aire, and her son Arthur, have returned from Ireland. Mrs. McKeown, in speaking

nesses. Albertus states that he went to some of the boys and promised to have them re-

leased in a few days if they told him all the truth. Senator Osbourn characterized this

# by the stakeholder in favor of Freeborn. The referee decided in favor of the latter, and judging from all the facts of the case the stakeholder could not do other than pay over the money to Freeborn. The Callahan party objected to the referee's decision. The race was for \$150 a side. TO TEST THEM AGAIN.

The Local Sluggers Will Have Another Try at the Gyms To-Day.

### CORBETT GIVES A FEW POINTERS.

Peter Priddy States That He Is Willing to Run Courtney.

## GENERAL SPORTING NEWS OF THE DAY

The East End Gyms will have another try at the local League sluggers to-day if all goes well, and in view of the fact that the Gyms made such a hot argument on Saturday last there will likely be a good attendance this afternoon at Exposition Park. It is surprising to find so large a number of cranks who have great faith in the County League champions, but the latter may get a trouncing to-day. The two teams will be as follows:

Position.	East End.
Pitcher	Gumbert.
.Catcher	Berger.
	F. Barr.
Right	W Addy
	.Pitcher

Manager Buckenberger intends to keep Camp in during the entire game and Camp is willing to have all the preliminary work he can get. The batting order of the Pitts-burgs will be as follows: Hanlon, Bier-bauer, Swartwood, Farrell, Beckley, Shunauer, Swartwood, Farrell, Beckley, Shu-gart, Smith, Earle and Camp. So far the rlub officials are delighted at the good at-tendance at the exhibition games and they think that it augurs well for a good season. The management of the club stated yes-terday that there is no intention to release

Corkhill until he has had a good trial. His good fielding abilities are admitted, but it is feared that he will not be strong enough

in batting. It has also been decided to open the championship season at Cincinnatio with Baldwin and Miller as the Pittsburg battery. Mark stated yesterday that his arm has not bothered him in the least so far this year, and he expects to be in first-class trim to meet the Reds.

The local officials do not feel inclined to talk much about the "combine" in the League, but nobody here seems willing to deny that some sort of "clique" is in existence, and that Pittsburg is on the out side of it.

### HOW HE'LL DO IT.

### Jim Corbett Tells How He Will Defeat the

Big Champion. NEW HAVES, April 5 .- [Special.]-Jim Cor-bett who is to fight Sullivan in September was in this city to-day and gave an exhibi-tion for the benefit of the New Haven Athletic Club this evening. In speaking of his coming fight Corbett said:

"I know that the majority of people think that I will not be in it with Sullivan. I have boxed with him and know that he has been the greatest man in the world. He is a wonderful man yet, but then there are other things to yet, but then there are other things to be taken into consideration. I am 6 feet 1% inches in height and when I meet Sulli-van will weigh 199. I have been acknowl-edged the most clever heavy-weight in the world. Sullivan weighs 225, is 5 feet 10% inches in height and has 25 pounds of fat on his body that he cannot get rid of. To sum up I am talier than he is, have a longer reach, or more scientific and outleber. He is a am more scientific and quicker. He is a much harder hitter than I am, and that no one can deny. The question then is can I keep out reach of his terrible blows long

enough? "When Sullivan met 'Paudy' Ryan he only weighed 158, and no one ever thought that any living man could whip Ryan. No one thinks that Sullivan can be whipped. People seem to think that he can go on wich his dis-signation forever and not waste his strength, and that there are no estrong young men and that there are no strong young men prowing us. I believe that I can whip Sulli-van. No one but Sullivan can make me be-lieve otherwise. He will have to do so inside of the ropes. If I did not believe that I can whip him, I would never meet him under the conditions that I am to. I will return to New York in June and herin training at As. ## NEWSY NOTES FROM NEARBY TOWNS

PPECIAL TELEGRAM TO THE DISPATCH. SOMERSET, April 5 .- The small party who left Rockwood last night for the moonshine district have not yet returned or been heard from. The party was composed of Justice of the Peace Gildner, his brother, Constable Frederick Dupont and Special Revenue Agent Fisher. They were accompanied by a mountaineer who claimed that he would conduct them

to the place where Miller and Pritts were concealed, and went armed with Winchester rifles and warrants for the arrest of Miller, Pritts and a half dozen of their

ccomplices. It is generally believed here this evening that this gallant little party has been taken into camp by the murderers and their friends, and that, as a penalty for their rashness, they will be held prisoners in one of shine caves for a few days, when they will be conducted to safety outside of mshine district, and given their the

She replied that she had not, and that she and the children would stand on the porch. The photographer placed his camera in position and was just about to take the photograph of the house, when, to his consternation, the redoubtable Bill Mil-ler, the murderer of old man Hochstetler and the leader of the monshine aggrega-tion, stepped out of the kitchen door and joined the little party on the porch, with the remark: "If there is a picture to be taken, what's the matter with my being in it?" The photographer succeded in getting a fairly good picture of the little group. The negative was shown THE DISPATCH corre-spondent this evening. truth. Senator Osbourn characterized this as an outrageous statement and unworthy of bellef. The statement was withdrawn in order to send for the boy. The testimony of the morning was chiefly by Senator Osbourn, in showing that in-mates of the institution who have died have been ill-treated previous to their death by means of solitary confinement and the ball and chain. Philip R. Evans, who died of consumption one month after release, had been subjected to this treatment, according to the story he told before his death. An-other had, John McGinnis, who died in the reformatory of consumption, had escaped some time before, and on his return was obliged to wear a ball and chain, which were produced. Thomas Clark, another inmate, said that McGinnis was under the doctor's care while undergoing this punishment. No record of this punishment could be found in the books of the institution, although Deputy Superintendent Smith admitted it to be correct. LOUISVILLE, April 5.-Business good. the books of the institution, althdugh Deputy Superintendent Smith admitted it to be correct. Edward Conlon was recalled. He said that Harry Anderson had been placed in solitary confinement for over three months, and that when he came out he hardly knew him, he was so thin and wasted. He said he also knew W. F. Chlck, who was in solitary con-finement for two months. Senator Osbourn stated that he introduced this testimony as against that of Superintendent Paiton, who testified at a previous meeting that the average time for solitary confinement was from 8 to 18 days. Thomas Dickerson, a brother of the dead boy, testified that he went to Huntingdon on the 12th of March to bring William home. William toid him then that Deputy Superintendent Smith had called him stupid and hnd kieked him in the ribs. The fare attracted Thomas' attention, and he said to his brother. "Do you always have as good grub as this?" In reply William said they did not, but a display was being made for his benefit, as the officials knew of his coming. He brought his brother home with him and he died four days hater. Dr. Miller, attending physician at the reformatory, here said that boys who were sick were allowed to have what they wished to cat. is the natural result of good order, for when there is good order there are few arrests and few fines. This is bad for the city treasury but good for the city, and it pleases the tax-payers more to have a quiet, orderly city than big receipts and lack of active police supervision. I claim Pittsburg the best police guarded city in the country. As for our officers attending theaters, they are expected to drop into all places of anuscement occasionally in their duty of preserving order, though of course there is a limit. All but two of our front office men go on duty at 7 a.m. and are through active duty by 8 r. M., though subject to any call at all times. They have as much right to attend theaters at night as other people. The speak-easy complaint is a periodical one. We want to suppress them all, and if we fail it is because I am not aware of their existence. I will permit no favoritism in this matter, and will close them up as fast as I hear of them.
