THEY ARE ALL HERE.

Hanlon, Baldwin, Beckley and Mack Arrive Home All Right.

TERMS ARE MADE WITH WOODCOCK.

Gebhardt Pays a Big Price for a Horse at the Withers Sale.

O'CONNOR ISSUES A BIG CHALLENGE

Ed Hanlon, Jake Beckley and Mark Baldwin got home from Hot Springs last evening looking a little weary as a result of their long ride. But they were in tip top condition, and to-day they will likely turn out as bright as new dollars. All three were delighted with their sojourn at the Springs, and during a conversation Hanlon said:

"I care not what anybody says, Hot Springs is the place to go and get into condition. There is everything there that a man in training requires, and at this time of year there is plenty of ball playing. The number of ball players there makes it enjoyable for one another, and everybody works hard every day. I had not been there long before I hurt my ankle and I was unable to take part in the games. But I am all right now and I am in good trim. We have had a good time."

Pleased With the Prospects.

Mr. Hanlon went on to say that the Cleveland and Chicago teams are tolerably good teams and will both get much better with practice. He was also well pleased with the outlook of the local club, and thinks that we will be winners. Baldwin looked very well and said that a few days longer at the Springs would have done his arm considerable good. Beckley never looked better in his life, and if he plays today those who see him will indorse the statement.

Connie Mack is also on hand and he too looks much better for his Florida trip. He will meet the officials of the club to-day and talk business. He is quite willing to sign, but he does not want to suffer as big a reduction as the management desire. He wants $3,000, and President Temple is not disposed to go that high. A compromise may be effected to-day and Mack will be seen in to-day's game at Exposition Park.

Made Terms With Woodcock.

Pitcher Woodcock also had a pleasant conference with the officials of the club. He pointed out that his only reason for not wanting to report for duty until June was that he wanted to attend college until that time. After he had stated his reasons for his demand President Temple granted him leave of absence until June 29, when the local team play at Cleveland. Woodcock is certainly a well built and intelligent young man. He gives promise of being a good pitcher. There will be five pitchers in the team without him and if they are in any kind of form woodcock can easily be spared.

To-day's game will commence at 3:15 if it does not rain. Galvin will pitch for the Regulars and Camp will play in the field. The "old sport" is certainly in fine fettle and his arm yesterday was as powerful as it ever was.

Pleased the Officials.

Yesterday morning President Temple and Vice President Kerr were on the grounds and saw the players at practice. Every player showed up very well, and Corkhill gave a good exhibition of his splendid fielding. He is considerably lighter than when here last fall. Swartwood, too, appeared to be in good form. Considerable attention was paid to the pitchers. Camp displayed remarkable speed. He can use his long arm to great advantage in the way of getting speed on the ball, but he did not try any curves worthy of notice. Elmer Smith pleased the little band of spectators greatly. His arm is apparently all right, and Manager Buckenberger was well pleased with Smith's efforts. Earle, Raymond and Ehret also did some work. The last named is a little on the big side, but he will be all right before the championship season opens. He is a powerful man. Altogether, the club officials were very well satisfied with the way in which the players showed up. The manner in which Charley Farrell moved round was another source of satisfaction.

THE BRADDOCKS WON'T JOIN.

They Decline to Become a Member of the County League.

Secretary Frank Miller, of the County League, attended a meeting of the Braddock club relative to the latter's coming into the County League. The members of the club discussed the matter pro and con, and finally by a vote of 6 to 4 decided not to join the League. The manager was in favor of joining. The team have secured their uniforms and have also secured good inclosed grounds.

There will be a meeting of the County League this evening at the Hotel Schlosser, when the applications of the Climax and Hill Top teams will be discussed. Both those teams want to join the League but Secretary Miller stated last evening, that he could not tell which of the two teams would be admitted.

A Team at Brookville.

BROOKVILLE, March 31.—[*Special.*]—The Brookville baseball team will be in the field the coming season, composed of the following players: Alex Whitehill and T. M. Shartzel, pitchers; John K. Scribner and George G. Gourley, catchers; W. W. Henderson, short stop; R. Mays, first base; D. L. Taylor, second base; M. C. Whitehill, third base; S. M. Hunter, left field; H. H. Darr, center field; George G. Gourley, right field and catcher. If Pitcher Whitehill stays with the team they will have one of the strongest teams in this part of the State, as he is a hard and sure hitter, and to his pitching is due a large share of the success of the club last year. They hope to have Manager Russell this season, and he will arrange the games.

A Six-Club League.

BOSTON, March 31.—[*Special.*]—It now looks as if the New England League would be composed of six clubs, for it is the general opinion that it is better to have six strong clubs than eight, with two of them weak. Great interest has been manifested in Manchester, Haverhill, Portland, Lewiston, Pawtucket and Woonsocket. Reports from other places will be read at to-night's meeting at the Tremont House. Messrs. Lowell and Greenleaf, who have given a great deal of time to the formation of the League, feel very much encouraged with the results of their efforts, and say that the League will not only be a "go," but will be run under more favorable auspices than ever.

O'Connor's Big Challenge.

NEW YORK, March 31.—[*Special.*]—Wm. O'Connor, of Toronto, the single-scull champion oarsman of America, has issued a challenge to row the winner of the Sullivan and Stansbury race, either in England or America, for $5,000 and the Police Gazette championship challenge cup. O'Connor agrees to row either Sullivan, McLean or Stansbury three miles, with a turn or straightaway, on any suitable course in America that may be agreed upon, or over the Thames championship course in England. O'Connor has deposited $500 with Richard K. Fox to prove he means business.

CINCINNATI, March 31.—The Latonia Jockey Club has addressed a request to the other members of the Turf Congress that the rule

fee for a license be set aside for the season of 1892 and until a better system than the present can be adopted. The Western rule does not provide in terms for a test of honesty and competency, but only for a fee, and has long been unsatisfactory to owners, jockeys, trainers and to many of the clubs. Inasmuch as there are ample funds in the treasury there does not seem to be much doubt that Latonia's request will be granted.

More Ring Brutality.

WILKESBARRE, PA., March 31.—Thomas Crawford, formerly of Philadelphia, and Mart Collins, of Plymouth, entered a 24-foot ring here to-night in Jester's Athletic Rooms, to fight with four ounce gloves to a finish, *Police Gazette* rules governing. The former weighed 130 pounds, the latter 145. The purse was $220, the winner to take all. The attendance was large. Six rounds were fought, and in all of them the slugging on both sides was terrific. In the seventh Collins began to wrestle, and threw Crawford heavily to the floor, stunning him. A foul was claimed, which was allowed by the referees, and Crawford was awarded the fight. Both men were removed from the ring in a groggy condition.

The London Chess Tourney.

LONDON, March 31.—The fourth round of the chess masters' tournament was played to-day, when Gunsburg was pitted against Bird and Blackburne against Mason. The first game resulted after 42 moves in favor of Bird, while Blackburne won the second game. The openings were center counter gambit and King's gambit. The number of moves in the second game was 50. The score up to date is as follows: Won—Bird, 1; Blackburne, 2; Gunsburg, 1½; Lasker, 2½; Mason, 1. Jordan Refuses McClelland's Offer.

CHICAGO, March 31.—[*Special.*]—In reference to E. C. McClelland's request that he be allowed to join in the Priddy-Jordan three-mile race at Pittsburg, in May, Jordan said to-night that he would refuse to entertain the proposition. Should he defeat Priddy, Jordan says he will be willing to run an independent race with McClelland. He feels that to run against two Eastern professionals is too great an undertaking for an amateur and a man of unknown ability like himself.

Cleveland Again Gets There.

HOT SPRINGS, March 31.—Cleveland defeated Chicago in a very pretty 11 inning game this afternoon. It was hotly contested throughout and was characterized by very fine ball playing on both sides. NEWSY NOTES FROM NEARBY TOWNS

[SPECIAL TELEGRAM TO THE DISPATCH.]

COLUMBUS, March 31.—These House today passed a bill amending the law so as to require all the railroads of the State to sell 1,000-mile books at the rate of 2 cents per mile. The author said that the bill has been discussed before the Committee on Railroads, and has been made satisfactory to the representatives of railroads. In his opinion, it does not in the slightest degree interfere with the passage of the bill making 2 cents per mile the legal fare in Ohio. An amendment was adopted, providing that the books shall be good for any five persons presenting the same. An amendment exempting roads under 25 miles in length from the provisions the bill was also adopted.

Still the Cincinnati $6,000,000 water works bill hangs fire in midair, subject to all changes in the political atmosphere of the Ohio Senate, which has become pregnant with factional odor. The enemies of the bill are afraid to call up the motion to reconsider, and its friends are quite as fearful of the result. Both parties desire to gain advantage by delay, and have consented to postpone the consideration of the motion to reconsider the vote by which the bill passed till next Wednesday. In the meantime the wire-pulling will continue, and both parties will nerve themselves for the final struggle.

JUDGE MAYNARD'S TRIAL.

Testimony of Bar Association Investigators — How He Violated Professional Ethics—What His Offense Consisted Of.

ALBANY, N. Y., March 31.—The Joint Judiciary Committee resumed the hearing in the investigation of Judge Maynard, of the Court of Appeals this afternoon. John Caldwalder, a member of the New York City Bar Association and one of the Committee of Nine which signed the report asking the Legislature to investigate the charges against Judge Maynard, was the first witness. He gave his views as to the details of the Dutchess county election returns case.

"What injury did Judge Maynard do in taking back the returns?" asked Mr. Ridgeway.

"He sat by and did not protest when the Mylod returns were canvassed. Judge Maynard's offense consisted in his determination not to allow the returns to reach the State Board of Canvassers. Judge Maynard had found records in a public office and had no right to inquire how they got there. The fact that he was a Republican did not influence my judgment, and there was no political or other feeling against Judge Maynard in the committee."

Mr. Albert Stickney, another of the Bar Association's Committee of Nine which drew the report against Judge Maynard, was next called. At the time of his appointment he had decided that apparently Judge Maynard was guilty of grand larceny. Mr. Stickney said that he did not fully agree that Judge Maynard had violated the United States law and also the State law, as alleged in the association's report. The witness said that if Judge Maynard had, as he said in his letter, made an arrangement not to receive the returns he would still be the more guilty, for in this case he would have entered into a conspiracy to defeat the law.

Mr. Stickney said the fact that Judge Maynard had been a public officer aggravated his offense. At the association meeting, where the report was adopted, there were about 500 members present, and perhaps ten adverse voters. He violated professional ethics in advising State officers to do anything but their plain duty.

ROBBED A TRAIN IN EIGHT MINUTES.

The Remarkable Work of Bandits Just Out of Birmingham, Ala.

BIRMINGHAM, ALA., March 31.—The Georgia Pacific passenger train, which left here for Atlanta at 11:30 last night, was held up at Weem's station, ten miles out of Birmingham. A young white man boarded the engine, and, at the point of a Winchester, compelled the engineer to bring the train to a standstill. Another masked man boarded the mail car, broke down the door, shot once to bring the agent to terms, and went through letters, taking all the registered packages. He then coolly left. Outside the rest of the gang were firing off their guns to keep the passengers quiet, and not a soul made a movement except the rear flagman, who was shot at for his trouble. The entire job consumed eight minutes.

The scene was at Stinking creek, which is crossed by a high trestle. The men who robbed the train got upon the trestle and brought the train up with the rear coach on the trestle. The gang outside were under the embankment. The extent of the loss is not known. Dogs were procured and a chase began. The packages which had been torn open were found 300 yards off, near the place where the men had been camping. The robbers got 85 packages of registered mail and threw away one package which had no money in it. The dogs tracked the thieves to a suburb of this city, where the scent was lost. The robbers are believed to be local characters.

A NEW CRUISER LAUNCHED.

The Warship Raleigh Weds the Waters at the Norfolk Navy Yard.

PORTSMOUTH NAVY YARD, VA., March 31.—Constructor Francis T. Bowles is the recipient to-day of hundreds of congratulations over the complete success of the launching of the cruiser Raleigh this morning at the Norfolk Navy Yard. Fully 40,000 people witnessed the interesting event. The navy yard, the shores of the river and dozens of steamers, tugs and yachts were covered with spectators. At 11:36 o'clock the signal was given, and Mrs. Alfred W. Haywood, of Raleigh, N. C., daughter of Governor Holt, of that State, standing between the Secretary of the Navy and Ensign Hilby P. Jones, broke the bottle of wine on the bow of the cruiser and she began to move off as easily as if under her own propeller.

It was just three-fourths of a minute from the time the bottle was broken that the Raleigh was stopped by her anchors in midstream. The whole affair was a marvel of success. The shouts of the multitude and the salutes were deafening for several minutes.

BEATEN BY A PORTER.

Conductor Morrison, of the Panhandle, in a Very Serious Condition.

W. T. Morrison, a Pullman conductor of train No. 5, Panhandle route, going west, which left Pittsburg at 9:45 o'clock last night, was assaulted and seriously injured at North Mansfield by John W. Smith, a colored porter of the same train. The reason for the assault has not yet been given. Smith, after the attack, pulled the air cord and stopped the train, and then jumped from it.

Word was immediately sent to Union station and Special Officer David Hanna sent a description of the porter to station No. 8, Thirty-sixth ward. Shortly after midnight Smith was arrested on the Point bridge by Officer Conrad Sill and placed behind the bars at the Thirty-sixth ward station. Orders were given to the police to refuse any effort to release him on bail, this step being thought necessary until the true condition of Morrison is known.
