

VERY ENCOURAGING.

Manager Cushman Speaks Highly of the Pittsburgh Ball Club.

DEFECTS OF THE LOTTERY PLAN.

Arthur Whitney Finds a New Reason for His Strange Action.

GENERAL SPORTING NEWS OF THE DAY.

Manager Cushman, of the Milwaukee baseball team, now in this city, said some very interesting and instructive things yesterday afternoon relating to baseball. He was in an exceedingly talkative mood, and as the rain had vetoed the game he had plenty of opportunity to express his notions of things in general. During his talk he said: "I have seen the St. Louis and the Cincinnati teams this year, and while they are good teams they are not, in my estimation, as good as the Pittsburgh team. The Pittsburghs, as far as I have seen them, are among the best hitters and are natural hitters. If all goes well with them they will be a great team. But the Cleveland club is the dark horse in the league. It is an excellent team, and in Davies they have a jewel of a pitcher. And, by the way, the lottery plan in the Western League, together with the big consolidation scheme, knocked my plans entirely on the head.

Had Four Good Ones.

"I had four of the best pitchers in the country for this season, and I got none of them because of the lottery plan, but it may be good for the clubs, but it is very bad for the managers. We get men of whom we know little or nothing and don't want. We cannot get the men we want, and as a result there is a deal of interest taken out of the game. Players are thrown together haphazardly and there is almost no knowledge. I have seen some of the fellows as far as that point is concerned, but I have wired our committee on players asking them to allow me to release three men and sign Berger and Maul. The two latter were \$250 each per month, and I think I can pay them as I travel with 11 men."

Manager Cushman declined to say who the three men are whom he thinks of releasing, but Henry Jones, of the Chicago club, it may be stated, expects to hear from the Philadelphia club some time to-day. That club wants a catcher, and President Temple yesterday told Berger that he may secure an engagement with the Phillies, and if he does Manager Cushman will not secure him.

Will Raise Their Limit.

The Milwaukee manager went on to say that it is the intention of the Western League members to keep ahead of the Eastern Association. He said: "We hope next year to have our salary list much higher than this year, at least \$100,000 higher than the limit of the Eastern League, and this will give us the call on the players. I feel certain we will make money this year because of the high salary list. I will have 20,000 to 40,000 people less at the games than last year. The lottery plan, as we call it, keeps down the salary list, and some clubs are making a fortune out of it. I remember when I had charge of the Toronto club we had a limit of \$14,000 for the season, and our list was \$15,000. I had to raise it to \$18,000. I signed Pletcher Atkinson at the individual limit. He engaged his wife and other relatives to act as clerks, stenographers, etc., so as to make up the salary he wanted. Of course, we had no use for clerks, etc., and we paid Atkinson the money to pay them according to agreement."

Manager Cushman thinks that Baltimore and Louisville will be the highest bidders in the race this year that there will be nobody to patronize their games toward the close of the season. He also thinks that if Von der Aue and Jackson win the race, they will be the Louisville club the latter would not be in the 12-club league, and that Milwaukee would be the manager had little to say yesterday. He is of opinion that it does not exist next year there will be a big Eastern League and a big Western League. He concluded his talk by saying that he is not really seeing very foolishly in threatening the club.

WHITNEY'S NEW CLAIM.

He Asserts That He Had a Personal Contract With Mr. McGinnis. Arthur Whitney made another surprising statement yesterday a term. He said he had a verbal contract with the late Manager McGinnis that he, Whitney, would be on the Pittsburgh team all the season. It is very strange that Whitney has not been mentioned in any of the papers. He said that he had a verbal contract with McGinnis that he, Whitney, would be on the Pittsburgh team all the season. WILL LEAVE TO-MORROW.

The Local Ball Team to Proceed to Meet the Sox. The team will leave the city to-morrow morning on their first championship trip this year. They will play an exhibition game at Columbus, Mo., on Monday, and then proceed to open the season in Cincinnati on Tuesday. Camp will pitch the Columbus game. Manager Buckenberger has decided to leave Columbus and return to his trip, and the following players will go to Cincinnati: Joe Galvin, Baldwin, Elbert, Camp, Bierbaum, Mack, Raymond, Beckley, Smith, and Woodworth. Baldwin and Miller will play practice on the Cincinnati game, and Monday. They will be the Pittsburgh battery to-morrow, and Galvin will pitch Wednesday. Manager Buckenberger is very hopeful of his team's chances.

Their League Complete.

DEVELOPMENT, IA, April 8.—Arrangements have finally been closed by Burlington to have a club in the Illinois-Iowa League. This completes the eight clubs necessary, the others being Aurora, Rockford, Quincy, Peoria, Rock Island-Moline and Jacksonville. Young Thompson, of Peoria, has been named as manager. The league will be organized to-morrow, and the first game will be held in Peoria on Monday.

To-Day's Game Complete.

Rain prevented yesterday's ball game between the Milwaukee team and the local players yesterday. If the weather does not interfere there will be a game this afternoon, and Elbert and Miller will be the battery, while Burrill and Jones will be the catcher. The game will commence at 3:30.

He Wants Thompson.

Manager Cushman, of the Milwaukee team, in a conference with young Thompson, the East End pitcher, yesterday afternoon, Cushman would like to sign the East End pitcher, and Elbert and Miller will be the battery, while Burrill and Jones will be the catcher. The game will commence at 3:30.

The White Man Knocked Out.

HELENA, MONT., April 8.—Like Hayes (colored), of Minneapolis, and Jack Stone, of Montana, met here last night for a prize of \$100 for a 20-round fight with four-ounce gloves. Both men went at it hammer and tongs, and were pounding each other when the fight was stopped at the end of the first round. Hayes got in a swinging blow on the point of the white man's jaw, knocking him down. Hayes was given the fight. Tommy Warren, of New York, was referee. Three hundred persons saw the fight.

A Coroner's Jury Renders Its Verdict Regarding the Company.

NEWSY NOTES FROM NEARBY TOWNS.

(SPECIAL TELEGRAM TO THE DISPATCH.) CONNELLVILLE, April 8.—Fort Hill, five miles north of this place, was the scene of a disastrous wreck on the Pittsburgh, McKeesport and Youghiogheny Railroad this afternoon, in which two men lost their lives. The wrecked train consisted of a shifting engine and 33 empty freight cars, and was caused by a loose tire on one of the drive wheels of the engine. The engine and seven cars were thrown over the bank, and the cars were reduced to kindling wood, while the engine was battered and broken into a shapeless mass of scrap iron. Fireman W. T. Hetterman and brakeman W. E. Lazzell were both almost instantly killed. Hetterman being buried beneath the engine, and Lazzell being killed by the escaping steam. Engineer Richard Martin was also seriously injured. He was thrown about 40 feet, alighting in the river. Deputy Coroner Stillwagon, of this place, held an inquest. The evidence produced before the coroner's jury showed that the engine had been in bad condition, and that the engineers were running it under protest, after having notified its conductor to the proper parties. The jury rendered a verdict accordingly, holding the railroad company responsible for the accident.

Four Bodies Recovered.

CINCINNATI, April 8.—Diver Earhart descended into the hold of the burned steamer Golden Rule to-day, and shortly before noon found the body of William Madison, one of the deckhands. It was badly burned and was much changed by lying in the water eight days. It was found near the fire originated by the body quickly identified by acquaintances, and by his poor wife, who has been daily at the water side. Sympathy for her grief took the form of a collection in the crowd at the landing.

An Hour Later the Diver Brought up the Body of Mate Frank Riley, which was easily identified. This body was found near the same place, and was also badly burned, indicating that they both perished by fire long before the boat sank. In the afternoon two more bodies were found almost in the same locality with Madison and Riley. One was a white man, the other colored. They were not burned much, but appeared to have been badly scalded. They were not identified.

PASTOR AND PEOPLE.

Ministers Are Not Called to Go Into the Sinks of Iniquity.

IN ORDER TO EXPOSE CORRUPTION.

Topics to be Discussed in Many of Our City Pulpits To-Morrow.

GLEANNES FROM CHURCH FIELDS.

The minister is certainly not called to go down into the slums and join in the festivities there in order to expose the corruptions of our cities. A noted New York preacher, who has come prominently before the public of late, for his courage in assailing the slums of the metropolis, has lost some of his prestige by later developments. It is never right to do wrong, whatever the plausible pretext may be. The minister who participates in evil for the purpose of exposing evil, must inevitably weaken his influence with his church and the public. The detective who joins with transgressors in order to bring them to judgment, cannot be a high type of manhood, and the minister who does the same thing to lose in a measure the respect of his flock.
