on his success next Monday, while Engeldrum, who is well up in all points concerning the sawdust path, thinks himself a certain winner over any amateur. The race will be started at 4 o'clock in order to finish before 11 at night.

Mac Signed Bim. A story at the expense of Sullivan, one of New York's experimental pitchers, is now going the rounds. It appears that Dan Mur-phy was behind the bat, and McGunnigle, phy was behind the bat, and McGunnigle, who was manager, sat on the bench. Murphy signalled for a low in ball, and crouched down to receive it. Sullivan sent in a high, straight balt that went to the grand stand, and a man on second came home. Murphy walked down to the box and remarked:
"Say, I didn't signal for a high ball. How did you come to make such a mistake?"
"I didn't make any mistake," replied Sullivan. "McGunnigle signed for a high ball."
"Well, why didn't you pitch to McGunnigle?" retorted the wrathy catcher.

A Good Shoot Yesterday.

We don't want to have a four-club league as we think it will not pay, and as we cannot get a club other than East Liverpool we may after all have to fall back on that."

The progress in medical science in the last decade has made medical science in the last decade has made this not only possible, but absolutely certain. There was a time when the disease was imperfectly understood, when its far-reaching and terribly disastrous effects on stomach, lungs and heart, and other less vital organs were attributed to other causes. But since such men as the late lamented Morrell Mackenzie, the celebrated English nose and throat specialist, and Moldenhauer, Lennox Browne, Jarvis, Lefferts, Bosworth and others equally eminent in the treatment of

Browne, Jarvis, Lefferts, Bosworth and others equally eminent in the treatment of catarrh, among whom it should not be considered invidious to mention our own Dra. Copeland, Hall and Byers, have devoted their lives, their emergies, their fortunes to the study of these troubles, their causes and effects, and the best means of accomplishing a cure, the difficulties that beset the pathway of the old-time physicians have largely passed away.

Catarrh now, under the treatment of the specialist, presents no insurmountable difficulties. Many cases are obstinate and require time and careful, thorough treatment, both by local applications and constitutional remedies, but it is safe to assert positively that every case of nasal catarrh can be cured under proper conditions. The most eminent writers on the subject agree unanimously on this point, and the only members of the profession who choosenge contrary views are a few of the old family physicians in general practice, who have been so absorbed in their general work that they have Weak in This City.

What is an hour of argument to a requickened flow of healthy blood?
The thing to do for physicians who would establish their superiority is to point to the results of their practice rather than to claim possibilities for their methods.
This is what Drs. Copeland, Hall and Byers aim to do, and what, in fact, they really do, since not a week goes by that they do not publish one or more statements made by grateful patients, who have been restored, under their treatment, to health, strength and a happy life.

Here is a case in point: Mr. George J. Here is a case in point: Mr. George J. Thompson, of Leechburg, presents a statement this week so powerful in its nature as to convince the most skeptical. He says: "Four years ago I lost my health. I had suffered from a number of colds, and these left me with a very bad cough. This grew worse, when, what with pains in my chest and body, weakness in my lungs, sore throat and conghing and spitting, I concluded I had consumption.

George J. Thompson, Lecchburg, Armstron,

"I went to a physician, who examined me,

And treated me for that disease. Other
doctors that I went to treated me for asthma
and bronctritis. I was treated by the best

"I lost flesh and grew weaker. I was out of work for II weeks, and the doctors gave me up. I had been earning \$10 a day in my regular job, but had to give this up and take a lighter position. I did not work half of the time. The cough grew heavier, and I became more thin and feeble. I

"On the lith of February, persuaded by friends and the statements in the newspaners, I called on Drs. Copeland, Hall and Byers and began a course of treatment.

"I gained health and strength every day. My cough began to disappear and my weight to increase. I worked the full month without missing a day or losing an hour. I am growing stronger and heartier every day. Am now a 'heater's helper' in the fron works, and feel able to do any kind of heavy work. I am glad to recommend Drs. Copeland, Hall and Byers. They have literally saved my life, and I cannot speak too highly of them. They have succeeded where no other physicians could."

Catarrh is a terrible disease in itself, rot

malignantly downward, paving the way for sore or ulcerated throat, diphtheria, loss of voice, etc., penetrating into the bronchial tubes (bronchitis and asthma), and finally consumption ends the victim's sufferings.

Our method of treatment is peculiarly adapted to this class of aliments of the entire mucus tract of the body, as it is both local and internal, and each year's experience and successful treatment only confirm one and successful treatment only confirm our claim that this is the only true and rational mode of treatment. In this we are borne out by hundreds—nay, thousands, of testimonials from grateful patients.

FEARED CONSUMPTION.

Mr. Garvey, After Two Years of Suffering From Catarrhal Drain, Hendaches, Roaring, Deafness, Cough, Chest Pains, Dyspepsia, Is Entirely Restored by Drs. Copeland, Hall and Byers.

"The rapidity with which the catarrhal process extended to ears, throat, bronchia and stomach," said Mr. Jerry Garvey, "was in my case not only remarkable, but extremely alarming." Mr. Garvey is a steel worker in the large plant of Spang, Chalfant & Co., and resides at No. 9 Fifth street, sharpsburg. His description of his trouble and its cure is extremely interesting. "In the morning," he continued, "I arose, weary and fatigued," overcome with lassitude, and disinclined to work.
"I seemed always to have a cold, nose stopped up, and constant formation of mucus, dropping into my throat and causing continual hawking and spitting to expel it. I suffered continually from a dull, heavy headache over the eyes, and often had a

feeling of tightness or pressure across the bridge of the nose; also vertigo or dizziness, until I would nearly fall.

"The insidious disease soon attacked the custachian tubes, and extended to my ears, causing

Roaring and Buzzing Noises

and duliness of hearing in my ears. The
mucus escaped to my stomach, poisoning
and disarranging that organ so that I could
not digest the plainest food without pain,
bloating and flatulence.

"But these were not the most alarming
symptoms of my disease, for italso extended
to my bronchisi tubes, and I was greatly
alarmed lest

I Had Consumption.

"I had a constant cough, raising large
quantities of phlegm, weakening and exhausting me greatly and unfitting me for
manual labor. The pains in my chest were
very severe, and they cut through to my
back and shoulders very sharply.

"The published evidence of the skill of
Drs. Copeland, Hall and Byers was so convincing that I determined to go to them. I
hesitated considerably before starting, because I had

that I was badly discouraged, but I was
agreeably disappointed. Their treatment of
my case was intelligent and scientific
from the start, and I was satisfied from the
thoroughness of the examination they gave
me that they understood their business. I
can only say that I am vastly improved in
every respect. The dropping of mucus is
practically stopped; my hendaches have almost entirely ceased; my atomach is now in
excellent condition, taking all proper food
without pain or inconvenience.

"My chest pains are gone and my cough is
entirely well. The

him.

Drs. Copeland, Hall and Byers hereby
deny all knowledge of the man or his article, and denounce him as an impostor. They
never heard of him until tuese reports
reached them. They have no traveling
agents or representatives. They do no business in that manner. Theirs is an office
practice exclusively, except where the
mails are used. Furthermore, they sell no
patent medicines, remedies or articles. They
are practicing physicians only.

The man who astempts to use their wellearned, distinctive reputation in any manner whatever, will be prosecuted to the ful
extent of the law, and they will be grateful
to their out-of-town patients for further information of this "fakir," if he continues to
use them in indorsement of his article.

Treated by Mail. MR. D. F. BARNES, New Castle, Pa., writes: "I have had catarrh ever since 1861. I commenced Drs. Copeland, Hail and Byers' home treatment January 5. On February 5 I weighed seven pounds heavier. I think if you can help me so much in one menth you can certainly cure me, and if a case of so long standing as mine can be cured, I do not see why anybody cannot be."

Mr. C. P. FULTON, Greenville, Tex, writes: "I suffered from catarrh of the head, throat and stomach for Il years. Dr. Copeland's mail treatment relieved me after all else fatted. I feel better and stronger today than I have in years."

MR. JAMES GILL, Vandalia, Ill., says; "Dr. Copeland and associates cured me of chronic catarrh that was gradually estime."

MR. JAMES GILL. Vandalia, III., says:

"Dr. Copeland and associates cured me of chronic catarrh that was gradually eating my life away. I am strong and hearty to-day, although 83 years of age. I take great pleasure in recommending them to my friends."

MRS. ELIZA INGRAM, Hartwell, O., writes: "I am still improving in fiesh and strength. I am surprised to see that I have improved so much in such a short space of time. I have doctored for nine years with different doctors and none of them did me any good, and some of them said I would never be able to do my own housework, and I had almost given up all hopes myself."

MR. D. I. McVAY, Franklin, Fra., writes: "I have used Drs. Copeland, Hall and Byers' treatment for two months and am a great deal better, and am satisfied you will cure me. I am fully satisfied you treatment is the right kind for chronic catarrh, and can freely recommend its use to anyone suffering with that dreadful disease."

MRS. KATE S. WALKER, Waco, Texas, writes: "I suffered constantly from catarrn of the head threat and stomech. My husse MRS. KATE S. WALKER, Waco, Texas, writes: "I suffered constantly from catarra of the head, throat and stomach. My lungs were also affected. My constitution was broked down. I was very weak and easily exhausted—could not do my work. I began treatment by mail with Dr. Copeiand and associates. To day I am a different woman. Strong and well, I do all my work without fatiance."
