PITTSBURG DISPATCH SATURDAY THE APRIL 2 1892

IRON TRADE REVIEW.

The Advance in Bessemer and Steel Billets Is Maintained.

SOUTHERN PIG COMING UP HERE Notices Soon to Be Posted Announcing Wage

Reductions at Furnaces.

THE SITUATION AT ALL THE CENTERS

OFFICE OF THE DISPATCH, PITTSBURG, FRIDAY, April L

RAW IRON AND STEEL-The improved feeling among leading dealers announced in our last continues, prices being steadily maintained, and for certain descriptions higher figures have been demanded, several round lots of Bessemer being disposed of at \$14 75. As a whole the market looks decidedly healthy and consumers are beginning to realize that delays may be dangerous. As usual there is considerable difference of opinions. While considerable iron has been taken, many consumers look upon the present low prices as rock bottom, and are therefore buying sufficient to cover requirements for several monts. This anticipation of future wants has not been general, and there are quite a number of consumers of pig iron that continue to purchase only

what they require for immediate wants. Stocks are very heavy, but there has been a continued reduction in the number of furnnces in blast, and there are indications of a more general blowing out or banking during the coming month.

Southern Pig Coming North

It is reported that considerable Southern pig iron is being sent to various ports of this State, freights being more favorable to the Southern producers than formerly. The competition of the iron of this section is likely to be more seriously felt in the near future, as the Southern trunk lines have made a reduction of from 15 cents to 40 cents per ton in freight rates that went into effect on March 28. A well-informed dealer says: "The iron

business here reached a point at which it is feit that as matters cannot be worse they must of necessity soon begin to get better, and this is undoubtedly the actual fact. Be that as it may, we have failed to hear of a single instance in which a seller has thought it worth while to entertain any proposition for business which would involve any concessions in prices, but numerous cases have been met with which dealers refused to duplicate recent transactions.

Reducing Wages at Furnaces.

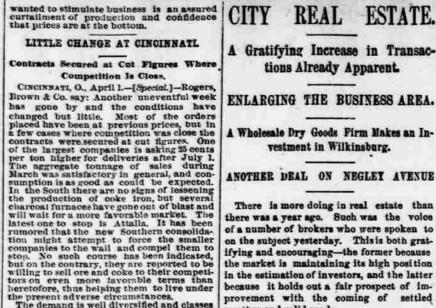

The furnace owners of the Mahoning and Shenango Valleys have decided, by reason of the bad condition of trade, to post notices of a reduction of 10 per cent in wages of all blast furnace employes. The notice will take effect on April 10 at some furnaces and

at others April 15, according to date of pay day. It is probable the employes will refuse to accept the reduction. A dispatch from Birmingham, Ala., says: "Iron men are jubilant on account of the reduction of 50 cents on railroad freights to the Ohio river, and, as a result, the iron is low moving northward. The reduction is believed by iron men here, to make their position impregnable and it will be followed v a corresponding reduction in the price

f 'heir product."" For steel slabs, notwithstanding the arge sales reported recently, there is still a fair demand at current rates. Muck bar dull, and prices a shade lower; demand restricted for some time. Bessemer pig finds numerous buyers; more sales than reported at the advance than for some time past. Gray forge steady, but not very active. Ferro manganese weak; sales reported at a decided decline. Skelp iron sold at a slight decline; the same applies to bloom and beam ends. Old rails and scrap material dull and prices irregular.

The Outlook at the Close,

THE LATEST-Notwithstanding the lib-THE LATEST-Notwithstanding the Ho-eral sales of Bessemer pig and steel billets for some time past there is still a fair de-mand for both. The fact is indisputable that prices are down to a low figure. The head: market strong and higher: rough and packers, \$4 550 4 75 minue heavy and butchers' weights, \$4 8064 90; light, \$4 8064 90; pigs, \$4 6064 73. Sheep-Receipts, 4,700 head; shipments, 1,400 head; market strong and higher: wethers

e present adverse circumstances. The demana is well diversified and classe

the market is maintaining its high position in the estimation of investors, and the latter because it holds out a fair prospect of im-provement with the coming of settled weather and solid roads. The belief is widely entertained that 1892 will make a record for real estate which history of the city. It is true this is only an opinion, but there are good reasons for holding it. The abundance of money and the generally prosperous circumstances of the people make it comparatively easy to acquire homes. This is being done at an unprecedented rate, and will continue so long as the city maintains its pre-eminence as a manufacturing center. Another reason The demand is well diversified and classes of iron are moving quite freely, excepting L. S. charcoal. For this some inquiry is springing up from those who wish to know what their next season's supply will cost, but it is too early for the placing of large contracts. Lake freights are higher than last year, and the transportation companies are depending on a large movement of grain.

NO BOTTOM AT BIRMINGHAM. The Reduction in Freight Rates Taken Off

the Price of Iron. BIEMINGHAM, ALA., April 1.-[Special.]-There seems to be no bottom to the iron market. Sales have been made on a basis of

market. Sales have been made on a basis of less than \$11 for No. I foundry, which is less than has been beretofore admitted as a possibility. The reduction in freight rates has been taken off the price of iron and the prices scaled below that. There are really no market quotations, producers operating largely on the principle, "Get what you can." can." The reduced rates went into effect on

The reduced rates went into enect on Monday and the movement of iron north-ward is crowding the Louisville and Nash-ville to its utmost car capacity. A great deal of iron has been sold heretofore and been held back from shipment until Monday last. For the first time in the history of the district the market is not quotable.

No Material Change in St. Louis.

No Material Change in St. Louis. Sr. Louis, April 1. - [Special.] - Rogers, Brown & Meacham say: There has been no material change in the market for several weeks. Consumption seems to be increas-ing at a very rapid rate, and a number of good orders, running from 100 to 1,000 tons, were placed the past week. Although ex-tremely low prices are ruling, the outlook is somewhat more favorable than depressive.

LIVE STOCK MARKETS.

Receipts, Shipmonts and Prices at East Liberty and Other Stock Yards.

OFFICE OF THE DISPATCE, } PITTSBURG, FRIDAY, April 1.

CATTLE-Receipts, 651 head; shipments, 64 head; market nothing doing, all through consignment. No cattle shipped to New York to-day. Hogs-Receipts, 2,850 head; shipments, 4,000 head; market slow for all grades at \$4 90%5 10. Nine cars of hogs shipped to New York to-day.

SHEEP-Receipts, 1,000 head; shipments, 400 head; market nothing doing, nothing on sale.

There is more doing in real estate than there was a year ago. Such was the voice of a number of brokers who were spoken to on the subject yesterday. This is both gratifying and encouraging-the former because the market is maintaining its high position

ing on a large movement of grain so they are firm on pig iron rates at the ad

as a manufacturing center. Anot is found in the extension of rap

Whenever it touches a new dist mand for building sites immediat up. An example of this is fur Greenfield avenue. From a back tion it has almost at a single bou one of the most active quarters of End.

The Lot Market Active

The Lot Market Active. Further evidence of a good year in realty is found in the fact that acreage is being pleked up wherever possible for subdivi-sion. As noted a day or two ago, three plans, aggregating nearly 400 lots, will be put on the market in the next few days. Of course there is a demand for them. Capitalists do not do these things at ran-dom. The large East End deals reported yesterday will further reinforce the stock of lots in a quarter which, if half the im-provement schemes under consideration materialize, will surprise the public before the end of the year.

materialize, will surprise the public before the end of the year. Activity along this line—the acquisition of acres for subdivision—is confined to no particular locality. It is a striking feature on the Southside, the Northside, out Perrys-ville avenue and down the Ft. Wayne Rail-road to and even beyond Emsworth, and is becoming an important factor along the line of the West End Passenger Railway, in anticipation of the adoption of the elec-tric system.

tric system.

Enlarging the Business Area.

Superior to acres in importance are the downtown interests. Business property is and will remain the star feature of the realty market. That it is strong everybody knows. Commercial development is re-stricted by lack of facilities, but relief is in

sight. Nine first-class business houses are under contract and others are under con-sideration. Colonel Herron, agent for Mrs. Schenley, says the Point will be de-voted to business. Four commodious stores will be erected on Fifth avenue, a short distance above the Court House this conserv

HOME SECURITIES. THE TRACTIONS HOLD THEIR POSI-TION AS DRAWING CARDS.

Manchester Scores an Advance in the Face of a Bearish Report-Central Moves Up

Another Notch-Pipeage and Philadelphia Gas the Weakest Features. The feeling in speculative, circles was more buoyant yesterday than on the previ-ous day, and trading was on a larger scale. The market was generally firm, Philadelphia Gas and Pipeage being the only conspicuous

exceptions.

exceptions. There were reports that the Manchester Traction people had decided to pass the April dividend, but in the face of this the stock advanced to 40, and finished with bids at that figure. True or false, the dividend rumor turned out to be a weak bear card. Central Traction was also stronger, selling

ocks Fail to Recover From the Blow-

Lake Shore and Missourl Pacific Show Most Weakqess-New England and

Sugar Also Heavy Losers. NEW YORK, April L-The stock market to

day was treated to another depressing in fluence in the shape of the renewal of the outward movement of gold: but the narrow-ness of the speculation and the remarkable tenacity with which stocks are held pre vented any material decline outside of the few stocks which are still subject to specu lative influences. The announcement, while not unseasonable, was, at least, unexpected, and a rumor that a shipment of gold was likely to-morrow was quickly followed by the announcement that the coin had actu ally been engaged. The effect was to check

voted to business. Four commodious stores will be erected on Fifth avenue, a short distance above the Court House, this season. This enlargement of the commercial area westward and eastward will be beneficial to the city. It will increase the number of tradiers and suggest to owners the necessity of keeping rents within moderate limits. One of the largest holders of downtown property said a few days ago that he did not care to sell, for he knew of no invest-ment which had equal possibilities. Backed by such a feeling the prospect of a reaction in values is very remote. But along with this sentiment is found a growing disposi-tion to replace old structures with those of modern style. The work of modernizing the antiquated quarters once fairly under way, as it soon will be on Liberty street and Penn avenue, it is fair to assume that it will meet with no material check until the revolution shall be complete.

MONEY PICKING UP.

Spring Influences Having a Good Effect on the Cash Market.

Bankers reported some gain in business yesterday, but funds were still in excess of demand. Good paper was readily accepted at 6 per cent. Disbursements for quarterly interest and dividends were the feature. Currency was scarce and at a premium. Signs of aggressive operations multiply as the season advances, but the stock of idle funds is too large to yield to first attacks. Depletion will be gradual, but sufficient to induce financiers to watch the corners. Bank clearings were \$2,010,012 83 and bal-ances \$404,029 90. At New York yesterday money on call was

Information for Iron Men. The following tables show the sales of raw iron and steel for the past three months.

The sales for the present year amount to 525,804 tons, being the largest on record, exceeding last year by 175,653 tons. This gives ample evidence that purchasers are making arrangements for a big year's busi-

ness. Since the first of the year we have reported sales of 5,688,000 tons iron ore. This increase in the iron business of Pitts-

burg is simply marvelous. Raw iron sales for January, February and March for the past five years:

Sheep-Receipts, 2,000 head; shipments, noae; market active and about steady.
Cincinnati - Hogs in light demand and weaker: common and light, \$5,25@475; packet packet. and yearlings, \$6 60@6 60; mixed, \$5 50@5 65; Westerns, \$5 60@6 39; jambs, \$4 20@6 80. he revolution shall be complete. Special Features of Trade. A fine residence will be erected this season on the corner of Penn avenue and Beatty treet. It will cover a lot 65x100 feet.

There is talk at Edgewood of organizing a company to build an electric road from that place to Wilkinsburg, to connect with the Duquesne. A. W. Cadman is at the head of this scheme. The following real estate firms on Fourth

The following real estate firms on Fourth avenue have or will change quarters this month: **Charles** Somers, from 129 to 131; Baxter, Thompson & Co., from 162 to 161, across the avenue; Gruebing, Lyon & Co., from 133 to 142: A. Morrison & Sons, from 133 to 159; A. Leguate & Son, from 108 to 62, below the Bank or Pittsburg. W. H. Watt, Robinson & Orr and John D. Bailey, stock brokers, have taken quarters in the new Germania Bank building, Wood street.

The following quarterly dividends have

been announced: First National Bank of Pittsburg, 2 per cent; Central Bank, 1½ per cent; Farmers' Deposit National Bank, 4 per

The West End Passenger Railway Com-pany is receiving bids for its power house at Temperanceville. Builders Out in Force,

Yesterday was one of the best building days of the season. Good weather brought owners and contractors out in force. Four-teen permits were issued for 20 improvements of various kinds, the cost of all being estimated at \$77,550. The most important

estimated at \$77,550. The most important are: John B. Jackson, brick two-story dwell-ing on Flum avenue, Twenty-second ward, \$30,000; W. T. Edwards, stone and frame dwelling on Forbes street, Twenty-second ward, \$15,000; Georre W. Acheson, brick dwelling on Amberson avenue, Twentieth ward, \$12,350; Mrs. P. Hugus, brick two-story dwelling on Negley avenue, Twentieth ward, \$5,000; S. S. Robertson, four frame dwellings on Fiora street, Thriteenth ward, \$3,000; E. A. Hill, three frame dwellings on Lelia street, Thirty-second ward, \$2,850; J. T. Gib-son, brick two-story dwelling on Negley avenue, Twentieth ward, \$5,000. Latest Events in Bealty. Good weather is stimulating trade in all Poultry Plenty and Lower and Eggs Steady Meats and vegetables are practically the same in prices as they were a week ago. New vegetables from the South are coming in freely and demand is only fair. Florida New vegetables from the South are coming in freely and demand is only fair. Florida strawberries are to the front, but the price is rather steep for the average purse. The poultry market has shown a downward drift the week past, owing to large receipts. The Ohio river steamers have been bringing and poultry markets here have been higher than evek past, owing to large receipts. The Ohio river steamers have been bringing and poultry markets here have been higher than at Ohio's metropolis of late, and hence products are drifting in this direction. Florists report a quiet trade for the week past with a tendency toward lower prices. Flowers from New York have been higher offered of late at prices below our quotations. At the fish stalls trade is reported fair. Fro-gen stock is now mear its end for the season, and supply of fresh stock is scarcely up to demad. Following are latest retail prices of mar-tet basket materials: MEATS-Best cuts of tenderioin steaks, 25 per fore cost, 15c; corned beef, 56 for per 5, spring and, 166 fair. NEW YORK, April 1.—Best & Belcher, 215; Caledonia B. H., 105; Chollar, 105; Consoli-dated California and Virginia, 475; Dead-wood T., 200; Eureka Consolidated, 195; Gould & Curry, 135; Hale & Norcross, 150; Home-stnke, 1300; Horn Silver, 300; Mexican, 180; Ontario, 4200; Ophir, 250; Plymouth, 163; Say-

afternoon they were of little effect, and even Manhattan lost a portion of its late substan-

afternoon they were of little effect, and even Manhattan lost a portion of its late substan-tial advance. The trading in the late dealings was light, but no material recovery took place, and the market finality closed dull but heavy at or near the lowest prices of the day. The sen-eral market throughout was dull and fluc-tuated within the usual narrow limits; and while inclined to advance just after the opening yielded to the influence of the gold shipments and fell away below the opening prices. The final changes are invariably losses. The most important changes were New England, 3%; Sugar, 3%; Lake Shore and Reading, each 1%; Lackawanna and Missouri Pacific, each 1%; and Union Pacific, Atchison and Manhattan, each 1 per cent. The total sales of stocks to-day were S61,-066 shares, including Atchison, 18,718; Erie, 34, 195; Lake Shore, 9,785; Louisville and Nash-ville, 13,955; Manhattan, 3,540; Missouri Pacific, 10,955; Morthern Pacific preferred, 19,20; New England, 72,190; Reading, 87,200; Richmond and West Point, 4,735; St. Paul, 12,50; Union Pacific, 4053. Mailway bonds were more quiet than usual of late, and the firm temper which has marked the dealings for the last few days was wanting, though there was no weakness outside of the speculative issues to be seen. Among these the Beading and the Richmond and West Point issues were naturally most prominent, and all were inclined to weak-ness. The rest of the market continued proving table shows the prices of active stocks on the New YorkEtock Exchange vesterday, corrected ality for Tim Disparcing by Hirry X & Stermixson, diest Pithurg memers of the New York Stock Exchange, 37 Fourth avenue.

Seidom, if ever, have so many been dumped onto this market in a single week.

Pennsylvania Railroad.....

this market for a day or two past, and, as a result, prices are firm. Our markets are about the same as New York and 3c per

opened so weak as to be semi-panicky. The heavy closing here last night, and the depression which seemed to pervade wheat markets elsewhere, brought in a good many dozen above Cincinnati prices. There are plenty of eggs pointing in this direction to supply all demands in the next 24 hours. With prices at Cincinnati 11c per dozen, and cost of bringing stock here less than 1c per dozen, it is only a question of short time when our prices must drop. Butter of choice grade is steady and poultry is quiet, owing to liberal receipts. In tropical fruit lives we note a firm market for oranges and lemons. Bananas are in bountiful supply and lower. Receipts of bananas the past week have been not less than 40 carloads, Seldom, if ever, have so many been dumped

pression which seemed to pervade wheat markets elsewhere, brought in a good many selling orders, and the market was 1/2011/2011 lower, May selling at 77/2077/20 at about the same moment. But the local sentiment was very strong. The offerings were rapidly absorbed, and there was an unsatified greed for more. Soon the selling fever was over, and bids were rapidly raised. The price quickly touched 79%, went off some, but then rallied to 79%, and at 12 o'clock was about 79%c. The market was generally regarded as oversoid. Considering the steady decline of loc which had taken place during the last iew weeks, and the indications that the liquidation had been very complete, and that little was left to come out, the shorts were easily frightened, and when the buying showed activity, courage and vigor, they quickly ran to cover. During the last hour wheat had a weak turn and sold off to 79e for May and there rested a while. Later there was a sharp spurt on some better cables and large buying by prominent houses, and under considerable excitement the cereal sold to 80%c, or 2%c above the low point early, and at 10'clock was about 50c, closing firm at 79%c. One explanation of the re-markable recovery in wheat is that a lot of 65.00 bushels was worked here for export. In com the market opened weak and ½c lower in sympathy with the depression at the same time in wheat. The sudden re-covery in the latter had an immediate simi-lar effect upon corn, which, after selling momentarilly ½c below the opening price, buired ¾c from the low point, and after a while arces to 40%ef6%, after having been down to 39%c near the opening. The offer-ings were light and it took but little buying to put the price up. Oats showed but little independence of feelines and on unimmediate took but little buying APPLES-\$1 75@2 50 per barrel.
