The Lightest Run of Cattle This Year at East Liberty, but

ENOUGH TO SUPPLY ALL COMERS.

Tidy Butchering Beeves Were Firm and Prices a Shade Better.

SHEEP STRONG AND SWINE WEAKER

OFFICE OF THE DISPATCH, PITTSBURG, WEDNESDAY, April 6. · Receipts of cattle at East Liberty yards were lighter this week than they have been since the year began. The total for the week has been about 55 carloads, whereas the recent average has been almost 70 loads. Though receipts were light there were enough on the market to meet all demands, and more than enough of the common and low grades. Good butchering beeves of light weight were in good demand at a shade better prices than last week. The highest price paid was \$5 00 for a load of prime Indiana beeves, weighing 1,500 pounds. The owner of this load reported that they were sold at a loss, and that he sold the same grade of cattle a year ago at \$6 30 per cwt. Prices of good beeves are certainly down to their lowest level for this season.

Fresh cows of high grade were in light supply this week and were promntly taken at outside prices, white common grades were hard to sell. Sales were reported at \$45 00 per head.

The run of veal calves was the largest of the year and prices were the lowest. There were close to 500 head on sale Monday and fully 200 head have arrived since Monday. The highest price paid was 5e per pound, and only a few of the best sold at this figure. Sheep—There were \$10 and was \$6 10 with market slow. Top price on Monday and lambs \$3 0 per cwt.

Following is report of the week's transactions at Liberty yards by William Holmes

Hogs—There were \$25 londs on sale Monday and about eight loads have been received times Monday. Top price on Monday was \$5 10 with markets slow. Top price this morning was \$5 0.

A Live Stock Firm's Review.

Following is report of the week's transactions at Liberty yards by William Holmes week has been about 55 carloads, whereas the recent average has been almost 70 loads.

Following is report of the week's transactions at Liberty yards by William Holmes

We report 53 cars of cattle on sale Monday against 6) cars on Monday last week. Of those 3t cars were from Chicago and the bal-ance from Ohio and Indiana. The quality members of the Chicago Board of Trade: was scarcely up to an average of the past few weeks, and the attendance of buyers was light. The demand was slow and there was quite an effort to advance prices by salesmen. Buyers, however, could not be moved in that direction and with the exception of a few lots of smooth, handy kind, (which sold about 5 to 10c higher than hist week), markets were slow at last week's prices. There is still quite an inquiry for good grades of 800 to 1,800 lb steers for grazing purposes, but such are not coming forward as usual for this season of the year. Good fresh coware in fair demand at tall prices, white common and springers are tant to sell. We quote good 1,200 at 81 1004 35; good 1,000 to 1,300 at 81 1004 35; good 1,000 to 1000 35 25,003 00; stockers, 000 to 800, 82 25,000 1,000 stills and cows, 82 000 tion of a few lots of smooth, handy kind, 8 25; fresh cows and springers, \$20 to \$45 per

3 25; fresh cows and springers, \$20 to \$45 per head.

Receipts of hozs on Monday fair. Demand was slow at 5@ 90e less than Monday of last week. Since Monday receipts have been light and market dull at 5@ 90e below Monday's opening. We quote selectrops at \$1 95 @5 00; good mixed, \$4 90; best Yorkers, \$4 55 @4 90; common Yorkers and pins, \$4 0 @4 75. Receipts of sheep and lambs were light on Monday and demand fair at strong last week's prices. There are but few clipped sheep coming in yet. What were on sale sold about \$1 less than wood sheep. We quote prime wethers, \$6 25@6 60; good, \$5 50@6 00; rair, \$5 00@5 50; common, \$5 00@4 50; prime lembs, \$7 25@7 50; rood, \$6 75@7 00; init, \$6 25 @3 75; common, \$5 00@5 50; calves dult at \$4 00@4 75.

THE BULLS' OWN DAY.

The Flattering Crop Report From Kansa and Weak Cables Start Wheat Lower-Bradstreet's Statement and the Demand for Cash May Turns the Tables.

CHICAGO—The bulls had everything their own way to-day. Wheat recovered nearly 2 cents from an early dip and closed with good support. To-night all leading articles on the list, as well as wheat, exhibited firmness. The wheat market started weak and a little lower under the influence of lower

corn. Hog products generally weaker on the Ho eral receipts of live hogs and the lower prices at the yards. The selling was free, but the subsequent improvement in grain checked the downward movement.

A Site Purchased at Shadyside for a Gilt-Edged Residence.

AN ANCIENT RUMOR WORKED OVER

Euburban Rapid Transit Railway Stirring Up Southside People.

SPECIAL FEATURES OF BUSINESS

It was learned yesterday that a transaction in real estate involving about an acre and a half on Aiken avenue, Shadyside, had just been consummated at a figure close to \$21,000. Messrs, W. A. Herron & Sons being mentioned as agents who conducted the deal, they were asked for information, but were not in a position to say anything beyond confirming the report. It is understood the purchaser is a leading business man, who intends to erect a residence which will not suffer by comparison with the finest in the East End. Movements on the Southside.

The Suburban Rapid Transit Railway, running from Mt. Oliver out the Brownsville road, is being extended to the city by way of the above named thoroughtare and South Eighteenth street. A large force of men is at work doing the necessary grading. A double track is to be laid and the pike A double track is to be laid and the pike will be paved with block stone. It is expected that the entire work will be completed within 60 days. On the strength of this road and the completion of an 8-inch water main out into Baldwin township, real estate has assumed an active position. Two new plans of lots have been laid out by Messra. McFerran, Succop and others. Options have been taken on two large tracts of land for subdivision at prices considerably over \$1,000 an acre. Several handsome dwellings have been started on the Brownsville road. Mr. Steinecke will build one of the handsomest residences on the Southside. One has just been com-pleted at a cost of over \$8,000.

An Old Story Revived.

The annual rumor that one of the big in-surance companies is looking around for a site for an office building in this city is again on the street, but is probably only talk to secure cheap advertising. The same company urged as a reason for not buying company urged as a reason for not buying two or three years ago that ground was too dear. As values of central property have stiffened considerably in the interval the same reason, only intensified, for not buying and building exists now as was urged against the movement then. Still, this would be the proper thing to do. The company owes much to Pittsburg, which obligation it could discharge in no better way than by expending a million or two in a building. It would not only be a good investment, apart from any other consideration, but would also serve as an entering wedge for other improvements of a like nature.

Builders Are Busy. Builders Are Busy.

Yesterday was favorable to the builders. Thirteen permits were issued for 18 improvements, aggregating \$61,612. The most important are: W. G. Johnston, five stone and frame dwellings on Highland avenue, Twentieth ward, \$32,500; Mrs. George Haitman, brick dwelling on Shady George Hailman, brick dwelling on Shady avenue, Twentieth ward, \$16,769; Robert Paul, frame dwelling on Pacific avenue, Twentieth ward, \$2,300; Peter Murray, two brick additions on Spahr street, Twentieth ward, \$1,500; Mrs. Mary Kaufman, frame three-story dwelling on Larimer avenue, Nineteenth ward, \$2,500; Robert McLeesh, frame dwelling on Lincoln avenue, Twenty-first ward, \$1,700; Henry A. Briggs, frame dwelling on McKnight street, Thirty-fifth ward, \$1,700.

Special Features of Trade.

It is rumored that the Nimick peoperty, at Wilkinsburg, is about to change hands again. The Wilkinsburg National Bank will be opened for business to-morrow week, April 15. Upwards of 50 buildings in various parts of the city are being reconstructed. Many of them are receiving new fronts. No 4:0 Grant

street will be changed to a store.
Officials of the Westinghouse Electric Company report that its business is on the increase.

The trust companies of New York City finding that they cannot loan their surplus funds at naying rates, are considering the advisability of cutting down the interest rate on deposits. It is now 2 per cent.

Samuel Shaw is having plans made for a six-story brick apartment building with brown stone front, to be erected on Coursin street, near Fifth avenue, McKeesport.

At the last stock call yesterday Chantau-qua Lake Ice Company stock could have been bought at par. At the same call 26 was bid for 500 shares of Birmingham Traction stock. Manchester was offered at 40.

In New York 82 5000 Pittsburg and Western 4s sold at \$20,82%, a slight decline.

Birmingham Traction Takes a Big Tumble But Quickly Recovers - Weakness Pretty Thoroughly Distributed Over the List-A Few Stocks Hold Their Ground, The stock market was surprisingly weak at the opening yesterday. Buyers at bottom prices made an effort to take profits but met with little success. The weakest features were Birmingnam and Central Tractions

Switch and Signal and Luster.
At the first call Birmingham sold down to 25%. Some one needed money and let the stock go at a sacrifice. No one imagines it

stock go at a sacrifice. No one imagines it will reach so low a point again unless the circumstances of the company should change materially for the worse, of which there is no prospect.

The last call, with one or two exceptions, was on a par with the others. Birmingham rallied on sales to 28% and Manufacturors' Gas sold up to 26, closing at 23% bid. Luster also picked up a trifle, as did Cable. Phila delphia Gas and Pipeage held their own throughout the day.

Forecasts of the immediate future of stocks are much like the famous weather

prediction of a noted Frenchman. Asked to declare the kind of weather on the morrow, he scanned the sky and sagely remarked: "By and by we shall see what we shall see, and not before."

WALL STREET RUMORS

MAKE QUITE A LIVELY STOCK MAR-KET IN SPOTS ONLY.

The Reports Affect the Values of Union Pacific, New England and Richmond and West Point-Foreign Buying a Factor-Bonds Active.

New York, April 6.-The stock market today was more active and stronger than for many days past, and especially in the Coal stocks material advances were scored. The general list, however, still remained com-paratively quiet within narrow limits; and, while there was the usual number of stocks traded in, the interest was centered in three or four, which gave character and activity to the whole market. The bears found themselves in an uncomfortable position, for, while there was still considerable vulnera-bility shown in both New England and Richmond and West Point securities, they were confronted in the Coalers by a determined

confronted in the Coalers by a determined opposition.

There were the usual number of rumors set afloat in regard to the possible failure of the Richmond and West Point reorganization plan, and the advocates of lower values were enabled, by creating the impression that insiders were liquidating in both the New England and Richmond and West Point, to drive both down \$\frac{1}{2}\$ per cent in the early trading, while Richmond and West Point dropped away \$\frac{1}{2}\$ per cent to 50. The bonds followed and were forced down heavily, but the support in the Coalers, together with the apparent if beral buying for the foreign account, tuned the scale again, and while a rise of \$\frac{1}{2}\$ per cent in Delaware and Hudson was in progress the rest of the Coal stocks made substantial gains, and Reading was enabled to recover its early losses, which were afterward supplemented by a material advance.

was embled to recover its early losses, which were afterward supplemented by a material advance.

Even the weak stocks later felt the stlinding and the very heavy buying to cover shorts served to completely wipe out the loss in New England and most of it in Richmond and West Point. The foreign buying was again an important factor in the situation, but only by inducing fresh buying from domestic sources. The upward movement in the Coalers was enchanced by some rumors, Delaware and Hudson being again put under Vanderbilt control, while New England was advanced on the idea that the bear party in the stock had made its turn.

The principal influence in the market, however, was the running of the short interest, and while there was no lack of new buying, that interest caused the material gains recorded in the leading active stocks. Among the low-priced shares there were lew features, but late in the day the Flint and Pere Marquette stocks came into prominence, and the Cotton Oll shares had a marked rise. The only stock in the general list to occupy much attention was Union Pacific, about which there were rumors of a change in the management, accompanied by some good buying of the stock at steadily advancing prices. The rest of the market was quiet and held within narrow limits, as usual, though St. Paul was heavily bought for foreign account and was remarkably active.

The market finally closed active and

The market finally closed active and strong at or near the best prices of the day. The whole list is higher, and Lackawanna scored a gain of 4% Pelaware and Hudson, 3% Union Pacific, 2% New England and St. Paul, 1% Missouri Pacific, 1% Lake Shore, 1% Rock Island, 1% Atchison and Reading, 1% and many others from 1 to 2% per cent.

The total sales of stocks to-day were 419,832 shares, including Archison, 14,933; Delaware, Lackawanna and Western, 18,690; Delaware, Lackawanna and Western, 18,690; Delaware, and Hudson, 16,681; Eric, 7,690; Lake Shore, 7,520; Louisville and Nashville, 11,560; Missouri Pacific, 6,480; Northwestern, 4,120; New Jersey Central, 4,000; Northern Pacific preferred, 8,400; New England, 37,477; Reading, 116,1-0; Richmond and West Point, 17,600; St. Paul, 35,553; Union Pacific, 24,033; Western Union, 3,242
Railroad bonds were more active and decidedly stronger, though there was, as usual, few material changes outside of the Richmond and West Points and the Readings. The first named, after a material decline, rully recovered, the others being firm throughout.

THE MONEY MARKET.

Bankers Doing Well, but Prepared to Do Much Better, The local money market was practically unchanged yesterday. Counter business

was fair, but offerings of paper were lighter than desired. The city banks are doing well, as the Clearing House statements show but are in a position to do much better.

It is certain that no worthy enterprise is retarded by scarcity of money. The ruling interest rate was 6 per cent. Bank clearings were \$2,414,711 73 and balances \$471.

A Chicago authority says a good deal is expected by bankers from the early opening of lake navigation and the resumption of grain shipment.

At New York yesterday money on call was easy at 1% to 2 per cent; last loan 2, closed offered at 2. Prime mercantile paper 3% 9%. Sterling exchange quiet but steady at 34 88% for 60-day bills and 34 88% for demand.

The Drygoods Market.

New Yone, April 6.—The drygoods market was rather quiet, but business with jobbers was more active. No new features were disclosed, except that two or three brands of cotton fannels have had considerable sale on a little lower busis than last year. Generally agents have not made prices and are in no haste to do so. Dress goods for fall were in more interest, and a large season is promised. Blankets move slowly, even at somewhat lower prices in some instances. Fiannels are being inquired after. Woolen underwear is well under orders, but quiet at present. The octton goods market was unchanged and in good shape, with but tew exceptions, chiefly in goods adapted to the Southern trade. The Drygoods Market.
