GENERAL SPORTING NEWS OF THE DAY

CINCINNATI April 13 .- A cinch on the last rung of the ladder was Cincinnati's legacy, and by a bat ting rally in the last Pittsburg gained a clear title to first place in he race. They deserved the victory. The "Reds played nervous ball, Smith missing two chances to catch runners at the plate. Although wild, Chamberlain man-

aged to keep the Pittsburgs' hits down to four until the last inning, when singles by Shugart, Smith and Mack put a run over the rubber, with nobody out. Galvin sent both men forward, and Miller's crack to center tied the score. It was "die easy" for Cincinnati in the tenth, for then Pittsburg struck the final cruel blow. Farrell took a gift and Beckley worked in another of his patent killers. It went clear to the score board in center and the game was

Jimmy Worked Hard.

Three of Pittsburgs runs were built on pitchers' errors, and though hit hard, Galvin pitched the harder game. Chamberlain was careless on bases and threw away two chances himself, one a sure run. The defeat was unexpected and came with crushing force when victory looked sure. There were lots of errors committed as attested by ten unearned runs. There whas a whoop of joy when McPhee cracked the ball into deep left for a couple of bags as a starter. Latham went up with his flat bat and an order in his valise to sacrifice. He filled it and then Halligan all but amputated a few fingers for Papa Galvin who vainly tried to stop a lightning line drive to center. McPhee tallied and proceedings were delayed a bit while Papa was examined by his friends.

Farrell Tied the Score.

Farrell sauntered around with the tying Farrell sauntered around with the tying run in the second. He earned first, went two bases on a wild pitch, and was saved at home by Smith's bad throw after he had gathered in Shugart's tap. Murphy aroused the stands by successively nailing both Shugart and Smith at second. There were lots of miscues, gifts, runs and hits in the third, and of the successive of the second. and of the runs scored, Cincinnati having the odd one, not one was earned. Holliday was started off on balls, and O'Neill dropped a hit into right. Comiskey put in a sacrifice. Smith hit into short center a fly that was on the borders of Bierbauer's territory, but Swartwood was called and he made a running muft of it and the "Bug" scored. Murphy struck out. Then Chamberlain rapped out a clean one and O'Neill got in.
Miller made a great effort to reach McPhee's fiv, but he did not quite reach. Smith alone scored, for Chamberlain fell in turning third.

Bierbauer in Line,

Latham's line fly was too torrid for Bierbauer to hold but he recovered it in time to catch "Lath" at first and two Reds were lett. The first two Pittsburgers up, Swart-wood and Farrell, got bases on balls; so did Smith and with the bags full, Mack hit to Halligan. The ball was returned in time to catch Farrell, but he slid into Murphy and all but knocked his old Boston pard out. In Farrell's failure to hold a thrown ball, it gave Smith a chance to drive in the two runs in the fifth and Comisky drove the Red's last tally over the rubber. Beckley's triple and Smith's failure to handle Shugart's tap gave Pittsburg their fourth run. The rest of the funeral has been described. There were some 2,517 mourners. Have Good Prospects.

SALTSBURG, PA., April 13.-[Special.]-The candidates for the Kiskiminetas Springs school baseball team have been practicin on the field during the past few days, and are fast getting into shape for the coming season. The team will be selected this week and will be a very strong one. Dickering With Wood.

CINCINNATI, April 13.—[Special.]—Captain Ned Hanlon talked on the lines to-day, but be is in bad shape and will not be able to play for weeks. "Pop" Corkhill arrived from Pittsburg on a morning train but was not called upon to play. A dicker is on with George Wood, and telegrams were exchanged by Wood and Manager Buckenberger. That looks as if Corkhill was booked to walk the plank.

The Race Track Selling Bill Once More Stuck in the Legislature.

Stuck in the Legislature.

Columnus, O., April 13.—[Special.]—Another unsuccessful effort was made in the House to have the bill legalizing pool selling on race tracks passed. The vote by which it was lost was reconsidered, but when it came up for passage it could not muster over 39 votes while 46 were against it. It was amended so that it can again be considered, but it is evident that the present General Assembly does not wish to accept the responsibility of taking the step.

FITZ'S PLAIN TALK.

He Shows How Jim Hall Acted a Little Cowardly in Australia.

NEW HAVEN, April 18:-[Special.]-"Bob" Fitzsimmons, who vesterday signed a con-tract to fight James Hall, of Chicago, is giv-ing an exhibition in this city to-night. In speaking of his opponent, Fitzsimmon

"I have met Hall three times in Australia The first two times 1 met him I knocked The first two times 1 met him I knocked him out in five rounds both times, the first time in public and the second in private. It was understood that when we were on the road he was to win one night and I was to win the next. He won the first time and I have never been able to get a fight with him since. He has been living on my reputation and I don't propose to allow him to hoodwink the American people any longer. I don't believe he is in earnest, but I think I have him this time, and he will have to meet me or get out of the prize fighting business."

Fitz Is Favorite

New York, April 13.-Pugilistic circles are aroused over the match made last night be tween Hall and Fitz, at catch weights. Bet men agree to fight to a finish for a purse not less than \$12,000 and a side bet of \$5,000. The fight will occur at the Olympic of New Or-leans, California or Pacific of San Francisco.

of this city to-day telegraphed to Jim Rall and Bob Fitzsimmons that it would offer a purse of \$10,000 for a fight between them provided they would arrange to have it come off the same week as the fight between Sullivan and Corbett.

The Eagle Club Shoot,

The members of the Eagle Gun Club had an interesting shoot yesterday, and the fol-lowing scores were made: Ed Brown killed 54 out of 75: "Buffalo." 27 out of 50: William Schneble, 33 out of 50: S. McCartney, 63 out of 100: M. Kelly, 52 out of 100: Fagan, 61 out of 75: Windy, 43 out of 50. The shoot was from known angles and rapid firing system. The weather was fine.

Heffelfinger Leaves Yale. NEW HAVEN, April 13.-W. W. Heffelfinger, Yale's giant tootball rusher, left college permanently this morning. He will enter the service of the Union Pacific Railroad as a civil engineer. He is the greatest football player who ever wore a Yale uniform, and many predicted that he would return to New Haven for a post-graduate course next

RAIN prevented the games at Louisville and St. Louis yesterday. THE effort to secure George Woods will be a sur-prise to local cranks. SAM WISE is to captain, manage and play second base for the Rochester team.

THE Reds had more hits than our sluggers yester day, but it is runs that count, JACK BOYLE'S arm is not as bad as reported Manager Powers thinks he is all right. DENNY FITZGERALD, Omaha's second baseman, was a song and dance man in a minstrel troupe. Chanks should take notice that the Pittsburg sluggers are the only team who have two games won.

Well, we ought to get two more out of the other five games to play before the sluggers return. PITCHER COUGHLIN, recently released by the New Yorks, will probably sign with the Syracuse team.

MURPHY, the Yale short stop, is a brother of Mike Murphy, the noted trainer of the Detroit Athletic Club. THE Farrells want to play any amateur team in Beltzhoover, P. O. Beltzhoover, P. O. JOCKO FIELDS catches Rusie's fast delivery without trouble, and is fast becoming a favorite without trouble, and is with New York cranks, AND our jovial friend, Harry Weldon, of Cincin-nati, said the Reds would have a "soft snap" against Pittsburg. Very soft, isn't 11?

THE Keystones and the Standards will play at Exposition Park to-morrow afternoon. White and Robinson, of the Keystones, are here in good THE Rochester Baseball and Amusement Company was incorporated yesterday, with a capital of \$5,000, for the conduct of outdoor amusements in Rochester.

BUCK EWING seems to have found his proper po-sition at first base. His good eye is shown in the fact that he did not strike out once in the exhibi-tion games.

YOUNG John O'Brien of the Portlands has made a decided hit as second baseman with the Oakland team of the Caffornia League. Dave Coughlin is doing well, too. AMONG those who have applied for the management of a New England League club is "Billy" Sharsig. The club that gets him will be one of the best managed in the League.

OUT of supposedly weak material Arthur Irwin has made the University of Pennsylvania team a strong aggregation, and one that is likely to push Harvard, Yale and Princeton.

JIM O'ROURKE is placing the ball in right field with good success. Before the season it was 10 to 1 that Jim could hit nowhere but toward left field. A player is never too old to learn. ROCHESTER thinks that her team is the best, Syracuse is contented, Providence is jubilant, New Haven is satisfied, Albany, Troy, Elmira, Binghampton, Philadelphia and Buffalo are sawing

GEORGE Wood tied for thirteenth place in the Association batting average last year. His average was 394, and his fielding average 34i. That is good enough if he could keep it up. He played in 128 games last season.

THE release of "Dear Old Pete" has aroused a ball crank to write to the Louisville Post in this strain: "An insuit has been offered the American public before which the insuit to our sailors in Chile pales into utter insignificance." COUNT KUZHNE and Emmett Seery are officially pronounced the weak spots in the Louisville club's make up. That is Colonel Chanman's estimate, but it is button hooks to corset strings that he wasn't whispering for publication when he said so. -Times-Star. FAILURE

The Ring. TOM RYAN made a complete show of Con. Doyle the other evening. PLIMMER and 'Spider' Kelly fight their battle within two weeks from now in private. ED. SMITH, Jack Fogarty and others are giving boxing exhibitions at Harrisburg this week. PADDY RYAN, the ex-champion, is to spar with Joe McAuliffe while the latter is training for his fight with Goddard.

THE Gladstone Club of Providence offer a \$700 purse for a fight between Tom McCarthy, of Woburn, and Ed Binney. Awaiting a Train. THE amateur boxing contest announced to take place at the Iron City Club to-night has been post-poned for a few weeks. THE Fitzsimmons-Carroll athletic combination failed to attract attention in Manchester, N. H., appearing a practically empty seats.

SAN FRANCISCO is to have a new boxing club which will rival New Orleans and London. Mose Gunst, Major McLaughlin and the Spreckels are the promoters.

the promoters.

CHARLEY TURNER, colored, of Stockton, and Jack McCann, of Philadelphia, will meet at the Pacific Club in San Francisco on the 18th. They are to fight at 184, and the purse offered is \$1,250. JAMES DUFFY, of Chicago, and Tommy Greene, of New York, have signed articles for a finish fight, to take place near New York and Connecticut State line in about three weeks, for a purse of \$300 and gate receipts.

GEORGE DIXON offers to meet Cai McCarty and Billy Henny on the same night during the week beginning April 18 in four-round bouts. He agrees to give up half the gate receipts in case he fails to knock both men out, and one-third the receipts is either man outpoints him. THE Gladstone Club, of Providence, being anxious to secure the patronage of the sporting men of soston and vicinity, have made arrangements to have the contests in its rooms starfed at such an hour that the Boston parties can return home on the last train leaving Providence, which is at 10 o'clock.

The Turf.

THERE will be no more racing on Linden track. THE betting on running races promises to be eavier this year than ever, JOCKO, 2:16%, has come to his speed again and seers will send him this year. LUCIEN APPLEBY will have the management of he betting ring at Monmouth. THE Buffalo Commercial gives this word of ad-rice-based on experience perhaps: "When you are betting on an absolutely sure thing save out 5 cents for car fare home."

A THEKE-EIGHTHS-OF-A-MILE match race has been arranged between Hank Combs' Bay Billy, Nick Hall's lows and Tom Maxwell's John Adams for \$100 a corner. It will be run some day this week at the East St. Louis track. The novelly of the affair will be the owners riging their animals. THE fact that Tom Elliott and Little Billy flu-ished first and second for the Tennessee derby is a great triumph for the strong stable of J. M. Brown & Co., but they had a pull in the weight, and their little racing campaign at Little Bock rendered them better seasoned than the Corrigan coits. Phil Dwyer and Ike Weir are good colis, and will prove it before the season of 1892 comes to an end.

Miscellaneous Sporting Notes. CLARENCE SHADBOLT, of Brooklyn, has ridden 12,585 miles on a bicycle since last May. HUGH LEONARD has over 70 pupils in his wresting class in the Manhattan Athletic Club. THE trap shooters of the country are going to erect a monument in memory of the late Al Bandle. FRANK LENZ, the East End bicyclist, will leave on his "wheeling tour" round the world May 1. He expects to be gone two years. It is the present expectation that every species of fish and other aquatic animal large enough to be seen, which is native to inland waters and to the Atlantic and Pacific Oceans, except, perhaps, a live whale, will be exhibited in the Fisheries De-partment of the World's Fair.

CHARLES WITTMER, the wrestler whom Evan Lewis recently defeated, has written to "Parson" Davies asking for another match with Lewis, Grzec-konau style, for any reasonable stake. Such a match can hardly be arranged, at least until after Lewis returns from England, as nearly every moment of his time between now and the date of his departure is engaged.

CYCLING is growing in popularity very rapidly in South Africa. At the opening of the horticultural show at Pretoria several weeks ago the escort of the President of the Transvaal consisted of wheelmen on ordinaries, and the President afterward stated that the turnout looked better than a cavalry escort. Although the tracks are poor and unbanked a number of race meets will be held this year.

The latter edifice, he said, far surpassed Chicago's new building in every way.

Colonel Andrews and Gustav Lindenthal went to New York last evening to attend a meeting of the Hudson River Bridge Company. The Colonel said the trouble is to get the railroads to sign contracts to use the bridge when built. Each line is afraid of the other, and they are responsible for the delay. He thinks the bridge can be built in five years.

Develops Into What Seems the Persecution of a Pittsburger

ON THE PART OF HIS CREDITORS. Unceremoniously Arrested Again While

NEWSY NOTES FROM NEARBY TOWNS

(SPECIAL TELEGRAM TO THE DISPATCH.) STEUBENVILLE, April 13.-A case of persistent and apparently malicious persecution developed to-day, when the Sheriff of Guernsey county with two deputies passed through this city on the Panhandle, having in charge William F. Wagoner, of Pittsburg. His arrest was almost kidnaping, since he was taken in charge not ten minutes before the train left the station, and he was not allowed even the privilege to telephone his wife nor consult his attorney, and his friends in this city were only advised of his arrest by a gentleman who met Wagoner in the station at Pitts-

The trouble dates back a year ago, when Wagoner was in partnership with his brother-in-law, Heuser, of Pittsburg, and operated a large saw mill in this city, besides being extensively engaged in buying up walnut logs for export to Europe. The firm failed, and among their alleged cred-itors were Pryor and Howells, of Barnesville. The failure was a disastrous one for all the creditors, and Pryor and Howells made affidavit charging Wagoner with embezzlement.

The hearing was a thorough one, lasting three days, and Wagoner was not only dis-charged but the Justice declared also that charged but the Justice declared also that Pryor and Howells were rather indebted to Wagoner than he to them. Then Barnesville people made a further effort to have him indicted by the grand jury, but the complaint was ignored. A suit was subsequently brought against Pryor and Howells for malicious prosecution and resulted in a compromise. Then Pryor and Howells attorney brought suit against them for his fees, and both members of the firm declared under oath that their only object in having Wagoner arrested was to endeavor to obtain money by legal process out of him or his friends, if possible.

Notwithstanding the compromise and declaration, they attempted to secure his indictment in Belimont county but failed, and now it would seem that they have succeeded in Guernsey county. As the requisition was based upon an indictment here, where Wagoner is so well known and so many are conversant with the facts, the proceedings are regarded as a high-handed outrage, and attorneys left to-night for Cambridge to right the alleged wrong, if possible. Pryor and Howells were rather indebted to

THE FINAL INQUEST

Held Over the Victims of the Hill Farm

Mining Horror. DUNBAR, April 13.—After the recovery of the last bodies from the Hill Farm Coroner Holbert summoned the same jury as viewed the other bodies, with the exception of Deputy Coroner Stillwagon, who is in Harris-burg. The jury was lowered into the mine about 8 o'clock this morning, and at once proceeded to the lower fluts. The bodies were all codined yesterdhy, and the jury did not see the bodies as they were found. All the bodies have been removed from the mine and will be buried directly from the pit mouth this aftervoon. At 11 o'clock the jury returned the following verdict:

We, the jury, find that these six bodies came to their death by suffocation from smoke caused by the turning of a brattice cloth. And we further say that the Dunbar Furnace Company descrive great credit for the interest and expense they have shown in recovering the bodies, and also Frank A. Hill, General Manager: Superintendent Robert Lang and other officials of the company are descriving of great credit for their perseverance in recovering the bodies.

The re-port of the financial agent showed consider-able increase in contributions, but there is still a shortage in the quota. The Presbystill a shortage in the quota. The Presby-tery will meet again in Lebanon Church, Columbiana county. June 13.

Broke Jail After Turning State's Evidence MANSFIELD, O., April 13.—[Special.]—This morning Thomas Bloon escaped from the county jail. Bloon had been indicted with two others for entering the house of Phœbe Wise December 1, torturing her by burning her feet, stealing a gold watch, a diamond ner leet, steaming a gold watch, a diamond ring and \$35. He had already made a con-fession and had turned State's evidence, con-sequently was a "trusty" about the jall. While the other prisoners were being taken over to court to answer charges against them Bloon ran out of the open door. He was captured by Marshal O'Donnell two miles east of the city.

Two Juvenile Train Wreckers. READING, April 18 .- Harry and Howard Hoyer and Lewis Buight, boys of 14 years of age, were to-day committed to prison in de-fault of bail on the charge of attempting to wrock a passenger train on the keading Railroad near this city. The train was ten minutes late or they would have been successful. They obstructed a frog and turned three switches, so that the escape of the train from destruction would have been impossible. Their suspicious movements were observed by a citizen and the lads were arrested. They have made a full confession.

The Moosic Powder Mills, Near Wilke barre, Blow Up-All Towns Within 40 filles Shaken as by an Earthquake-Bodles Hurled 200 Feet Away.

WILKESBARRE, April 13 .- A frightful explosion of powder completely demolished the mills of the Moosic Powder Company to-day. The first explosion was in the dry-ing mill, and a fraction of a second later the storage house blew up. The shocks were felt over a radius of 40 miles, and thousands of people in surrounding towns rushed out of doors, thinking an earthquake had taken place. Both shocks were distinctly heard here, 20 miles away. The mills were blown to the smallest atoms, and there were no fragments found larger that a foot long. Eight men were killed and one fatally in-jured. The dead are:

JOHN GIBBONS,
AARON COOLBAUGH,
E'W'D J. VANDERBERG,
CARADOG RESE,
GEORGE ALLIS.

Daniel Billings was mortally wounded. The body of John Gibbons was blown 150 feet into the air. Caradog Reese was found 60 feet from the scene. Moses Tucker was found 150 feet away. Other bodies were found from 150 to 200 feet distant. The

found from 150 to 200 feet distant. The scenes of anguish duplicate those of frightful mine accidents. The iron frame work on the Eric and Wyoming Railroad used as a spark screen was torn and twisted like paper. The loss will reach \$20,000.

The explosion occurred in the packing room, where 800 kegs of powder were stored at the time, each weighing 25 pounds. It is believed by those left who operated the mills, that the accident was caused by friction from one of the rollers, but this is all that will ever be known about it. Near the entrance of the mills stood a large brick entrance of the mills stood a large brick building used as a store room. This was occupied as a temporary morgue.
