A significant thing in this connection is at the men to whom he has expressed inifference about renomination are men-ham he might expect to repeat it where blaine might hear. All this indicates a spicion on the part of Mr, flarrison that one Mr. Blaine's nomination, a suspicion hich the talk of certain prominent Blaine on would indicate may be well founded. But while Mr. Harrison is manifesting an difference in the presence of certain men, is plain enough that he is not inscrive, and others who have called on him to talk difference, but the reason seems to a that he does not care to take these par-entar men into his confidence. Through that he does not care to take these par-relar men into his confidence. Through that acquecies, however, he is at work. Sev-ral active politicians who have been serv-ig the country in foreign courts are to be ere at an opportune time to get in some ork before the convention. **Foreign Ministers Brought Home.**

Foreign Ministers Brought Home,

Whitelaw Reid is now in this country, and harles Emery Smith, the Minister to Russia; Villiam Walter Phelps, Minister to Germany, and Pat Egan, Minister to Chile, are spected to return to this country before time for the National Convention. Reid ad Egan have been Blaine men, but they owe allegiance to Mr. Harrison, and it is ow owe allegiance to Mr. Harrison, and to is in Harrison's policy to make use of con-erts when he can, as in the case of Elkins, here is some talk in political circles here (whiteiaw Reid as an associate of Mr. harrison on the ticket, and it is believed into he will work for him in New York. Smith is expected be on hand to heip Harrison in Pennsyl-mia, and Phelps, notwithstanding his de-citon to Mr. Blaine, is expected to look out or Harrison in New Jorsey. It is regarded as very clever the way in hich Mr. Harrison is making use of the flockholders who are the triends of Mr. taine. MORE RELIGION THAN POLITICS

a the Municipal Elections That Were Held Throughout Michigan.

DETROIT, April 5.-The municipal elecons held throughout this State yesterav resulted in victories for Republican lekets in a number of Democratic strongids, while the Democrats were successfu a others. The great feature was the extent o which religion and politics were mixed a large number of towns. In such lead g cities as Saginaw, Grand Rapids, Port furon and West Bay City, and in many maller places, the anti-Catholic issue was a ery strong one and called out a tremen-ous vote. In most places the result was ich as to give the anti-Catholic element ounds for claiming the victory, although

sign the bill will have no effect whatever upon the combination. We are perfecting our organization. The leases were made without regard to Legislative action on the part of New Jersey. The New Jersey Central road has been leased by the Port Reading, and prior to the passage of the bill legalizing the anthracite combination there was no law in New Jersey preventing one corporation in the State from leasing another. The lease of the New Jersey Central Railrond by the Port Reading is, in other words, legal, and the Jersey Cen-tral is being operated under that lease, and will continue to be operated. The principal purpose of the bill was to enable dissenting stockholders to have their claims adjudi-cated. We had not heard of any dissenting stockholders of the New Jersey Central Rail-road, but if there were any the passage of of the bill and its approval by the Governor would have enabled them to have their claims adjudicated. It has been said that in case the Governor refused to sign the bill, a corporation would be organized under the laws of New Jersey Politics in Homeopathic Doses CANTON Democrats carried their township as well as city ticket, according to latest figures. Tur Republicans carried the municipal election at Bridgeport, Conn., the Mayor be ing re-elected. CHICAGO held a municipal election yester day, but no accurate returns will be made before to-day. The Australian ballot law tested for the It has been said that in case the Governor refused to sign the bill, a corporation would be organized under the laws of New Jersey which would control and operate all the roads interested in the combination through the ownership of their stocks. That is not correct. We have never thought of forming such a corporation. The leases will stand as they have been made, and the leased roads will continue to be operated by the Reading recardless of the action taken by Governor Abbett. CITY and village elections were held throughout Nebraska, yesterday, with the exception of Omaha; the questions at issue in the majority of cases were not partisan. ILLINOIS returns indicate that the antiicense candidates were successful in about three-fourths of the cities and towns in

which the contest was upon that question. MONTGOMERY County Democrats yesterday facted delegates to the State Convention favorable to J. Heston Todd for National delegate. Cleveland and Pattison ruled the day.

AT Madison, Wis., W. H. Rogers, Demo erat, had no opposition for the Mayoralty, and E. G. Junlork, Democrat, was elected Treasurer by 800 majority. The Democrats elect five aldermen out of six. THE leading Democrats of Lawrence county are just now agitating the popular vote system for choosing delegates to the State and National Convention and the nominees for other public offices. THE Democratic County Convention of Venance vesteriday indersed Cleveland for President, Harrity for National Committee-main, and the administration of Governor Pattison S. F. If by this deal they can force the other lines to surrender a peaceful solution of the commission trouble may be expected, but nobody seems to anticipate such an outcome, at least until after there has been a hard fight.
