part of the week, it has already had the effect of weakening markets. As there was a light stock in the hands of our jobbers, the reduction will entail very little loss, if any. Country rolls of choice quality have not shared in the downward movement of creamery. The supply of eggs has been short since the middle of last week, and markets are firm at the advance already noted. Produce merchants report quiet-ness all along the line. The old stock of vegetables is being steadily displaced by new stock. The new is in fair demand. Tropfcal fruits of choice quality are in fair demand.

A VENDETTA NEAR CIVILIZATION.

CINCINNATI, April 5.-A family feud

exists in the hamlet of Central Covington,

which adjoins Covington, Ky., on the

south, and promises to equal some in the

mountain counties of the State. The con-

tests between the Busses on one side and

the Staggenborgs on the other, broke out

last Saturday at the election, when the

Buss family, father and son, assaulted Mar-shal Lambert, whom they charged with favoring the Staggenborgs. Physicians say Lambert's life is in danger.

Lambert's life is in danger. Last night the Staggenborgs were out for revenge, and the Buss men were in hiding. A brother-in-law of one of the Buss family, Mr. Fenn, was found at his saloon and fear-fully beaten and his saloon practically de-molished. Another brother-in-law's saloon

was visited, but the occupant was not found, and that saloon, also, was broken

up. At the third saloon the owner was pre-pared for them and the attackers withdrew.

Feeling is running high, and threats of re-taliation to-night are freely made.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not af-fected with any disease, but that the system simply needs cleansing, is to bring countort home to their hearts, as a costive condition is easily cured by using Syrup or Figs. In view of the fact that many persons who

desire to procure genuine Electric Belts have applied to different companies for informa-

best goods, we suggest that you order from

each company the belt you wish to see, sent

by express, C. O. D., with privilege of exam-

find one better than ours, simply ask the ex-

to partially cover the express charges, and

to protect us against merely carious persons

who have no idea of buying a belt but simply

want to see one. The 50 cents will be de-

We think this proposition a fair one to all

concerned, for of course, a buyer wants the

best for his money, and it is a great pleasare

The Drygoods Market.

New YORK, April 5.—Business in drygoods was without decided new features. Along with a moderate trade by mail orders and on the spot, there was more interest in regard to futures; yet the latter did not disclose any to interes; yet the intervalue not disclose any netral transactions of moment. Some descriptions of dressgoods, blankets and underwear have had attention. The market was unchanged in tone. There seems to be more confidence as to values. The jobbing trade was fair, and was enlivened by a drive in Dresden cloth, a popular gingham at 7% c.

Birmingham, Central and Luster Mining

Adopt a Waiting Policy. Stock trading was again dull yesterday, nd prices developed a retiring disposition. There were more sellers than buyers. A de

day. The apathy and weakness were attributed by some to the passing of dividends by the Manchester Traction and Wheeling Gas Companies, but a better reason may be found in the fact that local investors are carrying as heavy a burden of stocks as they can well afford, and are holding off until they

can unload. The weakest features were Central Traction, Birmingham Traction and Luster. The former sold down to 30%, and was bid as low as 30 at the last call. Birmingham sold down to 26, and atter the final call was offered still

to 26, and after the final call was offered still lower. Duquesne was offered at 27%. Phila-delphin Gas was as strong as anything on the list. Pipeage was weaker and so was Switch. Second National Bank was bid up to 257 at the second call, the best quotation yet made on this stock. Sales at first call were 10 Pittsburg Trac-tion at 56, 30 Luster at 10, 10 at 9%, 10 at 9%, \$5,000 Duquesne Traction bonds at 101, 30 Pipeage at 11, 10 Philadelphia Gas at 18, 5 Chartiers Gas at 9%, 25 Birmingham Trac-tion at 26%, 20 Centus Traction at 30%.
