TWO FIFTH SANDERS.

Couple of New Producers.

DECLINE IN THE PRODUCTION.

A Big Well Reported Yesterday South of the Turkeyfoot Pool.

Although a few wells of medium capacity were completed in the McDonald field vesterday, the production declined 500 barrels

morning. The Forest Oil Company's No. 1 on the Mrs. Mevey farm, located half a mile north of the pump station at Greggs and south of all the other wells in that part of the Mc-Curdy field, reached the fifth saud and

N. Ewing farm, north of the Mevey property, came in yesterday at 20 barrels an hour. The No. 7, on the Bell farm, belonging to Jennings, Guffey & Co. was reported last night by E. H. Jennings to be making only 15 barrels an hour, while the pipe line gaugers have it put down at 45

holding up yesterday under agitation, but holding up vesterday under agitation, but their lease on life is generally supposed to be of short duration, as it takes a pile of giveering to keep them going.

Forst & Greenlee's No. 1 McMurray de-clined from 30 to 20 an hour; Russell, Mc-Mullen, J. M. Guffey & Co.'s No. 1 Wettengel also fell off from 30 to 20, as did the Bear Creek Refining Company's No. 3 on the Campbell tarm.

Gusher Reported Below Turkeyfoot. There was a wild report in circulation yes-terday afternoon to the effect that a well on the Smith farm, drilled by Hervey Bros., and located five miles south of the Turkeyfoot district, had come in and was making any-where from 400 barrels a day to 400 barrels an

hour.

It seemed to be the sole topic of conversa-tion on Fourth avenue yesterday afternoon, but no one was able to give out any informa-tion in regard to it. The chances seemed to be that a well had been completed in the vi-cinity of Helliday's Cove, but no one was in a position to say how large it was. Holli-day's Cove is about five miles south of Turkeyfou.

The kanawha Off Company was also reported to have struck a well on the Rudolph farm in the Sistersville field which was making 25 barrels an hour. This was the report for the first hour or two after it was struck, but according to later reports it had declined very materially.

J. M. Guffey, Russell, McMullen & Co.'s No. 2 on the Wettengel farm, west of Oakdnie, was reported last night to be on top of the fifth sand, but had not yet reached a pay, according to the latest reports.

Brown, Robison & Co.'s No. 2 McMurray is through the 100-100t.

of the Wetmore wells, was reported last night to be almost through the fifth sand and showing for a very small well.

The Keil Oil Company's Nos. I and 2 on the Mrs. Robb farm, southwest of Noblestown about a mile, are ready to case. They are important test wells, and are being closely watched by a nuraber of operators who hold leases in that vicinity.

Patterson & Jour's No. 6 on the Shaffer farm, in the McCurdy end of the field, did not make the fifth sand yesterday, as expected, but will be in to-day or to-morrow. Their No. 1 on the Torrence farm is reported to be in the 100-100t sand, and their No. 2 on the Finch is through that formation.

Mr. Murphy, of Philadelphia, who is on of the wealthiest oil operators in the United States, and who has gained a reputation for his wildcatting qualities, was in Pittsburg vesterday. He holds some of the choicest territory in the McDonald field.

was effected in order not to have his queen's bishop disturbed and the knight pinned; but white, in retaking with the B.P. obtained an open K.B. file, which he afterward cleverly utilized for an attack.

13 x x, Q.Q.S. Perhaps Q.2 would have been a better square for the queen, because, after white's Q. Kt being posted later on at K.3, black need not have disturbed his bishop.

16 Q.R.4. A good move. It liberates the K.Kt, and threatens B to Kt.5, or Q to Kt.5.

16 xx, BxKt. A somewhat disagreeable necessity, since it permits white's K to Kt.2, and so to utilize his rooks on the open K.B. file.

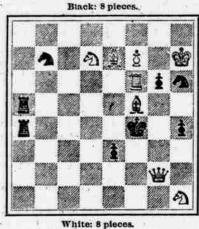

white threatened; 33, kt B 3 ch, followed by Q B 6 ch.

SOXX, R Kt 2. So far, the position is somewhat in favor of white, but black should, nevertheless, be able to draw it if bent upon such a course. Mr. Mason, at this juncture, had hoped for a better result, and in defending himself was ready to assume the offensive should white give him the opportunity (with P K B 4, for instance). That is perhaps the reason of the weak move in the text. The rook is here quite out of play, and remained so for the rest of the game.

23 XX, P R 4. The losing move. Black did not contemplate the possibility of white's possible—not to say probable sacrifice.

23 KXB P. This decides the issue of the game. Herr Lasker played this game with first-class judgment and skill.

THE CHAMPIONSHIP OF APOLLO. To the Checker Editor of The Dispaten:

This small country place has just been the scene of two checker contests between two local players, in which draws were no feature of the encounter. It was to be the best of 13 wins. The first sitting was won by McIntre, score 7 wins to 6. The second sitting was won by McCracken, score 7 to 2. The next encounter will decide the championship, and the feeling that has been worked up between these two descendants of ancient Gael is at fever heat and this last encounter will be fought, as stubbornly (over the bloodless squares) as ever did their Highland ancestors on their native heath against Southern ice. The victor will challenge the county, but we fear in this they will meet with opposition from Kittanning, were a gentleman of the name of Collins is located and is an expert player.—Reporter. THE CHAMPIONSHIP OF ENGLAND 1892. THE CHAMPIONSHIP OF ENGLAND 1892.

Mr. H. Christie's position has been entirely ignored by the Committee who have charge of the tournament, and Mr. Hill, in a letter to us, gives a list of the promised entries. "Kear, Sr.; Kear, Jr.; Bishop of Hull: Walker, Lewisham, Dunne, Warrington: Horsfall, Halifax: Jordan, Tescheleit, Freeman, Lewis, Woolhouse and Moriarty, of London.

"J.L. Richmond enters on condition that he has leave of absence from his employment."

In May there will be two champions of England, and a match between the two claimants will alone decide. In our judgment a tournament is a poor way of getting

son's third edition. A timekeeper will be provided for each pair of players.

Seventh—The winner of the final heat will receive the first prize, which will not be less than £25, and the loser in the final heat will receive the second prize, not less than £3, the third not less than £4, the fourth not less than £3, and the fifth not less than £2.

Eighth—If there is a game pending at 10:20 r. M., the player whose turn it is to play shall, within five minutes, decide upon a move, write it (with the position pending) on a sheet of paper, and give it to one of the committee, who shall place the said move in a sealed envelope.
